STOCKHOLDERS of Riverside Park and Agricultural Association met in Squire Loudon's office last Thursday afternoon, for the transaction of business.

The President, E. S. Parker, stated that the object of the meeting was, or is, to elect officers for the coming year, and transact such other business as may come before the meeting.

William J. Jackman and W. S. North were appointed Secretaries of the meeting.

On motion the stockholders proceeded to nominate candidates for the office of President of the Association. The following gentlemen were presented for nomination: E. S. Parker, John Cunningham, S. B. Loudon, and Porter Thompson, but all and each in turn declined to become a candidate.

Robert McMeen and Dr. L. Banks were put in nomination, neither of whom were present at the time of nomination. After balloting the vote stood—Banks, 22; McMeen, 44; and Mr. McMeen was declared the President of the Association for the coming year.

S. B. Loudon was nominated for Secretary, and had no competition for the position.

A. G. Bonsall moved that W. S. North be authorized to cast the 63 votes, as represented in the meeting, for S. B. Loudon for the office of Secretary of the Association for the coming year. The motion was seconded and carried without a dissenting voice.

T. V. Irwin was nominated for the office of Treasurer of the Association, and Porter Thompson was authorized to cast the 63 votes, as in the case of Secretary, after which Mr. Irwin was declared to be the duly authorized Treasurer of the Association for the coming year.

On motion the meeting proceeded to the nomination of a Board of Directors. Many were nominated, but all declined excepting eight—the number required by the laws of the Association to constitute the Board of Directors, with the President, who by virtue of his office is a member of the Board.

The eight gentlemen nominated were James Adams, H. S. Groninger, A. G. Bonsall, R. E. Parker, Jerome Sieber, John Cunningham, Jacob Sulouff, Dr. L. Banks.

As there was no contest, on motion, Samuel Strayer was authorized to cast the 63 votes for the Directors nominated, after which the eight gentlemen named were declared duly elected as a Board of Directors for the Association for the coming year.

The election of five Vice Presidents was the next business for the Association. Quite a number were nominated for the position, and after balloting once, the following named gentlemen were declared elected by the following vote:

W. P. Thompson, 44 votes; Henry Sulouff, 38 votes; James McAuley, 46 votes; W. D. Cramer, 42 votes; J. K. Robison, 50 votes. After which election, notice was served on the stockholders by E. D. Parker, from whom the Park was leased, that the old lease had expired some time since, whereupon the outgoing Board of Directors was immediately called to consider the question of the lease.

The outgoing Board authorized the President and Secretary of the Association to sign the lease, the main provisions of which are: A lease of the Park for a period of four years from the 8th day of May, 1879, at an annual rent of one hundred and twenty-four dollars.

The oldest inhabitant is perplexed in the effort to fix a date at this season of the year at which the river has been so low and clear.

The Republican County Committee has been called to meet at the Pennsylvania House in this place. Read the call of the chairman.

Thaddeus Zimmerman, of Thompsontown, has again begun the business of merchandising from a wagon. He was in this place last Friday.

One of the most peculiar of egg formations is now in the possession of Mr. Harry Moore, of Walker township. It consists of two eggs in one—a big egg, with a little egg inside of it.

The Riot Damage investigation at Harrisburg is stirring up a "nice kettle of fish." From the evidence heard, it must have been a scheme tainted nearly through with corruption.

Rev. E. E. Berry is preaching a series of sermons, in the Lutheran church, on "*Christian Safeguards.*" The second sermon of the series, on "The Church," will be delivered on next Sabbath evening.

The county Alms House, located at Shirleysburg, Huntingdon county, was destroyed by fire on Saturday a week. The fire originated through a detective flue. The building was insured for $5349.

You can secure the very highest price in cash for your Bark at Todd's.

It took the average boy a long time to do an errand last week about mid-day. The festive bumble-bee, to him had more charms than business, and ever and anon, he would vigorously strike at every bee that unluckily came in his way.

On the 9th inst., the day set to resume the ballot-box case, Lawyers Parker and Stone appeared for the respective parties and asked for a continuance, on account of material witnesses. The case was continued till June 23d, 1879.

We are asked, Who is Frank, the author of the enigmas that appear from time to time in the columns of the *Sentinel and Republican?* The only answer that we make to the inquiry, is this, Frank is a young unmarried lady, who lives with her father in Tuscarora valley.

