David Charles is going to plant a peach orchard this spring, and people who have not obtained their peach trees will do well by calling on or addressing him to get prices.

The Oakland Literary Society is in a prosperous condition and the arguments heard there sometimes would be a credit to people of more pretentious places. The society meets every Thursday evening and is presided over by the veteran M. V. Shirk, and he certainly knows how to run a literary society.

Mr. Lucien Wilson, who has been confined to the house by sickness for about nine months is still unable to be out and is improving very slowly.

Mrs. Tress is also unable to be out and is not improving very fast and is still under the care of Dr. Hoops. We hope when spring comes around again that these old and well known residents may be able to be out again and enjoy more perfect health.

Washington Connection for Atlantic Express During Inauguration Week.

The Passenger Department of the Pennsylvania Railroad Company announces that, commencing February 25th, the second section of the Atlantic Express No. 20, leaving Pittsburgh at 3.00 A. M., will be run through to Baltimore and Washington, arriving at Baltimore 1.15 P. M., and Washington 2.30 P. M. The train will be equipped with Pullman Sleeping Cars. It will make a stop of twenty minutes at Altoona for breakfast.

This arrangement will cease after March 4th. It will add to the Washington train service a very convenient train for the residents of Western Pennsylvania.

The Lutheran Sabbath school of this place held a Missionary Review meeting on Sabbath evening in the Lutheran church that was interesting and instructive. Dr. Holman, superintendent of the school having a cold, Rev. Philip Graff conducted the exercises. In answer to the No's of classes and questions put by Mr. Graff the teachers of the classes gave accounts of Missionary work carried on by the Lutheran church in India and also in Africa. The cheapness of living in India compared to living in this country was dwelt upon. $50 and less was stated sufficient to build an adaptable church in that country. $20 to $25 was stated as sufficient to educate a native one year preparatory to Mission work, and near the same amount sustains each missionary worker 12 months in the India fields. Mr. Berry being called made a suitable address, and after an hour and a quarter of time well taken up the meeting adjourned.

THE PRESIDENT'S INAUGURATION.

Half Rates and Fine Service by the Pennsylvania Railroad.

Present indications foreshadow the most brilliant inaugural demonstration ever known on the installation of President elect Harrison, March 4th next. The entire country is interested in the event, and every State of the Union will be represented in the grand parade. Civilians, military, civic, and political bodies will make this the greatest pageant ever seen in the National Capital. The ball will be the most brilliant affair of the kind ever held, and the entire demonstration will be dominated on a scale of magnificence never before attempted. Thousands of people who visit Washington during this period as participants or spectators, and the Pennsylvania Railroad Company is making preparations to carry them there, and return them in the prompt est and most satisfactory manner. It will undoubtedly be the heaviest job ever undertaken by the company, yet with its enormous equipment, excellent facilities, and masterly management, the task will be accomplished to the satisfaction of all. For the day preceding and that succeeding the 4th, the ends leading into Washington will be hot with thousands of wheels, and as all trains will be run in as many sections as the demands of travel require, there will be between New York and Washington a continual procession of locomotives and cars moving steadily forward to their destination. In order to utilize all the cars, and to prevent any blockage of the tracks, the cars will be stored on sidings in or near Washington as the other disposition to do.

The trains will be kept moving all the time, and having deposited their contents in the centre of the city the cars will be immediately run back to be again loaded with a part of the vast throng which will crowd into all the stations of the company. In this manner the work will be done promptly and effectively, and the great number of trains will enable every one to reach the capital at a reasonable hour.

In view the hotels and lodging houses of Washington should be unable to accommodate the visitors, the Pennsylvania Railroad Company will sell excursion tickets from Washington to Baltimore February 25th to March 4th, good for return trip until March 5th, at $1.00.

The excursion rate fixed for this occasion is a *single fare for the round trip*, and tickets at that rate will be sold from all stations on the Pennsylvania Railroad system from February 25th to March 4th, valid for return trip until March 5th.

Visitors who desire to extend their trip to Richmond can also purchase excursion tickets in Washington on March 1st to 7th, good to return until March 7th, inclusive at $4.40 for the round trip.

Half Rates to Washington via Pennsylvania Railroad, allowing Stop-off in Baltimore.

In order to afford visitors to the inauguration all possible privileges, and at the same time give them the benefit of the very low rates which have been fixed for this occasion, the Pennsylvania Railroad Company will sell excursion tickets to Washington on February 25th, 26th, 27th, 28th, March 1st, 2d, 3d, and 4th, from all stations on its system, at a *single fare* for the round trip. These tickets will admit of a stop-off in Baltimore in either or both directions, thus enabling passengers by this route to visit both cities. The return coupons of the excursion tickets are valid for use until and including March 7th. This rate, in view of the liberal conditions it bears and the magnificent service which the Pennsylvania Railroad affords, is the lowest ever offered under similar circumstances. For information as to the movement of regular and special trains, and for specific rates from each station, apply to ticket agents of the company.

