FRIDAY MORNING, MARCH 24, 1854

ADVERTIZE!—Manufacturers, Merchants, Public Officers, in City and Country, Mechanics, Executors, Administrators, Operators—all who wish to procure or dispose of anything—would do well to give notice of the same through the "*Lewisburg Chronicle*." This paper has a large and increasing circulation in a community containing as large a proportion of active, solvent producers, consumers, and dealers, as any in the State.

☞ See New Advertisements.

M'Clure & Bro.'s extensive Hardware and Tool Store, in Philadelphia.

☞ Farmers can get their Plaster ground to order, at Brown's Mills in Lewisburg.

☞ Editorial Correspondence not rec'd. We have for next week, two interesting letters from our young friends in Germany.

THURSDAY, 3 o'clock P. M.—The steamer, due in New York on Tuesday, has not yet arrived. It is feared the recent severe storm may have driven her from her course.

LATEST FOREIGN NEWS.—Austria by all accounts indicates a decided intention to take sides with the Western powers against Russia. Every movement points to war. Decline in breadstuffs continues.

☞ We learn that a new township—JACKSON by name—has been formed from that portion of Union county surrounding New Berlin, the elections to be held at No. 19 Schoolhouse, New Berlin.

Jackson embraces parts of Penns, Middlecreek, Limestone and Union townships.

☞ Mr. LEADER, the new publisher of the *Union County Star*, took possession of that establishment, last week. We wish him a very happy time and a safe deliverance.

☞ The Harrisburg Democratic *Union* says the appropriations asked for this year exceed six millions of dollars; last year, the appropriation was over five and a half millions.

☞ Our readers will recollect the narrow escape of Mrs. Jane A. Wilson from the Camanche Indians. Recent intelligence from Fort Washita, states that her two young brothers-in-law have since been recovered, at different points. Also that the discharged soldier, who fell behind Mrs. W.'s party, overtook the scalped Mexican, carried him to a stream near by, washed his wounds, carried him several days on his back, and they finally escaped after intense sufferings.

California Wheat Crop.

[A Californian writes to a friend in this vicinity as follows, under date of]

SAN JOSE, Feb. 9, 1854.

It is estimated by persons fully competent to make the calculation, that the State will raise at least 50,000 acres of Wheat this year, which, at the low figure of 30 bushels per acre, will yield 1,500,000 bushels; and allowing 5 bushels to the barrel of flour, 300,000 barrels—or one barrel each for every man, woman, and child in the State. That I think looks something like home industry—growing our own breadstuff. The present low price of flour we consider an advantage, for it will certainly have the effect to check shipments from the east; and it will be well for eastern speculators, for we can more than compete with them in producing the article, as well in price as freshness. Ten dollars per barrel will pay wheat growers here as well as they could reasonably wish.
