Lewisburg, Pa.

FRIDAY MORNING, DEC. 1, 1854.

ADVERTIZE!—Manufacturers, Merchants, Public Officers, in City and Country, Mechanics, Executors, Administrators, Operators—all who wish to procure or dispose of anything—would do well to give notice of the same through the "*Lewisburg Chronicle*." This paper has a large and increasing circulation in a community containing as large a proportion of active, solvent producers, consumers, and dealers, as any in the State.

☞ See New Advertisements.

☞ We learn that the "free and independent" voters of Union county are again signing petitions *for* Division, very generally; and the New Berlin papers sputter, and scold, amazingly thereat. Some of the Emporium-ites say they shall not remonstrate, but expect their DIGNITY will deter the Legislature from doing anything derogatory to their interests. Others, however, intimate that they may possibly come down from their lofty eminence, and send in their names *against* Division. Should a majority of the Voters again sign in favor of the naked question of Division—clear and disconnected from all side issues of Politics, Prohibition, County Rights, Railroads, and Bridges—we opine there are a couple of gentlemen in Juniata who will not think New Berlin is all Union county.

☞ The cheapest way to the Railroad from our side of the River, is evidently Hess' accomodation line, the charge for which is less than ordinary bridge toll, and which connects with the Railroad and Stage routes east and west. (See advertisement.)

NORTH BRANCH CANAL.—Tolls collected from December 13th, 1853, to November 1st, 1854, $192,888 29, being an *increase* of $27,922 60 at the Beach Haven office, over the same period last year.

☞ On Saturday morning, at Harrisburg, on motion of Hamilton Alricks, Esq., H. CLAY ALLEMAN, Esq., late of Lewisburg, was admitted to practice law in the several courts of Dauphin county.

☞ The people of Williamsport are making efforts to change the location of the Sunbury & Erie Railroad, from the south to the north side of the River, at and above that town.

☞ On the 1st inst., the term of Judge Black as Chief Justice having expired, he returns to the foot of the list, and Hon. ELLIS LEWIS becomes Chief Justice of Pennsylvania.

FATAL ACCIDENT.—William Pollock, an aged citizen of Turbut township, Northumberland county, was killed on the 18th inst., by the fall of a rock, whilst quarrying stone near Turbutville.

☞ The rumor of the failure of *Cecil* Bank (noticed in last Chronicle,) we are glad to see, is not correct. The report we believe reached here from Williamsport.

☞ The Americans of Delaware State have invited the National Council to nominate a candidate for President, &c., to convene at Wilmington in that State.

☞ Congress assembles, next Monday. Those who desire to be perfectly "booked up" in its proceedings, are referred to the Prospectus of *The Globe* on our first page.

KANSAS.—Gov. Reeder has authorized the *Herald* to say that "an election will be ordered for a delegate to congress, to be held on Wednesday, Nov. 29."

☞ The Virginia Democratic Convention for nominating State Officers, was to assemble at Staunton, yesterday.

☞ Geo. Smuller was chosen President of the bank of Middletown, at an election held by the directors on Monday last.

☞ The *Chambersburg Whig* warmly urges Col. SLIFER, of Lewisburg, for next State Treasurer.

☞ There has been another arrival from California, but no particular news.

Robert W. Johnson, a Democrat of the ultra-southern school, has been chosen by the Legislature to serve out the unexpired term Dr. Borland in the U. S. Senate, (which he has held by appointment of Gov. Conway,) and also for the full term from the 4th of March next.

NEW YORK, Nov. 28.—The clipper ship Golden City, for San Francisco, after proceeding as far as the Highlands, returned to the Southwest Spit in consequence of a mutiny on board. The mutineers were taken into custody, and the ship sailed again yesterday.

A meeting of the Democratic State Central committee of Pennsylvania, will be held at the Merchants' Hotel, Philadelphia, on Tuesday, the 26th of December, 1854, at 4 o'clock, P. M.

Ex-Governor Johnson's friends in the interior are calling meetings to favor his election as U. S. Senator by the Legislature of Pennsylvania

It is understood that the Postmaster General's report will speak more favorably of the cheap postage system than before.

Shelbyville, Tenn., has been "swept" by the Know-Nothings: they gathered in the mayor, recorder, and all the aldermen

The Public Health.

The last warm season has been, throughout the Union, noted for the variety and the virulence of those diseases incident to summer and autumn. Our own vicinity has not been exempted, and although the mortality was not great, except among the aged and the very young, yet numerous families have suffered, from ague especially. Nothing like it has been experienced since 1824, when, throughout the Valley and along the River, some were ill in every family, and in many there was not a well member to wait upon them. The sickness has now mostly disappeared, but there are still countenances which show the necessity of much care and attention in effecting a complete restoration to health.

