☞ The original plan of Tillotson & Hutchinson's new complete in the public post-office, will take place in the new "FRANKLIN HALL," to be erected, which will be a great convenience to people—except those of the Baptist persuasion, who are LOCKED in the Baptist church.

☞ The Central Hotel, and it is believed the other Railroad Hotel (Bear Inn) will issue HALF FARE tickets, good from 7 to 14th July, (both days included.)

☞ Since last Courts, or nearly, two new Hotels have been opened in Lewisburg—the Kelly House, formerly Kline's, and the Farmer's House, formerly the Female Institute. Both are undergoing and improving the place accordingly in that respect.

KANSAS ADMITTED.—We are pleased to learn that Congress has adopted by a decided majority the conference bill admitting Kansas into the Union under the Lecompton constitution. The result is one which will give peace to the country and relieve the national legislature of a subject which not only engrossed nearly all its time, but has been a means of discord and estrangement between the members of the democratic party which every patriot must have deeply lamented.

☞ The foregoing is evidently from the pen of a man who voted for "Polk and the Tariff of '42" and for "Buchanan and Free Kansas." Kansas is not admitted—not yet—must wait awhile—Slavery is not willing!

☞ At a meeting of the Board of the Missionary Institute, held in Selinsgrove on the 29th ult., it was resolved to open the Theological department on the first Thursday of October next. Instruction in Theology will be given by Rev. B. Kurtz, D. D., Superintendent of the Institute, assisted for the present by Rev. H. Ziegler. Instruction in the Natural Sciences and in any other branch of preparatory studies, can be given in the Academical department, which has already commenced operations under the principalship of Thos. Weaver, A. B.

☞ Rev. Thomas Bowman, D. D., new pastor of the Lewisburg M. E. Church, has been unanimously elected President of the Indiana Asbury University, and professor of Mental and Moral Philosophy. The Indianapolis *Journal*, in speaking of the election, says "it is yet uncertain whether Dr. Bowman will leave his present position before the meeting of the next East Baltimore Conference."

☞ At a celebration on the 3d inst., on the island at Milton, a limb of a tree from which a swing was suspended broke and fell on a little niece of Ex Gov. Pollock, daughter of Thos. Pollock, of Philadelphia, badly breaking her thigh bone. A little daughter of the Ex Governor had her shoulder severely bruised.

☞ A meeting of the Stockholders of the Susq. Telegraph Co. will be held at the Montour House, Danville, on Tuesday next, at 3 P. M., for the election of officers. A semi-annual meeting of the Directors will immediately succeed that of the Stockholders.

☞ We see announced "J. A. Wright, Lewisburg, E. C. G." of the "Grand Commanding of Knights Templar," of Pennsylvania. (Lewistown, we reckon it should be.)

ST. LOUIS, July 12.—To-day the Missouri Republican entered the fifty-first year of its existence. From a diminutive weekly sheet of 12 by 14½ inches, issued July 12, 1808, it has gradually increased to its present mammoth proportions of 33 by 56 inches, being the largest paper ever published in the West, and, with two exceptions the largest in the Union. The Republican employs one hundred and seventy-five permanent hands, and the aggregate expenses of the establishment reach $4000 per week.

The examination of Gen. LANE at Lawrence on the charge of murder, has resulted in his acquittal. In noticing the fact, *The Leavenworth Ledger*, a paper unfriendly to Lane, says: "The Court were *unanimous* in their opinion; and we feel fully justified in saying that the evidence adduced for and against the prisoner warranted them in arriving at the conclusion they did."

[Gen. Lane was subsequently, at his own request, bound over to answer any charge that might be brought against him by the Grand Jury.]

GENESEO, N. Y., July 9.—Isaac L. Woods was executed this afternoon for the murder of his sister-in law, Rhoda Woods. He died protesting his innocence of the crime.

We subjoin a copy of a law enacted by the Legislature of Wisconsin at its last session and not yet so widely known as it soon will be:

"Published May 31, 1858. Chap. 137.

"AN ACT relating to the exemption of homesteads from forced sale on execution or other final process.

