News Items from Other Counties.

SNYDER.—A Freeburg correspondent informs us of the following melancholy Accident: "On Saturday morning, 19th inst., the oldest son of Isaac P. Boyer (County Commissioner, residing between Freeburg and Selinsgrove) about 12 years of age, was sent to Selinsgrove to get a Doctor for a neighbor Mrs. Hummel. On his way back towards Middlecreek, near Philip Kantz's, the horse he rode got scared and threw him; but unfortunately, a foot hung in the stirrup, and the horse dragged him a considerable distance before the belly-band broke and dropped him. His legs and skull were broken, and he was taken up and conveyed, DEAD, to his parents' residence, by the very Doctor he had just been to call."……The Selinsgrove *Demokrat* of last Saturday says: "On Tuesday morning last, a boy of this place, son of Isaac Fisher, accidentally fell into a well, 22 feet deep, and which had six feet of water in it. His playmates called out lustily for help. Mr. Nicholas Kantner heard them, ran to the well, seized hold of the rope with one hand, and descended to the bottom, just in time to save the boy from sinking into a watery grave. He was drawn up with the boy, who received a slight wound on his head in consequence of the fall. Mr. Kantner's handwas injured somewhat by the rope from his hasty descent into the well."……The following is the Trial List for next Court, commencing the 26th of May:

LYCOMING.—Court at Williamsport, last week and this……Part of the roof of the Bridge at Jersey Shore, was blown off, Saturday week……Thomas H. Burrows, Esq., will deliver the opening lecture of the Normal School at Muncy, Monday evening next……Reading Riter, of Williamsport, Engineer on the Railroad, was killed at Port Clinton Thursday evening of last week, the express train running off the track in consequence of a switch being turned out of its place by some one unknown.

CENTRE.—Mr. Burrell, of Aaronsburg Academy, has opened a Normal School Department……Samuel Haupt, Jr. has taken a public house in Millheim……The Episcopal parsonage in Bellefonte was somewhat injured by lightning, on Tuesday week……A second attempt to rob the Bellefonte Post Office, proved a waterhaul ……The Whig notices the migration of several families to the West.

LOCK HAVEN, April 24.—A boy named Sheehan, was drowned in Queens Run dam, above Lock Haven dam, yesterday, while crossing in a boat—a raft struck it, and pitched him into the river.

A person by the name of Rentz, was drowned at Williamsport, last night.

BUFFALO, April 23.—The water was let into the Welland Canal to day.

AN ERROR.—One of our exchanges speaks of Gov. Pollock's "organs." We are confident Gov. Pollock has no "organ," public or secret. His policy has been, from the first, to meddle with no department of Government but his own; and while he allows no dictation to the Governor, he does not dictate to the Printers.

MIFFLINBURG.—The *Star* shines out afresh from its new Office over J. & J. Young's Store……Crops look promising in that part of the Valley……The Mifflinburg business men are enlarging their advertizing patronage—a good sign.

"Then who in the world would rise,
Should take the News and advertise."

NEW BERLIN.—The *Times* (received yesterday,) states that large numbers of saw logs are floating down Penns creek to the Selinsgrove saw mill—that the ground is too wet for plowing—and that the inhabitants have good luck in catching fish, but no "ducks."

☞ Some small-souled rascal attempted to break into the Fruit and Confectionary Shop, next the Post Office, on Saturday night last, but got nothing by the effort, except a few good things for the palate.

☞ Many pleasant faces—some known and some unknown, of students in the current sessions of the various literary institutions—again enliven our streets.

☞ The call for a meeting to organize the L. C. & S. C. R.R. Co., expected this week, has not come to hand. It will probably be 14th or 15th of May.

☞ Nothing important from Congress.

☞ "April showers" continue.

LECTURE.—Rev. C. G. Allen will deliver a lecture explaining and vindicating the principles of the American Bible Union at the Baptist church on next Sunday evening commencing at 7½ o'clock.

HOLLOWAY'S PILLS are unfailing Remedy for Bilious complaints.—Thomas Wellens, 42 Fourth-street, Philadelphia, had for six months been afflicted with the severest bilious pain in the stomach, nausea and foul stomach, which prevented him walking any kind of food and he constantly threw him on a bed of sickness for several weeks. He tried many remedies recommended him by his friends, but they only tended to increase his malady. His brother last fall, recommended him to use Holloway's Pills which he did, the result, to use his own words, "was truly extraordinary, for after about six weeks usage of the bottles he was cured, I say completely cured; and will never cease to sing the praises of Holloway's Pills."

