WORDEN & CORNELIUS.

Lewisburg, Pa.

FRIDAY MORNING, JULY 20, 1855.

ADVERTIZE!—Manufacturers, Merchants, Mechanics, Public Officers in City and Country, Publishers—all who wish to buy or sell—would do well to employ the columns of the *Lewisburg Chronicle*, which has a large and increasing circulation in a community containing a large proportion of active, solvent producers, consumers and dealers as any in the State.

☞ See New Advertisements.

☞ A short chapter—designedly brief, on account of the hot weather!—may be found, by careful investigation, on our first page, upon the subject of the "Union County Site" for the Seat of Justice.

☞ The Public House in Danville, the fixtures and furniture of which are advertised for sale in to-day's paper, has a good run of custom as any in the region. The opportunity is worthy of the attention of hotel-keepers.

☞ Want of proper care and attention, seem to us the only hindrance to raising the best of Fruit on the West Branch. Dr Malcom has shown us Gooseberries, raised by him from plants purchased at Butz's, near Philad., which average 3¼ inches around the middle, but the largest of which he states were double that size.

☞ We have received a Schedule of the Premiums to be awarded by the State Agricultural Society at the Exhibition to be held at Harrisburg in Sept. next.

Also a Catalogue of the Female Medical College of Pennsylvania.

Godey's Lady's Book for August has in addition to its variety an editorial compliment in the way of a Collection of choice receipts for approved Summer Beverages, which is sold at the Philad. office, for 12½ cents or four Postage Stamps.

LITHOGRAPHY.—Mr. Volkmar recently executed on stone, a spirited view of the Boat Yard and Steam Saw-Mill of *Frick, Slifer & Co.*, taken from the mouth of the Buffaloe creek, over the Bridge.

Mr. V. has also lithographed *Hunsicker's Clover Huller*, now manufactured by Thos. Church & Co. at Hartleton.

These views were taken very hastily, but prove that the self-taught artist is improving in his knowledge of the art.

☞ A recent communication in the N. Y. Courier & Enquirer, thus refers to the Lewisburg & Spruce Creek Railroad link:

"Now if I understand the interests of our great Commercial Metropolis, and what those interests especially demand, it is a direct Railroad communication with the West; and this can be had only through Pennsylvania. And if you will take up the map of the State, you will find that, making the railroad from Lewisburg to Hollidaysburg, connecting with the Portage Road, and extending this road thirty miles to Blairsville, to the North Western Road, New York would have an almost straight road to Cleveland; and by extending the road on from Blairsville fifty miles to Pittsburg, New York would have the shortest possible road to the Ohio. And if New York would maintain her commercial pre-eminence, and compete successfully with Philadelphia for the immense commerce of the West, not only of the Lakes, but of the Western rivers, she must have a railroad by the shortest and most direct route."

☞ A Missouri lady, writing from Nashville, Tenn., sends us the following:

Wheat in Platte Co., Mo., on account of the drought, was expected to be a failure; but the May rains gave new life to the roots, and a good second crop surprised the anxious farmers. It was a curiosity seldom witnessed to see the green and ripe heads intermingling. In some sections there were three crops.

☞ The annual Commencement of the Theological Seminary connected with the University at Rochester, occurred last week. Rev. Dr. Malcom of Lewisburg preached, Sunday, before the Society for Inquiry. Among the graduates we note the names of Messrs. Augustus H. Lung and Malachi F. Taylor, recent graduates of the University at Lewisburg.

☞ We are informed that some farmers in this region have threshed out wheat and sent it to market, in order to realize the present high prices. We "reckon" those who kept old wheat for the sake of getting $3 per bushel, will take something less.

☞ Thomas H. Ford, nominated for Lieutenant Governor of Ohio, says he will take the stump and expend a *barrel of sweat* during the canvass.

☞ We are informed that Gov. Pollock has appointed JAMES HEPBURN, Esq., of Philadelphia, Law Reporter for the Supreme Court.

Foreign News.

Two arrivals since our last, bring nothing important from the Crimea, except that Lord Raglan's disease has proved fatal, and the command of the English troops devolved on Gen. Simpson.

The siege was progressing firmly.

The weather in England has been favorable; and the accounts as to the growing crops were encouraging.

The cotton market is depressed and closed at a decline.

Breadstuffs generally unchanged, with the exception of Corn, which has declined.

The Provision Market is quiet, with a limited business.

☞ We have received the names of four gentlemen "for to sine a Caul for a convention at Mifflinburg," but the "caul" we have not received, and know not the time or the object—whether for a temperance convention, a convention to aid in making Mifflinburg the county seat, or a political convention. We state the facts that the error, wherever it may be, may not be attributed to this office.

