An exchange says, Saving Institutions are beginning to excite suspicion by their failure to pay in many localities. The surest process for a man to save his earnings, is to buy a piece of land and pay for it by degrees.

AFTER the late rebellion in Louisiana it is hardly necessary to state how important it is that the next Congress should be Republican. There is no safety for the country if the rule passes into the hands of people who overthrow governments at the point of the bayonet.

ON Wednesday morning last, a party of nine young people from Altoona, who had driven to the residence of a country friend, a few miles from the city, on their return missed the road in the darkness, and were precipitated with horses and carriage down a steep embankment. The carriage lodged between two spruce trees. Six of the occupants of the coach as well as the horses continued the terrible descent to the creek below. One young man had his collar bone broken; others were severely bruised, but the saddest fate was visited on a young man and woman, who were caught among the seats of the carriage and crushed to death.—The driver, when he felt the coach going over, sprang toward the hill side and landed on the road, and was saved the terrible fall.

A LARGE volume would not contain the mass of testimony which has accumulated in favor of *Dr. Wistar's Balsam of Wild Cherry* as a safe, efficient, and reliable remedy in curing coughs, colds and pulmonary disease. Many of the cures are truly wonderful.

No person should ever complain of Lame Back, Neuralgia, or even suffer any pain when they can obtain that popular medicine, Pain Cure Oil.—Those that use it cannot help recommending it to their suffering friends.

Sold wholesale and retail by Bank & Hamlin, Mifflintown.

Neighboring News.

MIFFLIN COUNTY, AS PER LEWISTOWN PAPERS.

In hauling water from a creek the colored man who lives at D. W. Woods' drowned a one hundred and seventy-five dollar horse, and came near drowning himself, by backing into deep water.

Two stores have a quarrel over the question as to which is the authorized agent to sell "School Books," by the School Board, and now the whole population, to a greater or less degree, are into the discussion.

There is a chestnut tree near Lewistown and one in Bratton township in full bloom and at the same time bearing chestnuts.

The following persons have been bound over to November court on the charge of selling liquor without license, viz: W. W. Coleman, George Flory, W. W. Hamaker, John G. McGlaughlin, David Wasson, Henry Bossinger, Nathaniel Kennedy, Samuel Gibson, Theodore Hæber, Frank Reigler, and William C. Porter, all of Lewistown.

The house on the farm of Hugh Aikens, in Triester Valley, Armagh township, occupied by John J. Aikens, caught fire from the stove in the shanty kitchen about noon on Friday a week, and was entirely consumed. Loss about $500, including $200 of personal goods.

Within about two weeks past Mr. Watson Shaw, residing on his father's farm, a mile east of Logan Iron Works, has lost eleven cows by death, all dying after a short and very singular illness. John Y. Kreps, residing close by, also lost a cow in the same way. As a steer from a Texas drove had strayed into Mr. Shaw's field a few weeks ago, the idea obtained that the cows must have died from the Spanish fever, which is so common amongst Texas cattle. But a *post mortem* examination of Mr. Kreps' cow developed the fact that her death was produced by a small insect or tick, thousands—probably millions—of which were found all through her insides—in the stomach, liver, kidneys, entrails, &c.—as well as many upon her body outside. The presumption now is, that all the cows died from a similar cause, and that the ticks must have been brought here by the Texas cattle.—Owners of cows and other cattle will do well to examine them frequently, with a view to destroying this dangerous insect upon its first appearance. It has been suggested to us that by thoroughly oiling or greasing the animal externally, or washing with diluted carbolic acid, before the ticks shall find their way into the stomach, will doubtless prove an effectual remedy.

HUNTINGDON COUNTY, AS PER HUNTINGDON PAPERS.

On Thursday last Mr. Geo. Hefright, of this borough, caught in the Juniata river, about 2½ miles below town, 22 black bass, ranging in length from 10 to 17 inches, the largest of which weighed two and three-quarter pounds.

Huntingdon has organized a game association.

One of the plans devised by the law for the suppression of illegal liquor selling is the arrest of all persons found intoxicated in any of the streets. The law contemplates that the magistrate before whom the "bug-juiced" disciples are brought shall interrogate and seek to find out where the poison is surreptitiously vended. The act may be found in the pamphlet laws of 1872, sec. 30, page 848, and reads as follows: "It shall be the duty of every constable and police officer to arrest any and every person who shall be found intoxicated in any streets, lanes, alleys, public highways or at other public places and to take him or her before any magistrate of the vicinity, and if such magistrate shall, after due inquiry, deem him or her too much intoxicated to be fully examined or to answer on oath correctly, the magistrate shall cause him or her to be confined until he or she becomes sober."

So plenteous is the crop of fruit that in many places the boughs have to be propped up to prevent breaking.

MESSRS. BEATTY & PLOTTS, of Washington, Warren county, New Jersey, are professors of the celebrated Golden Tongue Parlor Organ, and by all reports that we have heard the instrument is an excellent one for the Church, Sabbath-School, Lodge, as well as the parlor. Give them a trial. See advertisement in another column.

A DRUNKEN man in a Franklin county church fell over a dog in the aisle. The dog howled, and the man shouted "Glory," for which and the drunk he was fined by a Justice the next day to the amount of $10.

DIED:

HUFFMAN—In Fermanagh township, on the 7th inst., William Eply Hoffman, son of David and Lydia A. Hoffman, aged 1 year, 9 months and 16 days.

ST CLAIR, PA., Dec. 6, 1873.

Messrs. Beatty & Plotts, Gents:—I have received the organ as sent by your firm to me, and I have had it examined, and it gives ample satisfaction. JOHN SIGAT.

MAHANOY CITY, PA., Oct. 16, 1873.

The Beatty & Plotts celebrated Golden Tongue Parlor Organ is by far the best parlor organ in use. I have carefully examined it, and find its tone, workmanship and durability to be the best I ever saw, and I can with pleasure recommend it to any one in any one in want of a first-class parlor organ. PROF. O. H. UNGER.

Messrs. Beatty & Plotts, Gents:—Having had one of your Golden Tongue Parlor Organs for six months past, I thought before recommending it to give it a fair trial, and am happy to testify that it surpasses all that has been said or advertised about it. I have had professors of music and celebrated organists come and try it, and one and all say that it is one of the sweetest and best toned instruments in the market. It has taken the shine out of all the others around here. I am perfectly satisfied with it, and if I could not get another of the same kind, money could not entice me to part with it. You may publish this if you see fit, as my organ can be tried by any one wishing to do so, in proof of what I say.

Manhood: How Lost: How Restored

Just published, a new edition of Dr. Culverwell's Celebrated Essay on the *radical cure* (without medicine) of Spermatorrhœa or Seminal weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy and Fits, induced by self-indulgence or sexual extravagance, &c.

☞Price, in a sealed envelope, only six cents.

The celebrated author, in this admirable Essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and *radically*.

☞This Lecture should be in the hands of every youth and every man in the land.

Sent under seal, in a plain envelope, to any address, *post-paid*, on the receipt of six cents or two post stamps. Address the Publishers,
