LEWISBURG CHRONICLE

JULY 12, 1853.

Wanted,

An apprentice to the Printing business, at this office.

☞ A man named JOSEPH CLARK, was seriously injured at Mill Hall, on the 4th, by premature discharge of a cannon. At our last accounts he could not see.

☞ The letting of the Cattawissa Road, took place as advertised, and the contractors' names are announced. The Milton Democrat remarks, "It is said old contractors won't bite." The grading was to be finished for running cars, 1st June next.

☞ We are informed that a meeting was held in New Berlin, on Thursday last, of those who frequently "manage" the Whig nominations of this county, and a full Anti-Division ticket (Representative included,) made out, including one or two Divisionists, whose strength was deemed advisable to give them a better chance. If all accept, we shall publish the list in our next.

☞ We understand that Mr. BURKE, the contractor, will commence operations on the Susquehanna Railroad in a few days, at all the prominent points between Sunbury and Lewisburg, and push ahead as rapidly as the nature of the work will permit. He has bought lumber for the cribbing of the piers of the bridge over the North and West Branches, and made arrangements for the quarrying and delivery of the greater part of the stone.

☞ President Pierce was to have left Washington yesterday to attend the opening of the Crystal Palace, New York, on the 15th inst. A public reception will be given him by the authorities of Baltimore and Philadelphia.

—There are repeated rumors from Washington that Mr. Buchanan will decline the mission to England, unless his instructions are shaped to suit himself.

☞ A Hartley correspondent informs us by "word 'o mouth," that the inhabitants of the "Great Metropolis" spent the 4th in cutting the "County grass," which was equally divided between Messrs. Breyman and Baum. Also that there will be nothing said this campaign, by the *Times*, about the "County Stove," which lawyer W. enjoyed free; and that the enormous revenue which was to take such a load from the backs of the tax-payers, by renting a certain old rookery in the Fire-proof to Mr. F., is to be considered as all settled. Who is to be next "High Constable" of New Berlin, not determined. "And further the deponent saith not."

NEW POST MASTERS—James Eagan, Selinsgrove; Wm. L. Mosser, Millheim; J. G. Kurtz, Aaronsburg; Jared B. Fisher, Spring Mills; George Gross, Rebersburg; John Herrold, Chapman; H. N. Backhouse, M'Kee's ½ Falls; Edward Bassler, Freeburg; Robert W. Smith, Middleburg; H. D. Maize, New Berlin, (continued;) G. A. Smith, Beavertown; Reuben Keller, Beaver Springs; S. R. Baum, Chestnut Ridge, (continued;) Wm. Bogar, Penns Creek.

☞ We understand that JOSEPH L. CHESTER, Esq., of Philadelphia, has accepted the invitation to deliver the Poem before the "Theta Alpha" and "Eucpian" Literary Societies of the University at Lewisburg, at the Annual Commencement on the 16th of August, proximo. We congratulate the Societies upon their successful choice. Mr. C. is widely known in the literary world, under his *nom de plume* of "Julian Cramer," and was formerly editor of the musical department of Godey's Lady's Book.

We also learn that GEO. W. REED, Esq., of Philad., is to deliver the Oration on the same occasion. The *Daily Sun* pronounces him "every way qualified for the task."

The Storm of July 1st.

The Hail Storm, which skirted our town on Friday afternoon, the 1st inst., twisting up awnings, and breaking some window glass, had its focus about a mile west of this place, and from thence moved down the river through Northumberland and part of Sunbury, and thence as far east as Charles Leisenring's (12 miles,) proved very destructive. Mr. John G. Brown, of East Buffalo, had his barn uncovered, the roof of his brick dwelling house taken off bodily, and the end walls leveled nearly to the square, besides losing his entire crop. Maj. John Gundy, had a number of grain and waggon sheds unroofed, and a heavy frame spring house on his lower place, lifted from its foundation, and carried across the road into the field opposite. Mrs. C. E. Bowes' barn was also unroofed. Fences were leveled for miles, and corn destroyed, and grain beat down, cut off, and thrashed out in all directions. Messrs. Jacob Gundy, Thomas Penny, Youngman & Walter, Ex-Sheriff Thomas and S. R. Baum, have lost all or nearly all their entire crops, and will scarcely have a bushel of grain, or an ear of corn. Their loss will probably average $1,000 a-piece. Many others have doubtless been greatly damaged, but we have not been able to get names or particulars. Messrs. George F. Miller, John A. Mertz and R. M. Musser, of this place, and Geo. S. Burr of Northu'd were on the road at the time; and their affrighted animals, exposed to its "pitiless peltings," effected considerable injury to their harness and carriages; and several individuals received personal injury from the hail stones, which were of almost incredible size, and in places could be gathered the next day. In Chillisquaque, on the other side of the River, we hear the names of Messrs. Russell and Walter among the sufferers. The crop of A. E. Kapp, near Northumberland, is entirely ruined, his loss amounting to $1,000. In the borough of Northumberland the storm was terrific; scarcely a window in town, exposed to the west, had a whole pane of glass left. The storm in its course east, across the Shamokin hills, was somewhat narrowed down in extent. John Clark who was in his field harvesting, lost all his crop, excepting the little cut and put up. John Farnsworth, Esq, and others in that neighborhood have also suffered severely from the effects of the storm. The crops on the Hunter and the Gobin farms, now belonging to the Railroad Company, were greatly damaged. A portion of the roof of the Steam Saw-mill, in Sunbury, was torn off, and a number of trees broken down.

