Lewisburg, Pa.

FRIDAY MORNING, SEPT. 1, 1854.

ADVERTISE!—Manufacturers, Merchants, Public Officers, in City and Country, Mechanics, Executors, Administrators, Operators—all who wish to procure or dispose of anything—would do well to give notice of the same through the "Lewisburg Chronicle." This paper has a large and increasing circulation in a community containing as large a proportion of active, solvent producers, consumers, and dealers, as any in the State.

See New Advertisements.

The splendid WILSON property, in Kelly township, is offered at public sale—see opposite page.

Most of the Nebraska newspapers "Know Nothing" about the Iowa election.

The Wheat recently purchased from the Baltimore market for the North Branch region, is said to be so highly flavored by garlic as to "go against the grain" of both Yankee and Dutch olfactories.

Public Exercises in Composition and Declamation, will be held in the LEWISBURG ACADEMY on Friday evening next, (Sept. 8th.) Parents and Guardians and the Public generally are respectfully invited to attend.

On our first page will be found original articles relative to the next Fair on the West Branch—the operation of Division on a sister County—and the local issue in our own county, to which we ask the especial attention of our readers.

QUERY.—Why don't the Longstown papers publish the *Dickson Bill?* And why can't the Times and Volksfreund be as clever as the Star, and publish the Premium List for the next County Fair, by instalments, in some corner of their paper?

HIGH SCHOOL AT AARONSBURG.—The citizens of Aaronsburg, in Center county, are taking efficient measures for the establishment of an Academy in that town. One of the best "investments" and most useful "public improvements" in a town, is a well supported and a "progressive" seminary of learning.

"AMERICAN ORGAN."—We have rec'd a Prospectus for a paper with this title, to be published Daily and Weekly, by an Association of Americans, at Washington City. It is to be devoted to the "ONE IDEA" of "Americans ruling America"—French S. Evans, publishing agent. The Daily $5, Weekly $2 per year in advance.

The adjourned Temperance meeting on Tuesday evening, was presided over by Francis Wilson, and addressed by Jas Aiken and Prof. Walker, Rev. J. Winecoff being out of town. The next Monthly Meeting is on Tuesday evening next.

An informal County Meeting is to be held at New Berlin, to-morrow, to devise means to bring out a full vote for the Prohibitory Law.

A queer, thoughtful chap, lately asked "what office is this Mr. CHRONICLE up for? for I see he is abused so much, he must be up for something!" Truly, if abuse be a proof of consequence, this paper has some claims. Some three or four of our county cotemporaries are constantly venting their rage against the Chronicle, its Editor, or Publisher—and point blank falsehoods, sneaking insinuations, or borrowed witticisms, seeking to destroy its influence, and their character, in community. So numerous and persevering are these assailants, that we long ago gave up the attempt to answer all their assaults, for when one is exposed in its deformity, they start a dozen more brazen still.

An *Independent* paper—the slave of no party—we are sometimes denounced as a "Whig abolition sheet," and anon as "the most unscrupulous Locofoco in the county."—But the Chronicle is INDEPENDENT still!

—And yet, from the *least* paper in patronage and circulation, the Chronicle has under our control become the *first* in both. We would not exchange it, this day, for any two in the county. As to character, let our score of calumniators, masked and open, seriously ask their own hearts if they have done us any material damage by their vulgar personal abuse of us year after year? if we have not enjoyed, individually, as many tokens of public confidence as they? and if they really suppose they honor or benefit themselves, or their profession, or their cause, by those rude and often indecent assaults, which may be palatable to the few ignoble and ignorant, but are disgusting to all whose respect is worth having? Think about it!

The Democrats of Juniata Co. have nominated E. S. Doty for Senate and J. P. Wharton for Assembly. The Whigs nominated J. M. Sellers for Senate; Representative Conferees uninstructed.

NEW YORK, Aug. 30.—The Europa is in. Bomersund, on the Baltic, captured by the allied forces, and 2,000 Russians taken prisoners.