The Harrisburg *Telegraph* puts it in this way: It does everlastingly bother the Democracy to think that Grant is coming. The same trepidation was experienced some years ago, when an armed portion of the same party slept in the ramparts around Richmond.

The Greenback and Democratic papers are publishing a refreshing story, signed "James O'Neal," who is a traveling character. The story will be exploded at the proper time; meanwhile had they not better certify as to who O'Neal is? Light, gentleman, light.

Bass fishers, that is, the early fishermen, or those who fish as soon as the season comes in, are preparing for the first of June. Generally speaking, the bass fisher is a different character from the trout fisher, and the sucker fisher differs from the two just mentioned.

"The editor of the Okolona *States* indignantly denies that he is an Ohio carpet-bagger. He says he was born and reared in the South, and wants to live there while life lasts, be buried there when he dies, and go to heaven where no Republican Yankees take up their residence."

That there is a queer kind of bologna sausage factory in Bloomfield may be inferred from the following, which appeared in the Perry county *Freeman* last week:—"There are enough worthless dogs in this town to supply a bologna sausage manufactory for a considerable length of time."

A dispatch from India says: General Grant's departure from Lucknow was exceedingly stately. A long line of big elephants were stationed along the railroad track near the station, a battery fired off a royal salute, a military guard was drawn up facing the station, and a band played one of our national airs, while the British officers and civilians stood with uncovered heads.

The editor of the Lewistown *Gazette* has become a bondholder, and feels comfortable in money matters ever since. This is the way he told it last week in the *Gazette*:—"We concluded a week or two ago to become a bondholder, not a bloated one, because our pocket would not stand that, so we invested $10 in a refunding certificate bearing four per cent. interest, and now feel easy on money matters."

Last summer a man aged about 60 years was found in an insensible condition at the Snyder county end of the bridge at Northumberland. He has since been taken care of by a citizen of Point township. His right side is paralyzed and he is unable to speak. On one arm is the name of Michael Carl. It is hoped that if this reaches the eyes of any of his friends or acquantances, they will interest themselves in his behalf. Further information can be obtained at the Sunbury *Democrat*.

A. G. Bonsall, of the *Democrat and Register*, D. S. Masser, of Fayette, and Mathew Rodgers, of Walker, have been announced as candidates among the Democracy for the office of Sheriff.

The Main Centennial Exhibition Building at Philadelphia with its great attractions have been convented into a Permanent Exhibition, and was opened on Saturday with impressive ceremonies. Visitors to Philadelphia will do well to give a day to see the many magnificent and useful articles on exhibition there.

The Philadelphia *North American*, speaking of the receipts of grain in Philadelphia the past spring, says: The receipts of oats at this port from May 1 to date were 126,700 bushels. The receipts of wheat at this port from May 1 to date were 516,900 bushels. The receipts of corn at this port from May 1 to date were 774,000 bushels.

That there are pockets of gold in the country that were not drained by the high premium of the war is evidenced by the following from a Huntingdon paper: Mr. Myerly, of Trout creek, loaned the commissioners of Huntingdon county $500 last week at 6 per cent. The money was all in gold.

The building of the bridge across the ravine in the old pike, at Thompson's lock, in Delaware township, was given to G. W. Smith, of this borough, he having been the lowest bidder, both by the perch, and in bulk. There were sixteen bidders. The bids reached from $1,603 to nearly $6,000. The articles of agreement between the Commissioners and Mr. Smith were signed on Monday.

Charles Raub's barn, in Wheatfield township, Perry county, was destroyed by fire last week. Along with the barn were destroyed 9 tons of hay, 50 bushels of wheat, 60 bushels of oats, 200 bushels of corn, 25 bushels of rye, horse-power, wagon, winnow-mill, horse-rake, all the other farming implements, &c. The wagon-shed and chicken coop, adjoining, met a similar fate. The insurance on the property destroyed is $3,600.

Last week, one day, just after a freight train had passed Milford station, a man was found near the station, close by the track, in an insensible condition, with wounds in many places on his head. It is supposed that he fell from the freight train. Twenty-eight dollars in money were found on his person. An envelope was found in a pocket; on it was printed the card of J. A. Cotele & Bro., Merchant Tailors, Milroy, Mifflin Co., Pa. The envelope was addressed to John Allen, Jr., McVeytown, Pa.

An exchange says: A poor vine-dresser of Burgundy drew from a lottery a prize of $90,000. Thankfully he gave $10,000 for the building of a church in his native village, and then, with his family, he went to Paris, where, in one year, he spent the remainder of his money. He then returned to his village and became the sexton of his church. This is not at all wonderful. The only surprising part of it is that his brethren would have anything at all to do with him after he had lost his money.

