FRIDAY MORNING, OCTO. 13, 1854.

ADVERTISE!—Manufacturers, Merchants, Public Officers, in City and Country, Mechanics, Executors, Administrators, Operators—all who wish to procure or dispose of anything—would do well to give notice of the same through the "Lewisburg Chronicle." This paper has a large and increasing circulation in a community containing as large a proportion of active, solvent producers, consumers, and dealers, as any in the State.

☞ See New Advertisements.

☞ As soon as we can get the official vote of Union county, we shall issue slips.

Dreadful Disaster.

We have a telegraphic report that the American steamer Arctic, which left Liverpool on the 20 ult., came in collision with a British steamer on the 27th ult. Both vessels sank, and over 400 lives were lost. How the news were obtained is not stated.

(A paper received last evening gives a detailed account of the sad affair, which we will notice next week.)

Thursday of next Week,

The Male departments of the University at Lewisburg, will commence their Winter Session.

The Seminary under the charge of Rev. Mr. MARS, will open the same day.

☞ Mr. RANDOLPH, in consequence of illness, has postponed the opening of the Lewisburg Academy, until Thursday of next week, (19th inst.)

FEMALE SEMINARY.—This department of our University will open promptly on Wednesday next. The vacancy occasioned by the resignation of the former teachers, is filled. Miss Amanda Taylor, who has recently been teaching in Cincinnati, and who comes with the highest recommendations, will take the place of Miss Scribner, and Mrs. Kean, recently a teacher in the Female Seminary connected with Jefferson College, will be her Assistant. Mr. Gessner, of this place, so favorably known, will take charge of the Music department.

Terrible Explosion at Danville.

DANVILLE, Oct. 6.—About half past eight o'clock, this morning, one of the boilers of the Montour Mill exploded, and was carried from its foundation to a distance of about one hundred feet.

It carried with it a frame dwelling-house, and demolished a stable in the rear of the lot. It also tore a space about thirty or forty feet off the mill, and buried several persons under its ruins.

In the house that was carried away, there were two families—John Farley's family lived up stairs; one of his two children was carried away with the boiler, and instantly killed, the other, a little girl, was found in the ruins, dangerously cut up, and is now dying.

Three of the children of Barney McGuire, in the lower story, were hurt. McGuire himself, Peter Monaghan, and Lawrence McBride, who were in the same house at the time, were also injured.

Charles Search, a boy, died. John Priest, John Dissinger, Alex. Wands, John Adams, Michael Levy, Isaac Hines, Wm. Butler, and Jos. Shugart, are all badly scalded and hurt—some of them dangerously. Robert Woods, Bryan Dennin, John Miller, and Samuel Deitz, were slightly hurt. They are still removing the rubbish as fast as possible, as it is believed there must be more under it who are missing.

The boiler is said to have been empty of water, to which circumstance the accident is attributed. The loss to the Company is not known.

[We learn that 6 persons in all have died from the explosion.—LEW. CHRON.]

SUDDEN DEATH.—In M'Ewensville, one day last week, we are informed, two young men, named Marr and Smith, were in a well, engaged in blasting. They had put in their powder, and were engaged in packing it tight, when a blow from an iron hammer upon the limestone rock, produced fire, and an instant explosion occurred, tearing off the top of the skull of one, and putting out the eyes and endangering the life of the other. We have not heard from him this week.

FATAL ACCIDENT.—On Saturday, 30th ult., in Liberty Tp, Montour Co., PETER BILLMYER, son of the late Geo. Billmyer, met his death while helping to raise a saw-mill a short distance from his dwelling; the timbers being nearly all up and ready to receive the plate, the one bend of the building not being stayed on which Mr. B. had just ascended to adjust the plate, suddenly fell over, he being on the under side, and instantly crushed him to death. His age was 32 years.

☞ The Daily News of yesterday gives additional returns for Congress. Jones and Packer, Nebraska, and Hickman, Hiester, Robinson, Edie, Drum, Ritchie, Purviance, Alison and Dick, (Anti-Nebraska) are reported—2 districts to hear from.

The Philad. County Ticket is divided. Brown, Dem., is elected Senator over Hamilton, Native.

The Whigs appear to have a nett gain of 15 Assemblymen, thus far.

Railroad Jubilee.

The borough of Milton was enlivened on Friday evening last, by the arrival, over the Cattawissa road, of an excursion party from New-York and Philadelphia, consisting of the Presidents and Directors of other roads, capitalists, members of the city councils, &c., &c., who came to inspect this newly opened road, and see this hitherto secluded West Branch country for themselves. The affair was got up on very short notice, so that but few persons were present from this and other neighboring towns. Hundreds would have been there from Buffaloe Valley if time and circumstances had permitted a call for a general mass meeting.

After supper an adjournment took place to the Odd Fellows Hall, when Hon. WM. D. LEWIS, of Philad., President of the road, was called to the chair; which he accepted, in a humorous speech, at the close of which he gave the following toast.

MILTON—near neighbor to Philadelphia—may they always remain good friends.

This was responded to by Wm. C. Lawson, Esq., in an effective speech, in which he referred in glowing terms to the indomitable energy and perseverance of Col. Paxton in pushing the road to an early completion.

Numerous other toasts were given and speeches made by Col. Paxton, and Morton McMichael, Wm. Moren, Cols. Patterson and Penrose, Edward Miller, Philip M. Price, and others of Philadelphia; Franklin Bound, Esq., of Milton; Gen. Clement, of Sunbury; Mr. Foley, of Danville; H. C. Hickok, and some others whose name we do not recollect.

Much interesting information was given with regard to the early history, and present prospects of the Cattawissa road, and also of the Sunbury & Erie road, which last will be opened for travel between Milton and Williamsport on the 15th of November, and then pushed on to Erie as circumstances will permit.

