After Nervous Breakdown
"I had a nervous breakdown and could not do the work I have to do around the house. Through one of your booklets I found how Lydia E. Pinkham's Vegetable Compound had helped other women and I went to the drug store and got me six bottles. It has done me good in more ways than one and now I work every day without having to lie down. I will answer all letters with pleasure."—*Hannah M. Eversmeyer, 707 N-16 Street, East St. Louis, Illinois.*