Wolf's Legislative investigating committee in the matter pertaining to the corrupting influences brought to bear in favor of the Riot Damage Bill, has turned up quite a number of members who had been promised money for their votes. The parties who offered the money say it was all a joke. To hear the gentlemen testify would incline the hearer to the belief that the whole business was a high joke, and it it were not for the $4,000,000 that they wanted to get out of the Treasury, the Commonwealth might settle down to that belief, "but that's the rub."

Certain members of the Democratic party profess to be greatly alarmed lest United States troops be used to quell disorders at the polls. They were not so alarmed when the Rebels were arming to overthrow the government. They did not manifest alarm when Rebel soldiers seized United States property, and persecuted all who dared to offer the least objection to their work. If there had been no rebellion, soldiers would not have been used to frustrate their revolutionary war in the interest of human slavery. Only the man who commits murder need fear the gibbet.

Intelligence from Duncannon, Perry county, says that about 4 o'clock last Wednesday morning fire was discovered in P. T. Michner's large wagon-maker shop. The building, with all its contents, and the blacksmith shop, were consumed; also, Mr. Joseph Hawley's fine dwelling house. Four other houses were on fire, but of the rest none were burned down. It was the work of an incendiary. Michner's loss is estimated at $4,000; no insurance. Mr. Hawley's house was insured. Two tramps were arrested, but they could not be indicted for the deed, consequently were left to tramp on.

Iroquois Tribe, No. 42, I. O. R. M., participated in a parade on Monday afternoon, in honor of their 23rd anniversary. The procession formed on the Water street side of the hall, and, headed by the Juniata Cornet Band, marched through the principal streets of Mifflin and Patterson. Between thirty and forty members were in line. The procession filed into the Court House, where the Tribe was addressed by Dr. L. E. Atkinson, of this place, and Rev. G. E. Zehner, of Newport, after which William M. Allison, Esq., delivered the history of the Tribe.

The Chambersburg *Public Opinion* says: On Wednesday last, Mrs. Russell Fields, residing near Orrstown, while in the act of taking eggs from a hen's nest, in the barn, near a vicious horse, had the terrible misfortune to lose one of her ears. It seems that she unthinkingly approached too near the animal, when he seized the ear with his teeth and before she could prevent it, the brute tore the member from her head. Medical aid was summoned at once, but before a physician arrived the wound bled profusely, and in consequence, the unfortunate lady is lying dangerously ill. It is now feared that lock-jaw may take place.

Large stock of Ready-made Clothing for sale by HARLEY & CO.

PRIVATE SALES.

Persons desirous of selling property at private sale, may arrange to have the property advertised in the *Sentinel and Republican*, on the *terms of no pay if not sold.* If sold, to pay at such rates as have previously been agreed upon.

A RARE CHANCE

To Buy a Large Tract of Good Land at a Moderate Price.

To a man who desires to make farming and stock-raising his business, this is the greatest bargain in Juniata county.

Three Hundred Acres and more, having thereon a large Brick Dwelling House in good condition, Barn and other outbuildings; a running stream of water near the door, also, good well water in yard; an Orchard of 8 acres, as good as any in the county; a grove of 50 maple trees, which, if attention were directed to, could be turned into a source of income, as such groves are in Somerset county, this State, and as such groves are in New England. Good timber on the farm. The farm will produce 40 to 50 tons of hay annually, and grow grain of all kinds.

We repeat, this is the greatest bargain now offered in this county, to the man who has energy, and desires to farm and raise stock. To such a man, who has a moderate sum of money for first payment, there is a rare chance to secure a property, that in the nature of things must increase in value gradually, for the period of a full generation yet to come.

Time, 5 to 7 years, to suit purchaser. If you have the inclination, the means, and the pluck to develope one of the finest tracts of land in the county, call at this office for particulars.

FARM—59 ACRES, ABOUT 50 ACRES clear, 1½ miles west of East Salem, on the Mifflin road. Running water between house and barn. All kinds of fruit. Improvements—a Log House, weatherboarded Bank Barn, Wagon Shed, Corn Crib, Hog Pens, Spring House. The quality of land is good, and clear of stones. This farm is in Walker township. For further particulars, address G. W. SULOUFF,
East Salem, Juniata Co., Pa.
