Lewisburg, Pa.

FRIDAY MORNING, JAN. 28, 1859

ADVERTISE!—Manufacturers, Merchants, Mechanics, Public officers in City and Country, Publishers—all who wish to buy or sell—would do well to employ the columns of the *Lewisburg Chronicle*, which has a large and increasing circulation in a community containing a large proportion of active, solvent producers, consumers and dealers, as any in the state.

WILLIAMSPORT, Jan. 27.—The baggage room of the W. & E., and C., W. & E. railroads, at this place, was burned down last night. Loss from $800 to $1,000. Origin of the fire unknown.

☞ Tuesday, 25th Jan. 1859, was very generally celebrated as the hundredth anniversary of the birth of the gifted but miserable ROBERT BURNS, whose checkered career was at once a glory and a shame!

GAS!—This (Friday) evening, Mr. Mears informs us he *expects* to have the Gas Works in operation, when all those who have perfected that means of lighting will participate in the first gas illumination *of Lewisburg*.

☞ We never saw as fat beef—so much tallow to so little meat—as that exhibited by Mr. H. Neuer at the Lewisburg market, Wednesday morning; and we have seen some pretty fat beef in Harrisburg, Philad. and New York. The animal was raised by Abram Wolfe of East Buffaloe.

Rumored—That the British Parliament are about to place £50,000,000 in the hands of the Queen, to "facilitate" the acquisition of the State of Maine. From Portland to Quebec is "directly in a line" with their trade and travel; and England "wants" it—the true robber's plea, always, everywhere!

☞ One of the "outside" papers intimates that the West Branch bears off all the prizes of the State. Not so—she has only the Governor, a U. S. Senator, Dept. Sec. of Commonwealth, Supt. of School Department, and State Treasurer. Supreme Judges, Canal Commissioners, the other heads of Departments, the other Senator, State Printer, Librarian, &c., the dozen of Clerks and Officers of the Legislature—many score in all—are from the *other* parts of the State. *Five* is surely none too many for our modesty and our merit.

☞ The attempt to erect new county buildings at Sunbury, we judge by the reports, is creating considerable disturbance and opposition. The three County Commissioners have published a card, stating their firm opinion that, with "what is necessary for occasional repairs, the present buildings will answer, for these times at least.....There is an effort making in Sunbury, we observe, to attribute the raising of this excitement to "Union county." We are not aware of any effort here, to hasten the "re-annexation" of the upper end to to their old time associates and natural neighbors, on this side. Their wishes and ultimate designs, we doubt not, will be accomplished in proper time. The first we knew about the raising of this question now, was from a distinguished citizen of Sunbury, in his charge to the Grand jury. If our memory serves us, Judge JORDAN *initiated* the controversy, but the people of the county will *decide* it in accordance with their own convictions of self-interest and expediency. The attempt to frighten them by the cry of "Union county" and "Lewisburg," will re-act upon those who raise it. The substantial farmers of the upper end are not to be frightened by *that* childish bugaboo.

We find the following directions to keep ice from "show windows," going the rounds: Take an ordinary paint brush, or sponge, and rub over the glass, once or twice a day, a little alcohol, and it will keep the glass free from ice as in the middle of summer, and it will also give as good a polish as can be got in any other way.

The oldest man in Virginia, Mr. Philip Jessee, aged 120 years, died in New Garden, Russel county, on the 1st December. It is stated that, a short time before his death he was able to attend to his own household affairs, and that while in his hundredth year he cut and split one hundred rails, daily.

Judson Hutchinson, one of the famed family of singers, has committed suicide—doubtless insane, as his eccentricities demonstrated. When in good health, he was a noble and generous man.

The pews in Ward Beecher's church, Brooklyn, were rented at auction for the year, on Tuesday week, and brough $24,642 20, about $5,000 more than they were sold for last year.

In New Jersey they hung a man last week on Wednesday. There is neither law nor precedent for such a heathenish outrage. One unlucky day in the week is enough!

The Kansas *Ledger* says that the profits of Messrs. Russell, Majors & Waddell, Utah Army contractors, thus far, is a million and a half of dollars, exclusive of their stock on hand!

Theodore Parker has been compelled to quit lecturing before his congregation in Boston, and talks of going to the West Indies, as he is threatened with consumption.

Spain presents a united, indignant front to all attempts of our nation either to buy or steal Cuba.

John Hancock died in Boston this month, aged 80—a nephew of John Hancock of the immortal Congress.

It is stated that Thad. Stevens is in Washington, and *declines* dining at the President's—a table, putting legs under which was the death of Gallery Jones and several other gentlemen.

News Items from Other Counties.

An elderly man was arrested in Milton, last week, for passing counterfeit money; he was held to bail but contrived to make his escape.

The house of James Clarke, in Birmingham, was entered, one night last week, and robbed of a gold watch, some cakes, and mince pies. A warrant was issued, and a couple of persons searched, but without finding any of the stolen goods.

