BALTIMORE, S. E. corner Baltimore and Calverts, where our paper can be seen, and terms of advertising learned.

INDIAN COSTUME.—In Washington recently, during the hot weather, it is said that one of the Indians now in the city was going up the avenue clothed in such apparel as civilization was heaping upon him. Feeling them of no manner of use he took off his pantaloons, threw them over his arm, and strode up the avenue, attracting quite as much notice with them on his arm as if they had been on his legs.

VOREE HERALD.—The Mormons at Voree, in Iowa Territory, have a paper under the above title. Strong is advocated as the successor of Joe Smith, and Lucy Smith is also named as the "Mother in Israel."

CUSTOM HOUSE RECEIPTS.—The receipts of the New York Custom House the past week were $100,000. The exports amount to $671,195, and included 2381 bales Cotton, 18,031 bbls flour, 7,808 bushels corn: 1386 bbls corn meal; 112,312 lbs rice, 41,069 lb cheese:

GOOD CELEBRATION.—The Yarmouth (Massachusetts) Register states that the good people of West Harwich, on Independence day, turned out with implements of husbandry and hoed the corn and potato fields of one of their sick neighbors.

THE VAN NESS ESTATE.—The claim of the alleged widow of the late Gen. Van Ness has been set down for hearing on the second Tuesday in August. Her letters upon which she depends to prove her marriage are said by the administrators to be forgeries.

For the Post.

My friends and self visited Philo Hall last evening, and were well paid for our visit. Mr. A.'s astonishing experiments were beautiful, and many of them dedicated to the ladies. I shall visit the Exhibition this evening with my family and be there early. To all the lovers of innocent amusement, for them there is a rich treat in store.
— A VISITOR.

Died,

On Thursday morning, July 23d, at his residence in Robinson township, Allegheny county, WILLIAM BROWN, Esq., aged 75 years. Mr. Brown was among the first settlers of this county; he was beloved and respected by all who knew him. The funeral will take place from his late residence, this day, at 11 o'clock. A. M. The friends and acquaintances of the family are invited to attend.

☞Costiveness, cholic, indigestion, have long baffled Physician's skill. A medicine, however, has been discovered, and is now offered to the world, which is a quick and perfect cure for them, to which nearly every respectable practitioner in New York will bear willing testimony, as they have abandoned all other remedies for its use. The remedy spoken of is Clickener's Sugar Coated Vegetable Pills. A medicine which is as palateable as sugar plums; never gripes or nauseates in the slighest degree, and yet is the most searching and positive purgative preparation ever discovered.—Such is the excellence of Clickener's Sugar Coated Vegetable Pills, that the proprietor warrants a cure if they are taken according to directions, and binds himself to return the money if the purchaser is not fully pleased with them. The great excitement which their appearance has produced is not a false one, but is erected on the strong foundation of truth, and will never pass away; for so long as costiveness, cholic, and indigestion remain attendant upon the human race, so long will their only positive remedy continue to be popular.
Sold by Wm. Jackson, corner of Wood and Liberty streets, who is general Agent for Dr. Clickener's Pills in Pittsburgh and vicinity.

SONG FOR THE PEOPLE.

AIR—"*I dreamt that I dwelt in marble halls,*"

I dreamt that I dwelt in marble halls,
With pimples and tan on my face;
And I thought that at parties, at soirees and balls,
I was termed a repulsive disgrace.
I had riches enough, but, alas! could not count
On possessing a healthy skin;
Yet I thought that a whisper said, you may surmount
Disfigurements, be they hateful as sin.

I dreamt that suitors now sought my hand,
But they all did repudiate my face;
For they cried, Though her features are formed mild and bland,
The yellow neck and pimpled skin are disgrace,
Then I thought that I cried in a voice void of hope,
"Cure my pimples—make my skin white and fair;"
A voice answer'd, "Use a cake of the JONES's famed SOAP,
And your mind will be free from despair."

Then I dreamt that I used it; O, that moment of bliss!
My skin changed from its yellowish hue;
Maneck was made clear, and my face made to kiss,
Though an angel might claim it his due;
The pimples, the freckles, the blotches, the tan,
Had decamped, and a voice by my side
Said, indeed you will now be the glory of man,
Ay, the virtue, the hope, and the pride.

AIR—"*The fine old English Gentleman.*"

I'll sing you a prime new Yankee song, made in a Yankee state,
Of a fine old Yankee gentleman, who'd got a bald old pate,
And who would not try to stop the same before it got too late,
But used all sorts of useless stuff at a very expensive rate,
Like a fine old Yankee gentleman, &c.

