Lewisburg, Pa.

FRIDAY MORNING, MARCH 19, 1858

ADVERTISE—Manufacturers, Merchants, Mechanics, Public Officers in City and Country, Publishers—all who wish to buy or sell—would do well to employ the columns of the *Lewisburg Chronicle*, which has a large and increasing circulation in a community containing a large proportion of active, solvent producers, consumers and dealers, as any in the state.

☞ **See New Advertisements.**

☞ Several Official notices in our paper to-day—two Vendues—two Duns (both of them *in earnest*, and GOLDSMITH says now is the chance to buy cheap Goods of him)—and Advt of Super Phosphate of Lime by Mr. Leinau, who is desirous of obtaining AGENTS through the country.

☞ The meeting to-night (Thursday) for the choice of Borough officers we hope may be entirely successful. There are plenty of men in our ranks fit for every station to be filled. Let care be taken in the selection, and a proper deference paid to public opinion, and all will be well.

From what we have learned the great majority of our people desire this year, to RETRENCH, and to pay up at least all individual Court House, Church, and College debts, before expending another dollar on public improvements, by way of taxation. The mass of the people have not money to spare in that manner. There are favored individuals—we wish there were twenty times as many—who are able and willing now as ever, to expend liberally for the public good; but they are exceptions. In choosing Burgess and Councilmen, let care be taken at the proper time.

(We understand a bill has been sent to Harrisburg, to lay a tax of $3,000 upon this Borough for some Court House deficiencies. Such a law no doubt would be pronounced unconstitutional; but the safest way to prevent trouble, is to elect none but full, outspoken opponents of that measure, for Burgess and Council, and to send on Remonstrances to both our Representative and Senator.)

☞ Troops of old and new friends gathered in Independent Hall last Tuesday evening, to hear from the State Superintendent of Common Schools (Hon. H. C. HICKOK) on the subject—to many so dry and uninviting—of Education. The address was nearly two hours and a half long—about one hour too long for many of the heated and crowded audience; but those who had most at heart the advancement of universal education would have been content to hear him another hour. Although almost worn out with the days rambles and excitement, yet his devotion to the great work, and his intense anxiety for its success, were amply evinced in the time which—unconsciously to himself—he devoted to an animated, logical, and occasionally humorous discussion of various branches of the question.

☞ The ARGUS and others of the sham Democracy affect to be shocked at the Republicans for not condemning Walker, Forney, &c., as they did two years ago. They forget the important fact that those men have CHANGED THEIR COURSE, and go for Liberty and Right, now, and against Slavery and Wrong. "St. Paul was at first a good deal of a Locofoco, but after his conversion was not only a Christian but an eminent Christian leader." If Buchanan and Bigler will do right, we will praise them just as far as we think they are right. There is no inconsistency in this on our part.

☞ Almost every week, we observe some of our exchanges exposing some City sharpers who have robbed them, and in the same number puffing "another of the same sort." It takes some editors a long while to learn!

—The same wise chaps are often publishing Black Lists, and grumble awfully because patrons do not pay up. All this is petty spite and useless (pen) blubbering: stop sending out your papers on credit, and you will find it exactly the thing for yourself and your patrons.

☞ Com. Matthew Calbreath Perry, a native of Rhode Island, and a younger brother of Com. Oliver Hazard Perry, the hero of Lake Erie, died at New York on the 4th inst., aged 70 years. He was the head of the celebrated exploring expedition which resulted in a treaty between the U.S. and Japan.

☞ The "Conservative" papers generally which did so much to scare and coax the timid, the unprincipled, and the reckless, into the support of Buchanan are generally backing out from him, having found their awful mistake.

"Ned Buntline" is announced as a valuable contributor to one of the "Gift," newspapers in the city. Humbug to humbug—cheat to cheat—is coming pretty strong, but will catch some fool's money.

☞ One half the amount for Gas Works has been subscribed, in shares of five or less. Those who desire stock should be quick about it. Wm. H. Chamberlin has the book.

☞ The EXPENSES of the U.S. Government, for the last quarter, were Millions Dollars more than its RECEIPTS. At this rate, how long will it take for Locofocoism to bankrupt the Nation?

The next session of the (South) Baltimore M. E. Conference will be held in Lewisburg, Virginia.

☞ See to it that you elect competent and devoted men for School Directors.

There are in circulation counterfeit $5's on the Susquehanna Bank.

Twenty-four persons were recently baptized by Rev. J. A. Kelly, pastor of the Baptist church in Jersey Shore.

A German named Daniel Hughley, in the employ of M. Q. Crane, of Jersey Shore, last week committed suicide by taking arsenic. He is about fifty years of age.

The Lutherans of Pennsylvania are making an effort to establish a Missionary Institute—or kind of College; and Selinsgrove has made a liberal subscription, and is making vigorous efforts, to secure the School at that place.

The Middleburg Journal states that within two weeks 105 persons have had the measles in that little town, almost entirely breaking up the schools.

