"This award recognizes Mr. Schechter's lifetime of distinguished accomplishment and service to the people of the Wyoming Valley," said Wilkes University president Dr. Christopher N. Breiseth. "It is our pleasure to honor Ed and thank him for his tireless efforts to improve our community."

A graduate of Dartmouth College, class of 1940, Schechter received a baccalaureate degree in economics and political science.

He relocated to the Wyoming Valley in 1953 to serve as president of Stressteel Corporation. It was through this affiliation that Schechter began a 40-year career of community service.

EDWARD SCHECHTER

In the 1950's Schechter became an active member of the Greater Wilkes-Barre Chamber of Commerce by serving on the Board of Directors, as a member of the Executive Committee, and as chairman of the Transportation Committee.

A member of the Luzerne-Lackawanna Transportation Study in the 60's, Schechter was instrumental in helping to plan the Cross Valley Expressway. During this time, he was asked to sit on the board of directors for the United Way.

Schechter came to the aid of area victims as a member of the 1972 Flood Recovery Task Force (FRTF) and as chairman of its Transportation Committee.

Throughout the 1970's and 1980's, Schechter spearheaded and was a founding member of the Luzerne County Transportation Authority, Leadership Wilkes-Barre and the Committee for Economic Growth.

While Schechter spent the past three decades improving the quality of life in his adopted community, his most recent efforts have helped the environment. He chairs the Land Use Planning Committee of the Earth Conservancy and also serves on its board of directors.

"I am deeply honored to be receiving this honorary doctorate from Wilkes University," said Schechter. "It's with pride that I will join the graduates on this very special day."
