Lewisburg Chronicle.

WORDEN & J. R. CORNELIUS.

Freedom, national; Slavery, sectional!

We always supposed we were on good terms with the Harrisburg *Telegraph*. But that paper credits us with an item of news—which appeared on the first page of our last week's paper—relative to the Superintendent of Public Grounds, Harrisburg, which we merely *copied* from the *Miltonian* of a preceding issue. It appeared on the *inside* of the *Miltonian*, among the distinct editorial items, under the editorial head, if we mistake not. A part of the article appeared in a subsequent *Chronicle*, not credited, but not among the editorial or original matter. The *Telegraph* copies it, and deliberately *credits* it to the *Lewisburg Chronicle* instead of the *Miltonian*, to whom the credit belongs.

We published it merely as an expression of public opinion, without intending to endorse or condemn it. It is true, we have an old friendship for Mr. MULLIN, the present officer, having long known him as a faithful officer, who, though infirm in health, was vigilant, night and day, in looking out for the interests of the Commonwealth; who did much in curbing the boys and driving away the loose women who infested Capitol Hill; and we know he long suffered from illness caused by the Mexican War. This much we say for one with whom we once roomed, and whose course we knew intimately. But if the public good requires a change—or, if he does not need it, and others as competent and truly desire it—we would not urge his re-appointment. We have no knowledge of his politics; and if we had, in this as in some other offices, that would be a secondary consideration. We wish the *Telegraph* to copy this explanation, as we do not desire to appear so prominently in the contest as the *Telegraph's* credit would present us.—The *Telegraph* says the incumbent has become enriched in the office. If it be a very lucrative office, we should say the Legislature had better reduce the salary, and not permit it to become a post of such *strong contributions as it would* appear to be.

The Triumph in New York City

Is one of the most encouraging signs of the times. The extravagance and corruption of the Lecompton Administration, there, has become so outrageous, that *the City Tax amounted to* OVER ONE HUNDRED DOLLARS *for every Taxable!* In some of the lower Wards, where the "bruisers, notch-pot stuffers," and low grog-house keepers almost wholly. In several of these Wards, THE BIBLE had been forbidden to be read in the Common Schools by the Papal Ignoramuses who were elected to the charge of the Schools.

The great cause of this mistake was because many religious men, business men, and especially old men, had become "disgusted with politics," or "could not attend to such business," and left the ballot boxes to the mercy of the men least fitted to approach them. But when their character as a city began to suffer—their persons were in danger, in broad day-light, in many sections—when the Bible was proscribed—and when men not worth a dollar, just out of prison, or paupers from the old world, run up expenses, by most outrageous frauds, to $100 for every voter on an average...when it reached this crisis, respectable men and pious men and business men and old men and quiet men began to think they *had* "something to do with politics," and began to look around for a remedy.

The Comptroller of the City is the most important officer in its Government. For this office, the regular Tammany Democratic Buchanan party put up one *George H. Purser*, a notorious, radical, English Infidel, a fit representative of the offscouring of all mankind, and the choice of those who had rioted upon the City Treasury. A portion of the most respectable of those clinging to the name Democracy, bolted against Purser and nominated a Mr. Russell. The Republicans and Americans took up ROBERT T. HAWS, a man every way fit and trustworthy. The returns give HAWS a handsome majority over BOTH his opponents.

For Governor of the Almshouse, the Republicans nominated a highly respectable and worthy citizen, of German birth—CHARLES BREINIGHAUSEN. The Tammany party nominated a Mr. Townsend; Anti-Tammany nominated a candidate; and the Americans also nominated. BREINIGHAUSEN had the highest vote; Townsend, second; and the American, last.

For School Commissioners, friends of the Bible were chosen in almost every Ward; so that the Papal scheme of making the Bible a sealed book to the masses—although sustained under the name "Democracy"—is measurably broken.

For Councilmen, the Opposition elected a decided majority, but those holding over will prevent any decided change in one branch.

—Altogether, it is a splendid victory, not of our Party merely, but of a People over a reckless and tyrannical and foul gang of rulers. The good order which prevailed generally at the polls, proves that the Metropolitan Police Bill is just what was needed, although the scum of the city and their leaders opposed it so vociferously.

The President's Message.

We advise all our readers to *save for future reference*, President Buchanan's Annual Message for 1858. As far as we observe, more Republican papers publish the document, than Democratic papers. The reason is obvious: the opposition wish Buchanan to show, by his own words, that he is just the one-sided, pro slavery, sectional character they predicted he would be.

The Jersey Shore *Vedette* (a "National" paper) first copies on its outside from SEWARD'S Speech, *arguing* that the Democratic is the Pro-Slavery party; and then, in the inside form, gives BUCHANAN'S Message, *proving* the same thing. The Message clinches the truths of the Speech. Preserve them both.

The Bill in Equity filed by Elisha C. Marsh, in the Court of Union Co., was decided in favor of Geddes Marsh & Co. by the Supreme Court.

The suit between North Chase & North of Philadelphia, and Charles H. Shriner, was recently decided by the Supreme Court in favor of Mr. Shriner.

WM. MOYER, of Freeburg, was elected Deputy Surveyor for Snyder county, but Gov. Packer refused to commission him, for the reason that this was not the "third year" for the election although his predecessor and opponent HENRY MOTZ, was elected three years before and enjoyed the office three years. The Judges, however, very properly appointed Mr. Moyer to the office, until the election of 1859.

Report of the Auditor General.

The Harrisburg *Union* says:—We are indebted to the Auditor General and the very efficient Chief Clerk in his department, Wm. Q. Wallace, Esq., for the statement of the receipts and expenditures at the Treasury, for the last fiscal year. It presents the gratifying fact that a balance of over eight hundred thousand dollars remained in the Treasury, and that the actual excess of receipts over expenditures is $360,921 21. The expenditures included the item of $421 377 85 of loans and relief notes, redeemed and cancelled, which is so much of the State debt paid. A comparison of receipts and expenditures with the year just closed with years preceding, shows the following:

Receipts for 1856	$5,578,240 33
Expenditures for 1856	5 578,142 22
Excess of receipts	1,098 11
Receipts for 1857	$4 690,587 84
Expenditures for 1857	5,407,276 79
Excess of Expenditures	716,688 95
Receipts for 1858	$4,139,778 35
Expenditures for 1858	3,775,857 06
Excess of receipts	363,921 21

is a good deal of talk about the Democratic leaders being alarmed at the excitement which their blow at the Anti-Lecompton Democrats has caused. Such talk is absurd. The blow has been given deliberately, and will not be smoothed over. The proscription of Douglas would have been consummated in open Senate to-day, but it is required that the Committees be announced on the second Monday of December.

The States declares that the act will have the most disastrous effect upon the Democratic party; will revive an extinct issue; will encourage Black Republicanism, and give it renewed assurance of a triumph over the disorganized Democracy.

The Republican Senators held a caucus to-day to consider the question of Committees. It was decided to vote against the unfair arrangements of Committees proposed by the Democrats. They were unanimously opposed to backing Douglas in his fight with his own party.

His abuse of the Republicans during the canvass, and his attempt in his Southern speeches to conciliate the Fire-eaters, has materially weakened his position. The leading Anti-Lecompton Democrats, in Congress, openly complain of his conduct. They think that he talks too much about the organization of the party.

SPICY.—Some idle scamps lately endeavored to break up a meeting in the Methodist Church, in Shamokin, by throwing cayenne pepper in the stove. Unless these fellows reform, they will in the end, experience a sensation more heating than red pepper.—*Sunbury American.*

On Sunday week a party of fillibusters left Mobile, bound for Nicaragua, on the schooner Susan, but they were pursued by the revenue cutter M'Clelland, overhauled, arrested and brought back. On Tuesday, however, they succeeded in getting off again, in consequence of the revenue cutter, M'Clelland, sent in pursuit, having got aground in Navy Cove.

Some thieving rascal, entered the Baptist church in this Borough, a short time since, and stole from the collection box, one dollar and fifty cents in small change, that had been collected for Sunday School purposes.—*Muncy Luminary.*

The Aaronsburg Musical Association will hold a Concert in the new town-hall at Millheim, on 22d. Tickets, 12½ cts.

MASONIC DEDICATION.—On Thursday afternoon of last week, a handsome hall in Mifflintown, was formally dedicated to the service of *Union Lodge*, No. 324, A. Y. M.