—On the same afternoon, terrific hail storms prevailed in Berks county, causing even loss of life; also in Wilmington, Del.; Massillon, O.; Orangeville, Columbia Co., Pa., and New York City. In the latter place, buildings were demolished, and a number of lives lost. In Brooklyn, four church steeples were blown down. The storm there was about an hour and a half later than here, but no doubt a branch of the same.

A SIX FOOT TRACK.—We understand the Sunbury and Erie Railroad is to be graded for a *six foot track*. Orders to that effect have been given to those engaged in getting out the ties, and the contractors are to grade the road one foot wider than at first determined upon. This important improvement is steadily progressing towards an early completion.—*Miltonian, July 1st.*

Well—the Central, Susquehanna, Reading, Philadelphia & Sunbury, Cattawissa, and Williamsport & Elmira roads, are, or will be, all constructed with the uniform Pennsylvania gauge, which we believe is 4 ft. 8½ inches. So that if the above item of news be authentic and reliable, and *if* the policy thus indicated *should ultimately* be carried out, one immediate and inevitable result would be to *compel* the completion of the Susquehanna road to Williamsport, in order to get to and from Elmira, without a double transhipment of freight and passengers at Williamsport and the Southern terminus—wherever it may happen to be—of the Sunbury & Erie road. It would also *compel* the construction of the Lewisburg, Centre & Spruce Creek road, in order to give the Cattawissa road, and the New Yorkers, free access to the great west, without encountering the same obnoxious transhipment at Milton—or wherever the connection may finally be made. It would also cripple the direct trade between Philadelphia & Erie, by a needless and injurious transhipment midway of the route. And thus, in every aspect in which it can be viewed, play directly into the hands of the Central, Susquehanna, and Cattawissa roads, at the expense of the Sunbury & Erie; besides placing the Tyrone & Lock Haven road on the horns of an ugly dilemma from which there could be no escape. So that if this is to be the policy, all that the friends of the Susquehanna, and the Spruce Creek roads have to do is, to throw up their caps and bid the S. & E. "god speed" in this fraternal and sagacious movement. Our people have had no fears of late for the prospects of these two roads, and now the Sunbury & Erie gratuitously steps in to make assurance doubly sure.

P. S. Since putting the above in type, the Treasurer announces that the six foot gauge has not been adopted, and will not be until the return of the President, and consultation with the other roads interested.

☞ The Spruce Creek Engineers, who went back some ten days ago to look at an alleged *middle* route, past Motz's &c., found it, as was anticipated by those having a knowledge of the ground and of railroad grades—entirely impracticable; and have returned to their head quarters at Cattawissa. We understand the official report will be ready in two or three weeks. The contest for the location of the road will be between the Penns Creek, and the Brush Valley routes. Which is *the* best can not of course be known till the report is made public.

Horse Thieves Beware!

A meeting was held by the citizens of Miles township, Centre co., at the public house of S. K. Dubs in Rebersburg, on Monday, the 4th day of July, 1853, for the purpose of forming an association for the detection and apprehension of horse-thieves, to be styled the Brush Valley Association. Whereupon Col. HENRY ROYER was appointed President. Adam Shaffer and John Spangler Vice Presidents. Dr J. Hilbish Secretary, and John Kremer Treasurer. On motion it was agreed that a committee of twelve be appointed to draft resolutions for said company; whereupon John Kremer, Samuel Franck, D. J. Hilbish, Adam Beard, Wm. Walker, Christian Gramly, Jacob Brungart, Jr., Geo. Shaffer, S. R. Dubs, Samuel Strohecker, Adam Shaffer, and Daniel Brungart were appointed said committee.

