The Convention---the Nominees.

On our first page will be found the proceedings of the Convention of the Union county opponents of the present Bankrupt, Free Trade, Pro-Slavery administration. We have never seen a more respectable convention in point of character and ability. Their proceedings were entirely public. The nominations were conducted, a part of the time, viva voce—but, some deeming it a slower way, they returned to the "marking" system—in our opinion, not the most proper manner of voting by persons acting in a representative capacity, but a manner sanctioned by usage for many years in this region.

For Congress, no nominations were made. Two able and well qualified gentlemen of this county had been named, but as it had become evident that Lebanon county had already secured the candidate, the Delegates concluded not enter upon a trial of strength—much to the chagrin of certain Lecomptonites who hoped to see a little division in that quarter.

For Senator, only one name was proposed—a member of the firm of J. & J. Walls, so long and favorably known in this and Centre counties as extensive merchants and grain-dealers—a man of good judgement and discretion, who, if he could not "stump it" for "Buchanan and Free Kansas," could VOTE against Free Trade and Slavery Extension, every time.

For Assembly, there was no opposition whatever to the re-nomination of our last year's Member—some who opposed him, then, being anxious to support him, now, and wipe out the record made against him by a sectional mine sprung in the dark.

The great strife was on Sheriff, for which there were seven candidates, each of whom had their local aid, as follows: Stahl had Buffaloe; Wilson had Hartley, White Deer, and North and South Wards, Lewisburg; Deckard had West Buffaloe; Stees had Mifflinburg; Crossgrove had Limestone, Lewis, Kelly and East Buffaloe; Kessler had New Berlin; and Thomas had Union. Each district adhered to their man, without division, for eight contests, some votes viva voce, and some by marking. After that, the candidates with the smaller votes were dropped one by one, and CROSSGROVE nominated by a small maj. on the 13th trial. We had no acquaintance with the nominee, previously; but we find him a frank, fine looking farmer, in the prime of life, who has hosts of friends among both parties throughout the region where he is known; and we have the best of reasons for knowing that the best men in the Administration ranks, both prior to and since his nomination, called him the strongest candidate in the field.

For Commissioner, several gentlemen were suggested, all of whom had good backing, but the choice fell upon Mr. Pross, of Kelly township—one of the most sensible, intelligent, and honest citizens of our county, a hard-working mechanic his life long. His name was proposed for the office entirely without his knowledge, or that of any member of the Convention. Those who do not know him, will find him a reliable and safe man.

For County Surveyor, ROBERT CANDOR, Esq. needs no introduction. His integrity and general ability, his carefulness and experience as a Surveyor, are too well known and appreciated to need a word. It is three years since the lamented HAYES was elected, and his term would have expired this year, had his decease not occurred.

For Auditor, JOHN REBER is another of the old citizens whose names and character are both so favorably known. Surely, Mifflinburg is entitled to ONE Auditor rather than New Berlin to THREE.

The Coroner is an important office, for, in addition to the general duty to investigate causes of sudden or suspicious deaths, he officiates as Sheriff in certain emergencies. WM. L. HARRIS is abundantly competent for this (or any other) county office.

—Thus we have a full ticket, representing six districts in both ends of the county—all, long tried and well known friends of the Protection of American Industry, and opponents of Slavery Extension. They are all, too, men of good character, and fair standing at home. There is no sufficient reason why they should not be elected, by handsome majorities. The crowd in attendance upon their nomination, and the interest excited, indicate that such is the public expectation. It is true that some as good candidates, and as worthy, were defeated. Such is necessarily the result in these contests. Yet "there are as good fishes in the sea as were ever caught—as good women, unmarried, as there are wedded." We are happy to know that the unsuccessful candidates generally receive their fortune in the true manly and patriotic spirit, and trust that time and reflection will lead them and all their friends to yield that cordial and strong support, to the Representatives of THE CAUSE, which they would themselves have DESIRED and EXPECTED had their first choice been gratified.

