Latest News from Europe.

NEW YORK, Nov. 17.

The Royal Mail Steamship Arabia, with Liverpool dates to the 5th, being three days later than the previous advices, arrived at Jersey City at 9 o'clock this morning.

The news is of a very interesting character.

In Liverpool, Flour had declined sixpence to one shilling per bbl. Wheat was two pence lower. Corn had advanced one shilling per quarter.

TURKEY AND RUSSIA.

The news from the East is conflicting and contradictory.

The rumor, however, is confirmed, that a Turkish force of 30,000 had crossed the Danube, and it was announced that they had occupied Kalafat.

Omar Pasha, before crossing the Danube, addressed a spirited proclamation to the army, stirring up their patriotism and declaring he would "sacrifice his body and soul, to be revenged on the invaders of his country."

He kept his word as to the Russian evacuation of the Principalities, and at the expiration of the fifteen days commenced hostilities in all directions, and in good earnest. During the interim of fifteen days the Turks were actively employed in transporting troops to certain portions of the Danube, from which they could cross with little further obstacle to the opposite banks held by the Russians.

The passage of the Danube by the Turks under command of Omar Pasha was effected without opposition.

The reason assigned for the evacuation of Kalafat by the Russians was the great mortality which prevailed among the troops in the different camps.

It was rumored, however, that the Russians afterwards returned to Kalafat, and in a pitched battle had defeated the Turks.

Prince Paskiewitch had left St. Petersburg for Bucharest to take command of the Russian army in the Principalities.

The main force of the Russians were in position near Bucharest, where several hundred pieces of artillery were posted, and every preparation made for defence.

There were rumors prevalent that Res-

The latest accounts from Bucharest report that 200 Turks had appeared off Guirgees and fired into the town. In the conflict, which is stated to have been very desperate, many Russians and Turks were killed. The Turks received the worst of the fight and retreated up the river, closely followed by the Russians.

The Turks respect all foreign property under the Austrian flag.

Another dispatch from Vienna, by way of Paris, under date of Nov. 3d, announces that a battle had taken place near Kalafat between the Turks and Russians. The Turks numbered 8,000, and the Russian force was only 2,500. The engagement was a desperate one, and lasted about two hours, when the Russians retreated with a heavy loss.

Prince Gortchakoff had left Bucharest for Karaiova. His departure produced a profound sensation. A battle was expected to take place in that direction. Karaiova was full of Russian troops.

It was supposed that the Russians would purposely allow a considerable portion of the Turks to establish themselves in Lesser Wallachia, in order to bring them to battle as soon as possible; and as the Russians felt confident of victory, they would, after driving back the Turks, quietly await a settlement of the affair on such terms as the great European powers thought reasonable.

The latest reports state that martial law had been proclaimed by the Russians in Bucharest and in all the other towns of the Danubian Principalities. All intercourse with the Turks was prohibited under pain of death, and any person found corresponding with a Turk was to be summarily executed.

On the 24th ult. the Turkish fleet weighed anchor and sailed for the Black Sea.

The combined fleets of England and France lie at Lapsa, in the Dardanelles.

The Porte had despatched Namir Pasha to Paris and London, on a special mission.

All the Russian subjects in Turkey are placed under the protection of Austria.

The endeavors of Austria were still directed towards inducing the Czar and the Sultan to adopt the Vienna note, and there were some hopes of success attending the effort.

A refugee tumult had taken place at Pera.

The latest telegraphic accounts report that there had been battles in Circassia and Dhagistan, and that the Russians were defeated by the mountaineers.

Harry Irvin, a student of New London Academy, had his shoulder dislocated on Wednesday, the 16th inst., while wrestling with another boy. He suffered severely for a time until it was adjusted. This should be a warning to boys who engage in this dangerous amusement.

At a regular meeting of the Franklin Lyceum, at Hoboken, on the 17th inst., the question for discussion was: "Which paper exerts the greater influence upon the morals of community, The New York Herald, or Tribune?" After an animated and protracted debate between some dozen of the members, the decision was rendered by the Chairman in favor of the latter. Upon the merits of the argument a general vote was then taken upon the question, as follows: In favor of The Herald, 0; in favor of The Tribune, 16. And as far as I am conversant throughout city and country, this would be a fair expression of opinion among the enlightened and virtuous portion of community. But when you descend to vice, low morals, and rum holes, The Herald is ever to be found as the true exponent of these degraded, demoralizing plague spots, of New York and its vicinity. It was currently reported that a reporter of the Satanic Press was present, but after hearing the strong expressions and argument against his *Alma Mater*, he took himself off in double quick time.