The recent soft weather has opened the Pennsylvania Canals, which were frozen tight by the "cold snap" about the 1st inst. Boatmen, however, are cautious about venturing far, not knowing how soon Jack Frost may lock them up.

ACCIDENT.—John Fowler, an industrious and worthy young man, son of Daniel Fowler, residing at Port Penn, near this Borough, had both his legs broken, below the knees, on Thursday last, while assisting to raise a new frame building in this Borough. The accident occurred by a part of the frame work slipping from the hands of the men, while in the act of being raised, and falling upon him. We are glad to learn that he is doing well as could be expected under the circumstances.—*Muncy Luminary.*

Lord Napier, British Minister to the United States, it is said, is to be recalled by his Government.

At the Snyder County Court, last week, a new Associate Judge took his seat, who everybody said looked like that Jerseyman they have been voting for, 45 or 50 years, "OLD NEB." Hale, sharp-eyed, and quick-eared as ever, there is no one doubts that he is the most fitting man for the station, even though many of his best friends thought "he has been Captain long enough." A dozen or twenty years are yet in store, we hope, for Ner Middleswarth—a man who, had early fortune and education favored, would have been Governor or President before becoming an octegenarian.

"Pay as you go."

The Erie *Constitution*, a paper of large circulation and influence, has suspended. The publisher attributes his embarassment to the ruinous credit system under which he has for several years done besiness. Undoubtedly he is correct. We believe it the bane of newspaper publishers generally. We are glad to perceive that many of them have become wise and adopted the cash system in time to save themselves from complete bankruptcy. We published on credit about nine years. In that time, a long string of accounts accumulated on our books, of which we shall probably never realize fifty per cent. They are products of unceasing toil, which, in other business, might have yielded a competence.

We got tired of this business and quit. We adopted the cash or ready pay system. We made the rule as general and impartial as it well could be. Those who are worth their ten thousands, we dropped as soon as those who are not worth ten cents. One consequence was that we offended a few slow though able payers who have ever since been first rate borrowers and readers of the *Mail*. Another consequence is that our business matters are in a much more satisfactory shape than before. We like the change first rate. It works admirably. After one year and a half of trial we can hardly see why we didn't adopt it years ago. It is in fact the only safe rule for Country publishers to adopt. People pay for their *city* papers cash invariably in advance. Why shouldn't they as invariably pay in advance for their *County* papers? Nine out of every ten will say it is the best for publisher and patron. Brethren of the shooting-stick! the "laborer is worthy his hire."—*Warren Mail.*

ST. LOUIS, Dec. 11.—The Eighteenth Overland Mail, with dates to the 15th ult., has arrived with five passengers. The papers brought by this mail contain nothing of further interest than received per the steamer Quaker City at New Orleans.

SAVANNAH, Dec 11.—The Republican of this morning learns, upon good authority, that the schooner Wanderer has succeeded in evading the vigilance of the cruisers, and landed a cargo of slaves in the neighborhood of St. Andrew's Sound, near Brunswick. A portion of the cargo was subsequently sent up the Saltillo River, on board of a steamer.

PITTSBURG, Dec. 11.—Jacobi, convicted recently of the murder of his wife, was, to-day, sentenced to be executed.

Kelly, one of the prisoners concerned in the Wiseman homicide, was, to-day, sentenced to imprisonment in the State Penitentiary for the term of eight years and nine months.

MONTREAL, Dec. 11.—Hewlett, who was to be executed on the 17th, for the murder of his wife, has had his sentence commuted to imprisonment for life.

The Legislature of Georgia seems disposed to repeal all the lotteries in that State. The House has passed a bill fo that effect, which prescribes certain penalties for all schemes and sale of tickets after the 1st of June, 1860.

WASHINGTON, Dec. 11.—The departure of the fillibusters, from Mobile is a new source of embarrassment to the administration. Every possible effort will be made to capture them and instructions to that effect will at once be despatched to every point where they may be likely to pass.

NEW ORLEANS, Dec. 12.—Senator Douglas left this morning, on the steamer Black Warrior, for New York, en route for Washington. He was escorted to the steamer by the Mayor and a concourse of citizens. A salute of one hundred guns was fired, and great enthusiasm was manifested by the people.

