HORTICULTURE.

THE APPLE.

In our issue of the 21st February, we gave a few hints on *early bearers*, which any man who expects to plant an apple orchard will easily be able to read. The varieties mentioned in that article are not of the *highest* quality, though they are all good—equal or superior to the Baldwin or the R. I. Greening.

We wrote for the amateur, or the orchardist who wants quick returns and an abundant supply. There *are* better varieties, of higher flavor. For instance, the Northern Spy, which takes twenty years to attain to a regular and profitable bearing age; the *Esopus Spitzenburg*, which makes a slow, tardy growth, and is a moderate bearer at last; the *Smith*, a moderate and tardy bearer; the Yellow Bellflower, a good grower, but a tardy and moderate bearer.—But there are other good and tolerably early bearing varieties, that the orchardist who plants for market cannot afford to ignore. And first among these we rank the Baldwin; bearing in four or five years from planting, and always productive; a rapid and healthy grower, taking the market well, and of good appearance, while the quality is such as to satisfy most purchasers. It is to be doubted if there is any one variety more desirable for the orchardist than this. Roxbury Russet.—Equal in productiveness to the Baldwin, and one of the best keepers; will fill out the late season, say June, July and August, better than any long keeping variety we know of. Winter King.—A large, fair, handsome red-striped apple, of better quality than either the Baldwin or R. I. Greening; tree large, quick grower, of good habit, and as productive as the Greening; succeeds well in this section, and out-sells the Baldwin; one of the most desirable for the orchardist.—Talman Sweet.—This is a very sweet, fair winter apple, that seems peculiarly adapted to this region; makes a strong, rapid growth, and is productive. There is usually a dearth of sweet winter apples in market; we never saw a load of them lacking a purchaser. There are many more varieties of excellence that might be named, but, as a rule, the more varieties a man plants, the worse it is for the profits. The most profitable orchard we ever saw, was a large one in Monroe county, N. York. Every tree in it was a Baldwin. We will remark here, that the best way to obtain fruit from the slow growing sorts, is by grafting into the tops of bearing trees. In this way, the Early Joe, Early Strawberry, Esopus Spitzenburg, Green Sweeting and Ladies' Sweet, will give most satisfactory results. And a word

ABOUT BUYING TREES.

Do not purchase in the fall. Nurserymen prefer to sell at that season, because they *realize* six months sooner, and it relieves the press of spring work. Order in February or March, and from reliable dealers of responsibility; and do not accept trees with the little rootlets dried up. The roots should be well packed in wet moss. The best trees, and the best packing we ever saw, came from the grounds of Ellwanger & Barry, Mount Hope Nurseries, Rochester. In our next we will give directions for planking the apple tree *borer*.

FOR MARCH.—March is the famous month with skilful gardners for making hot-beds—and the earlier the better, as all the plants will sooner be fit for use. All kinds of vegetables command double the price in market that late ones do; so they must be doubly valuable to private families.

Egg-plants, peppers, tomatoes, etc., bear on from the time they begin to ripen their fruits until frosts kill them; so, if they can be forwarded in hotbeds, so as to ripen their fruits a month earlier, giving a month longer for their use, they must be of great value, as each kind has its own peculiar virtues for the benefit of health. The modes of making and managing beds have been given in this paper heretofore.

Upon large estates, where there is a farmer and a gardner kept, the gardner should not be under any obligations to the farmer for plenty manure, nor for hauling it. The farmer *should be bound* to keep the horse manure apart from other dung, and even under a shed, if there is such convenience; and when it is needed to be hauled, he should attend to it at once, without scruple, and feel it is his duty to do so. Any portion of the grounds needing manure should have the dung hauled and nicely spread, so that the soluble matters will be carried into the soil by rains, equally all over.

Any pruning not yet done should be attended to at once. The wounds will dry up before the sap flows, and that will prevent bleeding.

