HERALD & EXPOSITOR

CARLISLE, PA.

Wednesday, October 23, 1844.

Presbytery of Harrisburg.

☞ We are requested to state that the Presbytery of Harrisburg will hold a stated meeting in the First Presbyterian Church of this borough, on Friday the 25th instant, at 3 o'clock, P. M. The public are invited to attend.

Address of the Whig Committee.

☞ On the opposite page will be found the address of the Whig Central Committee, appointed at the meeting on Thursday evening last. We commend it to the calm, candid and serious attention of the intelligent voters of this county.

Portraits and Drawing.

☞ We take pleasure in calling the attention of our citizens to the card of Mr. Burton, in our advertising columns. We have seen many of his portraits, and think them scarcely excelled in their life-like faithfulness by even the Daguerrian process. The execution of them is also very superior and their general style highly attractive. He proposes to form classes in Drawing, in which we hope he will meet with adequate patronage.

Mr. Clay's Letters.

☞ The much talked of letters from Mr. Clay to F. P. Blair will be found on our first page. If there is a single spark of generous or manly sentiment yet left in the bosom of the accusers of Mr. Clay, they must cease to press the foul charge of "Bargain," and make prompt and ample atonement for the wrong done. We cannot but believe that thousands throughout the country, who have been misled on this subject, will yield to a sense of justice, and join the great Whig Army in November next.

Agricultural Society.

☞ The first exhibition of the Cumberland County Agricultural Society will take place in this borough to-morrow the 24th instant. This exhibition is intended to embrace every description of Stock, Farming Utensils, and all kinds of Agricultural products. A ploughing match to test the relative value of ploughs of several different patterns, as well as the skill of the ploughmen, will come off at half past three o'clock. All are respectfully invited to attend—farmers in general are particularly requested to assist in making the exhibition interesting and profitable by bringing good specimens of stock, products, or implements of husbandry—manufacturers of superior tools, to facilitate the various operations of the farmer, may find it to advantage to exhibit them on this occasion. Committees are appointed to inspect and enquire into the relative value of the stock and other articles—to judge of the skill of the ploughmen, and to prepare a brief report of the whole for publication.

WHIG BOROUGH MEETINGS.

THE RIGHT SPIRIT UP!

☞ We ask the attention of the Whigs through the county to the spirited proceedings of the Whig meeting held in this borough on Thursday evening last. The meeting was great numerously attended—the highest degree of enthusiasm prevailed, and the proceedings breathe the true spirit of men laboring for the *right*, and who are determined never to abate their ardor or relax their energies until Locofocoism is prostrated and our glorious cause is crowned with victory! The speeches of Messrs Reed and Brandebury were of the right character—warm, eloquent and encouraging—and were received with the liveliest approbation. The letter of Governor Jones, of Tennessee, which is incorporated in the proceedings, is commended to the serious attention of the friends of the Tariff.

Another meeting was held on Saturday night, at Brown's, which also drew out an enthusiastic crowd of Whigs. Addresses were made and much important business transacted. The Whigs of our borough have entered upon the work again with the true spirit—no despondency or weariness can be observed here! The Whigs of the borough have determined on doubling their majority of the 8th instant, and they *will do it!* Whigs of the townships! see to it that you do faithfully do *your part!*

The "Embodiment!"

☞ In one of the Locofoco pamphlets, entitled "Behold the man," is a typographical caricature called the "Embodiment," representing the figure of a man, which is formed by an arrangement of the types, so as to utter the most foul calumnies against Mr. Clay. This is one of the series of pamphlets with which the locofocos are now flooding Cumberland county.

In allusion to this infamous representation, the Richmond Whig remarks:—"A word to the *gentlemen* of the Locofoco party: To all of that party in whose breasts are not extinguished by party passion, the principles of a gentleman, the feelings of a man, and the charity of a Christian! Are you not ashamed of the party which finds it necessary to employ such means as this to sustain its falling fortunes—which appeals by such infamous expedients to the passions of the ignorant and the malevolence of the vile? Can you but detest the spirit which conceived, and the unblushing disregard of all truth which perpetrated this infamous production? Do you not believe in your souls that the guilty wretch, and his hardly less guilty sisters, abettors and distributors of his diabolical libelles, would descend to any baseness which they might deem productive?"

