Lewisburg, Pa.

FRIDAY MORNING, JULY 2, 1858

ADVERTIZE!—Manufacturers, Merchants, Mechanics Public Officers in City and Country, Publishers—all who wish to buy or sell—would do well to employ the columns of the *Lewisburg Chronicle*, which has a large and increasing circulation in a community containing a large proportion of active, solvent producers, consumers and dealers, to any in the State.

☞ See New Advertisements.

☞The Lewisburg "Independent Hall" and its surroundings have been considerably improved, recently.

☞EVANS & Co. have enlarged their business by the introduction of an assortment of cheap Groceries, &c. &c.

☞The Reformers' Convention in Vermont had about as many crazy heads and resultless ideas, as the Southern Convention in Alabama.

☞At 2½, P. M., of Sunday next, J. Q. A. Rohrer will deliver the monthly address before the Society of Inquiry of the University at Lewisburg, in the Chapel.

☞Dr. George I. M'Leod, of Philad., is chosen Orator, and Rev. Malachi F. Taylor, of Whitehall, N. Y., Poet, at the next celebration of the Alumni of the University at Lewisburg.

☞The Republicans of Iowa already have their full State Ticket in the field. Among the Delegates to the Second District Congressional Convention, we recognize the names of James T. Lane and James T. M'Cormick, late of Lewisburg.

☞The editors of the Snyder county Democratic paper reported (on a trip to Lewisburg last week) that that county is "*destined* to become Democratic." How is it, gents of the *Tribune, Volksfreund, Demokrat?* Have you any fear of such a *calamity?*

☞The LEWISBURG REAPERS—an improvement on Hussey's—stand their hand well in the contests in this region.

Kirby's did not reach Mr. Leiser's in season for the "bee" there last Monday, but is expected this week, with a man to work it.

☞The 4th of July this year occurring on Sunday, there will not be the usual number of celebrations of that day. In some places, the 3d is selected for observance, and in others the 5th. There are those, also, who think that sermons on that day, relative to our blessings as a nation, and the rights of man, would not be inappropriate.

☞Our friend of the *Bloomsburg Republican* disclaims the responsibility of *that* courting fable, which he states he found in some other paper. The "endorser" is generally considered as responsible as the "maker," if the latter can't be found, but in this case we "withdraw the reply," Congressional fashion, sorry if—as would seem from the Dr's. "last remark"—we in the least disturbed his digestion.

☞Mr. BREWER, late of Lambertville, N.J., the new proprietor of the BUFFALOE HOUSE, Lewisburg, has had the requisite experience in his line of business, and keeps a first class house. Strangers and visitors can rely upon finding it well furnished and every way comfortable stopping place; and well worthy of support.

☞Our neighbor of the *Sunbury Gazette* errs in attributing the article headed "Another Railroad," to a "Union county paper." It was from the Selinsgrove Demokrat. Some sixty or seventy miles of country on the west bank of the Susquehanna—not "Lewisburg" alone—are interested, and Philadelphia MAY find it a vital matter. The Gazette, however, is still hopeful of a connection eastward over or through the Broad mountain.

☞TO-MORROW will be generally observed as the Anniversary of our National Independence—the day when our patriotic Fathers promulgated the only true political principle, *Equality of Rights the gift of God to all men.*

In Lewisburg, an entertainment has been prepared with great care, which we think will be found worthy of universal attendance. The celebration will begin at 10, A. M.—leaving the afternoon and evening to the various social gatherings that may be devised.

[We regret to see our neighbor of the Argus firing a broadside "on suspicion"—British *Styx* fashion—at the only celebration attempted at home. It would seem the attack did not originate in a worthy motive. It reminds one in its temper of a certain other cataract of invective poured out upon a certain "colored lady," the CHAMELEON, "canine cats," and cows—all of whom survived, as no doubt the Celebration will——But the Argus seems to fear that it will be an "Anti-Nebraska" affair. Has it already come to this, in the eyes of the Nebraska Democracy, that the reading of the Declaration of Independence is to be branded as a "Black Republican humbug" which faithful Democrats are to be prejudiced against hearing? The truth is, the Lewisburg Literary Association as well as Held's Cornet Band comprise both Republicans and Democrats, who intend no party celebration. They do not know what Dr. EDER's address will be—they leave him untrammeled, as he would be anyhow. His fame as a Lecturer induced them to invite him to give a 4th of July speech—which men and women can hear or not, just as they choose, and approve or disapprove his sentiments just as they deem them right or wrong——The profits that may be realized will be appropriated to the adorning and improving of the property.]

