Human Wonders, Freaks, Diseases.

New Pamphlet by Dr. E. B. Foote, Jr.
224 pages, 42 illustrations; in two parts.

1. SEVEN WONDERS OF MAN AND SOME OF HIS FREAKS, an illustrated lecture on the outlines of popular physiology, more briefly and clearly presented than ever before, and explaining many curious anomalies which have become familiar as museum freaks.

2. AUTO-TOX-ÆMIA, SELF-POISONED BLOOD, explaining the origin, relation and treatment of a variety of chronic diseases, such as malaria, saltrheum, cancer, grip, catarrh, rheumatism, Bright's, apoplexy, epilepsy, etc.

This pamphlet describes and pictures the intricate human vital machinery, instructs how to keep it in running order, explains the disorders causing common ailments, suggests what's to be done for relief. It will enable every reader to pilot himself safely through shoals in the sea of life that beset all and prematurely wreck many.

For sale at THE STAR office, at 25 cents per copy.
