Conferee Meeting.

Jeremiah Lyons, represents this county in the Republican State Convention that convenes—this Wednesday—at Harrisburg. The representative of the 31st Senatorial district, composed of Perry, Mifflin and Juniata counties, was not chosen till last Friday, in consequence of the backwardness of Perry county on the question. The proceedings of the conference that selected Mr. Brown as Senatorial Conferee last Friday are here annexed, and are as follows:

According to notice given to the conferees of the different counties of the Senatorial district composed of the counties of Perry, Juniata and Mifflin, Republican conferees met at Will's hotel in Mifflintown, on Friday the 10th inst., for the purpose of selecting a Senatorial Delegate to the Republican State Convention.—The following gentlemen appeared as conferees:

Perry—Col. Frank Wister, G. D. Robinson and J. H. Sheibly.

Juniata—B. F. Schweser, D. F. Stevens and P. D. Hamlin.

Mifflin—D. B. Mutherbaugh, C. S. Marks and T. D. Parker.

On motion D. F. Stevens was called to the chair, and J. H. Sheibly was chosen secretary of the Conference. The claims of the different counties were discussed, and on motion it was decided that Mifflin county is entitled to the Delegate to the Republican State Convention, to meet at Harrisburg, May 15, 1878.

On motion Samuel M. Brown, of Mifflin county, was then unanimously elected Senatorial Delegate to the Republican State Convention.

Tramp Camp.

During a short ride along the canal this morning, above the stock yard, and the roads east of that locality, we were much interested in the stories of the truck farmers and other in that locality on the subject of tramp depredations. There is a panic in the neighborhood of Wetzel's woods, men, and women, with shot guns and dogs, being compelled to stand guard at regular intervals, to prevent nocturnal visits from the vagabonds who taken possession of Wetzel's woods. These marauders collect in that neighborhood, while en route east and west. The tramp system having become a revolving tour, on which the nomad moves as regularly as a herd of buffaloes hunting fresh pastures, Depots like Wetzel's woods being selected for camping purposes on account of their typographical advantages, their distance from police authority, and their access to lines of travel. A tramp camp is never pitched within the reach of police authority. The cunning rascals know how to secure themselves from the grasp of the law in this respect.

There were over forty tramps in Wetzel's woods yesterday afternoon and last night, eight being on the ground when we were there this morning, and eight more wretched looking vagabonds never hung their heads before a steady gaze of men. The scenes along the canal last evening were very exciting, a number of desperate fights having occurred above the stock yards, in two cases of which it was reported to us that stabbing had been resorted to. Last night the lights were kept burning in all the houses within half a mile of the woods, and men and women were on patrol duty on their respective premises to prevent sudden surprise and robbery. The condition is certainly an embarrassing one, as no aid can be extended by the city police authorities, and the sheriff has no force at his command to rid the locality of the nuisance. Farmers must form vigilance committees and protect themselves.—*Harrisburg Telegraph, May 8th.*

Salary of County Superintendents.

"Under the provisions of a late act of Assembly the salaries of County Superintendents of Common Schools are fixed at $4[illegible] for each school in the district supervised, with this limitation—no salary is to be less than $600 per year nor more than $2,000. The following is the opinion of a distinguished engineer, Col. James Worrall, on steamboat navigation:

"The seaboard may be reached from the Ohio by three different routes commencing at Pittsburg. The first ascends the Allegheny river to the mouth of the Kiskiminetas, and thence by the Conemaugh reaches the Allegheny Mountains, through which a tunnel would connect the eastern and western waters, and the Valley of the Juniata would be used to reach the Susquehanna and thence to the sea at our new seaport on Delaware Bay, a distance of something over four hundred miles, say four hundred and twenty-five. A canal has existed on this whole line except through the summit of the mountains, which was overcome by a portage railway.

"Daniel D. Boas, a prominent and wealthy citizen of Harrisburg, was killed almost instantly last Thursday, by being thrown from his carriage. Mr Boas and S. Boyd Martin, County Commissioner, were returning from the former's country residence, when in turning the corner of Front and Maclay streets the carriage was overturned by the wheel striking a stone, and the occupants were thrown out. The box of the vehicle struck Mr. Boas in the temple, causing concussion of the brain, from which he died shortly after reaching his home."

John Yeakley & Son, Main Street, Mifflintown, Pa., are now receiving a large and well selected stock of the cheapest and fanciest goods ever brought to Mifflintown, consisting of alpacas, cachemires, poplin alpacas, pure mohairs, beiges, alpaca lustres, grass cloths, Newport suitings, merrimacks, muslins, prints, cassimeres, cottonades, notions, hats, caps, boots, shoes, queensware, glassware, groceries, clocks, watches, &c. Having purchased from first hands, for cash, enables us to sell at bottom prices. Call and examine our stock and prices before purchasing elsewhere.

"There is a man in Crawford county, Georgia, who never drank glass of whisky, smoked a pipe, or courted a woman. He is fifty years old and lives alone."—There are two men of the same kind in Mifflintown with this difference, that they are only about 40 years of age.

Neighboring News.

HUNTINGDON COUNTY, AS PER HUNTINGDON PAPERS.

The Huntingdon *Local News* says, On Wednesday night last when a Mrs. Shinbrook, who lives in an isolated house near the summit of Shade mountain, some distance from Shade Gap, was about to retire for the night she thought she heard an unusual cry some distance from her house. On going out and listening for a repetition of the cry she could not hear any other sound save the squealing of some hogs in the neighborhood from whence she thought the cry had emanated. On returning to the house she heard the cry again. She went up to where she had heard the hogs, when the cry was repeated very distinctly, and she came upon a bundle which she picked up, and on investigation found to contain an infant from two to three weeks old. The infant was well wrapped up, which saved it from being devoured by the hogs, as the clothing showed it had got some pretty rough rocking. The little waif was taken to the almshouse the next morning by Director Stair, where it is tenderly cared for and is doing well, and may live to sport the romantic name of "Minnie Shade", which some philanthropic friends have named it.

The notorious Jacob Zillins, who kept a disreputable ranche in West Huntingdon, and for selling liquor to minors, was sentenced to pay a fine of $20 and costs, and ten days in jail; selling liquor on Sunday, fine of $20, costs, and twenty days in jail; selling without license, $250 fine, and in default of payment three months in jail; keeping a bawdy house, fine of $10 and imprisonment in jail three months.

Tax the dogs.

A number of Huntingdon people expect to go to Paris this summer.

If the Juniata river were improved millions of tons of coal and other freight would be shipped from here yearly.

There are those who let out their hogs on Sunday. They should be impounded.

In passing down Mifflin street the other day, we heard an old lady say: "When I was a gal the women with the prettiest faces were the ones looked at most on the street, but now it's the one who holds her skirts up the highest when she goes across a muddy place who receives the most attention."

The property belonging to the Huntingdon County Agricultural Society, consisting of the buildings—occupied as offices during the fairs—stalls, &c., on the fair grounds, was sold at Constable's sale on Saturday at which time Mr. McCahan repossessed his ground.

PERRY COUNTY, AS PER BLOOMFIELD PAPERS.

J. H. Cambler, merchant, of Newport, while putting a barrel of syrup down in his cellar about nine o'clock on last Wednesday morning, without skids, lost control of the barrel, which fell on him and broke his leg above the knee and bruised him severely on the foot.

MIFFLIN COUNTY, AS PER LEWISTOWN PAPERS.

On Wednesday about 10 o'clock, Mr. Sweeney an inspector at the grind shop of Mann's axe factory, reached to adjust some belting, his clothing was caught by a screw on the shafting, which makes 106 revolutions in a minute, and he was instantly and inextricably entangled at its mercy and hurled at this rapid speed to what must have been an instant death. Mr. Bell, who was present, was powerless to aid in restoring him from his peril, and amid the din of the machinery his voice could not be heard by those at work above in time to arrest its motion, and not until he had been whirled around at this rapid rate at least 150 times, his feet striking the floor at each revolution, evidently, as they were terribly mangled. The force of these concussions can be estimated when it is stated that a pile of axes on the stout floor above was scattered. From an indentation on the left side of his temple that must have struck a heavy beam at least in one of the revolutions, and alone has cost him his life. When the machinery was stopped at last, in a very few minutes, which seemed ages, the clothes had to be cut from his body before it could be extricated. Singularly it was not apparent that any bones were broken, but his body, from his feet to his breast, was bruised and mangled as it could have been in no other way, and can be better imagined than described. Deceased was about 41 years old, and leaves a wife and six children, who will have the generous and needed sympathy such a calamity must invoke.

John Hayes' farmer, in Brown township, going over some previously plowed ground intended for corn, on Friday last, had his attention called to the singular action of his dogs, that had pulled out and dragged around what, upon partial examination seemed to be the remains of a dead infant, considerably decomposed. Covering it up against further mutilation he went to the house and reported the circumstance. Returning on Saturday, whatever it was had disappeared, and the mystery remains. As such things generally do the affair has furnished food for gossip ad libitum in that neighborhood.

Miss Hattie Thomas has recently launched a new boat on the Juniata, which promises to be as swift as it is trim and shapely.

Joe Blymyer while handling a dog the other day received a sharp bite on the wrist. He had sufficient nerve to cauterize the wound with a lighted cigar.

The Amended Pension Laws.

The following circular was issued by State Treasurer Rawle last week and sent to all the County Treasurers in Pennsylvania:

TREASURY DEPARTMENT OF PENNSYLVANIA, HARRISBURG, April 25, 1878.—Attention is hereby called to the act of Congress approved March 7, 1878, granting pensions to soldiers and sailors of the war of 1812 and their widows, and for other purposes.

