Lewisburg, Pa.

FRIDAY MORNING, MARCH 4, 1859

ADVERTIZE!—Manufacturers, Merchants, Mechanics Public Officers in City and Country, Publishers—all who wish to buy or sell—should do well to employ the columns of the *Lewisburg Chronicle*, which has a larger and increasing circulation in a community containing a large proportion of active, solvent producers, consumers and dealers, as any in the State.

☞ **See New Advertisements.**

☞We hear that the Miltonians are moving for the erection of Gas Works.

☞We have a "rod in pickle," communicated for *Gossips* in Lewisburg.....A word to the *Argus* is crowded out.

☞The next Agricultural Fair for the State of Illinois, will be held in Freeport, Stephenson Co., to accommodate the North.

HO FOR NEW YORK!—Messrs. Wm. Frick & Co. this week sent down the River, from the Lewisburg Boat Yard SIXTEEN of their large Canal Boats for the Del. & Hudson trade.

Murder and Suicide.

We learn through a friend that a Mrs. Smith, (a character pretty well known,) at Bailysburg, Perry Co., poisoned her husband on Thursday last, and that she, herself, has since died—*Tyrone Star*, 1st inst

☞The policy of every individual, who must live by the public, is to let the public hear of him. His best speaking trumpet is the Newspaper Advertisement. In a populous community, and a rapid age like this, every trader must make himself known, otherwise he will fall behind the progress of his neighbors.

☞One bachelor Editor boasted of having taken a lady by the *hand*, to which another in the same state of single wretchedness adds that he is in a fair way to win the *heart*. All wrong, neighbors—this getting *hands* before *hearts* are won, is entire delusion. Secure the key of the citadel and the castle itself must surrender.

FORGERIES.—We are informed that a note for $1500, in the name of J. & J. Walls & Co., and endorsed "Wm Cameron," was discounted by a Philad. Bank, and sent this week to the Northumberland Bank for collection, where it was pronounced a Forgery.

We learn also that a citizen of White Deer, held in the sum of $100 for the same offence, has left the country, leaving his bail to suffer.

☞An awful disaster occurred on the Mississippi, near New Orleans, on Sunday morning last. The steamboat Princess, from Vicksburg, burst a boiler, setting the boat on fire, which burned down. A large number of persons were killed—how many not exactly known; but 100 were wounded, many of them fatally. The engineer was found cut in two, and the boast is said to have been made by him that he would reach New Orleans "on time," or blow up. It is estimated that there were 400 passengers on board, half of whom are missing! Boat and cargo a total loss.

SCHOOL DIRECTORS.—Among the duties devolving upon citizens—tax payers, especially—is the choice, annually, of well-disposed, well qualified men for School Directors. Whether the money raised is expended usefully or poorly, depends more upon the Directors than any one else, because they select the Teachers. When the people generally elect men for School Directors who are capable of examining Teachers properly, then—and not till then—Superintendents may be dispensed with. Let the people of every Borough and Township, commence, A. D. 1859, to select the *best men* for School Directors.

WILLIAMSPORT, March 2.—The East Baltimore Conference of the Methodist Church assembled in the church at this place at 9 o'clock this morning. Bishop Scott, of Wilmington, Del., President, and Rev. Dr. Sargeant, of Balto., Secretary. The day was principally occupied in appointing standing committees. One hundred and sixty preachers answered to their names.

Messrs. Butt & Bower, of the *Press*, are publishing a daily record of the proceedings of Conference.

CHICAGO, March 2—5 P. M.—The municipal election, yesterday, passed off very quietly. The entire Republican ticket is elected by an average majority of about one thousand.

Auction and Commission House in Lewisburg.

Capt. DONKHOWER, having been commissioned as Auctioneer in Lewisburg, intends to open an *Auction and Commission House*, for the reception and sale of all articles—Household Furniture, Books, Clothing, Goods, Jewelry, &c., &c.—which persons may wish to get rid of and turn into cash without the expense and trouble of a public sale. An exchange establishment of this kind we should think would be a very convenient arrangement, quite often. Large or small sales may be thus effected with mutual advantages, and in a variety of instances and circumstances it would prove a great public accommodation.

In beautiful illustration of the equity and humanity of the Fugitive Slave law, a father is imprisoned, *in Washington*, for harboring his own child! The father is free, the mother a slave, and the child came home from a distant part of the city to see his father, remaining two or three days. For the shelter and food given, the father now lies in jail.

