For the Lewisburg Chronicle.

Isaac Slenker, Esq's, Opinion of the Bond given by the citizens of Lewisburg.

At an anti-division meeting held in the Court House, on Tuesday evening last, Mr. Slenker, of New Berlin, said in substance the Bond was not binding—because

1st. That there were no parties to it; That to every contract, there must be parties, able and willing to contract; and that Judge Wilson, the Bond not being given to him in his *Official* capacity, was no party, and no action would lie upon it.

2d. There is no consideration. A past consideration will not support a promise. In New York, a man found his neighbors stubble field on fire, and approaching the stacks in the field, and he put out the fire; the owner afterwards promised to pay him, but refused; and held that no action would lie. Ergo the Bond was invalid!

SHADES OF MARSHALL AND GIBSON DEFEND US!

1st. The Bond *is* payable to Judge Wilson in his *Official* capacity, and therefore that falls to the ground

2d. The consideration is not *past* but is *executory*, therefore the case does apply.

The old adage, "mid ks are no haystacks," has been nullified by this latter day luminary of the law.

Important Correspondence!

Just as we were ready for press, the annexed Correspondence was handed in. We omit some other articles to make room for it. Mr. COMLY is the head of the Danville Bar, while Mr. MAYNARD is among the first in the Williamsport—and Mr. CASEY's standing as a lawyer is equally prominent. READ AND CIRCULATE!

NEW BERLIN, Sept. 20, 1854.

JOHN W. MAYNARD,
JOSHUA W. COMLY, } Esquires.
JOSEPH CASEY,

GENTLEMEN: Enclosed you will find a certified copy of a Bond executed by a number of citizens of Lewisburg in the sum of Fifty Thousand Dollars, made payable to the Hon. Abraham S. Wilson, President Judge of the 20th Judicial District of Penn'a, or his successor in office, conditioned, in case the county of Union should be divided at the next session of the Legislature and the seat of justice located at Lewisburg, that the necessary grounds shall be purchased, and the whole of the County Buildings erected without taxation to the people of the County. As this is a matter of vast importance to the tax payers, and as some persons are in doubt whether said Bond will be *binding in law* on those who signed it; having full confidence in your legal abilities, I desire you to give the said Bond a careful examination, and furnish me in writing your legal opinions, whether or not said Bond will be binding in case the Division takes place, and the seat of Justice located as therein set forth. An early answer is most respectfully requested.

Your Obedient Servant.
JAMES MARSHALL.

TO THE HON. JAMES MARSHALL

Yours of the 20th inst., requesting our opinion in relation to a certain bond signed by William Cameron, Esq., and others to the Hon. Abraham S. Wilson, Esq., in the sum of fifty thousand dollars, on condition, that, "in case the county of Union should be divided at next session of the the Legislature, and the majority of the qualified voters should decide by ballot—that the county buildings for the northern part (to be called Union County) should be located in the Borough of Lewisburg," the obligors "shall erect or cause to be erected and constructed all necessary County buildings, and procure the grounds necessary on which they are to be erected, without taxation to the County; the buildings are to be completed within eighteen months after the location is determined as aforesaid, and not to be inferior to those recently erected at Bloomsburg in the County of Columbia, and also to be subject to the approval to the Court and Commissioners of the County in which such buildings are to be erected" &c. You inquire whether this Bond is valid and binding and capable of being enforced against the obligors, if the events therein specified should happen?

We have examined the Bond, and are clearly of opinion that the same is valid and binding, and that, if the County should be divided by the Legislature, and the Seat of Justice be located at Lewisburg, as contemplated in the Condition of the Bond, and the County of Union should necessarily incur any expense in the purchase of grounds or in the construction and erection thereon of the necessary County Buildings, equal in character to those of Bloomsburg, that to the extent of such expense not exceeding Fifty Thousand Dollars the Bond can be enforced, in the name of Abraham S. Wilson, for the use of the County, against all the persons who executed the same.

JOSHUA W. COMLY,
J. W. MAYNARD,
JOS. CASEY.

21st Sept. 1854.

For the "Union County Star.

I observe an editorial in the Star of the 14th inst., stating that I admitted that the Bond given by the citizens of Lewisburg, binding themselves to put up the Public Buildings in case of a division of the county, never could be collected by law. I do assure you, I never made any such admission. I remember that one of the Conferees from New Berlin stated in Beavertown, that the bonds was good for nothing in law, and that Mr. SLENKER had given an opinion to that effect. I remarked, in substance, that I was no Lawyer, and was not able to give a *legal* opinion on that point; but I was perfectly satisfied, that, if law did not bind them honor would. I am acquainted with nearly every man on that Bond, and I know them to be men of honor and integrity—men who would spurn the very idea of giving such a bond to deceive; and, further, I would state that my *opinion*, as an individual, is, that *the Bond is good in law, good in equity, good in honor, and good in every sense.* Respectfully Yours,

JAMES MARSHALL.