WASHINGTON, Dec. 13.—The reporter of the Associated Press is enabled to state with confidence that Lord Napier has been transferred to the Mission at Hague. He will not leave Washington until the arrival of his successor, which is expected in about two months. This change involves no imputation on Lord Napier's conduct, nor any alteration of policy on the part of Her Majesty's Government.

BOSTON, Dec. 13—F. W. Lincoln, Jr., the "Citizen's Candidate" was elected Mayor of this city to day, by 2000 plurality. A majority of the "Citizen's Ticket" for Alderman was also elected. The entire "Citizen's Ticket" in Worcester was elected.

In Lowell, James Cook, Republican, was elected Mayor by 300 plurality. All the candidates for Alderman on the same ticket were also elected.

WASHINGTON, Dec. 13.—The Washington Star of this afternoon states that the rumor of the massacre of Major Emery and eight of his party, is untrue.

WASHINGTON, Dec. 13.—Senator Douglas is expected in his seat in the Senate in the course of a week. His friends assert that he will publicly announce himself on his return, as not a candidate for the Charleston Convention.

The decapitation of Douglas was endorsed by the Senate to day.

John W. Forney is spoken of for the office of Public Printer in the place of Mr. Stedman, resigned.

The reputed owner of the slaver Wanderer is said to be Capt. Carrie, of South Carolina. He was arrested on a charge of being engaged in the slave trade about a year since, but was discharged. At the last session of Congress a claim in his favor was passed for $126,000.

ROCHESTER, Dec. 13—Fifteen prisoners escaped from the jail last night, by sawing through five iron bars of their cell window, with a saw made of a watch spring. They lowered themselves from the window and effected their escape by a boat or swimming the Genesee river.

NOTICES OF THE PRESS.

From among the hundreds of favorable notices, from the most respectable journals of the country, of our cheap edition of "Livingstone's Travels and Explorations in Africa," we take the following:

It abounds in descriptions of strange and wonderful scenes, among a people and in a country entirely new to the civilized world; and altogether we regard it as one of the most interesting books issued within the past year.—*Dairy Democrat, Patterson, N. J.*

It is emphatically an edition for the people; and, judging from the rapid sale with which it is meeting, it is fully appreciated by them.—*Christian Freeman, Boston.*

The book is having a great run, and will be read by every reading man, woman and child, in this as well as other lands.—*Ashtabula (Ohio) Telegraph.*

The work is finely illustrated, well printed, and firmly bound, thus answering in every respect the demand for a popular and cheap edition of the "Journeys and Researches in South Africa." Those of our readers who would have a delightful book for reading at any hour, will not be disappointed in this work.—*U. S. Journal.*

With truth we can say, that seldom is presented to the reading public, a work containing such a vast amount of solid instruction as the one in question. The volume is handsomely illustrated, and presents that unique appearance of exterior for which Mr. Bradley's publications are noted.—*Family Magazine.*

This interesting work should be in the hands of every one. Its interesting pages of adventures are full of instruction and amusement. Ten thousand copies it is stated, have been sold in one month.—*Auburn American.*

Dr. Livingstone's Travels and Researches in South Africa appear to great advantage in this edition, which is undoubtedly the edition most acceptable to the reader who reads for practical instruction and amusement.—*Saturday Post.*

The edition of Dr. Livingstone's Travels, published by J. W. Bradley, is just what it purports to be. Like all Mr. Bradly's publications, it is excellently gotten up.—*Tioga Agitator, Pa.*

We can recommend the edition of Dr. Livingstone's Travels, published by Bradley, of Philadelphia, as every way worthy of public patronage. Its excellence and its cheapness recommend it over all others.—*Frank Leslie's Magazine.*

CAUTION.—The attention of the Publisher has been called to spurious editions of this work put forth as "Narratives of Dr. Livingstone's Travels in Africa." Ours is the only cheap American edition of this great work published, and contains all the important matter of the English edition, which sells at $6.

ERYSIPELAS.

The editor of the *Daily News* speaks in the following terms, in that paper of January 21st, 1858, concerning *Dr. Davis' Depurative*, which cured him of Erysipelas:

DR. DAVIS' DEPURATIVE.—We are not in the habit of commending to our readers the use of patent depuratives, and medicines, which may happen to be advertised in our columns. Having, however, used Dr. Davis' medicine and found it to be really possessed of excellent curative qualities for Erysipelas, we take great pleasure in saying so, and commending the Durative to others thus afflicted.