The Opposition party in Snyder county have nominated Henry K. Ritter, Esq., for a Representative Delegate to the next State Convention.

BE IN TIME!

Yesterday morning, Hess, with the mail South, was half a minute too late for the Railway Train—causing disappointments and perhaps great evils by the detention of mail and passengers for that day. The Post Master—to accommodate several men—had delayed the mail about three minutes, and hence the result.

Business men and others are very much at fault in these matters. The train passes at a certain time, and the P. M. publicly advertizes that the Mails *must* close at a certain time; yet men frequently come in after the hour named, and if the P. M. refuses to mail their favors, they accuse him of being disobliging—an unjust charge—for he often receives and mails letters when he is under no obligation to do so, and endangers passengers and a whole day's mail in so doing. Frequently, he assures us, scores of letters come in after the time to close—and all want him to violate the rule and endanger the connection for the sake of their dilatoriness!

The following we republish as the time table, and those who fail to reach the office before the hours named have no right to complain if they have to wait for the next train. It is better to be too soon than too late, and no P. M. in the world can accomplish impossibilities.

RELIGIOUS.—Nineteen persons were received into the Lewisburg Presbyterian church, Sunday last.

Next Sunday at 8½ A. M., is appointed for the ordinance of baptism, by Rev. Mr. Mirick.

☞Next Sabbath, Revs. Messrs. Reiley, of Pittsburg, and France, of Baltimore, will preach in the M. E. church, and Dr. Dougharty in the Ger. Ref. church, Lewisburg.

LAND SLIDE.—A tremendous slide took place on the Pennsylvania Railroad, opposite Mexico, in Juniata county, about midnight on Saturday the 19th ult, but was fortunately discovered by the watchman in time to prevent any of the trains from running into it. The slide was nearly a quarter of a mile in length, and rocks and slate were piled up to the height of twenty feet. At the time the rain came down in torrents, and the night being extremely dark, it was a fortunate circumstance that it was discovered. The rails on the north track were torn up a distance of twenty yards, and thrown into the river. A new track was immediately laid around the scene of destruction, so that there was no detention to travel on the road.

The Feb. Term of Montour county lasted *two days only*. The most novel trial was that of J. W. Sheriff and James McCormick vs. E. B. Reynolds—Action for damages. Deft. had hired a horse from Piffs for the purpose of going to Sunbury, but went to the residence of Gen. Kase, in Rush township, tying the horse in the neighborhood of several beehives; the animal was stung by a large number of bees, and injured so much as to be unfit for service for nearly a whole year. Verdict in favor of Piffs for $44 50.

Never, probably, was so large a business in sleighing done on so small a capital of snow as has been done in this county the present season. For eighty days the sleighing has been almost uninterruptedly good, and with so little snow as to afford no obstruction to going through the woods with horses in any direction.—*Honesdale Democrat, 23d Feb.*

T. M. Hall, of Centre county was elected Senatorial Delegate to the 16th of March Convention—defeating Mr. Dietrick. (This is his third failure to get to Harrisburg.)

A Baptist church has been organized at Beach Haven, Luzerne county, composed of members converted under the labors of Rev. J. R. Shanafelt, of Berwick.

Wm. N. Wilson is chosen burgess of Jersey Shore, by one majority, in a closely contested borough election.

A valuable watch was stolen from the study of I. W. Gangler, pastor of the Sunbury Episcopal church.

Godfreid Zahm and wife, of Lancaster city, recently celebrated the fiftieth anniversary of their marriage.

HOLLOWAY'S PILLS AND OINTMENT.—We hear that almost incredible results have followed the exhibition of this excellent medicine in cases of dropsy. Acting immediately upon the blood, it prevents the effusion of serum in greater quantities than the absorbents can take up, and by equalizing and regulating the flow of the secretions and the circulation of the vital fluid, effectually stops the progress of the distemper. Holloway's Ointment is also used with great effect as a means of discharging by evaporation and absorption the water already collected in the cellular tissue. Really there seems to be no disease which can resist the combined action of these two preparations.

Why longer suffer?—Those who are so fortunate as to have escaped Dyspepsia, and its attendant evils, can hardly conceive the suffering that these diseases cause. The wonder is, that the afflicted continue to suffer, when that infallible remedy, the Oxygenated Bitters, is within the reach of every one.

EPILEPSY, OR FALLING FITS.

