Mad Dogs.—The Philipsburg *Journal*, of Saturday last, says: "A dog, showing evident signs of hydrophobia, was killed on our streets on Saturday, April 1 th, by Mr. J. Swartz. Another unfortunate canine came to his death—just in front of the post office—from the effects of a dose of strychnine."

Clearfield Academy.—The fourth session of the present scolastic year of this institution will commence on Monday, April 26th, 1869. Under the judicious management of Professor Harrison, the Academy is increasing in popularity and usefulness, and as a school of learning ranks with the best institutions of the kind in the State.

"Queer Machine."—Last week, a countryman came to town, and seeing a grab-peller on the side walk, he stopped to examine it. After eyeing it intently for some moments he exclaimed, "Well that is a queer machine; a velocipede, I believe, they call it; wonder how they manage to make it go?" and he walked off, amidst the shouts and jeers of a number of small boys, seemingly satisfied that he had seen a genuine velocipede.

A-hem!—Two weeks since we referred to the fact that a "velocipede school" was announced "in a *stable*" in Altoona, and wondered if the class was composed of "men or moles?" The *Tribune* replies to our query thus: "O! *moles* are all *four legged*, consequently a *class* of the two-legged kind 'can't be formed without importation.' Certainly *not!* Mr. *Tribune*. But where the necessity of importing *bipeds*, when you have on hand a full supply of genuine four-legged *hybrids* which (we are led to infer from your allusions) are indigenous even to the latitude of the *Tribune* office?

An Invaluable Preparation.—The attention of our readers is directed to the advertisement of Dr. L. Q. C. Wishart's Pine Tree Tar Cordial, for the cure of Consumption of the Lungs, etc. This valuable preparation has met with such an increased demand during the past few years, the proprietor has found it necessary to increase the facilities for manufacturing, and has now one of the largest Laboratories in Philadelphia and has recently removed his salesrooms to the large and commodious store No. 232 North Second Street, Philadelphia. Some of the largest Patent Medicine dealers in the United States say the demand for Wishart's Pine Tree Tar Cordial is greater at the present time than any other Patent Medicine in this country.

List of Taxpayers Jurors Drawn for May Term, 1869: Beccaria, J. B. Dillon, W. C. Metz. Bell, A. B. Tate, J. W. Belt. Boggs, Edward Albert, Elijah Smeal. Bradford, John G. Gray. Brady, Jos. Herbering, S. C. Dunlap. Chest, Isaac Solley, Covington, D. P. St. Clair. Clearfield, I. Johnson, S. Mitchell, C. Kratzer. Decatur, Richard Hughes, D. Gearhart, J. L. Thompson, Jno. Kephart. Ferguson, T. B. Davis, B. Armstrong, J. Henry. Girard, F. Royer, Justin Pie. Graham, John S. Jury. Gulich, John Cresswell. Huston, J. B. Rowe, John Tyler. Knox, George Shoe, David Smith, Green, Bell. Karthaus, G. Hickenborn. Lawrence, L. L. Hoover, Pike, Thomas Norris. Woodward, J. Cornelius, J. C. Forest.

The Late Explosion.—The Philipsburg *Journal* speaking of the late boiler explosion at Wallaceton, by which Elijah Smeal and Thomas Ross were killed, says that after the mill had been stopped because the boiler was in bad condition, they commenced to run again by "the advice of an engineer and machinist from Clearfield, who told them if they would keep plenty of water in the boiler and carry reasonable pressure it would do the work required." This is a mistake. The "engineer and machinist" from Clearfield examined the boiler, and told them most distinctly that it could not be used with safety—that it was in a most dangerous and unsafe conditon. Our contemporary is moreover mistaken about "the water having become low in the boiler" and causing the explosion. The evidence before the inquest showed, that there was plenty of water in the boiler.