During the summer, a report prevalled, not 20 miles distant, that there were 480 persons lying sick in this Borough—a figure over 400 too large! Rumors obtain at present also, that dozens are dying daily among us—whereas, the truth is, there have been but *two* deaths in the Borough for a month past, one a girl of 5 years on the 5th ult., and the other a youth of 16 on the 15th ult. Some few of those who had been exposed to the contagious disease before its real character was known, have received it, but the cases are of a mild type. Vaccination is very well resorted to, and, with proper diet, temperance, and above all calmness and absence of fear, will soon exterminate the infection.

There have been no cases among them, but, as a precautionary measure, the Directors of the Borough Public Schools have suspended them for the present.

We regret to learn of the death of Mr. Henry Heineh, of Milton, of the same disease. Its existence, however, should not create a senseless panic in the country. It existed, last season, in Sunbury, but no alarm was raised, and it was worked out.

☞ The New Berlin *Volksfreund* goes for BOTTS for Vice President on the POLLOCK ticket, and the *Star* for BELL. We hope this split at head quarters will not ruin the cause; but any disagreement of the 'organs' at New Berlin is a bad omen.

—By-the-way, New Berlin must look out for its 'laurels' as well as for 'county grass.' The statement that Mr. Leader is about to establish a Know Nothing paper at the '*great Metropolis*,' was interpreted by an uninformed Editor on the Juniata as meaning the *City of Washington!*

☞ Our neighbor asks us, "*Is* Sam Houston to be *the* candidate for the Presidency in '56?" We see no reason why that query should be leveled at us, particularly, but candidly answer we don't know. Or, to be more explicit, we are not in possession of any information whatever on the subject, and can therefore form no opinion with regard to it. We are just as much in the dark about it, as our neighbor, or the public at large. Are you content?

HEAVY FAILURE.—The Philadelphia *Ledger*, of Thursday, says:

"The very enterprising firm of Reeves, Buck & Co., iron manufacturers it was announced, yesterday, had stopped payment; their liabilities being variously stated at from nine hundred to fourteen hundred thousand dollars, with assets to the amount of three millions of dollars. This firm has extensive iron works at Phœnixville, in this State, and we believe also at Bridgton, West Jersey. We have heard no particulars as to the cause of the suspension, but we presume it results from the shock the iron business has received from the difficulty experienced in negotiating the millions of bonds so freely given in payment of railroad iron. With so large a margin of assets as here shown, it would hardly seem possible that any loss can ultimately ensue, or that the concern will stop operation. A year ago the iron business was esteemed the most prosperous in the country. Now it is probably the most completely prostrated."

FIRE IN WILLIAMSPORT.—The steam Sash, Blind, and Furniture Ware manufactory of Mr. Wm. Fink, at Williamsport, caught fire on Friday evening of last week, and was entirely consumed. This, we learn, was a most complete establishment, the machinery being of the latest, and most approved kind. We have heard no estimate of the loss, but it must be very heavy. Insured in the North Western Insurance Company for $3500.—*Muncy Luminary.*

In the United States Circuit Court, on Friday morning, notice was given that the case of Capt. Smith, who was convicted of participation in the Slave trade, and who, through his counsel, had made application for a new trial, would be postponed till February next. No decision will be given until then, and in the meantime the prisoner will not be sentenced.

An exchange paper says that camphor has been discovered to be an antidote for that terrible poison, strychnine. A man who had been thrown into convulsions by two doses of the poison—one-sixth of a grain each, administered for the rheumatism—was relieved by twenty grains of camphor taken in six grains of almond mixture.

David S. Reid, democrat, has been elected U. S. senator for six years from the 4th of March next, in place of Mr. Badger, whose term expires, (in North Carolina.)

☞ In some districts—Center and Lycoming, for example—the election campaign is warmer since the decisive day than it was before.

The election for U. S. Senator in Pennsylvania, now takes place on the second Tuesday of *February*, instead of January, as in previous elections.

MR. H. A. STAMBAUGH, of Harrisburg, has opened a Daguerrean Gallery in the room over Mrs. IRLAND'S Millinery establishment. Give him a call.

☞ The Student who was to have delivered the Address before the Society of Inquiry, in the University Chapel, on Sunday next, has been unexpectedly prevented from returning to the Institution. There will therefore be no public exercises on that day.

TEMPERANCE.—The next Temperance Address will be delivered in the German Reformed Church on Tuesday next at half past 6 o'clock. Volunteer remarks will follow from any who may desire to speak.

☞ The regular Quarterly Meeting of the Union County Agricultural Society, will be held at the Office of S. Weirick, Esq., in New Berlin, on Tuesday, 19th Nov. at 1, P. M.

JACOB GUNDY, Pres.

☞ Blotches on the Skin—Extraordinary Cures by Holloway's ointment and Pills—Citizens of the Union who are afflicted with scurvy, leprosy, or other inveterate diseases of the skin, to which the human frame is subject, can not make use of remedies so certain, safe, and speedy in their cures, as Holloway's Ointment and Pills; the former are the finest purifier of the blood, while the latter immediately act upon the skin, and thus conjointly eradicate such diseases from the system. In all parts of States, these Medicines are allowed to be the most efficacious ever made known, and the most obstinate cases quickly yield to their curative powers.