Cold pits and cellars should be opened in mild weather, to admit light and air. Roots should be sorted over, and any rotten ones taken out. Get ready every thing needed for commencing spring work.

HEAVY DUCKS, GEESE AND TURKEYS.—At the late grand poultry show at Birmingham, England, the first prize pair of Aylesburg ducks weighed 18 lbs. 9 oz; second ditto, 18 lbs. 10 oz; third ditto, 17 lbs. 10 oz.; fourth ditto, 18 lbs. 4 oz. Rouen—First prize pen, 19 lbs. 4 oz.; second ditto, 18 lbs. 6 oz.; third ditto, 18 lbs. 2 oz.; fourth ditto, 17 lbs. 11 oz.

The following are the weights of geese: Gander and goose exceeding one year old, first prize, 58 lbs. 12 oz.; second ditto, 55 lbs. 5 oz. Gander and goose, birds of 1870, first prize, 49 lbs. 4 oz.; second ditto, 49 lbs. Gray and mottled—gander and goose exceeding one year old, first prize 62 lbs. 6 oz.; second ditto, 54 lbs. 6 oz. Gander and goose, birds 1870, first prize, 53 lbs. 6 oz.; second ditto, 49 lbs. 1 oz.

MR. WM. SIMPSON, the well known New York breeder of fancy poultry, was a competitor at this exhibition and won the first prize on turkeys; the gobbler he sent weighed 39 lbs. 4 oz.

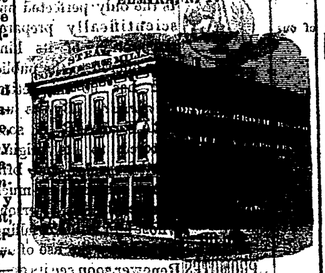
MR. SIMPSON also sent to this exhibition, a pen of Dominiques, but though acknowledged fine birds, did not find favor in the eyes of the judges. They were the only specimens on exhibition, and were put in class "Miscellaneous," with Scotch Dumpies, Cukoo Dorkings, etc.

Perhaps not one in twenty can boast of having heard an Indian sing, but the loss is not irreparable, if they all sing as did an Indian vagrant at the Central station Sunday night. He was slightly intoxicated, as jolly as a porcupine, and had no sooner laid him down than he commenced to warble such a song that all the other vagrants had to sit up on end and hold on by the cracks in the floor. It was high, "lo," guttural, piercing and falsetto, and, as the fellow refused to stop for breath anywhere, the janitor took the poker and drove him out doors.—*Detroit Free Press.*

LORMORE BROS. & CO.

WHOLESALE GROCERS,

ELMIRA, N. Y.



W. L. LORMORE. W. E. LORMORE. L. CALDWELL

PROPRIETORS OF

STEAM COFFEE & SPICE MILLS.

Sole Agents in Elmira, of the Urbana Wine Co.

In brief we invite a close scrutiny of our goods and their prices, the whole assortment being too numerous to mention in detail.

LORMORE BROS. & CO.,

No. 37 & 39 Carroll St., Elmira, N. Y.

Sept. 21, 1870.-1y.

The Singer

SEWING MACHINE.

FIGURES, FACTS AND FANCIES.

The Singer manufacturing company in 1869 sold 86,781 machines. These figures, and those given below, are from sworn returns (to which any one can have access) made to the receiver, appointed by the owners of valuable sewing machine patents, who license most of the companies of lesser importance.