This fine old man was loved by all, was reverenced by the fair,
But alas! he could not boast of wearing, his own natural hair;
But was forced to wear a nasty wig, at which all men did stare,
For his features all were noble, and his mind was good, not rare.
In a fine old Yankee gentleman, &c.

At length this good old man was told to go straight off and give,
Three shillings for a bottle of JONES' HAIR RESTORATIVE,
Which, though the hair had long been dead, 'twould force again to live,
And grow dark, soft, and beautiful, like a plant or an olive,
On this fine old Yankee gentleman, &c.

He used but two small bottles, and his hair grew dark and long,
No dandruff filled the scalp, for the roots grew healthy, ay, and strong,
And he says at last he's found the right, though he's often tried the wrong,
And that JONES'S HAIR RESTORATIVE is all that's stated in this song,
Of a fine old Yankee gentleman, &c.

POSTSCRIPT

From the Baltimore Stm.

ARRIVAL OF THE STEAM SHIP

GREAT BRITAIN.

The New Ministry—A disposition to give it a fair trial—favorable state of crops—no change in price of Cotton—Money Market easy—fair demand for flour—price declined.

The arrival of the Steamship Great Britain, at New York, yesterday, at 5 o'clock; A. M., was telegraphed to this city for the S m, and the substance of the news posted on our Bulletin board at an early hour yesterday morning. By the steamboat line last night, we received extras from the New York Sun and Tribune, and from the Philadelphia Ledger, with a copy of Wilmer & Smith's Times from which we make additional extracts:

The Great Britain brought ninety one passengers. Her news is three days later.

The markets appear to be firm as at last advices.

The sales of cotton since the departure of the Cambria, were 17,000 bales. No change in prices.

Flour was selling for 26s. and 28s. duty paid, and a fair demand.

The money market was easy. Stocks firm.

The crops in England and France look well. A disposition is manifested on all sides to give the new ministry a fair trial.

Mr. Cobden has addressed a letter to his constituents at Stockport, in which he intimates that the state of his health will require him to leave the country for twelve months, and that, if they desire it he will tender his resignation.

The son of Mehemet Ali, the heir apparent to the throne of the Pharaohs, continues to excite a good deal of attention in England. He is feted in all directions—is present at all the sumptuous entertainments of which the British metropolis is the scene.

The French Press contain commentaries on the breaking up of Sir Robert Peel's ministry.

La France observes that the fall of Sir Robert Peel has the air of a triumph, and this is so much the general opinion manifested by the Paris journals that we shall be excused from extracting a series of eulogies without enough variety to render them interesting.

Lord Brougham declares his intention of opposing the new administration to the utmost of his power.

The Harvest in France,—A great many fields of barley have been already cut down in the environs of Paris. The crop is not heavy in the ear, and the straw very short, as was to be expected from the long drought, but the quantity of grain appears to be equal to what is called an average crop. The late rains have had so beneficial an effect upon the artificial grasses that they were in full flower, and quite ready for the scythe. It is very rare for the second crop to be fit for mowing so early in June. If the weather should be favorable, the third crop will be fit to cut in August.

The Crops and the Season.—We have little further to add to the gratifying report which appeared on this subject in our last publication—from all quarters of these kingdoms, the accounts are of a pleasing and satisfactory character—wheat promises to be early and abundant. Oats, rye, and barley look well, and are equally encouraging, the former having nearly recovered from the effects of the late drought, by the copious rains which have fallen during the last week or two.

As we mentioned in our last paper, there is not any further intelligence respecting the failure of the potato crop—partial failures, it is true, have taken place, but we believe we are warranted in asserting that there is just reason to expect, during the next season, a plentiful supply of this most valuable and necessary esculent.

The New Ministry—Wilmer & Smith's Times, speaking of the proceedings of the new ministry, says:

There seems a disposition, in every quarter, to give the new government a fair trial—to test it by its acts. The protectionists are notoriously unable to form a new ministry. Aware of their weakness, their hostility to the new is less vicious than their hatred of the old government. The followers of the ex Premier press the Whigs to the Protectionists, so that Lord John Russell's government, from the peculiar combination of parties, has absolutely no foes—opposition has disappeared.

IRELAND.

There is not any news of importance from Ireland since the 14th ult. The Cambria brings the latest horrid murders, which have hitherto made the country a land of Acaldema, have been lately perpetrated in the county of Cavan.

We learn that a popular outbreak took place at Banagher on the 20th ult., and that an attack on the Government provision depot was meditated, but owing to the salutary influence of a Roman Catholic clergyman, the Rev. Mr. Walsh, of Lusmagh, the peasantry were induced to return quietly to their homes.

Orders have been received at the various Custom Houses in Ireland to admit grain for consumption according to the rate of duties provided by the new law.

