ROASTER AND BAKER

FOR MEATS, FOWL, FISH, ETC., AND FOR BAKING BREAD, CAKES AND PUDDINGS.

BEST SIMPLEST AND CHEAPEST

THE STEAM produced by the process of cooking cannot escape, is absorbed by the article in the roaster, and acts as a basting. There is no evaporation, no drying up or burning, hence no shrinkage or loss of weight, and all the flavor and nutritious qualities of the food are retained. Tough meats are made tender, and any article roasted or baked will be sweeter, healthier and more digestible. Put the food in the roaster, place the roaster in a well heated oven; the roaster will do the cooking. It requires no attention. Can only be bought from dealers, the trade supplied by:
