Lewisburg, Pa.

FRIDAY MORNING, DEC. 12, 1856

ADVERTIZE!—Manufacturers, Merchants, Mechanics, Public Officers in City and Country, Publishers—all who wish to buy or sell—would do well to employ the columns of the *Lewisburg Chronicle*, which has a large and increasing circulation in a community containing a large proportion of active, account producers, consumers and dealers, as any in the State.

☞ **See New Advertisements.**

NEW GOODS!—Although we did not notice them all in detail, yet the Merchants and Tradesmen of Lewisburg have well fortified themselves for the winter's campaign. Persons attending Court and others within trading distance, will do well to call and test the quality and terms of the Merchandizing here. They "may go farther and fare worse."

REAL ESTATE.—A considerable amount of landed property has changed hands in Lewisburg recently, at the steadily advancing prices which have attended her solid growth for the last 12 or 15 years. We understand a large number of buildings will be put up here next season.

A Market St. property is offered at private sale in our columns, to day—also a Farm in Union township, and a Farm and Saw Mill in Limestone township, for sale or rent—and a property in Buffaloe township, at sale.

RECEPTION DAY at the LEWISBURG ACADEMY on WEDNESDAY next if the weather should not prove stormy. Exercises to consist of Recitations, Essays, and Declamation—to commence at 2, P. M. *The Public* are respectfully invited to attend.

SKATING has been considerably practised this season; but we think the effeminate ladies of our day have little share in that enjoyment. An elderly lady in town the other day, says she well remembers—65 years ago—Mr. and Mrs. Carl Ellinckhuysen would in winter take their skates some fine mornings and leave *Louisborough* and make a fashionable "call" on their neighbors, above *Millbourn*, and in other localities, and return the same way with perfect ease. Mr. and Mrs. E. were however from one of the "Dams" in Holland, where Skating is an "institution."

☞ At the public sale in Hartleton on the 9th inst., Wm. Eilert sold his "great pale fancy Horse" to Col. Slifer of Lewisburg, for $250.

NEW BOOKS.—We acknowledge the receipt of the long-looked-for *"Otzinachson*, or History of the West Branch Valley," a work worthy of public patronage, both on account of its contents and of its form. Mr. Cummings is now canvassing this county, of whose history many interesting reminiscences are given.

"Little Dorrit," Dickens' last work, is issued in 200 pages by T. B. Peterson, 102 Chestnut St. Philad., at 50 cts. All of Dickens' works, in 13 volumes are offered at $5, by Mr. Peterson.

Humors of Falconbridge, published by T. B. Peterson, for the family of the late Jonathan F. Kelly, is full of racy stories, jokes, and oddities. $1,25.

Dr. Wayland's "Practice and Principles of the Baptists," is for sale at Nevius & Co's.

HARRISBURG NEWS.—By all odds the best paper in Harrisburg is the *Telegraph*, which is published by Geo. Bergner & Co. on the Cash plan, Daily, and Weekly (the latter twice a week during the sessions of the Legislature,) and filled with the latest Telegraphic and Legislative News. The Daily is sent by mail at $4 per year, $2 for 6 months and $1 for 3 months. The Weekly at $2 per single copy, $9 to clubs of 5, $17 for 10, or $30 for 20—Cash in advance.

☞ The *Erie Gazette* proposes a Convention at Harrisburg, the 2d week in January, for the organization of the Republican party in Pennsylvania. Let the day be named, and the call be made, we say.

The *Independent Press*, of Williamsport, since the Election, acknowledges the fact that Slavery Extension is the real question before the country, to which all others are subordinate, and advises action accordingly.

☞ To-morrow evening, at Ammon's Hall, is appointed for the commencement of Mr. AIKEN's Readings of Paradise Lost and other Poetry.

☞ Tuesday evening of next week, is notified a Republican Meeting in Ammons' Hall.

The "Milk Sickness" was never so destructive in Illinois, &c. as it is this season.

☞ The *New York Ledger*, a family weekly paper, for which the most popular writers in the country contribute, now claims a circulation of 190,000 copies, and subscriptions constantly pouring in. See the Ledger's adv't in another column.

THAT'S THE TALK!—The *Providence Journal* concludes an article on Kansas affairs as follows:

"If, hereafter, and till this question is settled, there is more than one party in the North, we deserve to be the plantation slaves of South Carolina."

The Free Soil vote in the Free States, at the last three Presidential elections previous to the present one, was as follows: In 1844, for Birney, 66,301; in 1848, for Van Buren, 291,378; in 1852, for Hale, 157,296.

Several amendments to the Constitution were voted upon at the recent election in Rhode Island, but were all rejected.

The Logan Valley Baptist church, Blair county, Pa., (G. W. Young, pastor,) have opened a new house of worship.