A SIXPENNY SAVINGS BANK.—An institution of this kind was sometime since commenced in New York, and we are not surprised to learn that it has been attended with complete success. Already the deposits have reached an aggregate of $23,000, and the sum is constantly increasing. The New York Courier says:—"Besides the smallest of the deposits, there is still another great encouragement, that is six per cent. interest is paid on the juvenile depositors' accumulations. We are informed that these barefooted, ragged urchins, look forward to deposit day with great pleasure. It is undoubtedly a new way of reforming children, but a sure one, and will save many from poverty, idleness, wastefulness, and latterly from becoming a burden upon our institutions."

WASHINGTON, Saturday, Nov. 19.—The indications of the meeting of Congress a fortnight hence are quite manifest. The President and Heads of Departments, with their Clerks, are busy early and late preparing their messages and reports. The guardians of the Capitol, hotel-keepers and landladies, are painting and furnishing their apartments anew, and the *beau monde* and citizens generally are preparing for this annual relief to the monotony of Washington life.

Washington, Nov. 20.—The Union says that Joshua Bates, of the firm of Baring, Brothers & Co., has been appointed minister to Mexico, in succession, and has accepted the office. This is the post declined by Ex-President Van Buren.

WISCONSIN.—The Milwaukie Free Democrat, of the 15th inst., has returns showing a majority for a Prohibitory Liquor Law in the State of 250, which will doubtless be increased to 2,000 or more. No law has been passed by the Legislature, and the question only submitted to the people. The Waukesha Press claims the election of a Maine Law Assembly, but the Governor and Senate are supposed to be committed to free trade in liquor.

We shall not be surprised to find the President's message announcing that, long since, our Commissioner at the Sandwich Islands was directed to keep his attention fixed closely to their political condition, and respectfully to receive and forward home for the consideration of this Government, any advances or propositions which that Government might make by way of giving the United States rights there, likely to prove almost invaluable to American commerce.

The Carlisle Volunteer says that the Democratic candidates elected to the Legislature from Cumberland county are both in favor of, and will vote for, a prohibitory law, subject to the decision of the people. While this is a gratifying piece of intelligence to temperance men, it is not so well relished by the whiskey Whigs who helped to elect them, by voting against the Whig candidates because they were *pledged* to do the same. 'Better luck next time,' gentlemen of the toddy stick!

CHINA.—Files of Journals and letters from Hong Kong to Sept. 9, do not mention the flight of the Chinese Emperor, reported in the letter of Sept. 1, from Dr. Parker, at Canton, lately published. Still the tenor of all advices is, that the rebels were steadily advancing, and that the fall of Pekin into their hands was constanly expected.

A trotting match came off against time on the Long Island race-course on Saturday, the 12th inst., on a wager of $4000. The bet was that no horse could be produced that would trot 100 miles in 9 hours. The feat was performed in 8 hours, 55 minutes, and 53 seconds. The horse, however, that performed the unprecedented race, died the same night.

By the will of Daniel Kieffer, who died on the 20th October last, at his residence in Oley township, Berks Co., Ten thousand dollars is bequeathed to the Theological Seminary of the German Reformed Church, at Mercersburg.

HON. CHARLES G. ATHERTON, U. S. Senator from New Hampshire, who had been lying dangerously ill for several days, from paralysis, died at Boston on Tuesday, of last week.

OWEGO BANK.—The rumor of the failure of this Bank, published by us, proves to have been unfounded. From our personal acquaintance with the Institution for fifteen years past, we are confident that it stands as high where known, as the Northumberland Bank does in this community. The Bank has, however, sutained a loss of a *portion* only of its *surplus* funds, after having divided 10 per cent. among its stockholders for several years past. This loss was by the failure of T. Dwight, a ——— the Bank in New York, and who had borrowed some $50 or $60,000 from the Bank. The agency money was secured to the Bank, but the loan will probably be a total loss. This loan was made without the authority of the Directors, and the Cashier has been compelled to resign. Notwithstanding the rumor of its failure was published far and near, only $1200 in specie were withdrawn from the Bank, and more than that sum was deposited at the same time.

