THE Vallejo Independent tells the following good story:

A laughable incident occurred one Sacramento. There were two seats in the car turned so as to face each other. One was occupied by a lady and the other by a Chinaman. Evidently the lady did not relish the presence of the Chinaman and set her wits to work to oust him out. She succeeded about as follows:

Motioning the Chinaman to rise, she explained to him that she wanted to take the cushions and their frames, and place them lengthwise across from seat to seat. John said "all rightee," and got out in the aisle while she placed the seats as above described, and then proceded to lie down on the bed thus improvised, with her head resting on her

She supposed that the Chinaman would at once take the hint that the lady wanted to take a little rest, in the space usually occupied by four persons. But John hadn't heard of the woman's rights movement, and at once proceeded to crawl in and stretch himself by her side, with his head on a little bundle of his own. The Chinecse are an imitative race, and like to do as others do, you

The lady, as soon as she discovered that she had a bedfellow, got up a little and seventy-three, and of the Independwildly, and started for the next car, to the infinite amusement of the passengers, who had been watching the little scene with some interest. John took no notice of the fun he had created, but went to sleep with the whole bed to bimself.

A Generous act is always worthy of note and commendation, especially when Business is dull, if not duller. But while done in such a way as not to let the left hand know what the right hand doeth. Such was the act of our worthy townsman, G. L. McCrackin, the other day in presenting the M. E. Society of this place with a ton of the best bituminous coal. George keeps nothing but the ed stock of Dry Goods, Clothing, Hats, best hard and soft coal.

Ayer's Hair Vigor,

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. It soon restores faded or gray hair to its original color, with the

gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the forma-tion of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this efmanking than this elfectual remedy for all
diseases of the Throat
and Lungs. A vast
trial of its virtues,
throughout this and
other countries, has
shown that it does
surely and effectually.

shown that it does surely and effectually-control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of Consumption, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing Coughs, the forerunners of more serious disease, it saves unnumbered lives, and encount of the convenience of the full enges frial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become which are easily met at first, but which become incurable, and too often fatal, if neglected. Ten-der lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid stressing diseases which beset the Throat and Chest of childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome Influenza and painone will suffer troublesome Third Bronchitis, when they know how easily

ey can be cured. Originally the product of long, laborious, and successful chemical investigation, no cost or toll is spared in making every bottle in the utmost possible perfection. It may be confidently re-lied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.
