MANUFACTURE and keep constantly on hand, a large assortment of the above articles, together with their Patent Improved Salamander Fire Proof Safes, which are so constructed as to set at rest all manner of doubt as to their being strictly fire-proof, and that they will resist the fire of any building.—The outside cases of these Safes are made of boiler iron, the inside case of soapstone, and between the outer case and inner case is a space of some three inches thick, and is filled in with indestructible material, so as to make it an impossibility to burn any of the contents inside of this Chest. These Soapstone Salamanders we are prepared and do challenge the world to produce any article in the shape of Book Safes that will stand as much heat, and we hold ourselves ready at all times to have them fairly tested by public bonfire. We also continue to manufacture a large assortment of our Premium Air-tight Fire-proof Safes, of which there are over 800 now in use, and in every instance they have given entire satisfaction to the purchasers—of which we will refer the public of a few gentlemen who have them in use.

THE GREAT REMEDY OF THE FORESTS.

STRONG & OSGOOD'S VEGETABLE PHYSANTHROPIC PILLS.

THE Proprietors take this method of making known to the world the most valuable and important discovery ever recorded in the history of medicine.

In testing by chemical experiment, the medicinal properties of a rare plant, which grows along the banks of the Wapsepinicon River, in Iowa, they discovered that it possessed a healing and restoring power, which, in their opinion, in combination with other remedies, the result of their medical researches, would render it a

GRAND CATHOLICON

for a suffering world. The remedial powers of this plant were tested with the least possible delay, and in hundreds of instances, they proved fully adequate to the complete and perfect removal of disease in any and every form, and it is confidently believed that the remedy is destined to produce an entire revolution in the medical world. Facts in their possession fully warrant them in making the astounding announcement, that it immeasurably surpasses in its power to uproot and expel disease, every other medicine now known.

This Great Remedy;

has been administered in order to test its power to vast numbers of patients, in the most hopeless cases, such as had baffled the skill of the most eminent physicians, and had proved too obstinate to be removed by any of the numerous remedies of the day, and to the perfect astonishment of all, it effected complete and permanent cures; thus brilliantly triumphing, not only over the greatest remedies known to the medical profession, but over all the Pills, Syrups and Panaceas, whose virtues are so loudly trumpeted throughout the length and breadth of the land.

AS A GENERAL FAMILY MEDICINE,

the proprietors challenge the world to produce its equal. It acts in perfect harmony with the laws of nature, and completely purifies the Blood, a vitiated state of which is the cause of all disease. It has been administered in Asthma, Apoplexy, Barber's Itch Canker, Catarrh, Cholera Morbus, Colic, Colds Cough, Consumption, Croup, Cramps and Convulsions, Cancerous Sores and Ulcers, Dropsy, Dyspepsia, Dysentary, Epilipsy, Erysipelas, Enlargement of the Spleen, Fever and Ague, Female Complaints, Fevers of all kinds, Gravel, Gout, Hysterics, Inflamation of the Liver, Lungs, Kidneys and Bladder, Indigestion, Jaundice, Leprosy, Liver Complaint, Neuralgia, Palpitation of the Heart, *Piles*, Scrofula, Spinal Complaint, Salt-Rheum, Scald Head, Syphilis, Suppression of the Menses, Tic Douloureux, &c. The proprietors have yet to learn that it has failed in a *single instance* of effecting a cure.

As a Preventive

of disease, it is entitled to the fullest confidence of the community. An immense amount of suffering, time and money has been saved by a timely use of it.

It has already crossed the Atlantic, and measures are now in progress to extend the blessings of this GREAT REMEDY throughout the world.

The proprietors invite the sick to try a single box, and they feel assured that they will be perfectly satisfied with the entire truthfulness of their representations.