But although the large surplus funds and previous good character of this Bank sustained it under a loss which would have destroyed many institutions less favored, we agree with the views of *The Athenian* in the same neighborhood, that "banks were not contemplated to aid brokers in speculating in fancy stocks—they were designed to accommodate men of moderate means and sure business in legitimate, open, honest pursuits. The Bank had closed its doors upon men of this class, and loaned its means to a favored few engaged in hazardous speculations. Such a course is prejudicial alike to all kinds of business—to honest, safe banking—and should be prohibited if possible by stern and stringent laws."

—It is not denied, as we see, that the failure of this same Mr. Dwight has caused the suspension or entire downfall of the "Pachin Bank" in New York State, and of "Massillon Bank" in Ohio. W.

THE PEOPLES' JOURNAL.—A new publication bearing the above title, and devoted to Agriculture, Mechanics, Science, and useful knowledge, has been started in New York. Each number contains 32 pages of letter press, and profusely illustrated with Engravings on the subjects it treats upon. The work is well adapted to persons engaged in every calling and profession, and is published at the low rate of $1 00 a year, or 50 cts. a volume. It is published monthly, and two volumes are issued annually. Address Alfred E. Beach, No. 85 Nassau street, New York.

The enterprising publisher of the Philadelphia *Daily Register* will commence publishing a weekly paper to be called the "*Weekly Register*." The talent exhibited in the daily, is a sure guarantee that the weekly will be a spirited and well conducted paper. $2 per annum. Address William Birney, Daily Register Office, Philadelphia.

The Washington Monument has reached height of one hundred and forty six feet, to which it is hoped four feet more will be added before the weather shall be so cold as to require a suspension of operations for the season. The number of hands at present employed, including watchmen is about fifty.

John B. McMickin, of Jersey Shore, has received the appointment of Supervisor of the West Branch Canal, in the room of J. H Kelton, resigned.

The Road to Health!

HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND BAD DIGESTION.

Copy of a Letter from Mr. R. W. Kirkus, Chemist, 7, Prince's Street, Liverpool, dated 7th June, 1851.

To Professor HOLLOWAY, Sir—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years. A customer, to whom I can refer for any enquiries, desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver, and had dyspepsia on the least exertion; however, the virulence of the attack was so alarming and the inflammation set in so severely, that doubts were entertained of her not being able to bear up under it; fortunately she was induced to try your Pills, and she informs me that after the first, and each succeeding dose, she had great relief. She continued to take them, and after she used only three Boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases, but the above, from the severity of the attack and the speedy cure, speaks much I think in favor of your astonishing Pills. (signed) R. W. KIRKUS.

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER, IN VAN DIEMEN'S LAND.

Copy of a Letter inserted in the Hobart Town Courier of the 1st March, 1851, by Mr. Joseph Walsh.

Margaret M'Donagan, nine years of age, residing at New Town, had been affected from a severe attack of rheumatic fever, for upwards of two months, which had entirely deprived her of the use of her limbs; during this period she was under the care of the most eminent medical men in Hobart Town, and by them her case was considered hopeless. A friend prevailed upon her to try Holloway's celebrated Pills, which she ceased not to do, and in an incredible short space of time they effected a perfect cure.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND STOMACH OF A PERSON 84 YEARS OF AGE.

From Messrs. Thos. & Son, Proprietors of the Lynn Advertiser, who can vouch for the following testimonial.

To Professor HOLLOWAY. August 20, 1851.

Sir—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach, which was also accompanied by a shortness of breath, that prevented my rest at night, I am 84 years of age, and notwithstanding my advanced state of life, these Pills have so relieved me, that I can now rest quietly in my bed. I have also given them to my friends, and they invariably prove, in their hands, equally beneficial as in my own case, and can take every one without inconvenience or pain, which I could not do before. (signed)

HENRY COE, North street, Lynn, Norfolk.

WONDERFUL EFFICACY IN HOLLOWAY'S PILLS IN CASES OF DROPSY.

Persons suffering from Dropsy, either about the turned life, or at other times, should immediately have recourse to these Pills, as hundreds of cases have been recently cured, by their use, of this direful complaint in its different stages, when all other means had failed.

These celebrated Pills are wonderfully efficacious in the following complaints:
