To enjoy the sport properly you rise before breakfast, in fact while it is dark. In high spirits you start for the river. As you strut along the shore, you imagine you are Izaak Walton himself. This feeling lasts upon you, as you take your seat in the boat. The other man pulls the oars. Finally the boat is anchored in mid stream near the old hole. You bait your hook with minnies, cast your line, light your pipe and wait. The fish do not bite at once. You watch the specks of foam that glide swiftly by, and study astronomy. A wierd sensation steals over you. You say it is chilly, and hungry, more likely, you are thirsty. The boat sways you the flask. The boat rocks. You only swear in extreme mildness. But this—But hold, a nibble —a swish—a fish! You are excited. You do your duty to the fish and feel sorry you profaned. You finally settle down to contemplation and to again become tired, disgusted, dissatisfied. When days grow long you start shoreward, with a few pounds of fish and go home fatigued. X X X.

Blood Poison.

Contagious Blood Poison has been appropriately called the curse of mankind. It is the one disease that physicians cannot cure; their mercurial and potash remedies only bottle up the poison in the system, to surely break forth in a more virulent form, resulting in a total wreck of the system.

Mr. Frank B. Martin, a prominent jeweler at 926 Pennsylvania Ave., Washington, D.C., says: "I was for a long time under treatment of two of the best physicians of this city, for a severe case of blood poison, but my condition grew worse all the while, notwithstanding the fact that they charged me three hundred dollars. My mouth was filled with eating sores; my tongue was almost eaten away, so that for three months I was unable to taste any solid food. My hair was coming out rapidly, and I was in a horrible fix. I had tried various treatments, and was nearly discouraged, when a friend recommended S.S.S. After I had taken four bottles, I began to get better, and when I had finished eighteen bottles, I was cured sound and well, my skin was without a blemish, and I have had no return of the disease. S.S.S. saved me from a life of misery." S.S.S. (*guaranteed purely vegetable*) will cure any case of blood poison. Books on the disease and its treatment, mailed free by Swift Specific Co., Atlanta, Ga.