The Supreme Court of Connecticut has decided that the "Maine Law" of that State is constitutional.

☞ No. 593 of the "Chronicle" is wanted.

☞ Quarterly Meeting of the Union County Agricultural Society, at my Office in Lewisburg, Tuesday of Court Week at 1 o'clock, P. M. J. A. MERTZ, Rec. Sec.

NOTICE.—A meeting of the Lewisburg Republican Association will be held in Ammons' Hall, on Tuesday evening, Dec. 16, 1856. (Court week.) Addresses will be delivered. By order of the President. THEO. S. CHRIST, Rec. Sec.

Can Epilepsy be Cured.

We think the following letter, from a respectable citizen of Mississippi, will answer the question, and remove all doubts from every unbiased mind:

GRENADA, Miss., June 5, 1855.

Dr. Seth S. Hance, Baltimore, Md.—Dear Sir: I take great pleasure in letting you know of a cure of fits, effected by your invaluable Pills. My brother, J. J. Lipscomb, has long been afflicted with this awful disease. He was first attacked while quite young. He would have one or two spells at one attack at first; but as he grew older, they seemed to increase in number. Up to the time he commenced taking your Pills, he had them very often, and quite severe, prostrating mind, body and estate. He said that he suffered seriously; but now I am happy to say he is cured of these fits. He has enjoyed fine health for the last five months past. His mind has also returned to its original spirightliness. All this I take a great pleasure in communicating, as it may be the means of directing others to the remedy that will cure them. Yours respectfully, &c. W. P. LIPSCOMB.

No person who is suffering from Fits, or Spasms, should neglect sending to Dr. Hance, after this, for a supply of his inestimable medicine. His prices are as follows: one box $3; two $5; twelve $21—sent by mail free, on the receipt of a remittance. Address SETH S. HANCE, 198 Baltimore street, Baltimore, Md.

WHISKERS, BEARD & MUSTACHOIS Forced to grow in six weeks by DR. LAFONT'S CAPILLARY COMPOUND, warranted not to stain or injure the skin. Price $1.00 per Package, or 3 for $2.50.

Sent to any part of the country, by mail, on receipt of a remittance. Address SWEETZER & CO., Box 739 Post Office, Baltimore, Maryland.

MONUMENTAL Daguerreotype Cases. A method has long been sought for to insert in a durable manner, Daguerreotype Likenesses to Head Stones and Monuments. I have been manufacturing these Cases for the last two years, and can warrant them to *secure* the picture for a long number of years.

The outside case is made of Parian Marble, and the box which encloses the picture and keeps it in a state of great preservation for a long number of years, is made of brass—*a screw box*. It makes a very neat job on a Head Stone or Monument. They are used in Greenwood Cemetery, Mount Auburn, Laurel Hill, and many other Cemeteries in the U. States.

A liberal discount made to Marble Dealers and Daguerreotypists. Price from $2.25 each to $9.50. A circular of engravings will be sent to any address, *free*, with price list. Address, A. L. BALDWIN, Agent

ARE YOU INSURED AGAINST LOSS BY FIRE?—There are but few who receive sympathy who incur loss by neglecting this most *necessary* and *substantial precaution*. We often see it announced that persons have lost their stocks of Goods and Furniture, and results of years of industry swept from them by the devouring element over which they have no control but by being insured.

Insurance protects you from the incendiary, negligence of servants and the casualties of your neighbors. It will impart confidence to your creditors, and give a character of prudence and precaution to all your business transactions.

It requires but a very small sum to insure in sums ranging from $100 to $1000, and yet how many there are who have no insurance upon Goods, Furniture, or anything else! If your Stock is small, still the loss to you might be serious.

This Company insures *BUILDINGS, MERCHANDIZE, GOODS, FURNITURE, MACHINERY and STOCK* FROM $100 TO $5000,

Hickok's Patent Portable KEYSTONE CIDER & WINE MILL,

patented Nov. 20, 1855.

☞ This is not the Mill sold in 1852. It excels all mills in the market in the ease and speed with which it grinds, and in the great power of the press.

Manufactured at the Eagle Works, Harrisburg.

PLEASE TAKE PARTICULAR NOTICE!

THAT this is entirely new mill—no expense has been spared in its manufacture—all the materials are the very best, and are used unsparingly. The Cylinders are almost twice the length of the former ones, and all, including the top Cylinder, made of Iron. The screw is two inches in diameter, with a heavy ¼ V thread cut on it. The beam of the Press is cast iron instead of wood—is made VERY HEAVY, and the thread of the nut cut for rock inches through it. The power of the Press is very much increased, and cannot be broken by any Edr means. The arrangement of the Tub and other parts of the Press, is very perfect. The Boxes and Hopper are all screwed to together; the Journals run in long bearings; and lastly, the workmanship shall not be excelled by any machine of the kind whatever. Perfection being the aim, both in the arrangement and the mechanical department.