In Memory of Mrs. Dr. G. M. Graham.

The Womans Christian Temperance Union of Port Royal met February 15, 1389, feeling that the shadow of a dark cloud was resting upon them, and so mysterious seemed the Providence that had called from their midst a loved member, that they could only bow in quiet submission, and hear the voice which seemed to say, "Be still and know that I am God."

No eulogy can speak her worth, nor can the saddest words express our grief and loss.

She taught us by precept and example how to live a lovely consistent Christian life and how to die a happy triumphant Christian death therefore,

Resolved, that while we by the grace of God, bow in humble submission to the will of our Heavenly Father who doeth all things well, we express our deepest affection for our departed sister, and our heart felt sorrow on account of her removal from our organization.

Resolved, that we extend to the bereaved family of our dear sister our tenderest sympathy and pray that He, who hath said, "A bruised reed will I not break," will support and comfort, fold and shelter them within his own field, until they are all united in the realms of bliss, with her who has gone before and waits to welcome them there.

The Earth Quaked.

PANAMA, Feb. 4.—Details of the earthquakes of December 30, in Costa Rica say that at 4.20 A. M. in San Jose a movement occurred which was more than a simple earthquake, being really a fearful cataclysm similar to that of September, 1841, and which did immense damage in the cities of San Jose and Heredia and the villages of Paba, Santa Barbara, San Rafael de Heredia, Grecia and Sante Domingo, and in many smaller hamlets. It may be truly said that not a single house escaped injury, while many are not safe to live in, and others are completely wrecked. It has been necessary to close the churches and prohibit worship in them. Whole streets are blocked with ruins. No trains ran until the bridges were examined and found to be in good order. Losses in San Jose amount to more than $2,000,000, while all the principal buildings in Alajuela are damaged. At La Laguna a most extraordinary geological phenomenon took place, and the earth has assumed the appearance of a rough sea. The father of a family and four of his children were buried together, while the mother and her young child were thrown by the motion of the earth a distance of 1000 metres, although she declares she believes the earth swallowed her and then ejected her where she was found. Here its hills have changed their positions and the ground is full of cracks.

"The mild weather of December and the first half of January had its effects on the maple trees in New England. In Maine and Vermont and other sections trees yielded a good flow of sap, but longer was made in mid winter, a very unusual occurrence."

Twenty five years ago a couple were married in Brockton, Mass., and lived together for five years. Then they separated, and for twenty years they lived by themselves, but they have not been divorced. The odd thing about it is that every Sunday night he calls on his wife and spends the evening with her.—Ex.

Tribute of Respect.

WHEREAS, it has pleased our Heavenly Father to remove from our midst while sojourning at the State Lunatic Hospital at Harrisburg, Pennsylvania, our dearly beloved sister, Miss Laura A. Woodward who took sick, Jan 28, and died, Feb. 1. Therefore we adopt the following resolutions.

1. *Resolved*, that we believe our loss is her gain.

2. *Resolved*, we also believe though sudden her departure and brief illness found her ready and prepared to meet her Lord and Master.

3. *Resolved*, we can think that she was one of God's children believing on Christ our Savior who gave his life, and his blood shed for all.

4. *Resolved*, that the Sunday School has lost an earnest active member, who always gives a helping hand in the church of God and always performed her work faithfully.

5. *Resolved*, that she was always highly respected by a large circle of companions and friends and we were all shocked to hear of her departure in such a short period of time.

6. *Resolved*, she was one of our dear ones, working in our midst. Since the latter part of March, 1888, and to us all seemed like a sister.

7. *Resolved*, our being together be for but a short time and many happy hours we spend, but her last hours while in our midst were hours of sorrow to us all.

8. *Resolved*, that by her death, untimely end in the career of this life, records and impresses upon our minds the solemn fact that sooner or later we all must die. So on earthly things let us not depend for death will bring all things to end.

9. *Resolved*, we all feel comforted by the words she uttered that she was ready at any time to meet death.

10. *Resolved* that her presence is missed very much by us all, but she is no more. Her body lies slumbering in the tomb and her soul at sweet rest is our believe.

11. *Resolved*, that we sympathize with her bereaved parents. Brothers and Sisters and friends, who morn the loss of their dear beloved one. A gloom of sorrow resting upon many who morn her loss.