In 1869 the Singer Manufacturing Company

Sold over the Leavitt & M. Co.,	86,010	machines.
Sold over the Parham "	85,640	"
Sold over the Ætna "	82,233	"
Sold over the Empire "	78,081	"
Sold over the Florence "	73,120	"
Sold over the Weed "	67,094	"
Sole over the Howe "	41,781	"
Sold over the Wheeler & Wilson,	7,915	"
Sold over the Grover & Baker,	51,593	"
Sold over the Finkle & Lyon,	85,442	"
Sold over the Willcox & Gibbs,	69,580	"
Sold over the American B. H.,	78,989	"

It is a fact, and the figures show it, that the sales of 1869 far exceed those of our rivals in trade. It is also a fact, that we sold that year over FORTY THOUSAND more machines than we did two years ago. It is also another fact, that these increased sales are owing to the great and growing popularity of our New Family Sewing Machine. It is still another fact, that ninety of every hundred machines made and sold by us are for FAMILY use. But the strangest fact of all is, that some dealers, knowing it would be vain to attack the reputation of our *manufacturing machines*, and who are free to admit all that can be said in their favor, thus hoping to secure the buyer's confidence, have the boldness to say that we have *no family* sewing machine, whereas our new machine for that purpose is capable of a range and variety of exquisite sewing, which amazes even those who are familiar with the best work of other family machines.

Now it is mere fancy to suppose, in the face of the above figures and facts, that such sayings as the one spoken of can have any weight. Instead of giving ear to such fancies, most people, before buying, (whatever may be claimed about Paris Exhibitions—or Fairs, where we seldom exhibit machines,) examine and judge for themselves, and because in doing so they find our New Family Sewing Machine as superior to other family sewing machines as our manufacturing machines are for their purposes. The true world's Fair, held in every city, hamlet and home, has awarded us the premium of the highest sales.

These machines are left on trial. We ask no one to buy, unless perfectly satisfied that the machine is all it is represented.

PORTRAITS

ON IRON PAPER OR PORCELAIN

to fit the smallest locket, or up to life size.

Vignette, Cartes de Visites, German and Medallion heads from retouched negatives. The new Victoria size, Cabinet size, and all popular sizes made and put up in neater style than has heretofore been offered by any Photographer in this section of country. It is the only gallery in Tioga County retouching its negatives in the true Berlin style. Large assortment of

FRAMES AND FRAME MATERIALS. COPYING AND FINISHING IN INK, WATER, CRAYON OR OIL COLORS,

done at moderate rates, and in first class style. My prices are as low as the lowest, doing equally as good work, and terms cash when the sitting is made. All work guaranteed to give satisfaction *without extra charge.* Those who come first will be first served. Call and examine specimens before going elsewhere

Mansfield, Jan. 11, 1871-3m. F. M. SPENCER, N. P. A., Artist and Proprietor.

Henry T. Helmbold's

Compound Fluid Extract Catawba Grape Pills.

Component Parts—Fluid Extract Rhubarb and Fluid Extract Catawba Grape Juice.

For Liver Complaints, Jaundice, Bilious Affections, Sick or Nervous Headache, Costiveness, etc. Purely Vegetable, Containing no Mercury, Minerals or Deleterious Drugs.

H

These pills are the most delightfully pleasant purgative, superseding castor oil, salts, magnesia, etc. There is nothing more acceptable to the stomach. They give tone, and cause neither nausea nor griping pains. They are composed of the purest ingredients. After a few days' use of them, such an invigoration of the entire system takes place, as to appear miraculous to the weak and enervated, whether arising from imprudence or disease. H. T. Helmbold's Compound Fluid Extract Catawba Grape Pills are now widely coated, from the fact that sugar coated pills do not dissolve and pass through the stomach without disabving, consequently do not produce the desired effect. The Catawba Grape Pills, being pleasant in taste and odor, do not necessitate their being sugar coated. *Price fifty cents per box.*

E

HENRY T. HELMBOLD'S

HIGHLY CONCENTRATED COMPOUND FLUID EXTRACT SARSAPARILLA

will radically exterminate from the system, Syphilis, Scrofula, Fever Sores, Ulcers, Sore Eyes, Sore Legs, Sore Mouth, Sore Head, Bronchitis, Skin Diseases, Salt Rheum, Cankers, Runnings from the Ear, White Swellings, Tumors, Cancerous Affections, Nodes, Rickets, Night Sweats, Glandular Swellings, Rash, Tetter, Humors of all kinds, Chronic Rhumatism, Dyspepsia, and all diseases that have been established in the system for years.