Resolved, that each horse belonging to this company be branded with the letters —B. A. on the left flank. After which they proceeded to the election of officers for the ensuing year.

The Fourth in Lewisburg.

Ill health prevented our attendance at any of the celebrations on the 4th. We are therefore only able to state from hearsay, that at College Hall, in the morning, President MALCOM delivered a pungent and powerful address in behalf of the Maine Liquor Law, to a crowded house, after which many of the male portion of the audience signed a document, pledging themselves to vote for no man, for Member of the Legislature, who was not a decided and reliable friend of a Prohibatory Law.

In the afternoon the citizens of both sexes turned out *en masse* to a celebration in University Grove, when Mr. JOHN D. WALLACE read the Declaration, and Prof. A. TAYLOR delivered an animated and eloquent oration. Here, as well as in the morning, choice music was furnished, under the direction of J. N. LOOMIS, A. M.

We copy the following from among the numerous volunteer toasts offered:

By the Company—Eli Slifer, Geo. F. Miller, and Joseph Casey, Directors in the Susquehanna Railroad Company: Locomotives, that 'keep the track,' *rail* or *as rail*, and who can't be switched off the true Susquehanna rout by the rivalry, opposition or intrigues of Sunbury & Erie speculators.

By J. Randolph—Our California Boys: Altho' absent personally, their hearts are with us. God prosper them! and ere long may they return again to the joyous welcome of loved ones here, and to spend their honest gains in adorning and improving the homes of their childhood.

By S. F. Lyndall—Stephen W. Taylor, L. L. D., the founder and former President of our University, the able and faithful teacher, the dignified and honorable man: he had not the gold of Girard, but he has the wealth of knowledge, which together with his precious health he consecrates to the service of God and the human race.

By Eli Slifer—The President and Faculty of the University at Lewisburg.

By the Company—Ja's Aiken: A clear-headed and large hearted American citizen, whose democracy rests upon the rock of first principles, and whose philanthropy embraces the whole brotherhood of man.

By A. Taylor—The Fair: In patriotism and loveliness, transcendant; mother Eve lost us *one* Paradise, her daughters have made us *many*.

By "one of 'em"—The Citizens of Lewisburg: Always ready to welcome friends, and abundantly able to take care of their enemies.

By Cha's F. Schaffle—The Union County Directors of the Susquehanna Railroad: Honored be the men who, by their unwearied exertions and indomitable perseverance, have at length secured the speedy extension of this great improvement to our place.

By a Guest—Chief Marshal, L. B. Christ: The hero of the day, decidedly. "No difficulty about that." [Music—"Hail to the Chief"

By I. Whitlock—Fourth of July Expenses: Our fathers *bled*, why shouldn't we?

By Rev. S. L. M. Conser—The Common School System: The universal panacea which only can effectually cure the evils of ignorance and the diree calamities of superstition and despotism; may it remain a universal favorite and continue all days.

By H. W. Creuzer—American Women: In the Revolution, they freely gave up their *tea*; now they shall not go without their *toast*.

By a Guest—Ja's P. Ross: The most radical agitation of our day. Neither ancient prescription nor the everlasting hills can stand in the way of his *leveling* principles.

"Green be the turf above him!"

By Geo. I. Rohland—Mrs. Partington: A legitimate descendant of Old Mother Goose.

By a Guest—Aunty Railroad and Aunty Progress: Old Fogy dumb, deaf and blind, can bark but can't bite; when they depart, may their works and their progeny all follow them.

AIR—"Don't you hear the bulligine coming?"

By Geo. Dreisbach—The Spirit of '76: It fired our ancestors in the bloody struggle for civil and religious freedom; now it animates our bosoms in a contest for the freedom of body and mind from the foul bondage of strong drink.

By a Guest—Hungary and Italy, Poland and France: If Russia grapples with the Turk, may these murdered nations speedily make of their winding sheets a banner of insurrection.

In the evening Messrs. GESSNER & BONEWITZ gave a Concert to a full house, at College Hall, which we have heard spoken of in high terms of praise.

There were also several Sabbath School celebrations.