Remember 1841

Have the People remarked that the 'Volunteer' in any other loco foco paper have never yet published any of James K. Polk's speeches on the tariff. *They dare not do it.* These speeches *prove Mr. Polk to be a Free Trade man, opposed to Protection*; and the refusal of the loco foco papers to publish them is a *confession of the fact*—they cannot publish these speeches, because they would convict Mr. Polk's friends of falsehood; in time the People had an opportunity of reading them speeches!

Sale of the Main Line.

☞ The popular vote is evidently largely in favor of the sale of the Main Line of the public works, but we have not ascertained the precise figures. The Loco foco party show all their energy by opposing the sale, at any and every price. If Berks county votes in a close manner, the Locofocos will have to charge it home upon their candidate for Canal Commissioner, who is a large owner in the Main Line.

BLACKGUARD PAMPHLETS!

Whigs! be on your guard!

☞ We have before us a series of pamphlets or small tracts which the loco focos are using in their malignant and brutal crusade against the private character of Henry Clay. They exceed in diabolical malice and atrocious calumny, any thing we ever before saw brought out in this country. A crew of blood-thirsty pirates or a band of Italian banditti, would never stoop to the baseness and infamy it must require to put in circulation such black-hearted attacks against personal character as these. And yet we are informed a squad of loco foco office-holders and office-hunters from this borough, have been out within a few days past to every town and township, and have literally *flooded the county* with these villainous lying pamphlets. We could name these men if we chose, and there is not one of them, we believe, but is a profane swearer and sabbath breaker, while some of them are also petty gamblers. None of them are *duelists*—for a very well known reason! Such men to talk of the character of Henry Clay! It would be well for the *best* of them if they could boast of as good a character as the illustrious statesman they are so infamously slandering!

We have not room or we might go over the whole list of base accusations brought forward in these pamphlets and demonstrate their entire and unmitigated *falsity*. But we call on the People of Cumberland county *to be on their guard* against these and other electioneering lies and misrepresentations which will be poured out upon the county in a flood, between this and the Presidential Election. Give no heed to them, whatever. The testimonials of the Rev. Henry B. Bascom, and the host of Ministers of the Gospel of every denomination in Kentucky, *amply vindicate Henry Clay's moral character*, and *their* testimony is worth more than a thousand unprincipled loco foco slanderers. Besides these read the testimony of the great loco foco leader James Buchanan, who says "the Whigs have in HENRY CLAY *a man of whom they may be justly proud.*"

We *are* proud of him! the whole people of the United States *know* HENRY CLAY to be a lofty, high souled, generous man—an Orator of matchless eloquence—a Statesman of unrivalled greatness—a Patriot of unswerving truth and fearless courage—our country's pride, and hope and boast—*defeat with him* would be far nobler than *success* with such a candidate as James K. Polk! The Whigs *are* proud and justly proud of HENRY CLAY!

"Star of the West! a million eyes
Are turning gladly unto him;
The shrine of old idolatries
Before *his* kindling light grows dim.
And men wake as from a dream,
Of meteors dazzling to betray;
And bow before his purer beam,
The *earnest of a better day.*"

THE STATE ELECTIONS

PENNSYLVANIA.—The official returns have reduced Shunk's majority to a little less than 4000. The Abolition vote is about 5000; therefore Shunk is a minority Governor. The Locos will have a majority in the next Legislature, and our State Government will undoubtedly be administered upon the *plundering* principle.

☞ We omit the table of returns this week. It shall be made up in our next from the official vote.

OHIO.—The whig victory in Ohio is summed in near 2000 majority for the whig Governor—a whig Senate—a whig House and a whig United States Senator! The Congressional delegation stands 13 whigs to 8 locos. CLAY will carry Ohio by 10,000 majority, say the whig papers.

