Parties asking for the above will please say they are advertised.

HOWARD KIRK, P. M.

The jail officers, were badly scared last Sunday when they found six dynamite bombs in a box under a lot of newspapers in the room of Lingg one of the condemned Chicago anarchists. There is no telling how Lingg got the bombs or just what he wanted to do with them. It is hardly probable that he wanted to blow himself into a warmer climate. There is no class of men who love life better than the murderous Anarchists.

Anarchist Engel, was discovered prostrate and suffering from a dose of laudanum last Saturday night. He was given an emetic and was walked by the doctors and attendants till he was out of danger. His attempt at suicide led to the search that discovered the bombs in Lingg's cell. The bombs it is believed were passed in to Lingg in a fancy soap box. The Anarchists say the bomb business is a set up on Lingg, and the whole party.

List of letters uncalled for remaining in the post office at Mifflintown, Pa., Oct 31, 1887. Persons calling for letters in this list will please ask for advertised matter: LETTERS. I. CHAS. CRAWFORD, P. M.

Petty thieving seems to be the order of the night in Patterson. A few nights ago some one entered the house of Mrs. Connor, and was seen by her daughter Mollie, just as he was about to enter the room door. She screamed and the burglar ran down stairs. When they went down the door stood open, where he ran out and a window was hoisted where he entered. About the same time G. W. Wilson's residence was entered and their cellar denuded of eatables. Lucien Louder's house was broken into and his pantaloons taken from his room down stairs and the whole house ransacked, as was also the residence of W. H. McDonald.—Tribune.

On last Friday forenoon a quarrel took place between four Patterson boys aged between 9 and 15 years, that resulted in a cinder throwing fight that wound up in the injury of two of the participants and the arrest of the other. Three of the boys are named Pannabaker and the other Hagan. The trouble started about throwing water. One of the Pannabakers was cut in the forehead and another in the back of his head by cinder battery was brought by Mrs. John Pannabaker. The parties appeared before Squire J. B. M. Todd on Saturday afternoon. The Justice recommended them to settle it between themselves. This was brought about by Hagan's father paying costs and giving bail for the future good behavior of his son.

The Williamsburg correspondent of the Altoona Tribune last week says: The wild goose storm of last week was the means of bringing some large flocks of wild geese and ducks around. One goose was shot that measured seven feet two inches from the tip of one wing to the tip of the other and four and one half from the point of the toes to the point of the back. It weighed 15 pounds. Another flew against the headlight of engine No. 22 Engineer Snyder says it almost knocked the light off. It happened near Reese's station. There was also a large lot of wild ducks shot. Men who can't distinguish wild from tame had better stay at home. Two as nice flocks of tame ducks as ever floated were almost entirely annihilated by some of the pot hunters, but we cannot believe anything else than that they were shot purposely. They had better sing mum, for any one who was guilty of such malicious shooting and is found out will be called on by Mr. Smith or Rhodes to make resitution or feel the full extent of the law.

Wanted.

Three educated young men and two ladies. Will pay good salery. Address.

Lock Box 313, Lewistown, Pa.

MASON & HAMLIN PIANOS.

THE improved method of fastening the strings of pianos, invented by the Mason and Hamlin Organ and Piano Company a few years since, is unquestionably one of the most important improvements ever made, making the instrument more richly musical in its tones, as well as more durable, and less liable to get out of tune.

SUSAN STEWART.

Where is Susan Stewart, I desire to find her, or her legal representatives if she is deceased. She or any person having knowledge of her where about, can hear something to her advantage by communicating with me.

By the above table it may be learned at a glance that the whole Republican ticket has been elected. Hower, Cunningham, Meminger, Shellenberger, App, Graham and Pennell have all been elected. The Democracy have lost their bag and baggage. It is the greatest victory ever achieved in Juniata by the Republicans. Those of the unterrified who felt as if they could stand the change of political fortune will be sent up Salt River. The State is Republican by 18,000, Ohio is Republican.

THEO. H. MEMINGER.

Prothonotary's Office *Proth'y.*

Mifflintown, Oct. 22, 1887.

A Nuisance In 1827.

"In 1827 there lived in Washington Co., Pa., a farmer by the name of McCook, an uncle says the Pittsburg Times, of the famous General Anson G. McCook, the present Secretary of the United States Senate. McCook's farm was situated on the old national pike, eight or ten miles from Brownville. In attempting to dig a well a short distance back from the pike he struck a large flow of natural gas. This by accident became ignited, and the flame it gave forth scared the horses passing on the pike, and many runaways occurred. This went on for some time until the authorities in that section passed an ordinance stigmatizing it as a nuisance, and compelling McCook to suppress it as such which he did. Thus what the citizens of Pittsburg, now consider the greatest discovery of the nineteenth century, just half a century ago the citizens of Washington county considered the greatest nuisance."

Wild ducks were not quite as plentiful about the mouth of the Juniata river, last week, as drops of water during a rain shower, but they came down on the streams in the vicinity of Duncannon, in such numbers that everybody who could secure a gun went out to shoot a duck.

From the Liverpool Sun. C. A. Rippman and James Rounsley, of Millerstown, last week one day each lost a cow. The animals failed to return home as usual in the evening, and it is believed that they were driven off by a cow dealer who drove a herd through town that day. * * * Recently while Mrs. Haines, of Millerstown, was sweeping a room, she noticed a small cartridge among the dirt, and without thinking of any danger, put the dirt and cartridge in the stove. The cartridge exploded and struck Mrs. H. above the right eye, inflicting a painful injury. * * * Mrs. Lewis Wagner and her three daughters were weighed one day last week at the Reward store, and they tipped the beam at the following figures: Mrs. Wagner——; Mrs. John Finnical, oldest daughter. 165; Miss Savilia, 187½; Minnie, 204½; total, 716 pounds. Now if you can find another mother and three daughters with more weight, let us hear from you.

From the Chambersburg Repositary. Thirty-five car loads of stock passed through this place on Tuesday night from the South to the eastern markets. * * * Bears are reported as plenty in the mountains between this and McConnellsburg. * * * The hour ordinance on the Cumberland Valley Railroad and it now takes a train fifteen minutes to pass through the town. This is a great punishment to passengers, not that they have anything against Carlisle, but it is a waste of valuable time. * * * The County Commissioners have brought suit upon the official bond of C. W. Pentz, tax collector of the borough of Greencastle, and against his bondsman C. C. Pentz, Cyrus Peterson and D. W. Pentz. C. W. Pentz, the collector has neglected to return his duplicates for 1885 and 1886, and to account for the money collected, notwithstanding the fact that he has been notified to do so by the Commissioners. Suit was accordingly brought to collect the amount of his bond from his sureties.

Military Dogs.

Among the thousand and one inventions, appliances, and wonderful usps of men and beasts which German genius has devised to defeat France in case General Boulanger's successor becomes unpleasant, the dog plays a significant role, employed as he is, as messenger and sentinel. Experiments have been made for nearly a year now and have proved highly satisfactory. The dog maneuver of the hunter battalion was decidedly the most interesting of the recent campaign. Several regiments have been furnished with the German Shepperd dogs, known for their wisdom the world over. Each one, is attached so to speak to the person of a soldier, in whom the dog soon recognizes his master, and who conducts his training. While doing duty, the dog is kept with the sentinel, and easily learns the requirements of his post. A few of the experiments performed before Colonel von der Goltz Pacha, who represented the Sultan at the ninetieth birth day of the Emperor, and has since remained to witness the reviews were surprising. A soldier taking the dog from the sentinel, marched off on a reconnoitering expedition. After writing his observations, and placing them in the cask about the neck of the brute, the latter was told to return to his master, which he did in an astonishingly short time. One dog employed in this service arrived at his post ten minutes before a mounted Uhlan charged with the same instructions though the latter rode at desperate speed. But even more than this was accomplished. With a message tied about the neck, as in the former case, the dog was told to seek a distant sentinel and bring a return answer. This he did with great speed, carrying his message directly to his master without fail. It is little wonder the Pacha Goltz was surprised at the success of the experiments given in his honor. And they are truly wonderful for the present though bidding fair to become a common place institution in that great machine the German army. The consequences and possibilities of the shepherd dog service are apparent to all who know anything of military science, and make their citation superfluous. One thing is certain, that a future war between Germany and any of its neighbors will not be conducted without its dog regiment, which, though not employed in concerted action, will perform service more valuable than the cats of ancient Egypt.—Foreign Correspondence.

A GREAT REDUCTION

In the Price of the Beautiful and Popular Cabinet Photograph.

I would respectfully call the attention of the citizens of Juniata to the fact that I will make First class Cabinet Photographs at the

Low Price of $3.00 per Dozen,

during the months of November and December, this being a reduction of ONE DOLLAR per dozen from my usual price.

All persons who desire to make Christmas presents to their friends of pictures must come during November, as, unless they do so, on account of the rush of business about the Holidays I will not be able to get the work out in time. All work will be guaranteed first class. Do not put it off a single week after you read this advertisement. Come at once. Hitch up your teams and bring in your entire families, babies and all.

I will still make a further reduction, where three or more in one family get pictures, of FIFTY CENTS on each dozen, makeach dozen of Cabinets $2.50. Less than one dozen of each person will not be made at these prices, but at the following: four pictures, $1.50, or six for $2.00.

Remember, that these are extremely low prices and will only continue during the months of November and December. In order to make good work cheap it is necessary that there shall be a large demand, hence if the public want good work cheap, they must all come in to get it within a very short space of time, just as lots of travel on a railroad at a particular time justifies excursion rates.

Respectfully,

JOSEPH HESS.

SCHOTT'S FAMOUS CLOTHING

Establishment

Has Surprises In Store For You.

Never did we present such a large stock of Suits and Overcoats for Men, Boys and Children. Our assortment of Men's Suits and Overcoats for dress or business has been carefuly and tastefully selected. Our line of boys' and children's suits and overcoats was never more attractive than now and the prices are the lowest.

You can form no Idea of the magnitude of our Fall and Winter stock of men's suits until you see it. There is no style of garment, fabric known to the trade that we cannot show you. We have strong serviceable working suits as low as $4; excellent union cassimere suits at $6; desirable business suits, in over fifty patterns, at $8, $10, and $12.

WE HAVE GAINED A GREAT REPUTATION

for the elegant fit and finish of our Fall and Winter Overcoats; every garment is perfect, fashionable and yet cheap. No tailor can equal them without naming a fancy price. Will you do yourself the justice to examinine them early?

NOVELTIES IN BOYS' SUITS AND OVERCOATS.

This department is full to overflowing with stylish goods. All the new styles of domestic and imported suits at $2, $2 25 $3, $4, $5 and $6. Big Boys' long pants' suits we start with $3, for good union cassimeres $5, $6, and $7. There seems to be no end to our stock of boys' and children's Overcoats.

What makes our Hat Department such a grand attraction in the eyes of gentlemen is the fact that we show all the latest styles and sell them at positively matchless prices.

BEYOND COMPARISON

is our mammoth display of Furnishing Goods. If you are in need of any winter underwear, white or fancy Dress Shirts, Collars, Cuffs, Neckwear, &c., you can buy them here at the lowest prices on record. None but new goods are shown. If you want a gold or silver watch, you can buy them at SCHOTT'S, AT ALL PRICES.