L

Being prepared expressly for the above complaints, its blood purifying properties are greater than any other preparation of sarsaparilla. It gives the complexion a clear and healthy color, and restores the patient to a state of health and purity. For purifying the blood, removing all chronic constitutional diseases arising from an impure state of the blood, and the only reliable and effectual known remedy for the cure of pains and swelling of the bones, ulcerations of the throat and legs, blotches, pimples on the face, erysipelas and all scaly eruptions of the skin, and beautifying the complexion. *Price, $1 50 per bottle.*

M

Henry T. Helmbold's

CONCENTRATED FLUID EXTRACT BUCHU, THE GREAT DIURETIC,

has cured every case of Diabetes in which it has been given, irritation of the neck of the bladder and inflammation of the kidneys, ulceration of the kidneys and bladder, retention of urine, diseases of the prostrate gland, stone in the bladder, calculus, gravel, brickdust deposit, and mucous or milky discharges; and for enfeebled and delicate constitutions of both sexes, attended with the following symptoms: Indisposition to exertion, loss of power, loss of memory, difficulty of breathing, weak nerves, trembling, horror of disease, wakefulnes, dimness of vision, pain in the back, hot hands, flushing of the body, dryness of the skin, eruption on the face, pallid countenance, universal lassitude of the muscular system, etc.

Used by persons from the ages of eighteen to twenty five, and from 35 to 55, or the decline or change of life; after confinement or labor pains; for bed-wetting in children.

B

Helmbold's Extract Buchu is diuretic and blood purifying, and cures all diseases arising from habits of dissipation and excesses and imprudences in life, impurities of the blood, etc., superseding Copaiba in affections for which it is used, and syphilitic affections—in these diseases used in connection with Helmbold's Rose Wash.

LADIES.

In many affections peculiar to ladies, the Extract Buchu is unequaled by any other remedy—as in chlorosis or retention, irregularity, painfulness or suppression of customary evacuations, ulcerated or schirrous state of the uterus, leucorrhœa or whites, sterility, and for all complaints incident to the sex, whether arising from indiscretion or habits of dissipation. It is prescribed extensively by the most eminent physicians and midwives for enfeebled and delicate constitutions, of both sexes and all ages, (attended with any of the above diseases or symptoms.)

O

H. T. Helmbold's Extract

BUCHU CURES DISEASES ARISING FROM IMPRUDENCES, DISSIPATION, ETC.,

in all their stages, at little expense, little or no change in diet, no inconvenience, and no exposure. It causes a frequent desire, and gives strength to urinate, thereby removing obstructions, preventing and curing strictures of the urethra, allaying pain and inflammation, so frequent in this class of diseases, and expelling all poisonous matter.

Thousands, who have been the victims of incompetent persons, and who have paid heavy fees to be cured in a short time, have found they had been deceived, and that the 'poison' has, by the use of powerful astringents, been dried up in the system, to break out in a more aggravated form, and perhaps after marriage.

Use Helmbold's Extract Buchu for all affections and diseases of the urinary organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. *Price, one dollar and fifty cents per bottle.*

