Lewisburg Chronicle.

O. N. WORDEN & J. R. CORNELIUS.

☞ *Business Men*:—The Lewisburg Chronicle, published on the Cash System, has the largest and best circulation of any Newspaper in Union County.

Freedom, national: Slavery, sectional!

☞ *WEEK AFTER NEXT, the Union county Court commences at Lewisburg. (Next week is the Snyder county court, at Middleburg.)*

We invite the attention of those whose subscriptions to the CHRONICLE *expire about the first of the year, to a renewal of the same, either singly or in clubs. (See Terms on first column, first page.) We offer a handsome and popular Book for a Club of 15. Here is a chance to get the paper, and a good book, very cheap.*

There are several persons in the County, indebted to us for years, who have neglected all our calls for payment. If after this we push them to the utmost, and claim the last cent due, they need not complain, for they could at least have settled up and had the matter in proper shape.

The last Election of the Year 1858.

Old Berks again Rebukes Modern Democracy!

The special Congressional Election in Berks county, closes the canvass for this year, and with it a defeat of the Administration—for the second time—in that Gibralter of Democracy. ALT BERKS! The Buchanan party made the contest turn on fidelity to the party and support of "our own favorite son," and went into the contest with high glee. Gen. Wm. H. Keim, the Opposition candidate, was stigmatized as a Whig, a Nix Weiser, a Black Republikaner, and everything else except a Lecomptonite. KEIM IS ELECTED BY 400 MAJORITY! Nine cheers for Old Berks! Again does she repudiate all friends of the National Administration and stand with the FIRE GUARD of the Month, fighting against Slavery Extension and defending Protection to Free Labor. Gen. KEIM is an old-line Whig—an able and popular man.

Thus does Old Berks close the series of popular condemnations, by the mass of the Nation, of the Sectional Cabal in power by a minority vote at Washington. "Will Mr. Buchanan resign?" or will he alter his policy? The future must show.

☞ Those down-river neighbors are so long getting ready to eat their Thanksgiving dinner, that we fear it will get cold. Such a mass of bile as they have to eject from their dia in order to prepare to join in that pious festival, is astonishing to behold. Of one thing, however, you might be "thankful" in advance: and that is, that none of the objects of your wanton assaults are revengeful or litigious—for if they were, no Jury would excuse some of your libels.

The New Issue.

The Richmond *Enquirer* presents the *new issue* which the Slaveholders are going to make with the North. It says:

"Virginia sees, that, though the Constitution recognizes, and the Supreme Court sustains, her right to carry slaves into a territory, yet she also remembers what Judge Douglas so pointedly brought to light in Illinois, that this right may be rendered null and void by the non-action of the Territorial Legislature. Virginia recognizes no power that can compel a Territorial Legislature to enact those laws necessary to protect the constitutional rights of slaveholders, yet *she does hold that Congress has the right, and is in duty bound, to protect slavery in the Territories*, until the people of a Territory, when on the eve of forming a State government, may decide the question finally for the future State. This question is *above the platform of parties*, and must be met, and decided, constitutionally in favor of protection, or unconstitutionally against it. It *can not and must not be compromised*. If the Cincinnati platform does not provide for this question, it *must be made to meet this issue*."

Senator Brown, of Mi., says Pres. Buchanan is prepared to take a NEW STEP in advance on the Slavery issue.

THE FOUR SISTERS: A tale of social and domestic life in Sweden, by Miss Bremer. The writings of this most amiable lady can not be too highly recommended. Her romances are true pictures of life, elegantly clothed in language as sweet and pure as the fame of the gentle authoress herself. All Miss Bremer's works have been read with the greatest interest in this country and in Great Britain. The most rigid critics of both countries have always given the works of this lady the highest praise. This book has been translated by Mary Howitt. It is published by T. B. Peterson & Brothers, 306 Chestnut St., Philadelphia, and will be sent to any one, *free of postage*, on the receipt of $1.25.

☞ At the annual election of Directors of the Northumberland Bank, the following Board was chosen: John B. Packer, Daniel H. Brautigan, Wm. I. Greenough, George F. Miller, Wm. H. Waples, Simon Schuyler, Wm. Forsythe, Edward Wilson, George Schnure, John Roush, James Taggart, B. Frank Paxton, A. B. Warford. The Board re-elected John B. Packer, Esq., as President.

Mrs. L. H. Sigourney, of Hartford, Conn., furnished fifty poor families in Boston, Mass., with turkeys or fowls and pumpkin pies, of the best quality too, for a thanksgiving dinner.

☞ Since the English bill has been killed, and Buchanan & Co. have tried no new scheme to enslave Kansas, she has been happy and prosperous, as the high character of her people would promise. The times are so hard, that some of the people advocate a continuance under Teritorial Administration—if any way endurable—and let Uncle Sam pay the costs. Be it as they wish.