NEW JERSEY.—The majority for Stratton, the whig Governor, is 1368, and the whigs have a large majority in the Legislature, which will return a whig United States Senator!

GEORGIA.—Here the whigs *gain two* members of Congress, which makes the delegation stand four whigs to four locos. The Locos are summing up the popular vote of Georgia and comparing it with former elections to figure out a Locofoco gain. In the three strongest whig districts there was no turn out, so feeble was the Locofoco opposition. At the Presidential election, Georgia is as safe as any State in the Union for CLAY, and we have yet to see the locofoco paper impudent enough to say seriously that Polk stands any chance there.

The Next U. S. Senate Whig.

We have already achieved a great victory in securing a Whig majority in the United States Senate for the next two years. In the present Senate there are 29 Whigs and 23 Locofocos.—Of the Whigs 13, and of the Locos 4, go out in 1845. This would leave the old members divided thus: Whigs 16, Locos 19. In addition to these sixteen, the Whigs have now secured eleven more, the following States, where Senators are to be elected, having chosen Whig Legislatures:

VERMONT,	DELAWARE,
MASSACHUSETTS,	MARYLAND,
RHODE ISLAND,	VIRGINIA,
CONNECTICUT,	TENNESSEE,
NEW-JERSEY,	INDIANA, and
	OHIO.

Even supposing, then, that the Whigs gain no more, they are sure of twenty seven members, (a majority of two) in the next United States Senate. This is the first great triumph of the campaign. The people will follow it up in November by giving to the Senate a *Whig presiding officer*, and to the Republic a WHIG CHIEF MAGISTRATE.

Mr. Clay's Duels.

☞ The Locofocos endeavor to make Mr. Clay out a perfect *monster*, because his last unfortunately been engaged in *three duels*. Now let it be remembered that the last duel in which Mr. Clay was engaged, happened in 1826, nearly *twenty years ago*, when the practice was universal at the South! And let it be also recollected that in none of these three duels *was one drop of blood shed!* Mr. Clay has frequently spoken against the practice of duelling in Congress, and more particularly in a recent letter.

Let the people also remember, that nearly the only thing the locofocos can say in favor of James K. Polk is, that he is the *island of Jackson, a mere bloody duellist* (the whole never fled in the United States.)

Cheaters, it Tells!

☞ The Cincinnati Gazette gives as a reason that the sufferers on Wednesday last brought intelligence that a Whig Governor had been elected in Arkansas! A day or two will confirm or disprove the report.

For the Herald & Expositor.

☞ Remember Pennsylvania, when you go to the Polls that your State has a capital of $31,000,000 invested in manufactures, and that almost countless thousands are constantly employed in your workshops. Consider how many farms and children depend on your votes.

A MOST IMPORTANT FACT!

A Whig Majority in the Congressional Vote!

☞ The Whig State Executive Committee of Pennsylvania have issued a second address, which we received yesterday in the Harrisburg "Intelligencer," which contains a table showing the vote cast for the Congressional candidates in the late election. The whole vote cast for the whig candidates in the twenty-four districts is 158,626, and for the Locofoco candidates 153,845—thus showing *a clear Whig majority in the State of* **4,781!!**

In announcing this most cheering and encouraging result, the Committee say, *it is now ascertained that on the* CONGRESSIONAL ELECTION, the Democratic Whigs have a majority in their favor of **4,781** votes! Mr. Shunk has a majority over General Markle of about four thousand votes; but that was given on STATE POLITICS, in regard to which many voted from personal preferences or local causes. The Congressional vote on the other hand has respect to NATIONAL POLITICS, and the near FIVE THOUSAND MAJORITY given on that question in favor of the whigs may be reckoned as so much of a preference by the people for the election of Mr. CLAY, and the objects to be accomplished by his success.

In reference therefore to the PRESIDENTIAL ELECTION, the POPULAR VOTE of Pennsylvania has gone against Polk and Dallas; which proves to the friends of CLAY and FRELINGHUYSEN, that if they but exert themselves to bring their full force to the election on the FIRST OF NOVEMBER NEXT, the State is ours beyond all question!

For the Herald & Expositor.

THE CLOVEN FOOT AT LAST.

☞ One of the Locofoco speakers, at the meeting at Blain's on last Saturday night, avowed himself an enemy to the Tariff—*to the Tariff of 1842*, and declared that James K. Polk was hostile to it. He said it was an injury to the poor man and a benefit to the rich *only, and for these declarations he was loudly cheered by his audience—a locofoco audience!* So far, then, we have the issue fairly made at last. The Locofocos of Carlisle are *opposed* to the Tariff of 1842. The Whigs are *in favor* of the Tariff of 1842. Now let us see how it "injures the poor man and benefits the rich only."

The poor CARPET WEAVER, for instance, by the tariff of 1842 is protected by a duty ranging from 46 to 87 per cent. or from 30 to 65 cents per square yard. Repeal this tariff, and he loses from 30 to 65 cents upon each yard. If the poor man buys an ingrain carpet, the duty is 30 per cent. If the rich man, for his treble ingrain, pays 86 per cent, is it not the interest of the poor man, the workingman, who wishes to sell, to have a tariff? Is it not the interest of the rich man who *buys*, to have no tariff?

Take the SHOE-MAKER next. The tariff on men's boots and bootees is $1.25 per pair. Shoes or pumps 30 cents per pair. Womens' boots and bootees 50 cents per pair. Womens' double soled pumps or welts, 40 cents per pair. Womens' shoes or slippers, 25 cents per pair. Take these duties off, and what would become of the shoemaker? Yet it is the interest of the rich man who only *purchases*, to have the tariff repealed and he buys his boots and shoes for so much less.

The HATTER receives a protection by the tariff, on fur hats, 25 per cent; wool hats, 18 cents each; hat bodies, 18 cents each. A hat costing $5.00 is protected by a duty of $1.75. Take off the duty, and the *rich purchaser* gets it for $3,25. Whose interest is it to have the tariff repealed, the hatter's or the purchaser's?

The TAILORS also have abundant reason to support the tariff of 1842. The duty gives them command of our home market. On clothing, ready made, by tailors, &c. 50 cents on every dollar. A coat costing $20 in England, would pay a duty of $10, or cost to bring to this country $30.

The CONFECTIONER is also protected by the tariff of 1842. There is a duty on sugar candy, 6 cents per lb. equal to 69 per cent. Sweetmeats, 25 cents on every dollar. Fruits preserved and all confectionary, 25 cents on the dollar.

The FARMER shares also in its benefits. The duty on wheat is 25 cents per bushel, equal to 35 per cent. Barley 20 cents per bushel, equal to 320 per cent. Rye 15 cents do. Oats 10 cents do. Indian Corn, 10 cents do. If wheat is worth 80 cents, could the farmer live if you take the duty of 25 cents off, leaving him 55 cents only for a bushel?

The MILLER receives a protection of 70 cents on every 112 lbs. of wheat flour, Indian meal 20 cents. Every man, therefore, who imports his Carpets, Hats, Shoes, Clothing, Grain or Flour, in preference to buying it from his countrymen, pays the above duties under the tariff of 1842.—*Protection is extended by this Tariff to all the mechanical classes.*

Carpet weavers, Shoemakers, Hatters, Tailors, Farmers and Millers, are *you* for the repeal of the tariff of 1842? So is James K. Polk. Are you *opposed* to its repeal? So is HENRY CLAY. Choose ye then your candidate.

Election in Baltimore City Election

A Great Whig Victory in Maryland!

☞ The election in the city of Baltimore for Mayor took place on Monday last. The result was most cheering to the Whigs! At the State Election on the 2d instant, the loco majority was **1225**—now the locofoco Mayor is elected by the diminished majority of **498!** This shows *a decrease in the Locofoco majority of* **720!** Huzza for the gallant Whigs of Baltimore! *Maryland may be set down as unquestionably safe FOR CLAY!* A thousand cheers for the Whigs of Baltimore!