☞To-morrow, provisions and refreshments will be provided, to aid in the erection of a M. E. Chapel, near SODOM. ("The managers" have not paid us for stating the fact, but as the object is good, we see no propriety in exhibiting an unmanly spirit by denouncing it—most printers generally expect to do some little friendly things in this world without any direct compensation in dollars and cents.) We suppose the people can not only hear Dr. ELDER's Oration in town, but also get their dinner over the river—(a "quarter" each—one or both) just as their "tastes" dictate. No need of any "opposition," if 'tis the 4th.

New Declaration of Independence.

When in the course of human events it becomes necessary for convenience, comfort, or health to remove a public office, (such as the Post Office in our Borough) to other quarters, and the thing is done with good taste, it is an indisputable fact that no one should complain, but, on the other hand, be proud in being able to say that there has been such an *improvement*. Energy, industry and a spirit of accommodation are praiseworthy in any man, and especially in public officers. If you want to see the three combined, just drop in at the New Post Office, in Penny's Block, on Market street, (half a square above the old location) where you will have a fine opportunity of seeing and being seen, and where very many useful and *fashionable* articles may be purchased *cheap for cash.*

☞The *Argus* makes rather a late attack upon Judge KELLY's dissection of the new cent—the "Liberty"-less Democratic medal—on *last* 4th of July. The Judge "still lives," but we do not find the "mulatto penny" becoming popular, either among the "mulatto Democracy" or the 'Blac's Republicans.' So universal is the condemnation of the miserable thing, that, we see it stated in the *Boston Post* (an Administration paper) the "Government" have concluded to back out of the speculation and throw the dye to "the moles and the bats!" So mote it be!

Local News.—We again request our friends in different parts of the county to give us short accounts of matters of real public interest, at an early day. Such matters always give life and value to any, and, especially to country newspapers.

If some one would take it upon himself to see that editors are informed of passing occurrences of note, they would be secured in season; but, as "everybody's business is nobody's business," such items frequently reach them too late, if at all. As one example, we would state that the death of DAVID HAYES, Esq.—one of the very best and most esteemed citizens of our county—although known to many, here, as well as at his home and elsewhere, was not communicated to us until two WEEKS' publication had elapsed.

The American Bank, which was recently opened at Baltimore under suspicious auspices, has exploded. It had a large circulation in the West.

The Leviathan was opened for exhibition on Monday the 24th ult. The vessel is now said to be full in trim.

NOTICE.—A special meeting of the Lewisburg Literary Association will be held at the usual hour and place, This (Friday) Evening. A full attendance is requested.—July 2, 1858.

***LATEST FROM EUROPE!—ARRIVAL OF THE SUBMARINE TELEGRAPH!—Although the fleet may not have arrived, yet to make amends for it, CHARLEY HEINER advises all those in want of a superior article of Ice Cream, Cakes, and other Refreshments, on Saturday, the 3d of July, can be accommodated at his House, and in the Evening at the Promenade Concert in Independent Hall. Don't forget to call, for everything in his line shall be A No. 1.

Holloway's Ointment and Pills.—The various and frightful abominations of the lower limbs, known by the general term of "sore leg," or "bad leg," yield everywhere with surprising rapidity to the influence of the Ointment. We are informed, from sources in which we have full confidence, that abscesses and sores of this class, that had been discharging for many years, keeping the sufferer in constant pain, and in a most debilitated condition, have been dried up in a few weeks by this wonderful disinfectant. It does not merely suppress the discharge, which would be dangerous, but, striking through the surface to the nucleus of the disorder, obliterates at once both its source and its symptoms. The Pills, by their mild aperient action, expediate the cure.

☞See advertisement Dr. Sanford's LIVER INVIGORATOR in another column of this paper.

☞It is a most undoubted fact that Dr. SANFORD'S INVIGORATOR, or Liver Remedy, is one of the greatest discoveries made in medicine the past century. It has been a study of the Dr., during twenty years' practice, to find what particular organ, when diseased, caused the greatest number of ills or pains; and his conclusion is, that the liver is the greatest regulator of the system, and the most liable to diseases, which if kept free from disease, is a preventative of Dyspepsia, Jaundice, general debility, &c., while, last but far from least, we mention consumption; for our experience is that more cases of consumption occur from diseased liver than from all other causes put together.

Taking this to be a correct hypothesis, we have but to find a remedy with which to correct the liver, and we have a cure of nearly all the diseases we are subject to by simply using a preventative. That the Invigorator is such a remedy, is beyond doubt to all who try it, for its virtues are such that for all complaints arising from liver derangements, it is an unfailing remedy, while as a family medicine, for all diseases of the stomach or bowels, which are caused in a greater or less degree by liver derangement, it is the safest, surest and most efficacious remedy known.

