Lewisburg, Pa.

FRIDAY MORNING, JUNE 19,1857.

ADVERTIZE!—Manufacturers, Merchants, Mechanics Public Officers in City and Country, Publishers—all who wish to buy or sell—would do well to employ the columns of the Lewisburg Chronicle, which has a large and increasing circulation in a community containing a large proportion of active, solvent producers, consumers and dealers, as any in the State.

☞ See New Advertisements.

☞"Building Associations" next week.

The 4th.—We are not able to announce to-day our Orators for the 4th, but hope to do so next week. Messrs. Chairmen! are your Committees at work?

☞Read the advertisement of the Sale of Town Lots in Snyder county (Port Trevorton,) Pa. Lots there are much more safe and sure than in 9 out of 10 of the "cities" at the West. Port Trevorton connects by Railroad with the Trevorton coal mines, only 15 miles distant.

FELL THROUGH.—The Bridge over the Canal at the east end of the Lewisburg river bridge, gave way on Wednesday night last, and fell into the lock chamber. Boating had been stopped in consequence of the break in the canal; and the falling of the bridge has stopped travel down the river—what other calamity awaits the unfortunate cross-cut, we can't tell just yet.

☞On Wednesday afternoon last, Mary, daughter of A. K. Bell of this Borough, while visiting at the Female Institute Building, fell through the timbers from the third storey to the first, receiving severe but it is hoped not dangerous injuries about the head.

CAUTION.—We see it stated that the use of soda in neutralizing the acidity of gooseberries, &c., is dangerous to health, there being already far too much pearlash &c. used in cooking. A recommendation of soda on the last corner of our first page to-day; we copy this to "neutralize" its evil influence.

☞The copious rains, in connection with the warm weather which has set in recently, have given the crops quite an improved appearance. Wheat fields that had been looking very blue, have turned to a brilliant green, and promise abundant harvests. The hay crops will be immense in Buffaloe Valley.

☞The Whig, American and Republican committee of Snyder county organized by appointing Cha's G. Vernon, Chairman, and S. K. Herrold, Jr., Secretary. They have called the County Convention, Monday, 10th Aug; Delegate Meetings Saturday previous, from 2 to 5, P.M.

☞E. Shoemaker, son of Jno Shoemaker of Muncy creek township, Lycoming Co., who left that place lately, was accidentally shot in the leg in Iowa, by the discharge of a gun in the hands of a companion. It is feared he will be a cripple for life.

☞What has got wrong with the peach trees? Their leaves are shriveled and rolled up and have commenced falling off, and the fruit, we fear, will follow them before it comes to maturity. Can anybody tell us how to prevent this calamity?

☞Our enterprising young friend, W. H. Armstrong, Esq., is home on a visit—looks robust, hardy, and singularly pleasant—the latter phenomenon is explained by three lines of nonpareil in our matrimonial department to-day.

☞John M. Laird and Wm. J. Campbell have bought of A. J. Greer the *Juniata Sentinel*, which looks and reads well. Greer was a good printer but an awful politician. We wish all hands every blessing.

☞The attempt of Gen. Packer's political friends to prevent a sale of the Main Line, by an injunction, is now before the Supreme Court, at Philadelphia. Henry S. Mott, Canal Commissioner, makes the application.

☞The prettiest piece of glass work in this region is the front door light of the new Presbyterian church edifice. It was designed and made by John Gibson, Philadelphia.

CINCINNATI, June 13.—This morning, as four U. S. Deputy Marshals were arresting a fugitive slave and his wife, the slave stabbed Mr. J. C. Elliott, one of the deputies, with a long sword knife; upon which another Deputy Marshall shot the slave in the abdomen four times. The negroes were then taken in custody. The Marshal's wound is of a dangerous character. The negroe's is thought to be mortal. The affray occurred in a room on Vine street, near the Post office, where the negroes were secreted.

COLUMBUS, O., June 15.—W. H. Gibson, the State Treasurer, has resigned his office, a deficit of over half a million of dollars having been discovered in the treasury. Mr. Gibson says the deficiency existed when he took the office, having been caused by the defalcation of John G. Breslin, former State Treasurer. The Governor has appointed a committee of investigation. The July interest will be paid, notwithstanding the deficit.

NEW HAMPSHIRE.—W. W. Eastman has been chosen, by the Legislature, Warden of the State Prison; Peter Sanborn, Treasurer; and George G. Fogg, State Printer—all, Republicans.

☞A fire occurred in Syracuse N. Y., on the 14th inst, which destroyed property to the amount of $50,000.

Seth Kinman has been visiting Lycoming county, where he last resided before going West.

Dedication of the Presby'n Church.

According to previous notice, the new and magnificent Presbyterian house of worship, in this place, was formally dedicated, last Sabbath. Long before services commenced, the pews, aisles, gallery and vestibule were filled to their utmost capacity, and, we are sorry to say, many who came late were obliged to remain outside, being unable to gain admittance.

Rev. N. Murray, D. D., of Elizabethtown, N. J., preached a most eloquent sermon—worthy and characteristic of "Kirwan"—after which he read the dedicatory formula. It has not been our fortune heretofore to witness so large an audience remain so quiet during the delivery of a sermon, as on the present occasion, which was owing principally to the effective discourse, and partly to the exceedingly comfortable and well arranged pews.

At 3 o'clock, P. M., Rev. Alfred Nevin, D. D., of Lancaster, preached an instructive sermon; and at half past seven, Rev. S. S. Shedden, of Rahway, N. J., preached a sermon to the young men.

The ministers present, in addition to those above mentioned, were Rev. Dr. J. Watson, of Milton, Rev. Howard Malcom, D. D., Rev. Prof. T. F. Curtis, Rev. Prof. George R. Bliss and Rev. R. A. Fink, of Lewisburg, all of whom, with a single exception, took part in the ceremonies.

The subscriptions and collections taken during the day, amounted to about two thousand dollars. True, this has been exceeded in Lewisburg, but, considering the vast amount of money that has lately been subscribed toward other churches, and to the Court House, University buildings and other worthy objects, we think our citizens did remarkably well, and they have sincere thanks of the congregation for their liberality.

We were pleased to see present many familiar faces from the interior of the county, and also from the neighboring counties.

Dedication at Forest Hill.

On Sunday last, a new and very neat house of worship was dedicated to the worship of Almighty God, at a somewhat populous part of West Buffaloe township, in this county, ten miles west from Lewisburg. It has been built by the united effort of the people in that vicinity, and is to be free to all denominations of Christians. Rev. Mr. Kiefler of the German Reformed church preached in the morning, and Dr. Malcom of the Baptist church in the afternoon. Rev. Messrs. Orwig of the Evangelical Association, and Creighton of the Methodist church also addressed the assembly, the former in the German language. The crowd in attendance was very large, and nearly half of it could enter the house, although it is of ample size for all ordinary occasions. A neat fence encloses the yard, and a beautiful open grove in front furnishes a convenient place to fasten the horses. The building committee—Rev. Peter Heiss, Amon H. Lutz, and S. Heberling—have shown good taste, and economy. The whole cost is about One Thousand Dollars. COM.

☞Dr. A. Myers, formerly of Union county, is acquiring quite a celebrity, at Logansport, Indiana. We extract the following from the Logansport *Pharos*, of the 3d inst., which shows the efficacy of Dr. M's recently invented tape worm trap:

"Mrs. E. Ryan, of Fort Wayne, about 22 years of age, had been severely afflicted for 4 yrs with a sensation in the stomach as though there was some reptile moving in it. During that time she was treated for various diseases by numerous Physicians of skill, and by several for tape worm. Hearing of Dr. Myers' new process for the removal of parasite from the human stomach, Mrs. R. came to this city and placed herself under his charge. Within two weeks, Dr. M. removed from her stomach a snake about 3½ feet long, and 1½ inches in diameter, and relieved her of all her suffering, instead of aggravating it as had been the result of previous treatment she had received. The latter part of her illness she was unable to attend to the domestic affairs of her family, or even to take care of herself. It required two hours to prepare for retiring at night; and after being assisted into bed, an equal length of time transpired before she could lie down—and often she was deprived of sleeps for nights together. Frequently she would walk the floor until exhausted, because unable to lay down without the most excruciating pain. Mrs. Ryan's own words are, that "her sufferings were such that she often prayed for death to relieve them." Mrs. R. supposed she swallowed the snake, which was apparently of the water species, while drinking from a spring in the evening at her former residence west of Fort Wayne. She left the care of Dr. M. for home, feeling as though she was saved from worse than death."