The day was pleasant and passed off without accident or disturbance; very little gunpowder but general satisfaction.

To the Editor of the Lewisburg Chronicle:

"SNYDER, OF JUNIATA!" you say is the question, as to the location of the Representative next fall. Some of us would be contented with JUDGE BEALE as our Representative again. He is in every respect an honest and capable man, and would desire to carry out the wishes of his constituents, fully. He has had the office but one term, and by usage of the dominant party is entitled to a re-election, if it would suit him to serve. We can afford to be generous to little Juniata, as one-third of the time she will have no direct share in the councils of the State, while Union county will have one guardian all the time, and does not need two.

NORTH END.

☞ The only reason why a large portion of the citizens of Union county desire the Representative this year, is as a test on the Division question. It is an issue which very properly should be decided at the ballot box. For this reason, the advocates and opponents of that measure desire a man personally interested, who will naturally be most anxious to carry out the will of the people as expressed at the polls. Perhaps the end could be as well gained by having at each election district, a box for the reception of tickets labelled "Division," and containing within, the words "For Division," or "Against Division," and permitting all to be thus heard without uniting it with any party or personal questions. Will the Anti-Division Committee and the Newspapers of New Berlin agree to the submission of the question in this form? Judge Beale would no doubt faithfully regard the decision thus made.

☞ To the above, which appeared in our last paper, no reply is made by the Anti-Divisionists. We copy it again, "of which all concerned will take notice." The Divisionists wish peace, but are prepared for war, if war they must.

WILLIAMSPORT, July 4, 1853, 3 P.M.

On firing the cannon in the Court House yard, a few minutes ago, it bursted—the one half passing through the window in the Court House, demolishing the window entirely. The Court House was crowded with people, but only one man was injured. He had his hands badly cut and bruised.

NEW MAP

OF THAT PORTION OF

NORTH AMERICA

EXHIBITING

The United States and Territories, the Canadas, New Brunswick, Nova Scotia, and Mexico, also Central America and the West India Islands.

Compiled from the most recent Surveys and authentic Sources.—Published by JACOB MONK, Baltimore, Md.

AFTER much labor and expense, the Publisher is enabled to furnish a complete and accurate Geographical Map, on a larger scale than any general map heretofore issued, embracing the whole country from the Atlantic to the Pacific Ocean, and extending from the 50th parallel of North Latitude to South America, or to within 7 degrees of the Equator. No labor or pains has been spared to make it one of the most accurate Reference Maps ever put forth, there being much entire new matter taken from actual surveys, and many names not found on any other work extant.

The Drawing and Engraving are executed with neatness and accuracy, showing distinctly the Railroads (made or projected,) Canals, Rivers and Lakes, with the Names, Boundaries, Position and Relative Size of all the States and Territories belonging to the Government of the United States, of North America, and of the Republic of Mexico, together with the Canadas, New Brunswick and Nova Scotia, also all the different States of Central America, New Grenada and the Isthmus of Panama; the location of all the Cities, Principal Towns, Villages, the Indian Tribes, the prominent stopping places on the great routes leading West to the Gold Regions, to Oregon, &c.; also a table showing the distances by land and water between the most important places on this Continent, and to other parts of the World, exhibiting clearly the Gold Regions of California, the Surveys and Explorations of Col. Fremont, Lieut. Wilkes, Emery, Abert and others.

It will be found a valuable acquisition to all Institutions of Learning, and very useful in the Library of any gentleman as a reference map, it being all on the same scale, with no detached portions. When mounted on rollers the size is—about 5 ft. high by 5 ft. 4 inches wide.

N. B.—A New Map of the World on Mercator's Projection, is engraved on the vacant South-west corner of the General Map, on a new plan, there being 15 degrees duplicated, exhibiting China in the West as well as in the East, with the Continent of America in the centre; showing, conclusively, the transportation of Goods from East to West and *vice versa* must, eventually, be by the Isthmus of Panama, Nicaragua Lake, or through the United States, it being many thousand miles nearer.

LUTHER ROOT, AGENT,

is now canvassing Union County for this Map.

The Road to Health!

HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND BAD DIGESTION.

Copy of a Letter from Mr. R. W. Kirkus, Chemist, 7, Prince's Street, Liverpool, dated 6th June, 1851.