A fire occurred at Newport, Perry county, Monday, which destroyed the large steam distillery of B. F. & S. Miller, and the ware house of Demaree & Sparks. A dwelling house was on fire when the train for Harrisburg passed Newport. A large quantity of grain and liquor was consumed with the distillery.

The *Pennsylvanian* has hard work to live notwithstanding its Government patronage. It has recently "changed" into the hands of Dr. Morwitz, publisher of a German daily; and Nimrod Strickland has become editor.

Dr. Lyman, of Jersey Shore, has quit physic, and been admitted a member of the legal fraternity of Lycoming county.

AN OUTRAGE.—A young sportsman of this Borough, was our hunting on the Kingston hills something over a week ago, when his dogs commenced worrying a farmer's sheep. Two young men at work in the barn heard the noise, and finding what was the matter, took guns and shot one of the dogs. At the moment the young man, a son, we believe of Mr. Madison Myers, shot at the dog, the *spectators* shot at him, and it was providential that both shots were not equally fatal. A shot grazed the neck of young Myers, showing that the aim was close and intended to hit. The offender was arrested, and the affair will undergo judicial investigation.—*Wilkesbarre Times*

CENTRE COUNTY ITEMS.—Clarke Brisbin, a resident of Potter Tp., met with an accident on Thursday last, which resulted in his death on the following day. He started to the woods for a load of wood; after he had been absent for a short time, his horse returned home without him; his friends, after some search, found him lying in the woods greatly injured both internally and externally; he was conveyed home, but was unable to speak. It is supposed that he was loading the sled when the horse became frightened and ran over him.....Daniel Musser, of Boalsburg, while out in the "Seven Mountains" on a hunting excursion, came across three deers, and being an expert and experienced hunter, he succeeded in killing two of them at one shot.....On Wednesday, during services at the Friend's house in Bellefonte, John Irwin, Sr., of Howard, was seized with an apoplectic fit, which resulted in his immediate death.....John Eye, of Potter Tp., the man who was accidentally shot by a friend, while hunting some time since, is fast recovering..... The papers of Bellefonte, speak of numerous revivals of religion in that region, especially among the Methodists and Lutherans.

The Presbytery of Northumberland met with the Chillisquaque church, on the 18th inst., when Charles H. Park was ordained, and installed pastor of Chillisquaque and Mooresburg congregations. Rev. INQUIRY.—In the State Treasurer's Report for 1858, there is a payment to A. Kleckner, Treasurer of the Sugar Valley & White Deer Turnpike, of $2,000, *balance* of subscription of stock, per act 13th April, 1851.

We had been under the impression that this last payment of the State Funds was to have been *withheld* until the road was thoroughly worked through. We are also informed that that part of the road in the upper end of Union county—in Hartley, Lewis, and perhaps part of West Buffaloe—has not been worked. All the money, it is feared has been expended either above or below that central section, and these townships are thus wronged. Any one who can throw any light on this transaction, shall have the use of our columns in the effort. Let justice be done to the State in its appropriation, and let all the townships have fair play.

☞ Died in Greenwich, Cumberland Co., N. J., 6th inst., Miss AMANDA, daughter of Dea. Elmer Ogden, in her 22d year.—Miss Ogden graduated at the Lewisburg University Female Institute, in 1857, with honor, and left this town much beloved, and with high hopes for the future. Her illness was most severe, but the trust in God she had gained in health, supported her in sickness, until reason forsook its throne. She has left a deeply afflicted family and friendly circle, for the home on high eternal and unchanging.—Thus has closed the earthly career of the *first* deceased graduate from our Institute. Cherished be her memory!

THE PUZZLER.

"Life is riddle, for the wise,
Deep in which some myth lies!"

☞ Answer to last Enigma—
Louis Napoleon Bonaparte—Aared by H A; W L A; A A, and M G.

Answer to Arithmetical Problem—
He bought for $60, which was he ought to have bought for $72.00, so he came short $7.00, which gives him a loss of 12 per cent. In selling his cloth at $6, which brought him $72, he should have bought it at $7.50 in order to lose 20 per cent, which again gives a loss of $7.50. So the difference in selling and buying his cloth is nothing. Yet the difference between the loss per cent. in buying and selling, we find to be 8 per cent.
J. R. M. Limestone Tp.

The difference between the loss is 8 per cent. or $.50.

HOLLOWAY'S OINTMENT AND PILLS.—The test—Imitation has been defined as the tribute which ignorance and cunning pay to skill and genius, but as such a "tribute" to Professor Holloway might invoke the most terrible execrations to the sick, they are exhorted to examine the genuine Pills ere rejecting the Pills and Ointment they purchase. Unless the wafers "Holloway, New York and London," is water marked on every leaf, the article is "Spurious." Only be sure you have the genuine preparations, and no form of eruptive or ulcerous disease—no phase of indigestion, liver complaint, or intestinal disorder, need alarm you.