L

H. T. HELMBOLD'S IMPROVED ROSE WASH

cannot be surpassed as a *face wash*, and will as found the only specific remedy in every species of cutaneous affection. It speedily eradicat pimples, spots, scorbutic dryness, indurations of the cutaneous membrane, etc., dispels redness and incipient inflammation, hives, rash, moth patches, dryness of scalp or skin, frost bites, and all purposes for which salves or ointments are used; restores the skin to a state of purity and softness, and insures continued healthy action to the tissue of its vessels, on which depends the agreeable clearness and vivacity of complexion so much sought and admired. But however valuable as a remedy for existing defects of the skin, H. T. Helmbold's Rose Wash has long sustained its principal claim to unbounded patronage, by possessing qualities which render it a *toilet appendage* of the most superlative and congenial character, combining in an elegant formula those prominent requisites, *safety* and *efficacy*—the invariable accompaniments of its use—as a preservative and refresher of the complexion. *It is an excellent lotion for diseases of a syphilitic nature, and as an injection for diseases of the urinary organs, arising from habits of dissipation, used in connection with the Extracts Buchu, Sarsaparilla and Catawba Grape Pills, in such diseases as recommended, cannot be surpassed. Price, one dollar per bottle.*

D

Full and explicit directions accompany the medicines. Evidence of the most responsible and reliable character furnished on application, with hundreds of thousands of living witnesses, and upward of 30,000 unsolicited certificates and recommendatory letters, many of which are from the highest sources, including eminent physicians, clergymen, statesmen, etc. The proprietor has never resorted to their publication in the newspapers. *He does not do this, from the fact that his articles rank as standard preparations, and do not need to be propped up by certificates.*

Henry T. Helmbold's Genuine Preparations

delivered to any address, secure from observation.

Established upward of twenty years. Sold by druggists everywhere. Address letters for information, in confidence, to Henry T. Helmbold, druggist and chemist. Only depots: Henry T. Helmbold's drug and chemical warehouse, No. 594 Broadway, N. York, or to H. T. Helmbold's medical depot, 104 South Tenth street, Philadelphia, Pa.

Beware of counterfeits. Ask for Henry T. Helmbold's. Take no other. Feb 5 3m

Done promptly and well. Repairing done on short notice. Drop in and be convinced.

FISHER & RANDOLPH.

Dec. 14, 1870.-1y.

TO THE FARMERS OF TIOGA COUNTY.

I AM now building at my manufactory, in Lawrenceville, a superior

FANNING MILL,

which possesses the following advantages over all other mills:

1. It separates rye, oats, rat litter, and foul seeds and cheat and cockle, from wheat.
2. It cleans flax seed, takes out yellow seed, and all other seeds, perfectly.
3. It cleans timothy seed.
4. It does all other separating required of a mill.

This mill is built of the best and most durable timber, in good style, and is sold cheap for cash, or produce.

I will fit a patent stove, for separating oat-from wheat, to other mills, on reasonable terms.

J. H MATHER

Lawrenceville, Jan. 1, 1870-tf

HARNESS SHOP.

THE UNDERSIGNED would say to the citizens of Wellsboro and vicinity that he has recently moved over Truman Brothers Grocery Store with his

Harness Shop

In full operation on Crafton Street, between Main and Water sts., where he is prepared to manufacture all kinds of

Double & Single Harnesses,

In the best style, and of the best material.

REPAIRING DONE

On short notice and good. I employ the best workmen, and use none but the best material, and am therefore prepared to please all who want anything in my line.

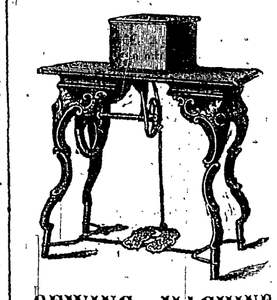
Corning, N. Y. Jan. 4, 1871

THE GOLD MEDAL



SEWING MACHINE!

THIS MACHINE has no superior, and is adapted to all kinds of work. It only needs a trial to be appreciated. It will hem, fell, seam, tuck, bind, quilt, braid, embroider, cord, gather and ruffle, and is the best and cheapest machine for family use ever offered to the public.

The DOUBLE LOCK ELASTIC STITCH MACHINE is superior to all others, for the reason that it sews direct from the spools and requires no winding of thread. It is easily adjusted, and not liable to get out of order.

Persons wishing to purchase a machine, should by all means try this one, before buying any other. Call on, or address