The New Orleans (La.) Bulletin, says: A gentlemen was yesterday required to pay $13—fine and costs—in the U. S. District Court. He had been sued by the Post-office authorities for enclosing a letter in a newspaper, and posting the same to a correspondent. The gentleman appeared in court and stated that the thing had been done by his son, but without any intention to defraud the revenue. The judge disposed of the case as above stated.

☞ Senator Hammond, of South Carolina, in a recent speech, says that Slavery is the great pillar of civilization to the whole world—that it is "*the best social and industrial system that has ever yet been organized*;" and that under it, the South has become, *the most virtuous, and one of the most enlightened and most powerful people who now flourish on the Globe.*"

NEW GOVERNOR OF KANSAS.—Sam. Medary, whom Buchanan has just appointed Governor of Kansas, is a man whose reputation does not promise well for an honorable administration. He has long been a low and successful political trickster, but above this he has never risen. He was a bitter enemy of the President up to the time the President was nominated.

It is noticed as a remarkable fact that the Governors of the Southern States this year, generally omit their gasconade about slavery, and their bluster about dissolving the Union. Let the North maintain their manly attitude, and slavery will show itself [illegible] Run from a turkey cock and he will pursue you with a fiery face and a fierce gobble; pursue him, and he will run like a whipped rooster.

NEAL DOW has been elected a Member of the Legislature of Maine, to supply a vacancy from Portland. The Democrats only polled about 100 votes in opposition—*and those were for a colored man.* So, it appears, where equal suffrage prevails, the Democrats court the votes of colored citizens by voting for them; but, where they can not vote, they would proscribe them still further.

Both branches of the Legislature of Indiana have, by a decided vote, declared the late U. S. election of Algier and Fitch to be void, and will probably elect, and send to Washington others. Hughes the defeated Congressman, and Gov. Willard, at a general Democratic meeting denounced Douglas in unmeasured terms.

ILLINOIS ELECTION.—The full returns of the Illinois State election show a total vote of 252,722, being an increase of 13,741 over the Presidential poll of 1856. On the State ticket the vote stood:—Republican, 125,828; Douglas, 121,203; Buchanan, 5,091. On the Congressional vote the Republican majority is large. Fremont had 96,181; Buchanan had 104,279.

Arthur Hodgson, a Grand Juror who was in attendance upon the Luzerne Court, was found dead in his bed, on Wednesday Morning of last week, at the Exchange Hotel. At the opening of the Court, when the list of Grand Jurors was called, Mr. H. was not present. The Court made inquiry about him, and as they could get no information, they ordered a Constable to go out and hunt him up; and on going to his room, he was found in his bed with life extinct.

On the night of the 20th instant, Mr. Benjamin Bruce, of Huntsville, Mo., was murdered in his bed by two slaves, who had been willed to him during his life, after which they were to be freed. They were arrested.

William Boas and James Nolan were drowned in the Canal, near Mechanicsburg, in Bald Eagle Valley, week before last. Both men had been seen, in a state of intoxication, on the day previous to their dead bodies being found.

Senator Douglas and lady have started on a trip to New Orleans and his slave plantation on the Mississippi. He made a boasting speech at St. Louis, abusing the Black Republicans, but nothing more against Buchanan.

It is stated that Senator Sumner has experienced so much relief from European physicians, that he contemplates resuming his seat at Washington before the winter's session closes.

The Bellefonte Watchman is published at "$150 in advance." If that sum is per year, a few subscribers will soon make the Eds. rich enough!

THE CHENANGO CANAL, north of Hamilton, N. Y., has been frozen over for several days past, so as to prevent entirely the moving of boats in that vicinity.

Charles Huston Hale, grandson of Judge Huston, dec'd, and son of Judge Hale, has been admitted to the practice of the Law, in Centre county.

Dr. Wm. Elder lectured to a crowded house, in Bellefonte, Tuesday evening of last week, on human progress and civilization.

The Republican vote in Illinois is 27,000 greater than it was in 1856. Buchanan's vote is 59,000 less.

Brigg and Clingman have been re elected to the U. S. Senate from North Carolina.

The trial of Allibone and Newhaall has commenced, in Philadelphia.

SARSA.—We have long supposed this celebrated drug had come to be an exploded humbug, but we are assured by those skilled in the healing art, that not the Sarsaparilla itself is to be blamed for this conclusion, but the miserable worthless preperations of it, that have been palmed off upon the community—preparations which contain about as much of its virtues as they do of gold dust. It is a commercial fact that almost all of the Sarsaparilla gathered in the world, is consumed in the old countries of Europe, where the science of medicine has reached its highest perfection, and where they know the best what to employ for the mastery of disease. Hence we are glad to find that we are to have a compound of this excellent alterative, which can be relied on, and our community will not need be assured, that anything Doct. AYER makes, is worthy of their confidence. He has for years engaged in eliminating this remedy (see adv'g cols.) designing to make it his "*chef d' ouvre*" which should add the crowning glory to his already enviable reputation.—*American Celt, New York.*

The Princess and the Physician.

