Lewisburg, Pa.

FRIDAY MORNING, MAY 11, 1855

ADVERTISE—Manufacturers, Merchants, Mechanics, Public Officers in City and Country, Publishers—all who wish to buy or sell—and all who will improve the columns of the *Lewisburg Chronicle*, which has a large and increasing circulation in a community containing a large proportion of active, enterprising consumers and dealers as any in the State.

☞ **See New Advertisements.**

The Senior Publisher of the CHRONICLE expects to be at the New Berlin Hotel on Monday and Tuesday of Court (next week,) and will be happy to meet old patrons or new.

☞ EDITORIAL CORRESPONDENCE.—Too late for this week: it will do to keep.

THE MERCHANTS OF LEWISBURG, including several new establishments, have received most of their Spring Merchandize, and are doing an unprecedented fine and stable business. Their supplies embrace the best of Goods and at the most reasonable living rates.

Several fine Buildings are going up, and repairs being made to old ones.

Altogether, the busy state of Town, and the good news from the Country relative to crops, put a decidedly improved and smiling "face" upon this portion of Union county.

Daily Morning Times is the title of a daily paper, just started in Philad. by SICKELS, JONES & MORAN, at 12½ cts. per week, or $6 per year. The 1st No. before us is ably edited and well printed. It is American in politics.

☞ The corner stone of the house of worship of the German Reformed and Lutheran congregations of Turbutville, will be laid on the 17th inst.

☞ Col. Shifer entered upon the custody of the Treasury, 7th inst., assisted by the following Cabinet:

Cashier—Thos. Nicholson, of Beaver Co.
Clerks—Isaac W. Rhawn, J. N. Elder.
Messenger—S. D. Munson.

Mr. NICHOLSON has formerly occupied the same position, and Mr. RHAWN is well known to many as a prompt and popular Clerk at Walls', and at the Forest Iron Works. (One vacancy to fill, but no scarcity of applicants.)

Philad. to the Lakes in a day!

On Monday of this week, the attempt was commenced to reach Niagara Falls or Buffalo, by a Day Express, the evening of the day of an early start from Philadelphia. Whether they accomplished the feat, we have no definite information. Their time table is to leave Philad. at 6, A. M., reach Milton about noon, and Niagara or Buffalo at 10, P. M. By this route, Detroit is advertised to be reached in 24 hours, Chicago in 34 hours, and St Louis in 48 hours. (We get the Mail, by 3, P. M., by this arrangement.) Fare to Milton $5.15. To Buffalo or Niagara $10.

A Mail Train leaves Philad. at 7.30, P. M. running to Pottsville only.

The Night Express leaves Philad. at 3.30 P. M., and reaches Niagara Falls at 10.50 A. M., in time for Train to Detroit, Chicago, &c.

Only one change of Baggage between Philadelphia and Canada or the Lakes.

Passengers purchasing Tickets by this Line have the privilege of stopping at any of the above points and resuming their seats at pleasure.

Telegraphic Despatch to Lewisburg Chronicle.

HARRISBURG, May 10, 11, A. M.

The Governor has advertised the Main Line, including Railroads and Canal, from Philadelphia to Pittsburg, and the appurtenances, for sale by public outcry at the Philadelphia Exchange, TUESDAY the 24th of July next, at half-past seven o'clock in the evening. H. C. H.

☞ Our townsmen will recognize in the new Speaker of the Senate, a graduate of the old "Academy" on Market street—a native of Washington Tp., Lycoming Co.—Wm. M. Piatt, Esq., now of Wyoming Co. He is a Free Soil Democrat, representing Wyoming, Susquehanna and Bradford counties.

Agricultural Society—next Fair.

The Quarterly Meeting of the Board of Managers of the Union County Agricultural Society, will be held at the office of S. Weirick, Esq., in New Berlin, on Tuesday, the 15th of May inst., (first Court week) at 1 o'clock P. M. The Premium List is to be decided upon, and a general attendance of Officers is desired.

JACOB GUNDY, President.

Petrified Bodies.

