A JOINT RESOLUTION

Proposing an amendment to section eight, article nine of the Constitution of Pennsylvania.

Section 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same, That the Constitution of the Commonwealth of Pennsylvania, in accordance with the provisions of the eighteenth article thereof:—

Amendment to Article Nine, Section Eight.

That section eight of article nine, of the Constitution be amended by striking out the said section and inserting in place thereof the following:—

Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as provided herein, and in section fifteen of this article, shall never exceed seven (7) per centum upon the assessed value of the taxable property therein, but the debt of the city of Philadelphia may be increased in such amount that the total city debt of said city shall not exceed ten per centum (10) upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two (2) per centum upon without the consent of the electors thereof at a public election in such manner as shall be provided by law. In ascertaining the borrowing capacity of the said city of Philadelphia, at any time, there shall be excluded from the calculation and deducted from such debt so much of the debt of said city as shall have been incurred, and the proceeds thereof invested, in any public improvements of any character which shall be yielded to the said city an annual current net revenue. The amount of such deduction shall be ascertained by capitalizing the annual net revenue from such improvement during the year immediately preceding the time of such ascertainment; and such capitalization shall be estimated by ascertaining the principal amount which would yield such annual, current net revenue, at the average rate of interest, and sinking-fund charges payable upon the indebtedness incurred by said city for such purposes, up to the time of such ascertainment. The method of determining such amount, so to be deducted, may be prescribed by the General Assembly. In incurring indebtedness for any purpose the city of Philadelphia may issue its obligations maturing not later than fifty (50) years from the date thereof, with provision for a sinking-fund sufficient to retire said obligations at maturity, the payment to such sinking-fund to be in equal or graded annual or other periodical instalments. Where any indebtedness shall be or shall have been incurred by said city of Philadelphia for the purpose of the construction or improvement of public works of any character from which income or revenue is to be derived by said city or for the reclamation of land to be used in the construction of wharves or docks owned or to be owned by said city, such obligations may be in an amount sufficient to provide for, and may include the amount of, the interest and sinking-fund charges accuring and which may accrue thereon throughout the period of construction, and until the expiration of one year after the completion of the work for which said indebtedness shall have been incurred; and said city shall not be required to levy a tax to pay said interest and sinking-fund charges as required by section ten, article nine of the Constitution of Pennsylvania, until the expiration of said period of one year after the completion of said work.

To the Milk Producer

We are pleased to advise that we will be ready to receive your milk not later than November 4, 1918.

Our plant is equipped to handle 25,000 to 30,000 (twenty-five to thirty thousand) pounds of milk daily, and is, we think, the most modern and up-to-date in the State.

NO MILK WILL BE RECEIVED ON SUNDAYS

Do not listen to any tales to mislead you, given out for selfish interests. We are in business to stay and will stand by the Milk Producer. Your milk will be taken regularly the year around.

We are not connected in any way, whatsoever, with any other buyers of milk.

By delivering your milk to us you will be supporting a home industry, in which most of you are directly interested, and all of you indirectly.

You will receive an absolute square deal, a good price for your milk and treatment of the kind that one business man owes to another.

Drop us a card or 'phone us, so we may know that we can count on you.

FOR YOUR MONEY

WISHING WON'T DO!

You Must Buy Bonds to Get the War Really Ended.

By T. J. MULVEY.

Do you want us to win this war? Well, just saying so isn't going to do it. Mere wishing it isn't going to do it, either! You've got to act!

This isn't the old-time war we used to read about in histories—a professional sort of thing between professional soldiers—at least, it's not that kind of war on our side. It's the civilized world—the plain people of the decent nations of the world against an over-bearing, war-mad race drunk with the lust of conquest and of its own superiority. Germany thought—and wants to keep on thinking—that she was It! Well, she's not, because the decent nations of the world want to live their lives in their own way—the United States among the rest.

And there's only one way to make that clear to Germany—and to ourselves; and that way is to overwhelm Germany, and to do it at once.

Now, then, that's your affair, just as much as it's the affair of your Boys over in France and elsewhere. And it's a business you can't attend to in a half-hearted way. You've got to go at it as you go at the business of making a living—you've got to go at it tooth and nail. The amount of money you thought you'd put into bonds of this Fourth Liberty Loan isn't enough. You've got to treble the amount, even if you pay on the instalment plan—it's going to take that to win. And you want to win! All right, then, get busy in a way to win!

All the Bonds you can buy, and MORE!—or lose even the ability to earn and make money altogether!

Sign up this time for the Big Amount.

THE NEW BUTTONS

Rules Governing Their Distribution Should be Strictly Observed.

As a Liberty Loan button is a badge of honor, signifying not only that its owner has purchased at least one bond, but is proud of having this underwritten Uncle Sam, it is important that this emblem shall not be cheapened by passing it out indiscriminately. Therefore, the following rules will govern the distribution of buttons in the city of Philadelphia:

The wearing of the button proves that the owner has made at least the first payment for his bonds.

He therefore receives it where he makes that payment and when he makes that payment.

Solicitors are not permitted to take cash. Any solicitor who asks you for cash and gives you a button is not authorized to do so, and should be reported at once to Liberty Loan Headquarters.

Therefore, there are only two places in Philadelphia where you can get a Liberty Bond Button.

First—At a bank (including trust company, etc.).

Second—At the industrial plant where you work, if the payment is deducted from your wages.

Get your button now. Wear it throughout the campaign.