☞A Cincinnati editor has been comparing notes in regard to the lateness of the present season, and the following table shows the result of his observation:

	Average	in 1857.
Peach in blossom,	April 8	May 1
Currants flowering	" 15	" 15
Lilach in full flower,	" 18	" 20
Apple Tree,	" 20	" 15
Dogwood,	" 20	" 25

He observes also that strawberries, which were only in blossom on the 25th ult., were, in some seasons, nearly over at that period. Such is the case in Ohio, and the result in this State is nearly the same.

BOSTON, June 14.—The Kansas correspondent of the *Journal* says that the Free State men of Lawrence, at a convention recently held, boldly refused to be assessed under the bogus laws of the sham Legislature, and Fane, the Marshal, sent to make the assessments, was ordered to leave the city forthwith, which he did.

A DELUGE IN THE STARS.—Our latest celestial intelligence, says an exchange, is that the planet Saturn will soon be visited by a deluge, and the wicked inhabitants cut off even as the "sons of earth" were cut off in the days of Noah. The telescope tells us that the third ring, which is fluid, is rapidly nearing the globe of the planet.

We had almost concluded, last Tuesday afternoon, that Saturn's liquid ring, or some other exceedingly "damp" institution, was about to envelope our planet. For the space of ten or fifteen minutes, the rain descended in torrents that surprised the "oldest inhabitants"—the thunder appeared heavy enough to knock the bottom out of the clouds, and by the way the rain came down, who doubts but such was the case? The new "improvement" bridge over Cherry alley, at N. 2d street, was found to be only half large enough for the occasion—one half of the water got thro' it, the other half got around wherever it could.

☞IN LUCK.—John M. Hess, a day or two ago, found a pocket-book containing some five hundred dollars, which a gentleman, in the amplitude of his benevolence, or for some other reason, had deposited in Mr. H's coach. The owner was telegraphed, and no doubt showered blessings in abundance upon honest coachmen, telegraphs, et cet.

☞Gov. Walker, the wholesale butcher of Nicaragua, is tramping through the Southern States, where he is lionized as though he were the greatest benefactor of the age. Blood and carnage appear to be the peculiar delight of Southern chivalry!

HOLLOWAY'S PILLS.—*Chronic Dyspepsia Cured.*—Among the triumphs of this wonderful medicine over confirmed diseases of the stomach and epigastrium, the following is not the least remarkable. Edward Stillman, aged 51, residing at Hagerstown, Md., had been for eleven years a sufferer from indigestion and its painful concomitants. His appetite was irregular, his frame emaciated, his skin of a livid, unhealthy hue, and he had a constant feeling of constriction at the pit of the stomach, as if a cord were being drawn tightly around it. He was continually in a state of great mental as well as bodily distress, and, to use his own expression, "life had become irksome to him." In the month of December last he commenced taking Holloway's Pills. Within three weeks thereafter all the above symptoms had vanished. No relapse has since occurred, and he is now as robust and active as any man of his years in all Maryland. For disorders of the stomach liver and bowels, the Pills are the only reliable remedy in existence.

It has become an established fact that Dr. Sanford's Invigorator will cure Liver Complaint, Jaundice and General Debility. Many people personally known to us, whose word cannot be doubted, have given their certificates to prove this, and with such a mass of evidence who can doubt it.

It is truly the invalids friend and will give relief when all other remedies fail, and in some instances that have cured even after the physicians had relinquished the case, snatching its victim from the grave, we wish all our readers who need medicine would try one bottle, for it will surely give relief.