All persons who have been obliged to use the old fashioned nut Mill, are aware how necessary most it is, and especially those who have not large quantities of apples. By having this Mill on your plantation or farm, you can, at any time in a few minutes make a few gallons of sweet cider for present use; or you can very expeditiously make up a few barrels. The Machine, well worked, is capable of making 6 to 12 barrels of cider a day, with ease.

The machine is made to run by horse, steam or hand power, and when the apples are ground, a small boy of fourteen years of age can press the pomace with all ease. The following may be adduced as the decided advantages of this mill.

First—It will make more Cider than any other Press, with a given quantity of apples in a given time, and with much less labor and expense.

Second—It will make cleaner and sweeter cider than any other Mill.

Third—You can make the cider as you want it, and when you want it; and in quantities from one gallon to barrels.

Fourth—With it you can press your Currants, Cherries, Berries, Cheese, Butter, Lard and Tallow.

Fifth—With it one you can at all times have fresh and sweet cider.

With all the advantages resulting from the possession and use of such a Machine—at a price so low that it is within the reach of all—can it be that any intelligent Farmer would do without it?

RECOMMENDATIONS.

JACKSTOWN, June 15th, 1854.

W. O. HICKOK; SIR—I have one of your Improved Cider Mills; I used the Mill last October, and on trial I ground fifty bushels of apples per hour. I keep the ground apples twelve hours, and I can press out two barrels of cider per hour with two men. I can recommend your improved Cider Mill to all fruit growers. Respect and a saving of labor. I can make thirty-five gallons of cider from nine and one-half bushels common apples. The cider can be pressed from the pomace without using water now. Cider will keep one year when water is not used at the press.
JOHN M'COMBE.

ST. LOUIS, July 22, 1853.

MR. W. O. HICKOK:—Your Mills got here, and we have sold them and telegraphed for twelve more. As they are a much better made and better looking Mill than the other kind, we know they will sell quickly alongside of them at $50—price of the other $35.

We have six of the other kind, but, as we said before, people won't look at them alongside of yours.
Yours, Very Respectfully, WM M PLANT & Co.

YORKTOWN, MASSILLON, June 16, 1853.

MR. W. O. HICKOK: DEAR SIR—It gives me great pleasure to lend my feeble influence in recommendation to your invaluable Patent Cider Mill. Any person who has made cider by the old process will quickly perceive, should they procure one of your new Mills, the utility and economy of your invention. I regard it as one of the best inventions now in use. Although I have had it but one year, it has amply repaid me for what it cost. Cider expressed through one of your machines is less liable to fermentation, and can be preserved sweet longer than that produced through the old fashioned Mill, from the very fact that it is more free from pommel, which always has a tendency to acidity, and unless it in many instances for domestic use. Yours, respectfully, W. QUIGLEY.

This is to certify, that I purchased of D. Landreth, in October, 1852, one of Hickok's Patent Cider Mills, and have had it in use ever since. Perfectly satisfied with it myself. I have no hesitation in pronouncing it a very useful and indispensable Machine to the farmer. With it, one man and two boys can make from five to six barrels of good cider per day, easy. Many of my neighbors have purchased similar Machines. The Mill has been greatly improved since I bought mine. W. G. WARD.

May 13, 1854. Ridley, Delaware County, Pa.

I hereby certify that I have used W. O. Hickok's Improved Portable Cider Mill, and consider it a valuable invention in the economy of time. The cider is cleaner and better than that made in the usual way. I am well pleased with it, and should be unwilling to part with it for quite a premium on the advanced cost. JOHN S. HALE.

July 1, 1854. Portland, Ct.

☞ More than one hundred Silver Medals and Diplomas have been given to my Mill within the last four years.

☞ This Mill occupies about 2½ feet by 4 feet, and is 4 feet high, weighing 370 lbs, is every way portable and convenient. ☞ PRICE $40.

DENTAL CARD.

THE new method of inserting artificial Teeth, Gum, &c., known as **Allen's Continuous Gum Work,** is, without exception, the best improvement ever made in the art of Dentistry. This work, when properly constructed, is the most beautiful, the cleanest, combines the greatest strength with durability, and adds more to a clear and distinct articulation, than any other kind of work. We can insert Teeth on this plan, and not only this. By a beautiful discovery in combination with this style of work, we can give the face its natural expression, without, in the least, interfering with the usefulness of the teeth in mastication.

I would take this method of informing those interested that I have purchased the Patent Right for this valuable improvement, of the inventor, John Allen, (now of New York,) for this and several adjoining counties, and that I am now manufacturing an article of Teeth and Gums that will compare favorably with anything in that line that has ever been made in this or any other country. I ask all, and especially those that need teeth (if they have engaged them or not,) to call, and examine for themselves.