☞ "DEMOCRATS! STICK TO THE TICKET!" is the language of the Locos among each other; but when they approach any of the Opposition, they cry out, "'ALL OLD PARTY TIES BEING BROKEN UP,' just come in and vote the Free Trade and Lecompton Ticket!" (*"Come in here, out of the rain,* as the shark said to the little fishes.")——We are aware that the Slavery issue has broken up the Democratic sway in most of the Northern States, and that Douglas is using it up in the remainder—but then the Opposition party is consolidating just as fast as the Administration is falling to ruins!

—Does the Loco press in such counties as old Northumberland say that *"all old Party ties are broken up?"* Not they—they are in the majority there! Does the *Argus* take its "party" ticket down? Not at all! that cry is intended to "gull the flats!" Only let the *Argus* party elect their "party" candidates, and *after* Election they will shout, *"GREAT DEMOCRATIC VICTORY over the Federal Whig Anti-Masonic Know Nothing Woolyheads of Union county!"* ["Polk, Dallas and '42!"]

☞ Desirous of bringing our nominee for Sheriff to a level with their own, the Lecomptonites of Union county have already begun their game of detraction by circulating a report that Mr. CROSSGROVE is a "turn-coat Democrat."! We have made inquiries of several who know him well, who all say he has always been, as far as their knowledge extends, a staunch Tariff and Anti Slavery Whig—never was identified with the Pierce or Buchanan party men or measures—will that do? If some of his family were (or are) of the Loco stripe, he is not—never was on that side in the recent divisions of parties.

What fib will they next invent to mend their admitted mistake in nominating a yearling Whig Know Nothing as the DEMOCRATIC candidate for Sheriff! "Democratic nominee," ha! ha!

☞ Fruitful in inventions, the Lecomptonites are industriously propagating a report that Mr. PROSS, if elected, will make a county bridge from Third or Fourth street in Lewisburg over Buffaloe creek, and thus aid in getting a direct road through Kelly into White Deer! Before any one takes alarm at that, let him think a little. Can *one* Commissioner make such a Bridge! No. Can *three* Commissioners do it? No. If we understand the process, the *Grand Jury* must first recommend such improvements—the *Court* must next approve it—and, if THEY ORDER them, then, and *only then* the Commissioners must proceed to execute the order. Are not these facts! and will any one be misled by such a report!

☞ The attendance at our Court—since the throng with the Convention on Monday—has not been large. Since the last generous rain, farmers have been closely employed in seeding.

The first case tried, Knettle vs. Mauck, resulted in verdict of $11 for Piff.

The case of Beck & Reber vs. Zimmerman, was submitted to Jury, Thursday.

The case of Shriner vs. Rule, or of Seebolds for the Union county property at New Berlin, it is supposed will take the remainder of the Court!

We were told several Jurors were fined one morning for being absent when called; the absentees who were impanneled being fined $5 each, and those not impanneled $1 each.

☞ The Administration party in Northumberland county have re-nominated W. L. Dewart of Sunbury for Congress; Wm Follmer of Turbet for Senate; Chas Hottenstein of Turbet for Assembly; Joseph Everett of Delaware for Commissioner; Dr Masser of Sunbury for Register & Recorder. (The "upper end" has the big share—"hooks" probably intended to prevent her affections from "straying" across the river!)

☞ The Lecompton party in Columbia county have nominated John G. Freeze for Senate, John Snyder for Sheriff, and do not claim an Assemblyman. They endorse Buchanan, but say nothing about the Democratic Governor of Pennsylvania—don't even say "Wm. F. Packer is a *man* of ability and experience" as was *admitted* in Union county!

☞ The "Democrats" of Allegheny refused to endorse either the State or the National Administration! All their "platform" consists in resolutions REPUDIATING the bonds for money borrowed and spent on Railroads years ago! If that isn't genuine Lecompton, what is?