Special toasts were offered for the "Susquehanna Railroad" and the "Lewisburg, Centre, and Spruce Creek" road, and the enthusiastic manner in which they were received by the company, proved the existence of an enterprising railroad spirit on the part of the knowing ones—business men and capitalists—that will not die out, until *all* the projected roads in this part of the State, have been carried to an early and successful completion. The meeting kept up, with unabated interest till one o'clock in the morning, and then adjourned with three deafening railroad cheers.

—We understand that next morning the city guests were taken over the S. & E. road as far as the bridge near Uniontown, and at 11 o'clock left Milton on their return home, expressing themselves highly gratified with their visit.

MARRIED,

In Wolf Tp, Lyc. Co., 5th inst. Dr. CHESTER E. ALBRIGHT, of Hughesville and Miss ANNA R. daughter of Jos. Webster of Wolf Tp.

DIED,

In Lewisburg, 4th inst., aged 74 years, Rev. NICHOLAS MENSCH. Mr. Mensch had endured a mental and physical decline for several years. For many years previous, he had been a preacher of the Gospel in connection with the Evangelical Lutheran Church, in Northampton and other counties in the eastern part of the State.

In Lewisburg, the 9th inst., MARY JANE, daughter of James Houghton, aged 4 years, 5 months, 17 days.

In Lewisburg, 12th inst., Daughter of Karl Volkmar, aged 2 weeks.

☞ At the request of many friends of the deceased, we re-publish the following Obituary Notice:

At her home with her brother Saml Geddes, Lewisburg, 1st inst., Miss MARIAH GEDDES, of a congestive chill. As a friend, as a neighbor, as a teacher, few will be more missed than Miss G. Her piety was uniform, self-sacrificing; and although her last hours were spent in unconsciousness, her *life* leaves abundant evidence that with her "all is well."

Thou art gone, faithful teacher! like a flash from the sky
The news fell upon us, that MARIAH would die:
And scarce had we heard it, and the messenger sped,
Ere another succeeded, that alas! she was dead!

Though her exit was sudden, yet death's sombre wing
No shadow of gloom o'er her pathway could fling,
With Christ in her heart and a light in her eye
She taught us how sweetly a Christian can die.

In the love circles of home her form will be missed,
A brother, a sister, the child whom she blessed,
The friends who clung 'round her, and weep for her sore,
Will here meet her and hear her and see her no more.

The school-room deserted, the meeting for prayer,
The couch of the sick, and the lone widow's tear,
Attest that her life was no vain, idle show,
But a well-spring of goodness, so quiet its flow.

Her life had its lesson, her death has its, too,
Our time how uncertain! like the fleet morning dew,
O may we, triumphant, when the summons is given,
Tread in glory with her the free roll of Heaven.

Ten Nights in a Bar Room,

And what I saw There.

BY T. S. ARTHUR.

Ten Thousand Copies in a Month.

THIS powerful work, acknowledged by all who have read it to be the best ever written by Mr. Arthur, depicts the evils of Intemperance in a series of thrilling sketches, illustrating the effects of Tavern Keeping and Rum drinking, not only on individuals themselves, but in communities at large. The story of little Mary Morgan and her father, who is reclaimed by her devotion and death, is alone worth the price of the book.

Temperance men and others can do more for the cause by its circulation than by any other means.

Agents are wanted in every town and county of the United States, to sell an edition gotten up especially for them, beautifully illustrated with a fine mezzotint engraving, by Sartain.

The Far-Famed Medicine!

HOLLOWAY'S PILLS.

These Pills being composed entirely of medicinal herbs, are of a most harmless nature, while the extraordinary virtues they possess have rendered them universally popular in nearly every part of the world. The immense success they have met with throughout the States is most extraordinary, owing, it is presumed, to their wonderful efficacy in the cure of Bilious complaints and disorders of the Liver and Stomach. Persons who persevere in using them according to directions, seldom fail in being restored to health.

Weakness and Debility.—Restoration to Health of a Gentleman, aged 45, when at Death's door.

Copy of a Letter from the Rev. Charles Smith, dated Norton, St. Philip, near Bath, Somersetshire, 17 Aug. 1853.

To Professor Holloway.

SIR—A Mr. JOSEPH PARKES, formerly a resident of this place, had been in a declining state of health for upwards of three years, gradually wasting away to a shadow by nightly perspirations and want of appetite, which caused great uneasiness to his friends, as he had consulted various medical men in Bath, without effect. He at last used your Pills, and under Providence was restored to health by their means. He lately emigrated to New York, and has just written to say, that he was never better in health, and desired me to acquaint you with the circumstances. I ought also to mention, that my wife has derived great benefit from the use of your Pills.

I remain, Sir, yours respectfully,
CHARLES SMITH, Dissenting Minister.

A permanent Cure of a diseased Liver of many Years' duration.

Copy of a Letter from Mr. —mer, Chemist, Yeovil, to Professor Holloway.

Dear Sir—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious Complaints I may mention the following case. A lady of this town with whom I am personally acquainted, for years was a severe sufferer from disease of the Liver and Digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they urged her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means of saving her life.

I remain, Dear Sir, yours truly,
July 27d, 1853. (Signed) J. GAMIS.

These celebrated Pills are wonderfully efficacious in the following complaints:

Ague	Dropsy	Jaundice	Secondary
Asthma	Dysentery	Liver Complaints	Symptoms

Cash will be paid for WOOL at all times, the regular market price. We do not expect to run Wagons to collect Wool—we think it is better for both Wool Grower and Manufacturer to deal at the Factory, where there is a variety of goods to select from, and the manufacturers have a much better chance to render satisfaction to their customers then when a few goods are hauled out in a wagon.

By strict attention to business, they hope to merit a goodly share of public patronage.