Dr. I. BRUGGER,

HAS removed to Lewisburg, and formed a Partnership with J. P. HARVEY, M.D., of the same place—Office, corner of Fourth and Market streets, where he would beg leave to inform his numerous friends and acquaintances that he is ready to attend his professional duty in all its various branches. Grateful to the public for the liberal patronage with which he has met in previous times, he still flatters himself that it will be continued and increased. Knowing that all persons who give Homeropathy, the great and only known law of cure, a fair trial, will be satisfied that it is far superior and safer than any other mode of practice. After studying the old system, I became dissatisfied with the uncertainty of the treatment, forsook it, and studied the new, in which I have practiced for twenty-one years with satisfaction to myself and great success with my patients.

Map of the Original Surveys

OF 2400 Tracts of Land in Union Co., with about ten miles of Penns Valley in Center county, and adjoining lands in Snyder, Clinton and Lycoming counties, on a scale of 200 perches to the inch. This work is the result of NINE SUMMERS' close labor and search of the records and draft on file at the Surveyor General's Office at Harrisburg, extending from 1767 to the present time. In preparing it, recourse was had to the surveys for Berks, Northumberland, Mifflin, Clinton and Lycoming counties, and the difficulties overcome can be imagined only by those who have encountered similar difficulties. Its importance can be realized on a little reflection, and Surveyors, Lawyers and Landowners in general are particularly interested in procuring it, as its price ($500) would in a short time be covered by the costs for search and copy at Harrisburg. The date of the original survey, and when and to whom transferred when entered, is on each tract as far as can be ascertained. Dr. S. L. BECK, of Lewisburg, has engaged to procure subscriptions for the Map, which, when purchased, is to be kept by the County Surveyor at his office in Lewisburg, for the use of all.

A Human Life Saved!

DOWAGIAC, Mich., March 11, 1856.

J. A. Rhodes, Esq., Dear Sir: I took your medicine to sell on consignment, "no cure, no pay." I take pleasure in stating its effects as reported to me by three brothers who live in this place, and their testimony is a fair specimen of all I have received.

W. S. CORBIN told me "I had taken nine bottles of Christie's Ague Balsam, and continually ran down while using it, some two weeks, when it stopped running, and I degraded blood discharged from my mouth and bowels so that all thought it impossible for me to live through another chill. The doctors tried all they could for me, but thought I must die. Nothing did me any good until I got Rhodes' Fever and Ague Cure, which at once relieved me; the diarrhoea and worm at my stomach and pain in my head and bowels, and produced a permanent cure in a short time."

H. M. CORBIN says: "I had been taking medicine of as good a doctor as we have in our county, and taken any quantity of quinine and opodeldoc without any good result, from the 20th August to 15th December. But seeing handbills of your cure from my brother, I got a bottle of RHODES' FEVER AND AGUE CURE, which effected a permanent cure by using less than half of a bottle."

S. M. CORBIN was not here, but both the other brothers say his case was the same as H. M.'s. I took the medicine to both the same day, and the cure was as speedy from the same small quantity, and I might so speedily.

Yours with respect, A. BURTINGTON.

The above speaks for itself. Good proof as this, it is of no better kind than the last number of like certificates I have already published, and the still greater amount that is continually pouring in to me.

Rhodes' Fever and Ague Cure, I have found a certain cure. I have never had a case it did not cure. Last year I had occasion to Caution the Public in these words:

"I notice some firm who have taken one of my general circulars, substituted the name of their medicine for mine, and then with brazen impudence send their pamphlet with the exclamation, 'Set the proprietor of any other medicine say as much if he dare.' &c.

Now I take pleasure in saying that the Caution referred to the same "Dr. Christie's Ague Balsam" that is mentioned in the above certificate.

The same several other industrious people who are applying to their poisonous trash all that I publish about my Fever and Ague Cure, or Antidote to Malaria, except the Certificates of Cures, and the Certificate of the celebrated Chemist, Dr. James R. Chilton, of N. Y., in favor of its perfectly HARMLESS CHARACTER, which is attached to every bottle. These will always serve to distinguish my medicine from imitations.