GREAT AMERICAN REMEDY

WESTERN NEW YORK COLLEGE OF HEALTH,

207 Main street, Buffalo, N. Y.

DR. G. C. VAUGHN'S VEGETABLE LITHONTRIPTIC ADVERTISEMENT FOR 1847.—"I CAME, I SAW, I CONQUERED;" is most emphatically the case with this article. Disease has ever yielded to its most marvellous medical power.—Wherever it has gone, and South America, England, Canada, and the United States have proved the truth of this statement, the above quotation in a strong and pithy sentence, tells the whole story. Invalids, the principle upon which you are cured may not be known to you, but the result of a trial of the article is satisfactory; you are restored, and the secret of the cure remains with the proprietor. The Medicine is a compound of 22 distinct vegetable agencies; each individual root has its own particular, exclusive, medicinal property, conflicting with no other compound—each root makes its own cure—and as a perfect combination, when taken into the system, it does the work which NATURE, when her laws were first established, intended it should do—*purifies, strengthens*, and *restores* the broken down, debilitated constitution.—DROPSY, in all its characters, will be completely eradicated from the system by its use. See pamphlets in agents' hands, for free circulation—they treat upon *all diseases*, and show testimony of cures. GRAVEL, and all complaints of the *urinary organs*, form also the cause of great suffering, and VAUGHN'S LITHONTRIPTIC has acquired no small celebrity over the country, by the cures it has made in this distressing class of afflictions. So famed, it seems, is this medicine, that it has thus attracted the notice of one of our Medical publications. In the November No. 1846, of the "Buffalo Journal and Monthly Review of Medical and Surgical Science," in an article upon calculous diseases, and "solvents," the writer, after noting the fact that the English government once purchased a secret remedy, and also noticing the purchase in 1802, of a secret remedy, by the Legislature of New York, thus pays tribute to the fame of the Medicine—"Why do not our Representatives in Senate and Assembly convened, enlighten and dissolve the suffering thousands of this country, by the purchase of Vaughn's Vegetable Lithontriptic, than which no solvent since the days of Alchemy has possessed one half the fame?" Reader, here is a periodical of high standing, acknowledged throughout a large section of this country to be one of the best conducted journals of the kind in the United States, exchanging with the scientific works of Europe to our certain knowledge edited by Flint, M. D., and contributed to by men of the highest professional ability, thus stepping aside to notice a "secret remedy." You will at once understand no *unknown and worthless nostrum*, could thus extort a comment for so high a quarter—and consequently, unless it directly conflicted with the practice of the faculty, it must have been its great "*fame*" which has caused it to receive this passing nod.—KIDNEY *diseases, weakness of the back and spine, irregular, painful and suppressed Menstruation, Fluor Albus*, and the entire complicated train of evils which follow a disordered system, are at once relieved by the medicine. Send for pamphlets from Agents, and you will find evidence of the value of the Lithontriptic there put forth. As a remedy for the irregularities of the female system, it has to the compound a "root" which has been resorted to in the north of Europe for centuries—as a sure cure for this complaint and as a restorer of the health of the entire system. LIVER COMPLAINT, JAUNDICE, BILIOUS DISEASES, &c., are instantly relieved. People of the West will find it *the only* remedy in these complaints as well as FEVER AND AGUE. There is no remedy like it, and *no calomel or quinine* forms any part of this mixture. No injury will result in its use, and its active properties are manifested in the use of a single 30 oz bottles.—For FEVER AND AGUE, *Bilious Disorders, take no other medicine.* RHEUMATISM, GOUT, will *find relief*.—The action of this medicine upon the Blood will change the disease—which originates *in* the blood—and a healthy result will follow. DYSPEPSIA INDIGESTION, &c., yield in a few days' use of this Medicine. *Inflammation* OF THE LUNGS, COUGH, CONSUMPTION also, has ever *found relief*. SCROFULA, ERYSIPELAS, PILES, *Inflamed Eyes*—all caused by impure blood; will find this article the remedy. The system, completely acted upon by the twenty-two different properties of the mixture, is purified and restored; as a partial cure will not follow. The train of common complaints *Palpitation of the Heart, Sick Headache, Debility*, &c., are all the result of some derangement of the system, and this GREAT RESTORER will do its work. The promises set forth in the advertisements are based upon the proof of what it has done in the past four years. The written testimony of 1000 Agents, in Canada, the United States, England and South America, in the possession of the proprietor and can be seen by all interested; is a sufficient demonstration that it is the *best Medicine ever offered to the World*. Get the pamphlet, and study the principle as there laid down, of the method of cure. Put up in 30 oz. bottles, at $2; 12 oz. do at $1 each—the larger holding 6 oz. more than two small bottles. *Look out and not get imposed upon.* Every bottle has "Vaughn's Vegetable Lithontriptic Mixture" blown upon the glass, the *written* signature of "G. C. Vaughn" on the directions, and "G. C. Vaughn, Buffalo," *stamped on the cork.* None other are genuine. Prepared by Dr. G. C. Vaughn, and sold at the principal Office, 207 Main street, Buffalo, at wholesale and retail. No attention given to letters unless post paid:—*orders from regularly constituted Agents excepted*: post paid letters, or verbal communications soliciting advice, promptly attended to, gratis.