RHEUMATISM.

Philadelphia, August, 1853.

In January, 1851, my daughter, then in her nineteenth year, was attacked with Inflamatory Rheumatism. All her joints were much swollen, and she suffered the most excruciating pain for three months or more. I called in a physician, who continued to attend her without any improvement. Getting much discouraged, I concluded to try *Dr. Davis' Depurative*, the first bottle soon procured a decided change for the better. She continued the medicine for some time and it effected a perfect cure; she has remained free of Rheumatism and her health good ever since, being upwards of two years.

THROAT DISEASE.

This large class of diseases, including Ulcerations, Inflamations, Bronchial Irritations, &c., is most successfully treated by the use of Dr. Davis' Depurative and Dr. Davis' Throat Application. Read the following case of speedy cure after long continued suffering:

East Town, Chester Co., July 2, 1853.

DR. DAVIS—Dear Sir:

About five years ago I was attacked with a disease of the throat, which came on gradually, but at times when I would take cold the pain and suffering would be very distressing, accompanied with loss of voice to such an extent that I could not speak above a whisper. The disease continued getting worse, notwithstanding I was under the medical treatment of four different physicians. Becoming alarmed at my condition, I concluded to go to Philadelphia and consult you, which you recollect I did in the winter of 1851, when you recommended me to take your Depurative, and by the use of four bottles of it, in connexion with your throat application, I was entirely cured, and have remained well. It is now more than a year since the cure was effected. Respectfully, your friend, MARGARETTA F. BISHOP.

DR. DAVIS' ANTI SCROFULOUS OINTMENT and THROAT APPLICATION should accompany the Depurative in cases of Scrofulous Ulcers and Ulcers, &c., of the Throat.

To Tax-Payers and Tax-Collectors.

AS it is not generally known that Tax-Collectors have to pay interest on the balance due by them after the second Tuesday in January, for the information of all concerned I will cite the law on the subject. (See Purdon's Digest page 791 Sec. 122.) "If the quota of any county be not paid over before the second Tuesday in January in each year to the State Treasurer, then and in such case the amount remaining unpaid shall be charged against said county on the books of the State Treasurer and shall bear an interest of five per cent. till paid, and no payment shall be made to or in behalf of said county under the various acts relating to common schools or any other purposes until the said balance be fully paid and satisfied." This is the law, and it is hoped you will govern yourselves accordingly. H. P. SHELLER, Treas'r.

HOLLOWAY'S PILLS.

A BOON TO THE SICK!

The want of a sterling medicinal to meet the ills and necessities of the suffering portion of humanity, and one entirely free from mineral and other deleterious particles was seriously felt till this all powerful medicine was ushered into the world: HOLLOWAY'S INVIGORATOR PILLS have become the POPULAR REMEDY of all nations. This attribute is to PREVENT as well as CURE; they attack the fever in spite of the complaint, and thus by removing the hidden cause of disease reinvigorate and restore the drooping energies of the system, assisting nature in her task of VITAL and SUBSTANTIAL REFORMATION.

DYSPEPSIA.

The great source of this continent yields quickly to a course of these antidotes. Pills and the digestive organs are restored to their proper tone; no matter in what form or shape this hydra of disease exhibits itself, this searching and unerring remedy disperses it from the patient's system.

GENERAL DEBILITY AND WEAKNESS.

From whatever cause, lowness of spirits, and all other signs of a diseased liver, and other disorganization of the system, vanish under the ameliorating influence of this all powerful antiseptic and deterging remedy.

BILIOUS DISORDERS.

The proper quantum and right condition of the bile of immeasurable importance to the health of the human frame, this anti-bilious medicine expels the hidden seeds of the complaint and renders all the fluids and secretions pure and fluent, cleansing and reinstating the vital functions of the body.

SICKLY FEMALES.

Should no more time in trying a few doses of this regulating and renovating remedy, whatever may be their complaint, it can be taken with safety in all seasons and neither interdiction nor its effect is all but miraculous.

UNASKED PROOF.

The testimony of Nations is unanimously borne to the health giving virtues of his noble remedy, and certificates in every living language bear witness to the undeniable excellence of their intrinsic worth.