On Thursday evening, as the Northern Central Railroad Train was nearing the Depot at Williamsport, one of the rear axles of the Tender broke, letting down that portion of the car. The Train was fortunately going slow, and but a little injury was done.

The old "War Horse," Thaddeus Stevens, is the nominee of Lancaster county for Congress. When Tom Corwin and Thad Stevens consent to re-enter the political arena, it looks as if there were work to be done.

☞ Ex Governor POLLOCK is chosen President, and Ex Senator FRICK, Treasurer, of the Milton Savings Bank. A pretty good start!

Hammonton Lands.

NEW ENGLAND SETTLEMENT.

RARE OPPORTUNITY.—To all wanting Farms—in a healthy place, *twenty-five miles* from Philadelphia, on the Camden and Atlantic railroad, New Jersey. An old estate has recently been opened for sale, and the first division of 10,000 acres divided up into farms of twenty acres and upwards. The soil is of *the best* quality for the production of fruits, grains, &c. The price is $15 to $20 per acre, payable in easy quarter yearly instalments, within a term of four years, with interest. The terms are made easy, in order to insure the rapid improvement of the land, by enabling *every industrious man to buy a farm.* It is now being extensively improved by good roads, and some of the best citizens from New England and the Middle States are erecting large improvements. It is a scene of the greatest improvement out of Philadelphia. Seventy-five houses have been built in four months. Practical farmers and business men from the length and breadth of the Union are settling there. It is an important business place, on account of its being in the midst of a great market. Every article raised upon this land finds an immediate sale. The water is excellent, and no such thing as fever is known.

The soil is a sandy or clay loam, with a *clay bottom* and *retentive* of manures. It is free of stones and easily worked. It abounds largely in the phosphates, and such is its fertility that from the crops produced both upon this land and the large area adjoining under cultivation, it will be found not to be excelled anywhere in the production of crops most adapted to its market.

The reader may be well aware that the earliest and the best fruits and vegetables come from New Jersey, which are annually exported to the amount of millions of dollars. The land, besides, being accessible in every way for fertilizers, has an abundant supply of the best quality of muck manure.

Lumber and building materials can be had on the spot at a cheap price, from the mills. Other mills are now being opened, and brickyards being started on the ground. A person can put up a frame tenement for present convenience for one hundred dollars. On account of the extensive emigration, this is the best course to pursue in order to get a place to live in at first. Carpenters and builders are on hand to put up houses on the best terms.

In settling here the emigrant has many advantages. He is within a few hours' ride of the great cities in the Middle States and New England; he is near his old friends and associations; he is in a settled country, where every improvement and comfort of civilization is at hand; he is in a healthy place, and is not subject to the certainty of losing the greater part of his family and his own health by those malignant fevers which make the graves of so many millions of the young and hardy in far off regions away from home and friends. Besides, he has a mild climate and an open winter.

There are three trains daily to Philadelphia, and to all those who improve the railroad company gives a free ticket.

The reader will at once be struck with the advantages here presented, and ask himself why the property has not been taken up before. The reason is, it was never thrown in the market; and unless these statements were correct, no one would be invited to examine the land before purchasing. This all are expected to do. They will see the land under cultivation; they will meet persons no doubt, from their own neighborhood; they will witness the improvements, and can judge of the character of the population. Persons should come prepared to purchase, as many are locating, and locations are not held on refusal.

The Hammonton Farmer, a monthly Literary and Agricultural sheet, containing full information of Hammonton, will be sent to each inquirer, and can be obtained at 25 cts per annum.

Title indisputable. Warrantee deeds given, clear of all incumbrance, when purchase money is paid. Route to the land:—Leave Vine street wharf, Philadelphia, for Hammonton by railroad at 7½ A. M., and 5½ P. M.; when there inquire for Mr. Byrnes. Boarding conveniences will be found. Letters and applications can be addressed to S. B. COUGHLIN, 202 South FIFTH Street below Walnut, Phila. Maps and information cheerfully furnished.