Cabinet Changes—Cuban Insurrection—New Spanish Ministry.—These announcements are all attended with more or less excitement of the public mind—not so the arrival of a cheap, choice and varied assortment of Fresh Spring and Summer Goods at the Mammoth Store of Bennett, Blattenberger & Co., in Osceola, whose system of business, as inaugurated eighteen months ago, has become as agreeable and common as "household words," and is taken as a matter of course. Best goods at lowest prices, is their Trade Mark and Motto.

The Miner's Strike.—Reports reached here, last week, of a "strike" among the miners at Powelton, Osceola, Philipsburg, etc., in reference to which we copy the following particulars from the Philipsburg *Journal* of April 17th: "The strikers, who, for some little time have been quiet, are again on the "war trail." On Friday they came out in full force, numbering about one hundred and fifty. Starting from Osceola, they made their first decent upon Powelton, calling out the miners engaged in the mine and endeavoring to dissuade them from work, and with very good success. They visited the Enterprise on the same day, and on Saturday they took up their line of march for the mines in this vicinity, stopping at the mines on the route, where the same performance was gone through with. Considerable excitement was created by their passage through town, two abreast, on their way to the Derby and Nuttal's mines. Arriving at the Derby they found the superintendent, Mr. J. S. Hubbard, on hand, who ordered them to halt, telling them that he did not feel warranted in allowing them to come on his premises until he was informed of their object. After a short parley they passed on to Nuttal's mine where they were received by Mr. McGaffey, the superintendent, in the same manner, when satisfied that no good could come from their attempt at coercion, they dispersed; and, we believe, it would have been very imprudent for them to have made any violent demonstrations. We understand the miners not engaged in the strike are at work and have no fears of any interruption, as they are confident that the people will lend them their assistance in case they should need it."

They removed from York county to Clearfield county, Pa., and settled near Luthersburg in April 1837, or 32 years ago; and here the blessing of God rested abundantly on them and their family. SPECIAL NOTICE.

Schenck's Pulmonic Syrup,

Seaweed Tonic and Mandrake Pills, will cure Consumption, Liver Complaint and Dyspepsia, if taken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the liver, and put it to work; then the appetite becomes good, the food digests and makes good blood, the patient begins to grow in flesh the diseased matter ripens in the lungs, and the patient outgrows the disease and gets well. This is the only way to cure the consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of pulmonary consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration for when the phlegm or matter is ripe, a slight cough will throw it off, and the patient has rest and the lungs begin to heal. To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood.

Liver Complaint is one of the most prominent causes of Consumption. Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the alkali in the Seaweed, which this preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach. The great reason why physicians do not cure consumption is they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions and eventually the patient sinks and dies.

Dr Schenck, in his treatment, does not try to stop a cough, night sweats chills or fever. Remove the cause and they will all stop of their own accord. No one can be cured of consumption, liver complaint, dyspepsia, catarrh, canker, ulcerated throat unless the liver and stomach are made healthy.

If a person has consumption, of course the lungs in some way are diseased, either tubercles, abscesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflammation and fast decaying. In such case what must be done? It is not only the lungs that are wasted, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin want food, it will digest easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs begin to heal up, and the patient gets fleshy and well. This is the only way to cure consumption.

When there is no lung disease, and only liver complaint and dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient without the Pulmonic Syrup. Take the Mandrake Pills freely in all bilious complaints, as they are perfectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of pulmonary consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. The directions accompanying each, make it not absolutely necessary to see Dr. Schenck, unless the patients wish their lungs examined, and for this purpose he is Professionally at his Principal Office, Philadelphia, every Saturday, where all letters for advice must be addressed. He is also professionally at No 32 Bond Street, New York, every other Tuesday, and at No. 35 Hanover St., Boston, every other Wednesday. He gives advice free, but for a thorough examination with his Respirometer the price is $5. Office hours at each city from 9 A. M to 3 P. M.

Price of the Pulmonic Syrup and Seaweed Tonic each $1 50 per bottle, or $6 50 a half dozen. Mandrake Pills 25 cents a box. For sale by all druggists.