☞ We have no further news from Kansas except that the Legislature had organized. One of the Stringfellows was chosen Speaker of the House, and others of like kin to all the offices

☞ Mr. J. D. Musser, recently returned to Lewisburg from California, brought with him two juvenile specimens of the California Grizzly Bear.

☞ The German Reformed Church of Selinsgrove advertise in the "Demokrat" for Proposals for building a house of worship.

News Items from Other Counties.

CENTER.—The papers notice numerous 4th of July celebrations, all on Temperance principles.——The Bellefonte *Democrat* says: "Report from every sections of the State says there is every reasonable prospect of a harvest unparalelled in the history of Pennsylvania. Every species of grain has grown with the greatest luxuriance." "Arnold Plumer, of Venango County, is the nominee of the *Democratic* party for the office of Canal Commissioner. Sam will walk into his affections like a thousand of bricks, this fall."——The radical Democratic paper some time since advertised to be started in Bellefonte, did not appear, but a similar one is now proposed at Aaronsburg.——A Mass Temperance Convention is called at Aaronsburg, 10th of next month.——The next County Fair is to go to the place raising the largest bonus.

COLUMBIA.—The Berwick Gazette states that the crops in that county are double last year's, and the reported ravages of Weevil exaggerated. The editor thinks a trip on the "raging canawl" with Capt. Wells a mile below Bloomsburg and back, "occasionally repeated during the summer season, will answer admirably in lieu of longer visits through the country."

LYCOMING.—A meeting of the Democratic Standing Committee of Lycoming County, was held in Williamsport, on the 30th ult., and vigilance committees, composed of three persons, were appointed for each township in the county. Delegate Elections, 18th August, County Convention, 21st of August.——James Bennett is appointed Post Master at Montoursville.——The Lycoming Mutual Insurance Co. has paid $534,772 50 for losses and damages by fire. It has now 15,611 policies, covering $20,000,000 of property, and $2,140,000 in premium notes.——Thomas Wood declines being a candidate for re-election to the Assembly.

MIFFLIN.—Frysinger of the *Gazette* gives a very readable description of the perils and voyages of a lot of editors who spent the 4th and thereabouts in trying to fish way up back of Tyrone City.

BLAIR.—A chap who has come back from California, is going to printing a paper in Tyrone.——Col. Elias Baker has offered a farm of 200 acres near Altoona, for the proposed State Agricultural College.

JUNIATA.—Wm. M. Burchfield is appointed Superintendent of Common Schools, vice Laughlin resigned.——A gray horse belonging to Dr. James Frow, residing in Mifflintown, was stolen from the stable on the night of the 8th inst. A reward of $50 is offered for the horse and thief.

NORTHUMBERLAND.—J. M. Auten and J. H. Zimmerman are named in the Democrat for the next Legislature.

LEBANON.—The Whigs of this county have declared for American sentiments so far that the two parties will agree upon candidates. In several other counties the same result has been aimed at. In Allegheny, the seceding Whigs and Democrats will unite on a ticket.—"The Boy of '76" is the head-piece of a new wide-awake American paper in Lebanon.

☞ The West Chester Examiner and Village Record are united and now published semi-weekly.

Col. ALEX. M. WHITE, has received the Whig nomination in Cambria County for the Legislature. The Convention passed strong resolutions against Know Nothings, Jug Law, and Ex-Gov. Johnston.

The Harrisburg *Keystone* has placed the name of George M. Dallas at the head of its columns, as a candidate for the Presidency.

The steamboat John Stephens, of Philadelphia, was burned up a few nights since and two or three of the females employed about it, burned with it.

The German, Jacob Schlegel, who had been on trial in Philadelphia for the murder of his wife last spring, was acquitted

☞ The New Berlin *Star* of yesterday, has the following items of news:

During the thunder storm of Friday afternoon last, the lightning struck into the chimney of a house occupied by David Spitler, in this place. Although the dwelling is occupied by two families, no one was injured farther than being considerably frightened and the damage to the building was but slight.

Sheriff Kessler, in his peregrinations through the county, picks up many a good thing in some shape or other. Yesterday on returning from a visit to his farm in Middlecreek Valley, he brought a stock of Wheat, grown there, measuring six feet and four inches in length. Does any one see that and go better?

We learn that the Grist Mill belonging to the heirs of Jacob Schoch, decd., in Washington township, was destroyed by fire on Monday night last. How the fire originated is unknown.

