Corrected Schedule for Final Exami

Filing of Exam Conflicts Begins Today in Willard

The period for filing final examination conflict requests for the spring semester begins today and will extend through next Wednesday. Requests may be filed in the scheduling office in 2 Willard.

Students who have two final examinations at the same time or more than three examinations on the same day should file a request for a conflict examination during this period.

Those with three final examinations on the same day, but without an actual time conflict may file a request for a conflict if they wish to do so, John E. Miller, scheduling officer, said. No conflict requests of this type will be accepted after next Wednesday, he added.

Students with three finals in one day will be assigned conflict examinations only when a section has been set up because of direct conflict situations, he said.

Grades for students graduating in June are due in the Registrar's Office not later than Wednesday *morning*, June 7, so seniors should file conflict requests if they have finals scheduled later than 7 p.m. June 3, Miller said.

If a student fails to file a request for a conflict examination within the conflict period, he will have to pay a charge of $10 for the privilege of filing a late request, according to rule 0-8 of the Senate Regulations for Undergraduate Students.

The filing of a late conflict request is a privilege, not a right, and does not insure that a conflict examination will be set up in a situation where a conflict section was not needed previously, Miller emphasized.

Final examinations begin at 8 a.m. Monday, May 29, and end at 9 p.m. on Tuesday, June 6. The examination periods are 8 a.m. to 10 a.m.; 10:20 a.m. to 12:20 p.m.; 3:30 p.m. to 5:30 p.m.; and 7 p.m. to 9 p.m.

Prexy to Attend NATO Meeting

President Eric A. Walker left recently for LaSpezia, Italy, where he will attend a meeting of the management board of the NATO Anti-submarine Warfare Laboratory.

He is expected to spend a few days at the laboratory and about two weeks in the general area, according to Wilmer E. Kenworthy, executive assistant to the President.

The LaSpezia laboratory is now under the general management of the University. The underwater research, which is similar to that done by the Ordnance Research Laboratory, is conducted by a staff composed of scientists from all of the NATO countries.

Club Announces Jazz Workshop

A Jazz Club Workshop will be held at 1 p.m., April 23 in the Hetzel Union ballroom, Alan Pollon, Jazz Club president, announced.

Jimmy Depreist, drummer, composer, arranger and president of the Contemporary Music Guild of Philadelphia, and Philip Brooks, president of Jazz Horizons of Pittsburgh will discuss "Experimentalism in Jazz." They also plan to comment on the work of those jazz musicians present.

The workshop will also include a discussion of reorganization of the club's constitution to meet the need of increasing membership and the four-term system.
