WILLIAM. WILLING
ERIE, PENN'A.

THE experience of *twenty years*, and the idea that I could make

PIANOS AND MELODEONS

In Erie cheaper than I can buy them elsewhere, because rent is cheaper, lumber is cheaper, coal is cheaper, from the same, induced me to employ competent and complete, experienced workmen, who have been with me for five years, and I who sold me their entire stock necessary to make such instruments, and I am now prepared to furnish my numerous friends with

Pianos and Melodeons

of superior Tone and finish, and will

WARRANT THEM!

for any length of time, to give

COMPLETE SATISFACTION.

My reputation as a Musician and business man would be lost if these instruments should not prove good, and I assure the public that nothing is spared to bring about the desired result, viz:

Producing a fine and substantial Piano, which will give good satisfaction, and stay in tune longer than any Piano I know of.

DR. HUNTER'S
MEDICAL MANUAL:
Being an original and popular Treatise on
MAN AND WOMAN,
Their Physiology, Functions, and Sexual Disorders of every kind, with never failing Remedies to the speedy Cure of Diseases of a private and delicate character incident to the violation of the Laws of Nature and of Nature's God.

PRICE TWENTY-FIVE CENTS.

The author of the above work is a graduate and having devoted a superior share of his energies to the study and treatment of Sexual and kindred disorders as a specialty, he has become possessed of most valuable information in regard to the same, and is able to compress into a vade mecum compass the very quintessence of medical science on this important subject, as the result of experience of the most eminent physicians in Europe and America is thoroughly demonstrated in his unbroken successful practice in the treatment of the diseases to many thousands of cases in the City of Philadelphia alone.

Testimony of the Professor of Medicine, Pennsylvania College, Philadelphia.

"Dr HUNTER'S MEDICAL MANUAL is a work of merit, this work, unlike the majority of those which have for its object the cure of the diseases of which it treats, is evidently the production of the best College in the United States. It affords us pleasure to recommend him to the UNFORTUNATE, or to the VICTIM OF MALPRACTICE, such as stands a fair and REFINED practitioner, in whose hands and under his care may place the greatest confidence.
JOSEPH PORTER, M. D. Professor of Medicine, &c. &c.

From A. Woodward, M. D. of Pennsylvania University, Philadelphia.

It gives me pleasure to add my testimony to the professional ability of the Author of the "Medical Manual." Numerous cases of disease of the sexual organs, some of them of long standing, have come under my care, in which his skill has been manifest in restoring perfect health, in some instances where the patient was considered beyond medical aid. In the Continent's vast number of weakness or disarrangements of the functions produced by SELF-ABUSE OR EXCESS of venery, I do not know his superior in the profession. I have been acquainted with the Author some thirty years, and been in no more than justice to him as well as a kindness to the individuals liable to be victims of early indiscretion, to recommend him as one in whose professional skill and integrity they can safely confide themselves. ALFRED WOODWARD, M. D.

One Copy, securely enveloped, will be forwarded free of postage to any part of the United States on receipt of 25 cents. Address, post paid, CONSULTING ADVISER, Box 197, Philadelphia.

MRS. WINSLOW,

AN experienced Nurse and Female Physician, presents to the attention of mothers her
SOOTHING SYRUP,
FOR CHILDREN TEETHING,
which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay all pain and spasmodic action, and is sure to regulate bowels, depend upon it, mothers, it will give rest to yourselves and relief and health to your infants. We have put up and sold this article for over ten years, and can say, in truth of it what we are able to say of any other medicine—*Never has it failed in a single instance*, when timely used. Never did we know an instance of dissatisfaction by any one who used it.—On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "what we know," after ten years' experience, and pledge our reputation for the fulfilment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, *relief will be found in fifteen or twenty minutes* after the syrup is administered.

This valuable preparation is the prescription of one of the most experienced and skillful Nurses in New England, and has been used with never-failing success in thousands of cases. It not only relieves the children from pain, but corrects the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS, AND WIND COLIC, and overcome convulsions, which, if not speedily relieved, end in death. We believe it the best and surest remedy in all cases of Dysentery and Diarrhœa, whether it arises from teething or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—to put her prejudices, not the prejudices of others, stand between your suffering child and the relief that will be sure to cure. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

☞ Sold by all Druggists throughout the world.