DR. TOWNSEND'S SARSAPARILLA,

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

This extract is put up in quart bottles; it is six times cheaper, pleasanter, and warranted superior to any sold. It cures diseases without vomiting, purging, sickening or debilitating the patient.

GREAT FALL AND WINTER MEDICINE.

The great beauty and superiority of this medicine over all other is, while it eradicates diseases it invigorates the body. It is one of the very best Fall and Winter medicines known; it not only purifies the whole system, and strengthens the person, but it creates new, pure and rich blood; a power possessed by no other medicine. And in this lies the great secret of its wonderful success. It has performed within the past two years more than 35,000 cures of severe cases of disease; at least 1,000 of these were considered incurable. More than

2,000 cases of Chronic Rheumatism;
3,000 cases of Dyspepsia;
4,000 cases of general debility and want of energy;
7,000 cases of the different female complaints;
2,000 cases of Scrofula;
1,500 cases of Liver complaint;
2,500 cases of diseases of the kidney and dropsy;
8,000 cases of Consumption;

And thousands of cases of diseases of the blood, viz: Ulcers, Erysipelas, Salt-Rheum, pimples on the face &c., together with numerous cases of sick headache, pain in the side and chest, spinal affections, &c.

This, we are aware must appear incredible, but we have letters from physicians and other agents from all parts of the United States informing us of the extraordinary cures. R. Van Buskirk, Esq., one of the most respectable Druggists in Newark, N. J. informs us that he can refer to more than 150 cases in that place alone. There are thousands in the city of New York which we will refer to with pleasure, and to men of character. It is the best medicine for the preventive of disease known—it undoubtedly saved the lives of more than

5,000 CHILDREN THE PAST SEASON.

As it removed the cause of disease, and prepared them for the Summer season. It has never been known to injure in the least the most delicate child.

RHEUMATISM.

This Sarsaparilla is used with the most perfect success in Rheumatic complaints, however severe or chronic. The astonishing cures it has performed are indeed wonderful. Other remedies sometimes give temporary relief, this entirely eradicates it from the system, even when the limbs and joints are painfully swollen.

☞ Hear Mr. Seth Terry, one of the oldest and most respectable lawyers in Hartford, Conn.' The following is an extract of a letter received from him:

DR. TOWNSEND—I have used one bottle of your Sarsaparilla, and find it is excellent in its effects upon a chronic rheumatic pain to which I am subject, from an injury occasioned several years ago in a public stage. Please send me two of your bottles to the care of Dr. Seymour I have conversed with two of our principal physicians, and recommend your Sarsaparilla.

SETH TERRY.

CONSUMPTION CURED.

Cleanse and strengthen, Consumption can be cured. Bronchitis, Consumption Liver Complaints, Colds, Catarrh, Coughs, Asthma, Spitting of blood, soreness in the Chest, Hectic Flush, Night Sweats, Difficult or profuse Expectoration, Pain in the side &c. have been and can be cured.

DR. TOWNSEND—Dear Sir: Nearly twenty years ago I took a violent cold, which settled on my lungs and affected me severely; finally, finally it became a constant hacking cough but not so severe as to prevent me from attending to my business.—Within the last few years it increased on me gradually. At last I became reduced—I breathed with difficulty and raised with my cough much bad matter, and for the last nine months previous to using your Sarsaparilla, had regular night sweats; indeed my friends and myself supposed I would die with the consumption; but I have the happiness to apprise you that, to my surprise after using three bottles of your Sarsaparilla I find my health restored. It revived me gradually, and I am now enjoying much better health than I have for the last 26 years I find almost entirely lost my appetite, which is now also returned. You are at liberty to publish this in the papers with my name if you choose.

My little girl, who is three years old, had a very