HARRISBURG, Aug. 30.—The Free Democratic State Convention met to-day and withdrew their State Ticket, resolving to support Judge POLLOCK for Governor.

The Merchants of Danville have published, that there are 80 or 90 pedlars from Danville, who are peddling through Lycoming, Montour, Columbia, Union and Northumberland counties, *without license*. They call upon all good citizens to assist them in enforcing the law against those violators. It is manifestly unjust and impolitic that responsible, permanent men should pay rents and license, while others irresponsible and unknown prowl about the country, cheating in almost every transaction, without paying any license.

The Officers of the Union Co. Ag. Soc. and Committee of Arrangements for the next Fair, are requested to meet at the office of G. F. Miller, Esq., in Lewisburg on Saturday, the 9th inst, at 2 o'clock, P. M. A full attendence is particularly desired.

Baltimore Markets,

Reported by CARR, GIESE & CO., *Commission Merchants, Baltimore.*

BALTIMORE, Aug. 29—P. M.

Prices of Flour and Grain are again on the rise, and we quote Family Flour at $10 25, Extra 9 25, Superfine 8 50 a 8 75, with very light stock. The receipts of Grain are pretty heavy, and demand brisk. Sales White Wheat to-day at 1 85 to 1 95, Red 1 70 to 1 80, inferior parcels 5 to 20 cts. lower. Corn in good request—sales 85c. for Md.; Pa. would bring 87c. Pa. Rye 1,05 to 1,07. Oats 50c. Several orders for Wheat to go up the North Branch Canal, have been received and executed here.

In Lumber there is not much variation in prices. We quote an active demand at $18 to 20 per M for white pine Boards and Plank, 14 to 15 for W.P. Siding, Hemlock 13 to 13½.

HOLLOWAY'S PILLS, a certain Cure for General Debility.—Charles Denton, a commission agent, residing in Walnut street, Cincinnati, has informed Professor Holloway that he suffered considerable whenever he went on his Southern expeditions, which he was frequently compelled to do, particularly to New Orleans; his tongue became dry, his throat parched, accompanied with great general debility; he tried a variety of medicines, but his health continued to decline. As he had heard Holloway's Pills spoken of very highly, he determined to give them a trial; their virtues, in his case, acted like magic; in three weeks he was in perfect health, and a perfect cure. His system effectual; and he cares he will never be again without them.

Mechanics, Inventors, & Manufacturers.

$570—IN CASH PRIZES—$570.

VOLUME X. of the SCIENTIFIC AMERICAN commences on the 16th of September. It is chiefly devoted to advancement of the interests of Mechanics, Inventors, Manufacturers, and Farmers, by the diffusion of useful knowledge upon these important branches. It is edited by men practically skilled in the arts and sciences, and widely regarded as a sound and able journal. Nearly all the valuable Patents which issue weekly from the Patent Office, are Illustrated with Engravings; and the claims of all the Patents are published in its columns; thus making the paper a perfect Scientific and Mechanical Encyclopedia for future as well as present reference. The Scientific American is very extensively circulated—its circulation in the last volume exceeding 18,000 copies per week. It is in form for binding; each volume contains several hundred Engravings and over 400 pages of Reading Matter, with an Index. The practical receipts alone are worth to any family much more than subscription price.

The Publishers offer the following valuable prizes for the largest list of subscribers sent in by the 1st January next: $100 will be given for the largest list, $75 for the second, $50 for the third, $30 for the fourth, $20 for the fifth, $15 for the sixth, $10 for the seventh, $5 for the eighth, $5 for the ninth, $5 for the tenth, $20 for the eleventh, $15 for the twelfth, $10 for the thirteenth, and $5 for the fourteenth. The cash will be paid to the order of the successful competitor immediately after January 1st, 1855.

TERMS.—One copy one year $2 one copy six months $1, five copies six months $4, ten copies six months $8, ten copies twelve months $15, fifteen copies twelve months $22, twenty copies twelve months $28 in advance.