The removal of the bodies of deceased persons from the old English or Presbyterian Market street grave yard, in Lewisburg, to the new Cemetery, is still going on, and we have heard of three cases in which the bodies were found more or less petrified. The soil is a lime stone formation, and part of the yard sometimes being very wet, accounts for the phenomenon. In the last case, the body of a man buried less than twenty years ago, in the prime of life, was found completely changed to stone, excepting the head and part of the neck, which had decayed. Thus while in some cases after death the body crumbles to dust, and hardly an atom of ashes can be found where was a full-grown man, in other instances by some operation equally strange the particles became changed into lime-stone rock, as hard and as heavy as marble itself!

☞ A North Branch cotemporary quotes a fugitive Telegraphic despatch, pitches it at us, and asks our opinion of it! We are not advocates or subjects, however, of inquisitorial powers, and never having sent the despatch, shall not, until we copy it, or something like it, attempt to justify or condemn a statement of which we have no more knowledge than our questioner.

A Professorship Filled.

We learn by a communication from the General Agent in the last Philad. *Christian Chronicle*, that the Board of Trustees of the University at Lewisburg have filled the Divinity Professorship, endowed some time since, by calling to the Chair Rev. THS. F. CURTIS, recently occupying the pulpit for Rev. Dr. Williams in New York city. Mr. Curtis is known to the public as the author of a work on Communion, ably illustrating the distinction between Christian fellowship and Church fellowship, as held by the Baptist denomination.

Mr. Bell also states that the Building Fund is not yet sufficiently enlarged to warrant the Trustees in erecting the Main Edifice this season, and they will not undertake it until the needful provision is made.

☞ The Reading editors, says the Lebanon Courier, charge twenty-five cents to insert a marriage notice, and the consequence is they get very few to insert—We presume the reason to be, that the men getting married down there, don't consider their wives worth a quarter.

Well, perhaps the Reading gentlemen are right about those they wed in that region; such however would not be the current price in our market.—*Berwick Gazette.*

Down here in Union county, the usual fee for inserting marriage notices is a cake large enough for a family "tea," a gold dollar, or a year's subscription to the *Chronicle*. Good country, that Buffaloe Valley, and parts adjacent.

☞ Seven prisoners escaped from the Danville Jail last week, by means of false keys, and help from outside. Three were confined for riot three for the robbery of Mr. St. Clair, and one for larceny.

☞ The New Berlin papers are wont to claim great superiority in the preparation of *news* for their "numerous" patrons. Well, two weeks' papers have appeared since the Judges met in Snyder county—and the New Berlin papers appear not to have got "the news" yet!

☞ The Philadelphia Election resulted in the success of the American party, by close votes. Each Council has a small majority of that party, and the minor offices are of the same stripe. Dr. F. Knox Morton is elected Treasurer, and George M. Hill, Commissioner, each by less than four hundred majority. It was a tight fit—"Sam" against all the other parties.

Among the members elect of Councils we observe Col. Joseph L. Chester ("Julian Cramer,") Col. Wm. C. Patterson, Hon. Charles B. Penrose, Pierce Butler, &c.

For the Lewisburg Chronicle.

Advice to those who Study.

Never perplex your mind with the fear that you can not remember. *Make no effort to remember!* Let your whole effort be to *understand*. When the whole subject of your lesson is once completely understood, remembering will follow as easily and almost as surely as light follows the rising of the sun. Try this for one month, and then decide. TEACHER.

THE WHEAT CROP.—The information received from the Genesee valley is that the wheat crop looks promising, and scarcely ever appeared better. A large increase of ground has been planted with every seed and esculent that give sustenance to man. These remarks may be applied to the crops, generally, over the country.

Col. Benton has written a letter, dated the 15th ult., in which he states that there is no Indian war on the upper Missouri and North Platte—that he has received ample proof to sustain this assertion, and that the new regiments were raised for another purpose, which, he thinks, lies in the direction of Cuba.

FIRE IN MILESBURG.—We learn that on Sunday night last, about 12 o'clock, a large frame house in Milesburg, owned by Mr. John Campbell, was totally destroyed by fire. The house was occupied by Mr. James H. Lipton, who succeeded in saving his furniture, &c. It is supposed that the fire was caused by ashes being put into a box while they were hot. The insurance on the house ran out in March last.—*Bellefonte Whig.*

Our Northern exchanges, from Long Island to Missouri river, assure us that there is a good prospect for an unusually large product of wheat and other crops of small grain the coming season. The news to this effect from the great Northwest is especially cheering. Spurred up by the high prices of the last year's scanty returns, the farmers out there have provided for an abundant harvest, and they are appropriating the opening spring in active plowing and sowing in order to supply as far as possible all existing and prospective deficiencies elsewhere.