☞There are plenty of young gentlemen as well as plenty of old ones, whose beards are turning gray, which gives the former a great deal of uneasiness, and exposes the age of the latter. To avoid these little perplexities we advise each of our readers to use Prof. Wood's Hair Restorative, which will, in the course of a few weeks, change the hair to its natural color. It does not dye the hair like the most of hair preparations, but produces a gradual change of color from the roots of the hair to the final end, and gives it a fine and glossy appearance. We have seen many persons who have used it successfully, and pronounced it the only invention which has come up to their idea of a "cure for gray hairs." We commenced using it about two months since, and if we are any judge of age and beauty, it has made us at least ten years younger; in fact we are beginning to look quite young, and feel very much like getting a young wife. The change is miraculous, and it would be as difficult to find a gray hair on our head as it would be to find a bald head and some young widows, whose locks are just beginning to assume a silvery hue, and who have been talking seriously about resorting to this remedy, and we advise them not to delay any longer. It never fails.—*St. Louis Herald.*

M. H. DERSHAM, M.D., Practising Physician and Surgeon, will also pay particular attention to Chronic diseases, such as Liver Complaint, Dyspepsia, Bronchitis, Throat Disease, Consumption when not so far advanced, Asthma, Piles, Rheumatism, Scrofula, White Swelling, Dropsy, Sick Headache, St. Vitus' Dance, Fits, Sore Eyes, Cancers, Tumors, Ulcers, Eruptions, &c., also Female complaints, as Prolapsus Uteri, (falling of the womb,) and all other complaints of the sex of every name and form. Most of the above long standing diseases are curable, and more so than those of females. Feeling confident that nearly all of the latter can positively be cured, having cured some of ten and fifteen years' standing, those most curable can be relieved, and can generally be taken on the liberal terms "if not cured or relieved, no compensation is demanded."

Dr. DERSHAM graduated at the Eclectic Medical College of Cincinnati, he has first studied the old or Allopathic system in Philadelphia, afterwards the Reformed or Eclectic system of medication. This system uses all the medicines of the regular or Allopathic system except Calomel, Arsenic, Antimony, and Bleeding, (safer and better agents having been discovered,) but it also embraces the many valuable medicines of the Botanic school not known to any other system; also the improvement of the Hydropathic, Homœopathic and Thomsonian systems. This certainly is an age of progress, and the New School moves with the age.

ONLY ONE BOTTLE

OF

DR. SANFORD'S INVIGORATOR, or Liver Remedy.

IS REQUIRED TO CURE ANY ONE TROUBLED WITH Liver Complaints, unless the most desperate of cases, when the second bottle will, with scarce a single failure, restore the patient to health and vigor. We wish to call the attention of all to these facts, that the Invigorator is recommended by a physician who has used it in his practice for the past twenty years, with a success almost credulous, and that it is entirely vegetable, being composed of gums. Some idea of the strength of these gums may be formed when it is known one bottle of the Invigorator contains as much of such as one hundred doses of Calomel with out any of its deleterious effects.

One bottle is the surest thing known to carry away the bad effects of mineral poison of any kind.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for Jaundice removes all yellowness or unnatural color from the skin.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring prevents nightmare.

One dose taken at night loosens the bowels gently, and cures costiveness.

One dose taken after each meal will cure Dyspepsia.

One dose of two teaspoonsful will always relieve Sick Headache.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves Cholic while

One dose often repeated is a sure cure for Cholera Morbus, and a sure preventative of Chole.

One dose taken often will prevent the recurrence of bilious attacks, while it relieves all painful feelings.

☞One or two doses taken occasionally is one of the best remedies for a cold ever known.

Thousands of cases of inflamation and weakness of the lungs have been cured by the Invigorator.

One dose taken a short time before eating, gives vigor to the appetite, and makes food digest well.

One dose often repeated cures chronic Diarrhœa in its worst forms, while summer and bowel complaints yield almost to the first dose.

One or two doses cure attacks caused by Worms, while for worms in children, there is no surer, safer and speedier remedy in the world, as it never fails.

There is no exaggeration in these statements; they are plain and sober facts, that we can give evidence to prove, while all who use it are giving their unanimous testimony in its favor.

We wish all who are sick and debilitated to try this remedy, and test it thoroughly, and any who are not benefited by its use we should like to hear from, as we have yet to hear from the first person who has used a bottle of the Invigorator without receiving benefit, for there are such astonishing medicinal virtues in it, that all no matter how long they have been affected, if their complaint arises from a deranged liver, will be benefited, if not entirely cured.