The act of Assembly approved March 24, 1868, granting pensions to the above class of soldiers and sailors, provides: That said annuity be allowed by the Commonwealth of Pennsylvania shall cease as soon as provision be made by the Congress of the United States. The aforesaid provision having been made by act of March 9, 1878, you are hereby notified to pay all soldiers and sailors and widows entitled to annuity upon the lists that have been furnished you from time to time from this department the sum of $14.37 from January 1 to March 18, 1877, and from that time the names of all pensioners, under the act of March 24, 1868, will be dropped from the rolls of the State. (Signed)

HENRY RAWLE,
State Treasurer.

"The annual meeting of the Juniata County Sabbath School Association, will be held at Centreville, Walker township, on Thursday and Friday, May 30th and 31st, 1878. The Superintendent and two Delegates from each school are expected to attend. Send your names to Mr. D. S. Funk, chairman of committee of arrangements, Mexico.

The lawyers in Harrisburg have a difficult case on hand. It came through the post office in the form of a letter, the direction on the letter reads, "To the Smartest lawyer in Harrisburg." The case is, which, or who of the bar is the smartest lawyer? It was a naughty direction.

"A Detroit boy stood an umbrella, with a cord tied to it, in a public doorway.—Eleven persons thought that the umbrella was theirs, and carried it away with them the length of the string. They then suddenly dropped it, and went off without once looking back or stopping to pick it up again."

Slack water navigation for the Susquehanna and Juniata rivers, is being a good deal talked of. Steam boats instead of canal boats, would always insure a full supply of fish for the people of the State. The fish that would go to the sea could return at their regular return time through the breakers in the dam.

"His Honor, Judge Jenks, of Jefferson, last week charged that the somewhat prevailing practice of serenading newly married persons with tin pans, horns, etc., and collecting and creating a terrible din, was a violation of law, a riot. In the future he will hold all parties guilty of such offense amendable to the full extent prescribed."

In politics, in corporations, in the church, in everything in which people organize there will always be certain men who constantly say officer so and so, Deacon and Elder so and so, or sister so and so, or some one so and so, not seen so and so, is running the concern, when the whole truth in nine cases in ten is, that the thorn in the flesh of the certain set is, that it is not so and, or it is so and so, because they are not running the concern.

"Mr. Samuel Urich, of Harrisburg, has in his possession one of the old cards used to advertise the railroad and canal line in 1838. It modestly informed the people in those days that the trip from Philadelphia to Pittsburg could be made in *three days and a half*, via the Philadelphia, Lancaster and Harrisburg railroads and Pennsylvania canal. As a relic of the slow travelage Mr. Urich values it highly. In these days of lightning travel it is hard to realize that in 1838 it took three and a half days to cross the State.

The Great Discovery.

E. F. KUNKEL'S BITTER WINE OF IRON, for the cure of weak stomach, general debility, indigestion, disease of the nervous system, constipation, acidity of the stomach, and all cases requiring a tonic.

This wine includes the most agreeable and efficient Salt of Iron we possess—Citrate of Magnetic Oxide combined with the most energetic of vegetable tonics—Yellow Peruvian Bark.

The effect in many cases of debility, loss of appetite, and general prostration, of an efficient Salt of Iron combined with valuable Nerve Tonic, is most happy. It augments the appetite, raises the pulse, takes off muscular flabbiness, removes the pains of debility, and gives a florid vigor to the countenance.

Do you want something to strengthen you? Do you want a good appetite? Do you want to build up your constitution? Do you want to feel well? Do you want to get rid of nervousness? Do you want energy? Do you want to sleep well? Do you want brisk and vigorous feelings? If you do, try Kunkel's Bitter Wine of Iron.

This truly valuable tonic has been so thoroughly tested by all classes of the community that it is now deemed indispensable as a Tonic medicine. It costs but little, purifies the blood and gives tone to the stomach, renovates the system and prolongs life.—Every body should have it.

I now only ask a trial of this valuable tonic. E. F. KUNKEL, Sole Proprietor, No. 259 North Ninth Street, below Vine, Philadelphia, Pa. Ask for Kunkel's Bitter Wine of Iron, and take no other. A photograph of the proprietor on each wrapper, all others are counterfeit.

Buy six bottles for $5.00.

Worms Removed Alive.

E. F. Kunkel's Worm Syrup never fails to destroy Pin, Seat and Stomach Worms. Dr. Kunkel, the only successful physician who removes Tape Worm in two hours alive with head, and no fee until removed. Common sense teaches that if Tape Worm be removed, all other worms can be readily destroyed. Send for circular to E F Kunkel, 259 North Ninth Street, Philadelphia, Pa., or call on your druggist for a bottle of Kunkel's Worm Syrup, price $1. It never fails.

Manhood: How Lost How Restored

Just published, a new edition of Dr. Culverwell's Celebrated Essay on the *radical cure* (without medicine) of Spermatorrhœa or Seminal weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc; also, Consumption, Epilepsy and Fits, induced by self-indulgence or sexual extravagance, &c.

Price, in a sealed envelope, only six cents.

The celebrated author, in this admirable Essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and *radically*.

This Lecture should be in the hands of every youth and every man in the land.

Sent under seal, in a plain envelope, to any address, *post-paid*, on the receipt of six cents or two post stamps. Address the Publishers,