JAS. A. RHODES, Proprietor. Providence, R. I.

FIRE PROOFS! The Salamander Safes, of Philadelphia, against the World!

EVANS & WATSON, No. 26, S. Fourth St., Philad., have had the surest demonstration in the following Certificates, that their manufacture of Salamander Safes has at length fully warranted the representations which have been made of them, as rendering an undoubted security against the terrific element:

PHILADELPHIA, April 12, 1856.

MESSRS. EVANS & WATSON—Gents—It affords me the highest satisfaction to state to you that, owing to the very protective qualities of two of the Salamander Safes which we purchased of you some few months since, we saved a large portion of our Account Books, Papers, &c., exposed to the calamitous fire in Raymond Place, on the morning of the 11th inst.

When we reflect that these Safes were located in the fourth story of the building as occupied, and that they fell subsequently into a heap of burning ruins, where the most concentrated of heat caused the brass plates to melt, we cannot but regard the preservation of the valuables contained in them as overwhelming proof of the great security afforded to your Safes.

We shall take much pleasure in recommending them to men of business as a sure reliance against fire.

GEORGE W. SIMONS & BRO.
PHILADELPHIA, April 12, 1856.

MESSRS. EVANS & WATSON—I have to offer you my testimony in favor of the great security afforded to my office stock of jewelry, books, papers, &c., during the recent disastrous conflagration in Raymond place, from the fact that the same were contained in two of the Salamander Safes manufactured by you.

Having fallen from the 4th story of the Artisan Building, where they were good and safely stored and exposed for a week or two, to the ground, the preservation of the valuable deposits seemed to every one who witnessed the opening and interior examination, a matter of profound astonishment.

To all who may require a perfect protection from the ravages of fire, I shall not hesitate to recommend the Salamander Safes, and I consider they have stood the test of the most trying ordeal.

N. E. MORGAN,
PHILADELPHIA, April 16, 1856.

MESSRS. EVANS & WATSON—Gentlemen—No doubt you will be deeply gratified to learn the good condition in which I discovered my books, policy of insurance, certificates of stock, and other valuable documents, when on Friday last I opened the safe containing them.

With my knowledge of its great expense, both to the intensity of the heat from so hot a fire as that which destroyed the Artisan Building, as also from the force of the fall from its former elevated position in the third story, I could anticipate but slender hopes relative to its interior inspection, that the contents which I more so highly prized would even be saved to me; but as these fears are now happily removed, I feel it only due to say to you, that I can henceforth recommend the use of your Safes to all who may wish to feel a confidence in the perfect security which such means provides against so frightful an element.

EDWARD GASKILL, Bookbinder.

Great Improvements!

Hussey's American Reaper & Mower

FOR 1856....This Machine was put in successful operation in 1833, and continued to be the only Reaper and Mowing Machine in the World of any practical value up to 1845—twelve years after its introduction. Other Reapers are now offered with glowing Advertisements and Certificates of Gold and Silver Medals. But the Farmer, in search of the best Reaper, and not posted in the matter, had better see a little further. One of the other Reapers took the great medal in England, at the premature trial in 1851, before the close of the harvest of the same year, however it was totally beaten by a HUSSEY REAPER, which received the *unanimous* award of an impartial Jury of twelve English farmers. The fact is that Hussey's machine is achieving a series of triumphs in England, and rapidly obtaining that pre-eminent position there, which it has already secured in the land of its origin.

If there is any value in 23 years' experience in building Reapers, and using them in the harvest field, OBED HUSSEY, the Father of Reapers, can claim it. All who are satisfied with the BEST REAPER AND MOWER can be suplied by sending their orders early in the season, as the crops indicate a large demand, and we can not have over 200 Reapers ready for the vast harvest of 1856.

We would refer to the following gentlemen, who have used Hussey's machines for several years, and will testify to their superiority:

[*Names next week*].

The subscribers have the exclusive right in the following counties: Union, Snyder, Northumberland, Montour, Columbia, Luzerne, Perry, Mifflin, Centre, Clinton, and Lycoming.

All orders thankfully received and promptly ito.
