SAMUEL GOMPERS' REPLY

To Secretary Gage's Criticism of the Federation of Labor.

EVILS OF THE GOLD STANDARD.

The Labor Leader Declares That the Passage of the Gage Bill Would Give the Banks the Absolute Control of All Measures of Value.

Washington, Dec. 30.—Samuel Gompers, president of the American Federation of Labor, has replied in an open letter to Secretary Gage's recent letter, taking exceptions to the resolutions passed by the Federation with reference to the Gage financial bill. Mr. Gompers says in part:

"You take exception both to the position which our organization has taken upon your bill, as well as the language employed. Even if you are justified in the one, you certainly misapprehend the other. I submit that you will seek in vain for a single denunciatory word either in regard to your motives, your plan or your bill. We realize that denunciation is not argument, but to declare our position and the statement of a fact in regard to a most important and far reaching measure, affecting and changing the financial system of the country, can by no means be construed as denunciation.

"Those resolutions declare against your plan for more thoroughly committing our country to the gold standard, a plan for destroying our greenback currency and substituting bank notes, a plan in fact for weakening the control of the national government over that most important of all measures, the measure of values.

"That you should take offense at these resolutions I regret, for the right to express disapproval of the acts of their servants is one of the rights held sacred by the American people, and one you will freely accord. The resolutions are declaratory of the views of the American Federation of Labor, and are entirely impersonal. We have the greatest respect for your probity and integrity.

"You deny that the perpetuation of the gold standard, at which you aim, would have any disastrous effects, and you ask what evils have resulted from our adherence to the gold standard. I answer that the evils are those that have grown and ever must grow from a dishonest measure of values, a measure of values that interferes with the just distribution of wealth, that deprives some men of a part of their earnings, that is rightly theirs, and confers it upon others who have earned it not.

"The products of labor are divided into three general shares. One share goes as interest and rents to the money lender and landlord, to capitalists who do not productively use their own capital, who seek to avoid the risks of production. A second share goes as profits to employers, a third share goes as wages to wage earners. The interest charges and rents are to a great degree fixed, and profits and wages are subject to great fluctuations. This being so, it is clear that anything that reduces the total money value of the products of labor must increase the share of the money lender and creditor, though nominally fixed, and decrease the share to be divided among employers and wage earners. It is equally clear that to increase the value of money must [illegible]

FOR SALE EVERYWHERE.

ONE IN EVERY FOUR.

One Person in Every Four Suffers From Piles.

About one person in every four suffers from some form of rectal disease. The most common and annoying is itching piles, indicated by warmth, slight moisture and intense, uncontrollable itching in the parts affected.

The usual treatment has been some simple ointment or salve which sometimes gives temporary relief, but nothing like a permanent cure can be expected from such superficial treatment.

The only permanent cure for itching piles yet discovered is the Pyramid Pile Cure, not only for itching piles, but for every other form of piles, blind, bleeding or protruding. The first application gives instant relief and the continued use for a short time causes a permanent removal of the tumors or the small parasites which cause the intense itching and discomfort of itching piles.

Many physicians for a long time supposed that the remarkable relief afforded by the Pyramid Pile Cure was because it was supposed to contain cocaine, opium or similar drugs, but such is not the case. A recent careful analysis of the remedy showed it to be absolutely free from any cocaine, opium, or in fact any poisonous, injurious drugs whatever. Sold by druggists at 50 cents per package.

Send to Pyramid Co., Marshall, Mich., for free book on cause and cure of piles.

Restored the Power of Speech.

Chicago, Dec. 29.—By patient teaching the use of the lips for utterance, Dr. Willis D. Stover, a staff physician at Augustana hospital, has restored the power of speech to Maggie E. Lauf. Three years ago Miss Lauf's nervous system was shattered by a stroke of lightning. Since that time and up to about six weeks ago the young lady had been unable to utter a sound. Dr. Stover trained Miss Lauf to use her lips as he would a child, and after about two weeks of lessons the young lady suddenly partially regained her voice and with constant practice has now entirely recovered the use of it.

Thousands are suffering excruciating misery from that plague of the night, Itching Piles, and say nothing about it through a sense of delicacy. All such will find an instant relief in the use of Doan's Ointment. It never fails.

A genuine welcome waits you at

JOE WYATT'S SALOON.

THE FRENCH IN CHINA.

Another European Flag Hoisted Over the Mongolian's Domain.

ATTITUDE OF OUR GOVERNMENT.

May Be Compelled to Act to Prevent the Destruction of Our Commercial Interests in the Event of the Dismemberment of the Empire.

London, Dec. 30.—A dispatch from Shanghai announces, and subsequent dispatches confirm the statement, that the admiral of the French fleet has hoisted the French flag on Hai-Nan Island. The Chinese offered no opposition.

Hai-Nan is off the south coast of China, and separates the Gulf of Tonquin from the China sea. It has an estimated area of 12,596 square miles and a population of 1,660,000 Chinese, exclusive of wild tribes in the interior. Some of the mountains in the center rise above the snow line. It has several large rivers. The coasts are generally rocky, but the west coast is low and the south coast has some good harbors. Timber is a principal product. This is sent to Annam, Siam and Singapore. Other exports are rice, sugar, wax, pearls, coral, salt and a little gold and silver. Its capital is Kiung-Chou, a populous city on its north coast.