☞ It is a most undoubted fact that Dr Stevens's Invigorator, or Liver Remedy, is one of the greatest discoveries made in medicine the past century. It has been a study of the Dr. during twenty years' practice, to find what particular organ, when diseased, caused the greatest number of ills or pains; and his conclusion is, that the liver is the greatest regulator of the system, and the most liable to disease; which if kept free from disease, is a preventative of Dyspepsia, Jaundice, general debility, &c. while, last but far from least, we mention consumption; for our experience is that more cases of consumption occur from diseased liver than from all other causes put together.
Taking this to be a correct hypothesis, we have but to find a remedy with which to correct the liver, and we have a cure of nearly all diseases we are subject to by simply using a preventative. That the Invigorator is such a remedy, is beyond doubt to all who try it, for its virtues are such that for all complaints arising from liver derangements, it is an unfailing remedy, while as a family medicine, for all diseases of the stomach or bowels, which are caused in a greater or less degree by liver derangement, it is the safest, surest and most efficacious remedy known.

What they say in South Carolina.
ABBEVILLE, S. C., Aug. 21, 1848.
Messrs FARREL, HERRING & CO. Philadelphia:
Gentlemen—The close attention which your own affairs have required since the fire, has hitherto prevented me from writing you about the Safe.
On occasion of the fire 10th July, by which we suffered a large loss, our store, with a number of other buildings, was consumed. The Safe, of your manufacture, which we had in the store, was exposed to a most intense heat, as is well attested by the effects on its strong iron frame which, from its baked and rusty appearance, looks as though it had been heated for along time in a furnace. The Safe, with books of another place and kept at home, fell into the cellar, and was buried by burning materials, and there was suffered to remain (as the contents had been removed before the fire took it) until the 24 of August, 14 days afterwards.
The difficulty in cutting it open, with the best tools that could be procured, convinced me of the power to resist the attempt of burglars, and when it was opened, we found the interior, to the satisfaction of all, entirely uninjured by fire.
The best facts fully convinced me of the excellence of your Safes, that we would not part with the one we have in use for a large sum, were we denied the privilege of getting another. Respectfully yours,
ALEX. H. WITHERSPOON & SON.

MODERN INVENTIONS.
We know of no invention of modern times that deserves or is destined to occupy a higher niche in the temple of fame, than the discovery or invention of the Vegetable Epileptic Pills for curing Epilepsy, or Falling Fits, Spasms, Cramps, and all the various modifications of Nervous Disease. Dr. SETH S. HANCE, of 108 Baltimore street, Baltimore, Md., the inventor is retaining exclusively to the best advantage of the benevolent part of mankind, who experience a pleasure in the alleviation of human suffering. When he (Hance) first prepared these Pills, he published them solely for their Curative and Spasmic Influence, and was astonished beyond measure to hear, that in consequence of their remarkable sedative properties in this class of diseases, they exerted a perfect control over the entire nervous system. He was then induced to try them in cases of Neuralgia, Tic Douloureux, Nervous Headache, Palpitation of the Heart, Incipient Paralysis, Hysteria, Vomiting, and a host of minor diseases, all of which they cured from a lack of nervous energy, on all of which the anything else were treated with the most opposite success. Persons at a distance, by writing and enclosing a remittance to Dr. Hance, can have the medicine forwarded by mail to their post office address, by paying the postage. The price for a single box is $1, two boxes $5, or $2 for large per dozen. We have given his address above.

Dr. Wistar's Balsam of Wild Cherry.
Where the above preparation is known, it is well established as an infallible remedy for the cure of Coughs, Colds, Sore Throat, Bronchitis, Incipient Spitting of Blood, Pain in the Breast, Croup, Whooping Cough, and every form of Pulmonary Complaint; thousands were a work of supererogation to specify its virtues.
I have used for a well known physician more than twenty years since, it has by the wonderful cures it has effected been constantly approaching in popular favor, and its use and its reputation are alike universal, and it is now known and cherished by all and their "mamas to boot." We have been noticed in health by one at the usual Race Ball, in Philadelphia, which we therefore refrain from.
Dr James Clark, physician to Queen Victoria, has given it as his opinion that

Consumption can be Cured!

The whole history of this Medicine fully confirms the opinion of that eminent man. Thousands have testified, and have testified, that when all other remedies had failed, this has completely cured; that when the sufferer had well nigh departed, this has afforded immediate relief; that when the physician had pronounced the disease incurable, this has removed it entirely.
The virtues of this Balsam are alike applicable to one and all. Cut off by a cough, Consumption, and its power as a safe, certain, speedy, pleasant and efficient remedy cannot be equalled.
☞ Caution—Purchase none unless it has the signature of "I. Butts" on the wrapper, as well as the printed name of the proprietors.

Wistar's Balsam of Wild Cherry recommended by Physicians.

S. W. FOWLE & CO.—Sirs—I most cheerfully add my testimony in favor of the Balsam. We have used it in our family, in Pulmonary affections, Coughs and Colds, and esteem it a most valuable remedy, and have recommended it in various complaints of this nature with invariably happy results. W. R. LYNCH, M. D.

Gentlemen—Having used in my practice the past four years Wistar's Balsam of Wild Cherry, with great success, I most cheerfully recommend it to those afflicted with obstinate Coughs, Colds, Asthma, &c. H. D. MARTIN, M. D.