"Owners of homesteads may remove from or sell the same, and such removal or sale, shall not render the homestead subject to forced sale on execution hereafter issued in the State or United States Courts against the owner, except in judgment for foreclosure of mortgages. The homestead to descend to the widow who shall hold it during widowhood."

The purpose of this law appears to be to render the collection of debts more difficult and uncertain than before, and we accordingly commend it to the attention of those who have dealings with the inhabitants of that State.

SERVED THEM RIGHT.—In the Philadelphia Court of Quarter Sessions, on Saturday, Judges Thompson and Allison sentenced Charles Shaw to pay a fine of $100, and costs, for a violation of the election laws in receiving votes without vouchers as to residence. The same Judges also sentenced two of the delinquent members of the Board of Health. The first was John O'Brien, who being convicted of forgery and misdemeanor in office, was sentenced to pay a fine $150, and undergo an imprisonment of three months. The second, Dr. Housekeeper, being convicted of a misdemeanor in office, was sentenced to pay a fine of $50 and undergo an imprisonment of three months.

A COINCIDENCE.—James Powers was hung at Washington, on Friday last. When parting from his brother, his last words were, "Let liquor alone." On the same day, in the same city of Washington, and almost at the same hour, a drunken Irishman murdered a girl who would not marry him. She was asleep at the time, and died without waking—the knife having penetrated her heart.

The Washington *Union* concluded an article a few days ago with these words: "It is certainly a good thing to be a Democrat in these days." No doubt of it. The same number of the *Union* contains nearly twelve columns of Government advertising at "fat" prices!

NORFOLK, VA., July 9.—The Captain and crew of the schooner Francis French, are being tried at the Hastings Court in Smithfield, on the charge of stealing slaves. Thompson, the steward, plead guilty, and was sentenced to the penitentiary for ten years.

The Spring election in Hancock county, Virginia, was closely contested between the Lecompton and anti-Lecompton forces. The County Clerk elected is a Republican, and his majority was 180. Mr. Buchanan carried the county in 1856 by 150 majority.

Robert T. Luce, late a student at Rensselaer Institute, died in Kansas, on the 25th ult., of consumption, originating from violent exercises at a cricket match. He was about twenty years of age, a son of the heroic Captain Luce, of the fatal steamer Arctic.

CINCINNATTI, June 29.—The Democratic Convention of the Fourth Indiana Congressional District, to-day nominated Wm. S. Holman as anti-Lecompton candidate for Congress.

A young man by the name of H. Barber, returning from church in Clarksburg, Maryland, on Sunday two weeks, while running a race with a young companion, attempted to make his horse leap over a cow lying in the road. The cow raising up pitched the horse over, killing Barber instantly.

BUFFALO, July 9, 1858.—H. C. Gilbert, commercial editor of *The Buffalo Commercial Advertiser*, and commercial reporter of the New York Associated Press, was instantly killed this morning by the falling of a scaffold at No. 14, Central Wharf.

HALIFAX, July 9, 1858.—The British war steamer Styx, from Havana on the 1st inst., arrived at this port last night. She reports the yellow fever raging badly there. Her officers appear to be highly amused with the American version of their proceedings in the Gulf of Mexico.

The State prosecutions against the two booksellers for circulating a libel against Napoleon, ended in an explanation from them and the rendition of a verdict of not guilty.

The case of John B. Gough, the celebrated American temperance lecturer, against Dr. Lees, for libel, resulted in favor of the former, the latter retracting the charges he had made.

WORTH TRYING.—Mr. A. F. Snow, of Brunswick, Me., says that a few applications of castor oil will kill any kind of warts, on man or beast, without soreness.

In Jefferson county, Ma., last week, a verdict was given of $4,500 damages against Mr. Hite, for the seduction of Miss Randall.

BOSTON, June 28.—Hon. Albert Nelson, formerly Chief Justice of the Superior Court, died at the M'Lean Insane Asylum yesterday.

The Legislature of Minnesota approved the course of Douglas and Shields on the Kansas question. About half of the Democrats voted against the resolutions.

They have yet some good cool snow among the Green Mountains up in Vermont and New Hampshire.