Adjournment of the Legislature.

HARRISBURG, May 8.

SENATE.—At 10 o'clock Speaker Heister resigned the chair, with a feeling and appropriate address.

The Senate went into an election for Speaker, and on the 9th ballot William M. Piatt, (Democrat) of Tunkhannock, was elected.

The final ballot stood as follows:

For Wm. M. Piatt—Messrs. Brown, Buckalew, Crosswell, Fry, Graham, Hamlin, Hoge, Jackson, M'Clintock, Quigle, Sager, Walter, Wherry, Heister and Piatt, (democrats,) and Minor, Beulah, Ashe and Hindman, (Americans)—17.

For John C. Hamilton—Messrs. Crabb, Ferguson, Frazer, Fatzh, Jordan, Killinger, Lewis, Mellinger, Pratt, Price, Sellers, Shuman, Stanton and Taggart—14.

For Charles R. Buckalew—Mr. Parsons.

For John Hendricks—Mr. Lamborn.

The contest was terminated by Mr. Piatt voting for himself. He was conducted to the chair, and then addressed the Senate in a brief speech of thanks.

The Speaker elect was then sworn in by Mr. Flenniken, and at 11 o'clock the Senate adjourned *sine die.*

HOUSE.—A resolution was introduced thanking Governor Reeder of Kansas, for his faithful adherence to the old landmarks of Republican liberty, in defending the purity of the ballot box against a lawless mob of Missourians, and bidding him a cordial welcome to his family and friends.

After a brief debate, in which Messrs. Laporte, Chamberlain, and Cummings participated, the resolution was agreed to unanimously—yeas 75—nays none.

The Speaker informed the House that the Governor had signed the Appropriation Bill, and also the bill for the sale of the Main Line.

The Speaker then addressed the House, and an adjournment *sine die* took place.

POTTSVILLE, May 8.—The election in this borough yesterday, resulted in the success of the American ticket. George Jennings, for Chief Burgess, has 175 majority. The Americans also elect their Treasurer, High Constables and the Councilmen in three out of the four Wards.

BOSTON, May 8.—The committee appointed to investigate the conduct of Mr. Hiss, a member of the House, on the visits of the Nunnery Committee to Roxbury, Worcester and Lowell, submitted a lengthy report to-day. They find nothing specially censurable in his conduct on the visits to Roxbury or Worcester, but are very severe on his relations with Mrs. Patterson, at Lowell, and recommend his expulsion from the House. The report was accepted.

WASHINGTON, May 8.—The President has appointed George P. Scharbargh, Principal Professor of William and Mary's College, Virginia, to the Judgeship in the new Court of Claims, made vacant by the declination of Judge Lumpkin. The appointee has always eschewed politics.

A. Dudley Mann has resigned the office of Assistant Secretary of State. William Hunter, the present Chief Clerk of the Department, will officiate till a successor is appointed.

A majority of the members returned to our Legislature met at the Harris House at Westport, Mo., Tuesday night of last week. At the last accounts they were holding regular sessions at the Shawnee Mission. Johnson is speaker. Clerks and Sergeants-at-Arms are also elected. They deliberate with closed doors. They talk strongly of setting the Governor's authority at defiance and legislating independently. Let them work! They will soon find a different use for *hemp* than that for which it was used at Leavenworth on the day of election. There *is* such a thing, we believe, as *treason.*—*The Lawrance (Kansas) Tribune.*

Foreign News.