The Berlin Tageliche Rundschau, on what is alleged to be "the best authority in London," declares that Russia and China have been negotiating for many months; that China consented last October to a temporary Russian occupation of Port Arthur, and that England, hearing of this, demanded a cession of the islands at Hong Kong, a strip of coast opposite Kow-Loon and the mouth of the River Canton, but, knowing that France also wanted compensation, England suggested that she should take Hai-Nan Island.

OUR INTERESTS IN CHINA.

Government May Be Compelled to Act to Protect Them.

Washington, Dec. 30.—The more the Chinese situation is examined into by men in congress capable of grasping the subject, the more convinced they become that this government has interests involved which cannot safely be ignored. The contention between the foreign powers for a territorial foothold has for its object the control of the Oriental commerce. This country has treaty rights which will undoubtedly be respected so long as the treaties exist, but if China is dismembered and divided among the powers those treaty rights will no longer exist, unless we have taken steps in advance of the catastrophe to China to secure their continuance by the powers in control, or unless we fight to regain them after they have been lost.

If China is not dismembered, but is placed under the domination of one or more of the foreign powers, treaties may be abrogated by the direction of the controlling powers. It is believed that the safety of our interests can be insured only by an early demand that nothing be done by the powers with respect to China which does not include perpetual security to our treaty rights and commercial interests.

Robbed the Grave.

A startling incident of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at A. Wasley's drug store.

Many Millions [illegible]

Philadelphia, Dec. 29.—The will of Mrs. Henrietta B. Paine Baker, which was admitted to probate yesterday, leaves an estate estimated as "over $2,000,000." The sum of $2,000,000 is bequeathed to the Pennsylvania hospital, contingent upon the death of the son and daughter of the testatrix without issue. Bequests are also made to the Pennsylvania Museum and School of Industrial Art, Zoological Gardens, University of Pennsylvania and other institutions.

[illegible] Necessity

Cascarets Candy Cathartic, the most wonderful medical discovery of the age, pleasant and refreshing to the taste, act gently and positively on kidneys, liver and bowels, cleansing the entire system, dispel colds, cure headache, fever, habitual constipation and biliousness. Please buy and try a box of C. C. C. to-day; 10, 25, 50 cents. Sold and guaranteed to cure by all druggists.

Ten Years For Assault.

Camden, N. J., Dec. 30.—George Mordorf, alias Cosman, was yesterday convicted of shooting John A. Mather on Oct. 21 in Mather's cigar store in this city, and afterward robbing the cash drawer. Mordorf was sentenced to ten years by Judge Arrowsmith. Some time ago Mordorf was convicted of crime in New York and was sent to state prison. He subsequently was transferred to the Matteawan Asylum for the Criminal Insane. He escaped from there just before coming to Camden.

The Discovery of the Day.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it—it never fails, and is a sure cure for Consumption, Coughs and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and to-day stands at the head. It never disappoints. Free trial bottles at A. Wasley's drug store.

NUGGETS OF NEWS.

The president has approved the bill to prevent the killing of fur seals in the North Pacific.

Major Moses P. Handy, special commissioner to the Paris exposition, is seriously ill at Augusta, Ga.

An effort will be made to have created the office of secretary of mines and mining in the president's cabinet.

The asphalt beds on the border of the Uncompahgre Indian reservation will be worked, and are expected to yield about $1,000,000,000.

Four officers of the Stock Exchange bank, of El Reno, O. T., have been arrested, charged with receiving deposits, knowing the bank to be insolvent.

Where Never Was a Better Cure

Than Pan-Tina for coughs, 25c. At Gruhler Bros., drug store.

Ask your grocer for the "Royal Patent" flour, and take no other brand. It is the best flour made.

When bilious or costive, eat a Cascarets candy cathartic, cure guaranteed. 10c, 25c.

FREE LUNCHES IN SCHOOLS.

President Andrews, of Brown University, Makes a Radical Suggestion.

Springfield, Ills., Dec. 30.—At the meeting of the Illinois State Teachers' association yesterday the principal address was that delivered by President B. Benjamin Andrews, of Brown university, at Providence, R. I. He strongly urged the free text book system and favored free lunches in the schools. He said everything that would assist in making schools pleasant for the pupils would do much to elevate the social and moral character of the people.

President Andrews believed that the authorities could arrange in the cities for the furnishing of lunches to the scholars—if not free, at very low prices. These, he said, should be palatable, well cooked and served in the schoolroom or in a building under the supervision of the teachers or principal. One purpose, he said, in having these lunches served under the supervision of the teacher was to give to the children of the poor such experience in the way of table life and etiquette as would be beneficial. Besides this he held that the palatable food served in these lunches would be just what so many poor children need. The idea was very favorably received by the teachers present.

Remember if you Have a Cough or Cold.

Pan-Tina always cures, 25c. At Gruhler Bros., drug store.

[illegible] Y. T. Walter, manager of [illegible] A. Chase, the English champion middle distance cyclist, and Harry Reynolds yesterday signed articles of agreement for a series of ice skating races between Chase and Reynolds. The series, it is announced, will be for a purse of $700 and a side stake of $500. The first race will in all probability be held at Silver Lake, S. I. Reynolds was the winner of the national championship of America last year.