James Thomson, a youth, was executed at Columbus, Ga., on Friday last, for the murder of Mr. J. J. Calhoun, about a year ago, in that city.

WASHINGTON, July 12.—Judge Douglas has opened his campaign in Illinois against what he calls the "Lieb, Danite, Postoffice Democracy of bolters and traitors." He will, as he announced here, make an energetic effort to beat that party, as well as the Republicans; but the last named party, in this contest, confidently claim the victory. The probable loss of Illinois to the Democratic party, in the next Presidential election, in consequence of the feud, is deeply deplored in Virginia by the friends of Mr. Hunter, and is a matter of exultation with the Southern extremists, who see in it the prospect of a strict sectional division of parties.

The Iowa Democratic Convention was held on the 1st inst., and was fully attended. The following nominations were made: Sam'l Douglas, for Sec'y of State; Theo. Parvin, for Auditor; S. S. Lorah, for Treas'r; J. L. Elwood, for Att'y Gen.; J. M. Reed, Register of Land Office. The Convention by a heavy majority, reaffirmed the Cincinnati platform, but said never a word of the President or "Lecompton." This offended the minority, who assembled separately, and passed the needed laudatory resolutions.

Mr. Douglass' home organ, the *Chicago Times*, gives a list of *fifty nine* journals in that State which repudiate the Lecompton test, *two* non committal, and *six* who "go in" for Buchanan. Of the latter, one is edited by a Postmaster, one by a mail agent, one by a Lecompton, one bought for $117, and two owned by Postmasters. The editors of the two yet noncommittal *expect* to be appointed Postmasters!

The African Methodist Church of the United States, which is of recent date, already numbers thirty thousand members. It owns Wilberforce University, near Xenia, Ohio, where Bishop Payne, the head of the church, resides. The buildings have cost $65,000.

SUSPICIOUS.—A Lecompton candidate for Congress in New York, with an Editorial friend, while stumping the district last week, got belated and asked to stay all night at a roadside cabin, but the owners thought they looked so much like horse thieves that they told them to move on.

HOLLOWAY'S OINTMENT AND PILLS.—There are no diseases incurable as those which imperil health and life. Therefore the latest and most decisive proofs of the above named great Medicinal remedies are infinitely more desirable than the operations of the common faculty. The victims of scrofula, eruptions, cancers, tumors, sore legs, etc., etc., throughout the union, look to the Ointment as the only element of cure. Sufferers from dyspepsia, biliousness, affections of the liver, etc., are equally free from fever on the Pills. What then should be the punishment of the miscreant who offers a pernicious salve in the place of the one, and a vile drastic compound under the name of the other? In order to be sure you have the genuine article, see that the water mark "Holloway, New York and London," is on every leaf of the book of directions enclosing each.

DR. VAN'S GALVANIC OIL has done more good, performed more cures, and relieved more pain, than any other medicine in the known world. It has cured a wonderful case of Spine Disease in the person of Nancy Ann Martin, Troy, N Y, and many others could be mentioned.

☞ See advertisement Dr. Sanford's LIVER INVIGORATOR in another column of this paper.

☞ It is a most undoubted fact that Dr. Sanford's Invigorator, or Liver Remedy, is one of the greatest discoveries made in medicine the past century. It has been a study of the Dr., during twenty years' practice, to find what particular organ, when diseased, caused the greatest number of ills or pains; and his conclusion is, that the liver is the greatest regulator of the system, and the most liable to disease; which if kept free from disease, is a preventative of Dyspepsia, Jaundice, general debility, &c., while, last but far from least, we mention consumption; for our experience is that more cases of consumption occur from diseased liver than from all other causes put together.

Taking this to be a correct hypothesis, we have but to find a remedy with which to cure the liver, and we have a cure of early all the diseases we are subject to by simply being a preventative. That the Invigorator is such a remedy, is beyond doubt to all who try it, for its virtues are such that for all complaints arising from liver derangements it is an unfailing remedy, while as a family medicine, for all diseases of the stomach or bowels, which are caused in a greater or less degree by liver derangement, it is the safest, surest and most efficacious remedy known.
