A Raid Into Illinois.

GREAT CAPTURE OF CATTLE.

INDIANAPOLIS, August 15.—The rebels, under Col. Johnson, estimated to be 1,500 strong, captured three steamers near Shawneetown, Ill., on Saturday night. The steamers were loaded with cattle belonging to the Government, for the use of the forces stationed along the Ohio river to protect the border of Indiana. At the last accounts the rebels were ferrying the cattle across the Kentucky river. It is now supposed that they will not attempt to cross to Indiana—

FIVE STEAMERS CAPTURED, ROBBED, AND BONDED.

CAIRO, August 15.—About five hundred rebel cavalry, under Colonel Johnson, crossed the Ohio river into Illinois, at Saline Bar, on Saturday. The steamers Kate Robinson, Jenny Perkins, Nightingale, Famine, Brandon, and Clara Hall were all aground at that place, and were captured, with a large amount of stock aboard. The boats were compelled to pay several thousand dollars each to save them from destruction.

FUNERAL OF COL. MULLIGAN.—Thousands of the people of Chicago turned out on Tuesday, the 2d instant, to pay the last tribute of respect to the late Col. Mulligan, who was killed in the late fight near Winchester, Virginia. His remains were carried on a richly decorated funeral car from Bryan Hall to St. Mary's Cathedral, and followed by a procession three miles in length, consisting of the military, members of the city councils, various Catholics societies, citizens, &c. At the Cathedral a solemn High Mass was said and a discourse delivered, after which the procession again moved to the Chicago and Milwaukee depot. A train of fifteen cars carried all of the procession it could accommodate to the Calvary Cemetery, where the body of Col. Mulligan was interred with appropriate ceremonies.

INDIAN AFFAIRS.—The Commissioner of Indian Affairs has received a despatch from Governor Evans, of Colorado, dated Denver, August 10, stating that he is satisfied that nearly all the indian tribes of the plains are combined in the war against the whites, and that it will be the largest Indian war this country ever had, extending from Texas to the British lines, involving nearly all the wild tribes of the plains, and urging that all the influence of the department shall be used in favor of speedy reinforcements of the troops, and asking that authority be given to raise a regiment of mounted men for one hundred days, and saying that the militia laws of the Territory are inoperative, and unless authority is given the whites will be destroyed.

WESTWARD TRAVEL.—The emigration from the East to the West, this season, has been one continued and continuous tide of men, women, children and wagons. From a memorandum kept at Fort Laramie, it appears that 6,161 wagons, with over 25,000 animals, passed by that rout westwardly, from the middle of March till the ninth of July The emigrants numbered over 19,000 persons. Besides these, there has been an immense emigration of settlers, miners, freighters, &c., on the stage route through the Cheyenne Pass. No doubt the total number of westward-bound across the plains, this season, exceeds 50,000

U. S. 7-30 LOAN.

THE Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum,—principal and interest both to be paid in lawful money

These notes will be convertible at the option of the holder at maturity, into six per cent, gold bearing bonds, payable not less than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and 5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit, as they can be prepared.

As the notes draw interest from August 15, persons making deposites subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

SPECIAL ADVANTAGES OF THIS LOAN.

IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and *the best security*. Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it *cannot* pay in anything better for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discounts.

Convertible into a Six per cent. 5-20 Gold Bond.

In addition to the very liberal interest on the notes for three years, this privelege of conversion is now worth about three per cent. per annum, for the current rate for 5-20 Bonds is not less than *nine per cent. premium*, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special Act of Congress *exempts all bonds and Treasury notes from local taxation.*—On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indetedness, the faith or ability of private parties, or stock companies, or seperate communities, only, is pledged for payment, while the whole property is held to secure the discharge of all the obligations of the United States.

While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be the loyalty and patriotism of the people.

Duplicate certificates will be issued for all deposits. The party depositing must endorse upon the *original* certificate the denomation of notes required, and whether they are to be issued in blank or payable to order. When so endorsed it must be left with the officer receiving the deposit, to be forwarded to the Treasury Department.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the
FIRST NATIONAL BANK OF WAYNESBORO',
and by all National Banks which are depositaries of public money, and
ALL RESPECTABLE BANKS & BANKERS
throughout the country will give further information and afford
EVERY FACILITY TO SUBSCRIBE.

A POIC FOR THE TIMES.

While war's fierce peals alarm us,
Or victory's shouts oft charm us,
The calmer notes of local news,
Of little brawls, or breaks, or stews,
Are equally engaging.

The former often shock or please,
But such emotions quickly cease,
But when jewels bright and gay,
In multitudinous array,
Our serious thoughts assuaging:—

Are placed to view at Grove's old stand,
To brighten eye, or ear, or hand,—
To decorate the lass or lad,
To beautify the calm or sad,
Oh every heart's delighted!

With rings, and pins, and bracelets bright,
Glistening like the stars of night,
On wrist, and fingers, breast and ear,
Like seraphs fair the youth appear!
With beauty's splendors freighted