The new Ministry is regarded by the radical press of Ireland as being doomed to a short existence. In the opinion of many of that party, it is thought that the late Premier's farewell speech has destroyed the last third of popularity which Whiggery could lay claim to in this country; and Liberals of all shades now seem to regard Sir Robert Peel's return to a power as merely a question of time—confident that, whatever measure of reform his present successor may promise, he alone is the man destined to hereafter carry them into effect.

The Freeman's Journal and the Nation, the leading organs of Repeal, have pronounced in his favor—the former, it is true, somewhat guardedly; the latter boldly and explicitly. Mr. O'Connel is now in Dublin, and attends the weekly meeting of the Repeal Association yesterday.

The following are the grievances which he has in store for the new ministry redress.

1. A scandalously defective jury system.
2. A grievously limited and defective franchise.
3. Miserable defective corporate reform.
4. The monstrously oppressive Church establishment for the use of the few.

We require the redress of these grievances, and in addition—

5. A literary and religious education for each persuasion, free from the power of any other.—Justice to all—ascendancy to none.
6. An absentee tax sufficient to secure the residence, or to compensate for the absence of the landed proprietors.
7. The establishment of the tenant right.
8. Compensation for valuable improvement made by the occupying tenant.
9. Abolition of the ejectment for non-payments of rent, unless under a lease of 31 years at least.
10. Abolition of the power of destraints, unless there be a lease of 21 years at least.
11. Total abolition of the power of destraining growing crops.

The institution of country boards, instead of the present inadequate and blundering county grand jury system.

Such are the measures of relief for Ireland which the new ministry will be acquired to carry out.

The reports respecting the state and prospects of the crops are highly encouraging. The weather is all that agriculturists could wish for, the up cen. Dress Stuffs, in great variety, splendid styles and patterns.

From the New Orleans Bee, July 12.

From the Seat of War.

By the arrival of the Telegraph, Capt. Auld, we have received Galveston papers to the 7th inst. The Telegraph left Brazos Santiago on the 5th, which latter place she left on the 3d, direct to Mobile. She took out four companies of ninety men each, and landed them at Brazos island. We are glad to learn that all the river boats, except the Potomac, which lately left Galveston for the Rio Grande, have safely arrived. Without them Gen. Taylor would be unable to move his army and stores, and with them he will probably send the supplies up the river, and put the troops in motion without loss of time.

Security to Purchasers.

Entered according to Act of Congress, in the year 1844, by C. V. Clickener, in the Clerk's Office of the District Court for the Southern Dist. of New York.
Each box of GENUINE SUGAR COATED PILLS has upon it the Signature of the Original Inventor. C. V. Clickener. ALL others are COUNTERFEIT.

CLICKENER'S SUGAR COATED VEGETABLE PILLS are the first and only Medicine ever known that will *positively cure*
Headache, Giddiness, Rheumatism, Piles, Dyspepsia, Scurvy, Small Pox, Lowness, Pains in the Back, Inward Weakness, Palpitation of the Heart, Rising in the Throat, Dropsy, Asthma, Fevers of all kinds, Female Complaints, Measles, Salt Rheum, Heartburn, Worms, Cholera Morbus, Coughs, Quinsy, Whooping Cough, Consumption, Fits, Liver Complaint, Erysipelas, Deafness, Itchings of the Skin, Colds, Gout, Gravel, Nervous Complaints, And all other diseases originating from impurities of the blood.
☞They have cured, since their introduction, over 2,000 persons, who have been given up as hopeless cases, by the most eminent Physicians.
☞They are patronized and recommended by men of the highest distinction, among whom are—
Hon. David R. Porter, Hon. Henry Clay,
Hon. John Q. Adams, Hon. Daniel Webster,
Hon. Martin Van Buren, Hon. J. C. Calhoun,
Gen. Winfield Scott, Col. R. M. Johnson,
Hon. James K. Polk, Gen. Lewis Cass.
☞Their virtues are so infallible that the money will be returned in all cases they do not give universal satisfaction. Although but two and a half years have elapsed since these celebrated Pills were first introduced to the public, the sale of them in the Eastern and middle States has far exceeded Dr. Clickener's most sanguine expectations. During the past year, alone, no less than 10,000 gross of boxes have been sold in the State of New York, 6,000 in Pennsylvania, 4,000 in Maryland, 3,000 in New Jersey, 2,000 in Delaware, and 9,000 in the New England States, requiring the constant employment of 27 hands, exclusive of printers and engravers. In the same period, upwards of 200,000 copies of the "Family Doctor" have been ordered by agents in every section of the country. These facts must convince, conclusively, that Dr. Clickener's Sugar Coated Pills, besides being the very best medicine in the world, are held in the highest estimation by the public.
We might extend this publication to an indefinite length, if we deemed it expedient to publish all testimonials we have received, not only from agents but individuals and families, who have experienced the beneficial effects of Clickener's Sugar Coated Pills, but we deem it unnecessary. The most irrefragable evidence of their unprecedented success, are the numberless Imitations and Counterfeits which have already appeared, notwithstanding the brief period they have been before the public. Even some of our manufacturing pill makers have had the audacity to imitate the Capsule of Sugar, in order to disguise the ingredients of their vile compounds, and palm them off for the "real simon pure." Such paltry shifts cannot last long without exposing their hideous deformity. Truth and honesty must inevitably prevail over rascality and deception.
For sale in Pittsburgh by WM. JACKSON, *at his Patent Medicine Warehouse*, No. 89, Liberty street, head of Wood st., Pittsburgh. Price, 25c. per box.
Dr. Clickener's principal office is 81 Barclay street, New York.
☞Beware of an imitation article called Improved Sugar Coated Pills, purporting to be patented, as both the pills and the pretended patent are forgeries, got up by a miserable quack in New York, who, for the last four or five years, has made his living by counterfeiting popular medicines.
☞Remember, Dr. C. V. Clickener is the original inventor of Sugar Coated Pills, and that nothing of the sort was ever heard of until he introduced them in June, 1842. Purchasers should, therefore, always ask for Clickener's Sugar Coated Vegetable Pills, and take no other, or they will be made the victims of a fraud. may9