By the Asia at Halifax, Monday, we have five days' later news from Europe. The bombardment of Sevastopol continued, without material progress towards reducing the town. There is a rumor that the Allies had suspended their fire, but the story wants confirmation. It is stated that there was a severe passage between the French and Russians at a sortie on the 14th, the hottest fight since Inkermann. Another sortie, on the 18th, was promptly repulsed. The French say that they have made some important advances near the Malakoff tower, while Prince Gorchakoff says the fire of the Allies was slacking up; that he had destroyed some of their advanced works, and that the Russion losses were diminishing. The Grand Dukes Michael and Nicholas have gone to the Crimea. Menchikoff is not dead. Prussia appears to be siding with Austria in favor of Russia. From Japan we hear of the ratification of the Treaty with the United States, which took place at Simoda on the 21st of February. The Chinese insurgents have left Shanghai. The opening of the Universal Exhibition at Paris had been postponed to the 10th or 15th of May.—*Tribune.*

Miss Josephine M. Bunkley, who recently escaped from a Nunnery at Hagerstown, has issued a Card, denouncing a pretended Narrative of her escape about to be issued by some two-penny bookseller in New York.

☞ As was expected by every sensible man, the ruthless violation of the Missouri compact to satisfy the greedy maw of Slavery, has proved a Pandora's box of evils. The last intelligence from Kansas shows that blood has been shed at Ft. Leavenworth, in a dispute at a squatters' meeting, when a lawyer named Maloom Clark struck another lawyer named M'Crea, who drew a revolver and shot Clark dead on the spot. Mr. Parks, it was stated, had been Lynched, and his house burned; and the mob threatened to punish, even unto death, any one who should dare to question the policy of slavery!

HAZELTON, PA. May 9—1 P. M.—Four inches of snow fell here this morning. It is now raining.

BOSTON, May 9.—The Resolution expelling Hiss was passed this afternoon, by a vote of 120 to 80. It was, however, finally reconsidered and then postponed until to-morrow.

The St. Louis *Republican*, a Democratic paper, says: "That Hon. S. A. Douglass passed through that city on his way home from a stumping tour through Virginia for Wise, and that while he tarried in St. Louis, he gave it as his candid opinion that the people of the United States would nominate and elect the next President themselves, and that Sam Houston would be the man."

The open American Convention meets at Harrisburg, 7th June.

A preacher in Ohio named Wilson engaged himself in marriage to *eleven* females—not to say ladies except in law—of his congregation, and borrowed money from some of them, when his business was discovered, and he decumpeded. Women who evince such haste to "entrap" well appearing strangers, deserve little sympathy, and get less.

Potatoes have been selling in Harrisburg at $1,25 to $1,50 per bushel.

Rev. Uriah Kaufman, recently died in New Jersey, from the rupture of a blood vessel while preaching; formerly pastor of the Windsor Baptist Church, Uwchlan, Chester Co., and was some time in the University at Lewisburg. He leaves a wife and one child to mourn his loss.

Rev. Benjamin S. Schenck, has taken charge of the Boalsburg Academy.

Major George H. Stover of Center county, is appointed Deputy Leather Inspector, Philadelphia.

DEAD.—Levi Smith, the young man who had his skull fractured by a blow from an oar at Buttermilk Falls about three weeks since, died of his injuries on Tuesday last. He was from Glenhope, Clearfield county, and was 22 years of age.—*Lock Haven Watchman.*

FATAL ACCIDENT.—A distressing occurrence happened in Sunbury on Saturday evening, 26th ult. A daughter of Mr. Barcher, about twelve years old, was engaged in picking coal from the railroad track, near the corner of Water street, when two trains, between which she was standing, were pushed together while being shifted, crushing her head between the two bumpers, causing instant death.

On Thursday, 26th ult., while the locomotive, Lancaster, with a coal train was going east from Sunbury to Shamokin, the fireman on the engine met with an accident that has since resulted in his death. The train, followed by the passenger train, was traveling rapidly, when it became necessary for the fireman to oil some of the wheels. In leaning over his head came in contact with one of the bridges, throwing him off the engine, and in which situation he was not discovered until the train had passed. We understand that he leaves a family. The man's name was Campbell.—*Sunbury Gazette.*

A man, steadied by 25 to 30 years of life, would be preferred; he should be a fair writer; and pure testimonials of integrity and good habits, moral and social, will be necessary.

To a person without other capital than ability and will to work, and reliable character, this offers an opportunity of safe advancement to comfortable circumstances, through a few years of labor and penmanship.

Wages at the first, those of a common farm hand, increasing to a liberal salary or share in proportion as expertness and usefulness in the nursery are increased.