PRICES OF WHEAT AND FLOUR.—Millers and farmers at Vincennes, Ind., on the 3d inst., were closing contracts for wheat at $1 a bushel, deliverable in 10 to 15 days. The Vincennes Gazette predicts that in August, flour will be down to $6 50 per bbl. in that place, and by the first of January to $4 50 or $5. At Nashville, Tenn., wheat is bringing only 60a75 cents, and flour has declined to $7a8. The Nashville Banner says some farmers are selling flour at $2 per hundred pounds, but is not advised as to its quality. The St. Louis papers note sales of new wheat at $1,28a 1,35. In nearly all the large commercial cities the price of flour continues to keep up at high figures. This is attributed to the light supplies of old flour, but little new having yet come into market.

Farewell Missionary Meeting.

A very large and deeply interesting meeting was held in the First Reformed Presbyterian Church in Philadelphia, on Tuesday evening, the 10th inst., on the occasion of the departure of three Missionaries, Rev. A. O. Johnson, of the Presbyterian Church, and Revs. William Calderwood and David Herron, of the Reformed Presbyterian Church, for Northern India. Governor James Pollock, of Pennsylvania, presided, by request of the Missionary Board. A large number of Clergymen from the different Evangelical Churches in the city, occupied the platform; and of most of them, some member took a part in the exercises.

Commencement.

This annual high-day in our Borough is at hand, and will probably attract a larger number of strangers and visitors than ever before. This extension of general knowledge of our town and vicinity, tends greatly to our advantage; but our public houses are not able to accommodate all who are expected, and the hospitality of our citizens will it is hoped supply the deficiency.

All families, in town or within two or three miles, willing to entertain strangers for one or two days, are respectfully requested to send their names, and the number they will take, to Dr. Malcom, President of the Faculty. Some may be prepared to furnish meals to a larger number than they can accommodate with beds. If any therefore can spare the use of a room, who will not find it convenient to provide meals, they are solicited to send the names as above.

Excursion Tickets.

Excursion Tickets to Lewisburg to attend University Commencement, good from the 16th to the 17th of August, both days inclusive, will be issued by the Reading and the Catawissa railroads. Tickets will be issued on the Reading road at Philadelphia & Reading, and at all the stations of the Catawissa road from Port Clinton to Williamsport. Tickets in Philadelphia will be obtained of Wm. Parker, 118 Arch Street.

Rhodes' Fever and Ague Cure,

FOR the Prevention and Cure of Intermittent and Remittent Fevers, Fever and Ague, Chills and Fever, Dumb Ague, General Debility, Night Sweats, and all other forms of disease which have a common origin in Malaria or Miasma.

This is a NATURAL ANTIDOTE which will effectually protect any recipient or traveler even in the most sickly or swampy localities, from any Ague or Bilious disease whatever, or any injury from constant inhaling Malaria or Miasma.

It will instantly check the Ague in persons who have suffered from any length of time, from one day to twenty years, so that they need never to have another chill, by continuing in use according to directions. The patient at once begins to recover appetite and strength, and continues until a permanent and radical cure is effected.

One or two bottles will answer for ordinary cases; some may require more. Directions printed in German, French and Spanish, accompany each bottle. Price One Dollar. Liberal discounts made to the trade.

EVIDENCE OF SAFETY.

New York, June 11, 1855.

"I have made a chemical examination of "RHODES' FEVER AND AGUE CURE," or "ANTIDOTE TO MALARIA," and have tested it for Arsenic, Mercury, Quinine and Strychnine, but have not found a particle of either in it, nor have I found any substance in its composition that would prove injurious to the constitution.

JAMES R. CHILTON, M. D. Chemist."

EVIDENCE OF MERIT.

"LEWISBURG, Union Co., Pa., May 2, 1855.

DR. J. A. RHODES—Dear Sir: The box of medicine you sent me was duly received on the 11th of April. I have sold about one half of it, and so far the people that have used it are satisfied that it has cured them. It has certainly stopped the Ague in every one who has used it, and six of the cases were of long standing. My sister, who has had it for five or six years back, and could never get it stopped, except by Quinine, and that only as long as she would take it, is now, I think, entirely cured by your remedy. C. R. M'GINLY.

CAUTION TO AGUE SUFFERERS.

Take no more Arsenic, Tonics, Mercury, Quinine, Febrifuges, Strychnine, or Anti-Periodics of any kind. The well-known inefficiency of these noxious poisons proves them to be the offspring either of false medical principles, or of mercenary quackery. The only remedy in existence that is both sure and harmless is

RHODES' FEVER AND AGUE CURE.
