☞ The first of a series of sermons on the Evidences of Christianity, to be delivered before the Young Men's Christian Association, will be preached by Prof. Crouse next Sabbath afternoon at 3 o'clock, in the Presbyterian church. The public is respectfully invited to attend. By order of the Board of Managers.

The power of Medicine over Disease.—We know of no better illustration of this fact than the wonderful effects of the Oxygenated Bitters in eradicating from the system Dyspepsia, and all functional diseases of the stomach, and restoring impaired digestion.

Bilious Cholic and Cramp in the Stomach can be relieved in ten minutes, in every case, by using from five to thirty drops of Dr VALE'S GALVANIC OIL.

AT FAIRYLAND, Mr. Pennington's Dancing Academy, during the last week, the Ball Dresses for the Belles, and Ornamental Personality were furnished by the Fem City Clothing House of this city. The present patronage of this Institution is greater than that of any other Dancing and Calisthenic Academy in the Union, and other strangers visiting Philadelphia should not fail to call and see Professor Pennington's Calisthenics, as well as its Personnel, for which it is deservedly distinguished.—*Pottsville Evening Chronicle.*

HOLLOWAY'S PILLS AND OINTMENT—VALUE OF WORK.—As a precaution against being imposed upon by the counterfeits of these celebrated preparations, (that swindle being carried on to an extent disgraceful to humanity,) we have to request the public to look for the words "Holloway, New York, and London," which are impressed in the form of a water mark, throughout the paper in each leaf of the book. The signature of our celebrated chemist, Professor Holloway, is also essential to the genuineness. It is needless now to say that this medicine is unrivalled by any other medicine, as its value has been established by the testimony of millions during the last twelve years. It is recommended for the cure of Bilious Fevers, Liver Complaints, Dyspepsia, Costiveness, Piles, Scrofula, Rheumatism, Gout, Lumbago, Sciatica, Neuralgia, Tic Doloureux, Female Irregularities, Stone and Gravel, Retention of Urine, Diabetes, Dropsy, Inflammation, Erysipelas, Ulcers, Tumors, Venereal Affections, Mercurial Affections, Sore Legs, Sore Heads, Sore Breasts, Bronchitis, Coughs, Colds, Asthma, Consumption, Sore Throat, Nervous Affections, Debility, Fever and Ague, Fits, Worms of all kinds, Stone and Gravel, Secondary Symptoms, Piles, Inward Weakness, Liver Complaints, Low Spirits, Blotches, Eruptions, Pimples, Scurvy, Ringworm, Scald Head, Sore Eyes, Sore Legs, Sore Breasts, Bites of Insects, Sore Heads, Old Wounds, Piles, Fistula, Gripes, Bowel Complaints, Dysentery, Diarrhœa, Cholic, Inflammation, Retention of Urine, Female Complaints, Fever and Ague, Fits, Worms of all kinds