To Professor Holloway, Sir—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years. A customer, to whom I can refer for any number, desires me to tell you, that you know the particulars of her case. She had been troubled for years with a disordered liver, and bad digestion. On the last occasion, however, the virulence of the attack was so alarming and the inflammation set in so severely, that doubts were entertained of her not being able to bear up under it. Fortunately she was induced to try your Pills, and she informs me that after the first, and each succeeding dose, she had great relief. She continued to take them, and altho' she used only three Boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases, but the above from the severity of the attack and the speedy cure, speaks nearly I think in favor of your astonishing Pills. (signed) R. W. KIRKUS.

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER, IN VAN DIEMEN'S LAND.

Copy of a Letter inserted in the Hobart Town Courier of the 1st March, 1851, by Mr. J. Walsh.

Margaret M'Connigan, nineteen years of age, residing at New Town, had been suffering from a violent rheumatic fever, for upwards of two months, which had entirely deprived her of the use of her limbs; during this period she was under the care of the most eminent medical men in Hobart Town, and by them her case was considered hopeless. A friend prevailed upon her to try Holloway's celebrated Pills, which she commenced to do, and in an incredible short space of time they effected a perfect cure.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND STOMACH OF A PERSON 84 YEARS OF AGE.

From Messrs. Thomas Sons, Proprietors of the Lynn Advertiser, who can vouch for the following statement.

To Professor Holloway, August 30, 1851.

Sir—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach, which was accompanied by a hoarseness of breath that prevented me from walking about. I am 84 years of age, and notwithstanding my advanced state of life, these Pills have so relieved me, that I am desirous that others should be made acquainted with their virtues. I am now rendered by their means, comparatively active, and can take exercise without inconvenience or pain, which I could not do before. (signed)

HENRY GIBS, North street, Lynn, Norfolk.

WONDERFUL EFFICACY OF HOLLOWAY'S PILLS IN CASES OF DROPSY.

Persons suffering from Dropsy, either about the turn of life, or at other times, should immediately have recourse to these Pills, as hundreds of persons are annually cured, by their use, of this direful complaint in its different stages, when all other means had failed.

MEDICAL REFORM.

DR. H. B. HARRIS would announce to the citizens of Lewisburg and vicinity that he has removed into North Third street, in the house formerly occupied by Capt. Paul, above the German Reformed Church. Thankful for the liberal patronage hitherto received, he continues to offer his professional services to all who may desire them.

He practices medicine in accordance with the most approved systems of Medical Reform—gives no Calomel or Mercury in any form—and hopes to prove himself worthy of the confidence of the community.

He keeps on hand, for sale, an extensive variety of Thomsonian and other Vegetable Medicines, for the use of such customers as may desire them.

He is also prepared to clean and extract *Teeth*

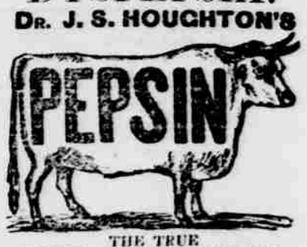
Another Scientific Wonder!

GREAT CURE FOR

DYSPEPSIA!

DR. J. S. HOUGHTON'S



THE TRUE

DIGESTIVE FLUID,

OR, GASTRIC JUICE.

PREPARED from RENNET or the Fourth STOMACH OF THE OX, after directions by BARON LIEBIG, the great Physiological Chemist, by J. S. HOUGHTON, M.D., Philadelphia, Pa.

"DIGEST." Such is the true meaning of the word PEPSIN. It is the chief element, or Great Digesting Principle of the Gastric Juice—the *Solvent of the Food*, the *Purifying, Preserving, and Stimulating* Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming a TRUE DIGESTIVE FLUID, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a COMPLETE and PERFECT SUBSTITUTE for it.

This is NATURE'S OWN REMEDY for an unhealthy Stomach. No art of man can equal its curative powers. It contains no ALCOHOL, BITTERS, ACIDS, or NAUSEOUS DRUGS. It is extremely agreeable to the taste, and may be taken by the most feeble patients who can not take a water cracker without acute distress. Beware of DRUGGED IMITATIONS. Pepsin is NOT A DRUG.

Call on the Agents, and get a Descriptive Circular, containing a large amount of SCIENTIFIC EVIDENCE, from Liebig's Animal Chemistry; Dr Combe's Physiology of Digestion; Dr. Pereira on Food and Diet; Dr. John W. Draper, of New York University; Prof. Dunglison's Physiology; Prof. Silliman, of Yale College; Dr. Carpenter's Physiology, &c., together with reports of CURES from all parts of the United States.