A daily prayer meeting of an hour at noon, is advertised as being held in the Court House at Williamsport.

Monroe Stewart, recently saved from hanging by Gov. Packer, died in the hospital at Pittsburg, of small pox.

Isola Montez was advertised and *paid* for a Lecture in Williamsport, but failed to attend. The agent was an impostor.

The Lycoming Gazette has at last come out flat footed against the adoption of the Lecompton Constitution.

On Sunday last, Rev. Joshua Kelly baptized 12 persons in the fellowship of the Baptist church, Muncy.

There was a fire in the upper storey of the Dickinson Seminary building, Williamsport, on Saturday evening last, but it was suppressed without doing much damage.

A Market House has been erected at Mauch Chunk. Last Saturday was the opening day. Fourteen stalls were rented at an average yearly rent of $21, each.

On Wednesday week two mules attached to a wagon loaded with furniture, while crossing the ice on the river opposite Sunbury, broke through and were drowned. The mules belonging to Mr. Kantner of Selinsgrove. The furniture, belonging to Jas. Deen, was saved in a damaged condition.

REPUBLICAN MEETING.—The Republicans of the North and South Wards of the Borough of Lewisburg will hold a meeting for the purpose of nominating candidates for Borough offices at "*Independent Hall*" on Thursday evening, the 18th of March, 1858. See there be a general turn out, so that the nominations made may give general satisfaction.—March 11, 1858.

☞ A Public School Examination will be held in East Buffaloe, at the Fairmount or No. 2 Schoolhouse, Friday March 19, 1858. The exercises are to commence at 1 o'clock P. M. In the evening, an address may also be expected in the Salem Church, near the Schoolhouse, by Prof. HENDRICKS, of Northumberland. All friends of education are respectfully invited to attend.

Citizens of Lewisburg and Vicinity.

On *Saturday Evening next* (to-morrow night, March 20) I propose to occupy INDEPENDENT HALL for the purpose of amusing the public and making a little money for myself. You are aware that I must pay something for the use of the Hall, light, &c. But the members of the Brass Band have most kindly consented to give me their aid gratis; and I assure the public that my gabble shall not prevent them from hearing this soul-stirring music. If my written lecture is too long, I can cut off the latter end of it with as little remorse as you would cut off a dog's tail.

N.B. If there is time, I will read some fine Poetry and tell some Stories. I will try my best to please my kind friends.

Tickets of Admission, **10** Cents—To be had of Iddings & Wetzel—C W Schaffle—Post Office—Beaver, Kremer & M'Clure—Schreyer & Son—Jos M'Faddin—A Ammons & Co.—Brown & Ritter—F S Caldwell—J & J Walls—J L Yoder—A M Lawshe—Goodman & Chamberlin. JAMES AIKEN.

☞ A good looking friend of ours, who is on this side of forty, though somewhat hoary headed, while absent from the city a few days, used Prof. Wood's Hair Restorative, and on his return called to see his lady love, but was amused to find she did not recognize him; and immediately determined to pass for a cousin of himself, but was eventually charmed to find he was supplanting his former self in the affections of the lady, which caused him to make himself known; but the lady still says that she likes the counterfeit better than the original, and insists that he continue (if necessary) to use the Hair Restorative. To be had of the druggists.—St. Louis Morning Herald.

☞ It is a most undoubted fact that Dr. SANFORD'S INVIGORATOR, or Liver Remedy, is one of the greatest discoveries made in medicine the past century. It has been a study of the Dr., during twenty years' practice, to find what particular organ, when diseased, caused the greatest number of ills or pains; and his conclusion is, that the liver is the greatest regulator of the system, and the most liable to disease; which if kept free from disease, is a preventative of Dyspepsia, Jaundice, general debility, &c., while, last but far from least, we mention consumption; for our experience is that more cases of consumption occur from diseased liver than from all other causes put together.

Taking this to be a correct hypothesis, we have but to find a remedy with which to correct the liver, and we have a cure of nearly all the diseases we are subject to by simply using a preventative. That the Invigorator is such a remedy, is beyond doubt to all who try it, for its virtues are such that for all complaints arising from liver derangement, it is an unfailing remedy, while as a family medicine, for all diseases of the stomach or bowels, which are caused in a greater or less degree by the working most, it is the safest, surest and most effectual remedy known.

Poets sing of the spices in India's isles,
Of the citron, the orange and lime;
They sing of the fragrance so lavish diffused
By the breeze in each tropical clime;
Let the epicure boast of each high flavored dish,
The flavor of wine or French brandy,
Yet none of the list named above can compare
With Mrs. DENORMANDIE'S Candy.

Rich spices, and fruits, and sweet flowers may be had
On dishes for epicurean dainty;
But the question in this I will not debate,
Yet such have admirers in plenty.
With all there is none of them left so much behind,
From the sweet prating child to the dandy,
As the smallest of sweets, everywhere called—