☞A humorous correspondent informs us that the Anti-Divisionists have been holding a protracted meeting at New Berlin, but no converts made, although the whole Emporium labored with devoted anxiety, and Justice Swineford and Col. Barber exhorted most faithfully. The spectators did not crowd the mourners.

Esq. Slenker presented a speech which a jury of lawyers unanimously pronounced not founded upon fact.

A little popinjay whom he didn't know made a terrible three-penny tilt against Messrs. Cameron, Slifer, and others whe he thinks ought to be ashamed of themselves if they are half as bad as the young man painted them—no doubt truly!!

"Old Ner" tried to butt the Railroad, but didn't get along near as well as when he was President of the Railroad meeting

—Altogether, we are told, the series of meetings has closed; and in view of them the *Star* lugubriously exclaims—

"*If Maj. Simonton is defeated, it will be a burning and a lasting shame.*"

☞The *Star* supported Maj. Simonton, "*subject to the decision* of the Whig Conferees." "The Whig Conferees" *decided* not to nominate him...yet the *Star* tries to pass him off on the "Whig County Ticket" in face of the facts!—"Teddy," says Pat, "you may have your choice betwane the two mares, but i' troth I must have the gray!"

FOREIGN NEWS.

The reception of foreign news direct from Quebec is a novelty of reciprocity scarcely expected. The screw steamer Ottawa arrived there yesterday afternoon, having left Liverpool on the 5th, bringing three days' later intelligence, and anticipating the Atlantic, which was to have sailed on the 6th. The Ottawa reports a further and general decline in breadstuffs, brilliant whether and abundant harvests. The closing price of Consols was 957-8. The war news is as usual—nothing. The Austrian Consul at St. Petersburgh is directed not to vary a shade from the four points of Drouyn de l'Huys's note, and to admit no modifications in the Russian answer. Russia is said to have peremptorly rejected the required guarantee that the Pricipalities should be evacuted. There had been no further movements in the Baltic. Tranquility had been restored in Spain. There is nothing new from the Black Sea or the Danube.—*New York Tribune 19th.*

The steamer Alantic arrived at New York, Tuesday morning, with Liverpool dates to Wednesday, the 6th inst. She brings 214 passengers. Capt. West reports having experienced a constant succession of heavy gales during the voyage, and had her starboard paddle box and outwater carried carried away, in a heavy northeastern gale.

Richardson's circular reports Breadstuffs as having been heavy since last report, but with an improvement at the close of the market on Tuesday.

Russia's unconditional rejection of th propasals of the Four Powers, is confirmed.

Immediately on the reception of the reply of the Czar to the proposals of the Four Powers, a Cabinet Council was held at Viena.

A despatch from Varna, Aug. 21st, notifies that the Britannia has sent all her men in transports to Galatz, and has been cleaned and fumigated. This is the vessel which suffered so badly from cholera.

The cholera has abated in both rrmies.

No new movement had taken place, except that the French were embarking fascines and artillery.

THE BALTIC.—Advices from Dantzic to Sept. 1st state that Admiral Persval and Generals of Hillers and Brown have made reconnoitres of the fortresses of Helsingfors and Sweaborg.

"THE CABIN BOY'S STORY,"

A Semi Nautical Romance of intense interest, by the Author of the "Pirate Doctor," the "Lawyer's Story," the "Old Doctor," &c. &c.

THE success hitherto enjoyed by the writer of the above popular works, is a sufficient guarantee of the favor with which any production coming from his pen will be received by the public. "THE CABIN BOY'S STORY" is a romantic narrative, illustrating the horrors of the Slave Trade, as carried on in the Coast of Africa. The author has served in the navy—and the descriptions and characters are painted from personal acquaintance with them. The story is full of exciting interest and adventure as the celebrated work of Defoe, "Robinson Crusoe," and has the advantage over that glorious fiction, inasmuch as it is founded on facts of every day occurrence. The history of the heroine of the Story, Zuleika, the Circassian Slave purchased at Constantinople, educated and married by the reckless, yet chivalric, Seymour—the commander of the Albatross, is simply the narration of a fact painted from the life, and all the numerous characters portrayed throughout the story are vividly and graphically drawn.

The publishers have already received orders for the whole of the edition it was originally their intention to publish; consequently, they have been obliged largely to increase it; and they respectfully request that all orders may be sent immediately.

They confidently expect that the work will create as much interest as any work of fiction that has of late years emanated from the press, as, notwithstanding since the publication of "Uncle Tom's Cabin," works relating to slavery in America, pro and con, have been numerous, none have appeared having relation to the system of purchasing slaves on the African Coast, written by one who has witnessed it in all its hideous deformity. The work is written in chaste and pure language, and will be a welcome and instructive addition to the family library.

The work will form a beautiful octavo volume of 400 pages, handsomely illustrated with fine engravings, and elegantly bound in cloth. Price, in cloth, one dollar; in paper, 75 cents, at which rate copies will be sent by the publishers to any part of the country free of postage.