Pittsburgh Navigation and Fire Insurance Company.

OFFICE. NO. 21 MARKET STREET.

THE citizens of Pittsburgh continue to be offered an opportunity to effect insurance upon their property; by a Domestic institution located among themselves, based upon domestic capital, and conducted by directors, in whose prudence, integrity and good faith they can readily ascertain whether they may repose that undoubted security which should ever attend an assurance transaction.
To persons whose property has already been damaged or destroyed by fire or water, the advantage of personally adjusting the loss with an institution AT HOME; will be strikingly evident. To those who suffered by the Great Fire, this particular corporation needs no recommendation. The prompt payment of the whole amount of its losses—NEARLY TWO HUNDRED THOUSAND DOLLARS—is to them a sufficient guarantee of future security.
It is the part of all prudent men, however fortunate, to anticipate calamity for the purpose of avoiding its effects: To such as have hitherto escaped, as well as to those who have sustained loss, the facility of protection and indemnity, offered by this institution, will be the strongest inducement to avoid the reflections and regrets which must be experienced by those who suffer without hope of restitution.

NEVER DESPAIR—You can be cured!
LAURENSVILLE, (N. J.) June 10, 1846.
Dr. D. JAYNE, No. 8 south Third street, Philadelphia.—Dear Sir—I have this day had an interview with the gentleman of whom I made mention to you as having taken your Expectorant with such decided effect. He is a respectable farmer, living a few miles from here. I was so much interested in a detailed account he gave me of his cough and cure; that I embrace the first leisure moment to communicate it to you, and if the cure is as radical as it appears to be, it is the most remarkable one I have ever known. For 32 years (after having the measles) he has been suffering with a cough of the most distressing kind, getting worse as he advanced in years; (he is now 55.) Frequent terms of coughing and difficulty of breathing, lasting from an hour to an hour and a half, would come upon him, with such severity as to exhaust him, with strangling until his eyes became bloodshot. He had despaired of being cured, having tried physicians and a thousand things without relief. For nine weeks immediately previous to his taking the Expectorant, he had not been able to go to his barn, although there was the most urgent necessity for him to do so.
During the nine weeks he was under the care of an eminent Physician, and he finally got just able to go out and come to my store, and hearing his cough, I recommended to him your Expectorant. He first said he had tried so many things that he had no confidence in any thing; but I induced him to take a bottle by telling him of persons of my acquaintance who had been decidedly benefited by it. This was on *Tuesday*; that night he took of it, and says that it was the first comfortable night's sleep he had enjoyed for years. On the *Thursday* following he went to work, and has continued to make a full hand on his farm ever since, (now nearly two months.) He told me to-day that for the last week he had cut and split a hundred rails, or made 100 panels of fence per day; has been in the water to wash his sheep, and otherwise exposed, without the least symptom of a return of his cough, it having *entirely disappeared*, and, strangest of all, one third of a bottle has produced the effect. He seems so thankful and overjoyed that he "*wants to talk all day about it,*" and says that if he could not procure another bottle, he would refuse $100 for the remainder of the bottle he has left.
Your Carminative Balsam I have used or recommended to others for the last ten year, with the most salutary effect. Respectfully yours,
JOHN H. ANDERSON