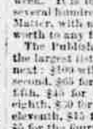
To Wool-Growers.



50,000 pounds Wool WANTED. The subscribers feel thankful for past patronage conferred upon their manufacturing operations, and hope in future that the well-wishers of their country will feel disposed to share abundantly by patronizing "Home Industry and Enterprise." Farmers, Merchants, and Mechanics, we invite you all to give us a call, as we intend keeping constantly on hand a good assortment of Goods of our own manufacture, such as

Cloths, Cassimeres, Satinetts, Flannels, Blankets, Stocking Yarns, &c.

to exchange for Wool or sell low for Cash, Grain, Lard, Soap, or any other marketable Produce. They will also Wholesale to Merchants, and save them the Jobber's profit, which is from 10 to 15 per cent.

Cash will be paid for WOOL at all times, the regular market price. We do not expect to run Wagons to collect Wool—we think it is better for both Wool Grower and Manufacturer to deal at the Factory, where there is a variety of goods to select from, and the manufacturers have a much better chance to render satisfaction to their customers than when a few goods are hauled out in a wagon.

By strict attention to business, they hope to merit a goodly share of public patronage.

Very respectfully yours,

LADIES' INSTITUTE

of the Penn Medical University of Philad.

THE FALL TERM of this new Medical School for Ladies, will commence on the first Monday in October, 1854, and continue four months.

The *System of Teaching*, here pursued is entirely new, and is more comprehensive, thorough, liberal and practical, than that of any other Medical School in the country. It is based, as far as possible, upon the positive Sciences consequently, free from all sects and dogmas. The branches of study are divided according to their natural order of succession, and taught in four progressive courses of four months each; there are two courses in each year, thus enabling the students to pass successively through all four courses within two years. By this arrangement the study is rendered easy, and possessed of daily increasing interest.

Ladies desiring a thoroughly scientific Medical Education, or any part particularly interesting them, have facilities here nowhere else to be found.

The Far-Famed Medicine!

HOLLOWAY'S PILLS.

These Pills being composed entirely of medicinal herbs, are of a most harmless nature, while the extraordinary virtues they possess have rendered them universally popular in nearly every part of the world. The immense success they have met with throughout the States is most extraordinary, owing, it is presumed, to their wonderful efficacy in the cure of Bilious complaints and disorders of the Liver and Stomach. Persons who persevere in using them according to directions, seldom fail in being restored to health.

Weakness and Debility.—Restoration to Health of a Gentleman, aged 45, when at Death's door.

Copy of a Letter from Mr. Rice, Charles Smith, dated Norton, Mt. Philips, near Bath, Somersetshire, 11 Aug. 1853.

To PROFESSOR HOLLOWAY.

SIR—A Mr. Joseph Pearce, formerly a resident of this place, had been in a declining state of health for upwards of three years, gradually wasting away to a shadow by which perspiration and want of appetite, which caused great uneasiness to his friends, as he had consulted various medical men in Bath, without effect. He at last used your Pills, and under Providence was restored to health by their means. He lately emigrated to New York, and has just written to say, that he was never better in health, and desires me to acquaint you with the circumstance. I ought also to mention, that my wife has derived great benefit from the use of your Pills.

I remain, Sir, yours respectfully,

CHARLES SMITH, Dissenting Minister.

A permanent Cure of a diseased Liver of many Years' duration.

Copy of a Letter from Mr. Samuel Chemble, Yeovil, to Professor Holloway.

Dear Sir—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious Complaints I may mention the following case. A lady of this town with whom I am personally acquainted, for years was a severe sufferer from disease of the Liver and Digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them, and she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means of saving her life.

I remain, Dear Sir, yours truly,

July 23d, 1853. (signed) J. GAMIS.

These celebrated Pills are wonderfully efficacious in the following complaints:

Ague	Dropsy	Jaundice	Secondary
Asthma	Dysentery	Liver Complints	Symptoms