We believe we can not do our readers a more important service, than by again calling their attention to that most remarkable preparation, discovered by *Dr. Seth S. Hance*, of Baltimore, Md., which possesses the power of alleviating and curing that horrid visitation of man—Epilepsy, or Falling Fits. In recommending this preparation to our readers, we do so with a conviction that we are not degrading our columns to puff a common patent medicine, but are placing before them a discovery, which, if fully known, would probably do more to alleviate human suffering, than any invention of modern times. Dr. Hance, in asking us to notice his preparation favorably in our editorial department, has sent us for perusal a number of letters from persons who have used his Pills, and have been cured thereby. All of them speak in the most grateful and eulogistic terms. One great advantage this medicine possesses is the fact, that it can be transported through the mails, thereby affording every one an opportunity of dealing directly with the inventor, and so precluding all possibility of being imposed on by a counterfeit or spurious imitation. Dr. Hance pays the postage on his Pills to any part of the country, and will forward them by return of mail, on the receipt of a remittance. His prices are as follows: One box, $1; two do. $5; twelve do. $24. All orders for the medicine should be addressed to SETH S. HANCE, 108 Baltimore street, Baltimore, Md.

We say positively to our patrons, we can relieve the sufferer 10 times out of 10. We would just say to the public, that Du Vall was 25 years in bringing this medicine superiority over all others.

THE OXYGENATED BITTERS.

For the cure of Dyspepsia or Indigestion, *Liver Complaint, Affections, Costiveness, Loss of Appetite, Fever and Ague, Heart Burn, Water Brash, Acidity, Sick Headache, Scurvy, Nausea, Headache, Jaundice* and *General Debility*, or any disease taking its origin in *imperfect digestion*.

These *Bitters*, as all classes of our fellow citizens, including Members of Congress, Lawyers, Physicians, Clergymen, Planters, Farmers, and others testify, are thoroughly scientific and sovereign remedy for the immediate relief and permanent cure of the many cruel complaints which to some phase or other of *Dyspepsia* afflict our race.

These *Bitters* were discovered by George B. Green, and in their benefits differ entirely from that of any other preparation of medicine. Containing no alcohol—no mineral—no poison—no noxious drug—in their nature tonic, not stimulating, possessing their virtues in any clime, they are "a combination and a form indeed" of Medicine which knows no rival in exterminating diseases and restoring the system to its pristine vigor and health. No matter of how long standing, or however induced or chronic in its character the disease may be,—no matter that it has baffled the skill of the physician, and resisted the efforts of Medicine, a single trial of these Bitters will satisfy the sufferer that his disease is amenable to the proper remedy.

In testimony of the many cures effected by this Remedy reference is had to the written certificates from distinguished individuals known all over the land.

[An Obdurate and Inveterate Case of Dyspepsia Cured by the Bitters.]

The following from a gentleman well known in the region from which he lives ought to satisfy all those of little faith:

WATERTOWN, N. Y., July 28, 1858.

S. W. FOWLE & Co., Boston.—Sirs:—Nine years since I was attacked by that curse of all Diseases, *Dyspepsia*, which so affected me as to cause great oppression, fullness, and bloating of the bowels immediately after eating, accompanied with terrible pains in the stomach, often occasioning nausea, vomiting, acidity, and headache, together with general debility and suffering, altogether rendering life a burthen.

After having tried every known remedy without effect, and despairing of ever regaining my lost health, I was induced to make use of the Oxygenated Bitters, the good effects of which were immediately visible on my health and system. Before using a whole bottle I was entirely cured; and I feel a pleasure in inducing all like sufferers as my self to make use of this remarkable remedy.

☞It is a most undoubted fact that Dr SANFORD'S INVIGORATOR, or Liver Remedy, is one of the greatest discoveries made in medicine the past century. It has been a study of the Dr., during twenty years' practice, to find what particular organ, when diseased, caused the greatest number of ills or pains, and his conclusion is, that the liver is the greatest regulator of the system, and the most liable to disease: which if kept free from disease, is a preventative of Dyspepsia, Jaundice, general debility, &c., while, last but far from least, we mention consumption; for our experience is that more cases of consumption occur from diseased liver than from all other causes put together.

Taking this to be a correct hypothesis, we have but to find a remedy with which to correct the liver, and we have a cure of nearly all the diseases we are subject to by simply using a preventative. That the Invigorator is such a remedy, is beyond doubt to all who try it, for its virtues are such that for all complaints arising from liver derangements, it is an unfailing remedy, while as a family medicine, for all diseases of the stomach or bowels, which are caused in a greater or less degree by liver derangement, it is the safest, surest and most efficacious remedy known.