Died,

In Hartleton on Tuesday evening June 15th., DAVID HAYES Esq., aged 59 years and 18 days. An upright, intelligent, Christian man. Rev. Dudley A. Tyng like, in the midst of usefulness, he is mysteriously removed from the toils of earth to the glories of heavenly rest. O God! were it not for the undoubtable article of our faith, that all Thine acts are founded in wisdom, and all thy doings among men, are right and just; it would seem to our dim vision, and weak understandings, that when in obedience to thy demand on all men, to come up to the help of the Lord against the mighty, thou strikest them down in the harness, in the midst of their apparent usefulness, and long before the battle is won. COM.

On the 8th ult. Daughter of Peter and Elizabeth Miller of Buffalow Tp. aged 2 years, 1 month and 2 days.

On the 24th ult., MARYA wife of Henry Hassenplug, of West Buffalow Tp. aged 34 years and 8 months.

GENTS take notice that there is a fine assortment of Drab, Beaver, Outer and light Summer Hats just received at GIBSON'S new Hat Manufactory, Lewisburg. Cheap for Cash.

HAYING is progressing under very favorable circumstances, and with good results. The golden WHEAT is turning yellow towards maturity, and nodding for the Reapers. An unprecedented harvest is almost everywhere promised. In Snyder and Mifflin counties, however, a great proportion of white blue stem wheat was sown; which, there and elsewhere, is much injured by the weevil. Cherries, Currants, and Berries are ripe and ripening in abundance.

☞Many are the preparations offered to the public for the cure of Chronic Diseases, but no medicine has ever done one half the amount of good for sufferers as DR VALL'S GALVANIC OIL. It is applicable to all sore and painful diseases. It will relieve pain in a few minutes.

Notice---Certain.

Fair Play and no Gouging!

PENN'A Dutch, vs. YORK STATE YANKEES!

Great Trial of Reapers

At LIMESTONEVILLE, June 25, 1858. By especial request and written challenge of the agent sent to us to meet MANNY'S Patent Grass and Grain Reaper with WOODS' great Improvement, we met on Mr. Weidenhamer's farm at Limestoneville, Montour Co. Pa. on the above date. We also met a KETCHUM Machine, belonging to Mr. Eshbach, which worked very well.

The machines went to work in the forenoon and worked untill noon, when the Manny men slipped off, brought another Manny's Reaper with Wood's great(?) improvement, worked for some time, and then positively refused to finish the piece of mowing allotted to them! Mr. Weidenhamer went in with the LEWISBURG Machine and finished the field.

Being no book publishers, we do not deal in "yaller kivered" pamphlets filled with pretty pictures and glowing certificates, some of which are of questionable propriety, especially such as are referred to in the Manny "primer," dated June 30, 1857, respecting a trial in Lycoming county, signed by John A Shafer and Michael Eby, ESS. the balance of the Committee, four out of six, (to wit: Peter Kollinger, Abraham Brecklull, Michael Deringer and John Stauffer) having given their certificate decidedly in favor of the LEWISBURG Reaper.

We respectfully refer to the following persons who have secured LEWISBURG Machines, some of which have been delivered and started, and the balance to be delivered this week:

It has been satisfactorily proved that Reapers can be made and sold—in our own Pennsylvania—as CHEAP and as GOOD as to send what little money we have away to distant States for no better Reapers. Keep money circulating near home, ☞ where you can easily get (by Railroad or Canal) the Machines *repaired* by the Manufacturers—for all Reapers will at times require repairs, and are all equally liable to accidents.

KIRBY'S MOWER & REAPER.

WE are Manufacturing the above mentioned excellent Machine for Eastern Pennsylvania and the neighboring counties in New York, and invite the particular attention of Farmers to the following features of KIRBY'S Mower & Reaper, which we believe to be superior to all others in use in the following particulars: It is the lightest in use—strong and durable—simple in construction—easily worked—adapted for horses or oxen—requires much less draught than other machines—has no side draught, yet it cuts a wide swath—works on rough ground where no other machine can follow it—very difficult to be clogged in any kind of grass, be it wet or dry—not liable to get out of repair—is composed principally of iron—*is a perfect combined machine, working equally well whether mowing or reaping—and is the cheapest in price,* the Mower being only $100, and the combined machine $120—making it altogether the most desirable Mower and Reaper in the market.

☞Farmers wanting RELIABLE Mowers and Reapers, should by all means see ours before making up their minds to buy any other.