Few foreigners who were sojourning in Rome during the Autumn of 18— can fail to remember the violent illness of the beautiful Princess C——, which suddenly withdrew from the brilliant social circles of that city their fairest ornament. The means by which that illustrious lady was restored to health when given over by all the faculty in Rome, is not however so generally known. She owes her life, and is ever prompt to acknowledge the obligation, to the most distinguished physician of the age, Dr. Thomas Holloway. That extraordinary man happened to arrive in the "Seven-hilled City," just at the crisis of her disorder, and was immediately summoned to her palace. He found the Princess in a sad condition. During an evening drive through the Campagna she had been smitten, by the fearful malaria which sometimes arises in poisonous clouds from the adjacent marshes. The consequence was a violent bilious attack, terminating in jaundice. The lovely face whice had dazzled all eyes, and eclipsed all rivalry at ball and banquet, was yellow as saffron, and the eyes which had kindled love in a thousand hearts were duller than lead. [illegible] what could be done for her, at the same time protesting that if the hue that now tinged her skin were to remain after her recovery she would rather die than live. Smiling at the pardonable vanity of one whose queenly beauty was the theme of every traveller who visited Rome, he told her cheerfully that her life and her loveliness were both safe. His prediction proved true. Under the the influence of his irresistible Pills, the yellow suffusion began to pass off; and day by day, like a star bursting through a cloud, her beauty was re developed. Within six weeks it was announced that the Princess would soon gladden the eyes of her admirers at an evening festival to take place at her chateau at Tivoli in honor of her recovery.

It may well be supposed that the Princess would willingly have displayed her gratitude, on a magnificent scale, but this Dr. H. would not permit. He refused to receive anything, save a mere souvenir; and she presented him with a most appropriate one. It was a double [illegible] her sick bed, despoiled by disease of all her charms, and the other containing her likeness as she appeared at the fete in the full bloom of restored health and beauty. The memento was accompanied by a note in which were these words, "Whenever you look at the two pictures, imagine if you can, my boundless gratitude." It may well be supposed that Dr. Holloway treasures this delicate tribute to his skill, among his choicest *souvenirs*.—"*Courier Del Popolo,*" *Rome.*

ERYSIPELAS.

The editor of the *Daily News* speaks in the following terms, in that paper of January 4th, 1858, concerning *Dr. Davis' Depurative*, which cured him of Erysipelas:

DR. DAVIS' DEPURATIVE.—We are not in the habit of commending to our readers the use of patent medicines, and nostrums, which may happen to be advertised in our columns. Having, however, used Dr. Davis' medicine and found it to be really possessed of excellent curative qualities for Erysipelas, we take great pleasure in saying so, and commending the Durative to others thus afflicted.

RHEUMATISM.

Philadelphia, August, 1858.

In January, 1856, my daughter, then in her nineteenth year, was attacked with Inflamatory Rheumatism. All her joints were much swollen, and she suffered the most excruciating pain for three months or more. I tended in a physician, who continued to attend her without any improvement. Getting much discouraged, I commenced to try *Dr. Davis' Depurative*, the first bottle took produced a decided change for the better. She continued the medicine for some time and it effected a perfect cure; she has remained free of Rheumatism and her health good ever since, being upwards of Two years.

THROAT DISEASE.

This large class of diseases, including Ulcerations, Inflamations, Bronchial Irritations, &c., is most successfully treated by the use of Dr. Davis' Depurative and Dr. Davis' Throat Application. Read the following case of speedy cure after every conventional method failing:

East Town, Chester Co., July 2, 1858.

DR. DAVIS—Dear Sir:

About five years ago I was attacked with a disease of the throat, which came on gradually, but at times when I would take cold the pain and suffering would be very distressing, accompanied with loss of voice to such an extent that I could not speak above a whisper. The disease continued getting worse, notwithstanding I was under the medical treatment of four different physicians. Becoming alarmed at my condition, I concluded to go to Philadelphia and consult you, which you recollect I did in the winter of 1851, when you recommended me to take your Depurative; and by the use of four bottles of it, in connexion with your throat application, I was entirely cured, and have remained well. It is now more than a year since the cure was effected. Respectfully, your friend, MARGARETTA F. BISHOP.

☞ DR. DAVIS' ANTI-SCROFULOUS OINTMENT and THROAT APPLICATION should accompany the Depurative in cases of Scrofulous Ulcers and Ulcers, &c., of the Throat.

"If the quota of any county be not paid over before the second Tuesday in January in each year to the State Treasurer, then and in such case the amount remaining unpaid shall be charged against said county on the books of the State Treasurer and shall bear an interest of five per cent. till paid, and no payment shall be made to or in behalf of said county under the various acts relating to common schools or any other purposes until the said balance be fully paid and satisfied."
