HERALD & EXPOSITOR

CARLISLE, PA.

Wednesday Morning, June 11, 1845.

TERMS REDUCED!

One dollar seventy five cents a year and No Postage!

On the 1st of July next, the new Postage Law, passed at the last session of Congress, will go into effect. Under its provisions, newspapers will circulate free of postage within thirty miles of the place where they are printed.—This will be a reduction of 52 cents to each subscriber. The 'Herald and Expositor,' can after that date be sent to any person in Cumberland county, *free of postage*. To those who subscribe for the 'Herald,' and *pay for it in advance*, we will furnish it for $1 75, thus making a reduction on the whole of 77 cents. This is no trifle, and we hope will be an incentive to persons who do not now take the newspaper to subscribe for it immediately. Subscribers to the 'Herald' who are in arrears, and who settle up and pay a year in advance, will also be furnished with the paper for $1 75 cents. Those who do not pay *in advance* will of course have to pay the old price.

The following list, which has been furnished us by the obliging and attentive Postmaster of our borough, Wm. M. Porter, Esq., comprises the different Post Offices in Cumberland and the adjoining counties, which are within thirty miles of our place of publication and to which the 'Herald' may be hereafter forwarded *free of Postage.*

The 'Herald and Expositor' is now the largest paper printed in the county, and at the reduced terms mentioned above, will consequently be the *cheapest*. It now circulates freely through all parts of the county amongst the most intelligent and influential of our population, thus furnishing a most desirable medium for *advertising*. But anxious as we are to afford every facility to the wide dissemination of useful political and miscellaneous intelligence among all classes of people, we are induced to make such a reduction in our terms as will enable the poorest family to enjoy the reading of a COUNTY PAPER, published in their midst. We shall continue from time to time to make improvements in our paper, and by furnishing the latest intelligence, both local and general, endeavor to make the 'Herald' an acceptable and entertaining visitor to every family.

We respectfully solicit the influence and exertion of our Whig friends, particularly, to aid us in extending the circulation of our paper promising that our own abilities and energies shall be faithfully devoted to sustaining the interests of the good cause.

☞ Messrs Greely & McElrath, publishers of the New York Tribune, whose extensive establishment was destroyed by fire during a heavy snowstorm in Febuary last, took possession last week of a splendid new five-story brick building which they have erected on the site of the one burned down, and presented their paper to its readers on the occasion in a dress of beautiful new type. The Tribune is a paper of the highest character, widest circulation and edited with the greatest ability; and its proprietors are unequalled in energy and enterprize. Self-reliance seems to be the secret of their success. Their prospectus will be found on the opposite page.

WASHINTON HOTEL, HARRISBURG.—Mr. William T. Sanders, known to a number of our citizens as the gentlemanly and obliging host of the Washington House, Harrisburg, has left the establishment. It has passed into the hands of E. P. Hughes, late of the Mansion House. Mr. Hughes has the reputation of being an excellent landlord.

PATENT BRICK PRESS.—A Brick Press, of the most simple and beautiful construction capable of pressing 1000 brick per hour, with but comparatively little labor, has been invented by Jeffery Smedly, Mechanic, of Columbia, Lancaster County. Several of them can be seen at the Brick Yards in the vicinity of this borough, and we would commend them to the attention of manufacturers of Brick.

DISTRESSING ACCIDENT.—We are pained to learn that an infant son of Mr. Joseph Shroat, of this borough, was so shockingly injured, yesterday by the accidental discharge of a gun in the hands of an older boy, as to leave faint hopes of his surviving.

☞ Such sweltering weather as we have had for a few days! It is distressing to think of, and the great marvel is how we possibly endure it. For the three last days the thermometer has stood at about 100 deg., and there is little sign of a change. No rain of any consequence has fallen in the vicinity of this borough within the last two weeks, and the earth is almost baked with the intense heat. The prospects of the various grain crops have of course materially changed for the worse under such weather. A short time since a vast extent of injury was sustained from cold and frost; now an equal degree of injury is in turn experienced from intense heat. ☞ A delightful shower of rain fell yesterday afternoon.

☞ The 3d No. of "*Populur Lectures on Sciences and Arts*," by Dr. Lardner, is received. Its contents are the Tides, Light the major planets, Reflection of Light, Prospect of Steam Navigation, and the Barometer. This is a truly valuable work, published in numbers or parts, at 25 cents each.—The whole will be completed in from ten to fourteen numbers.—To be ha at Kneedler's.

☞ Gov. Jones of Tennessee designs visiting the State of Pennsylvania during this summer. We know of no man whom the Whigs would be more glad to have a "shake of the hand" than Gov. Jones.—He is of the sterling Whig stock; a young scion that has not attained his full growth, even though he has been made Governor of his native State. He has done more to sustain the Whig ascendency in that State than any man in it, though it be the home of a Bell and a Foster.

MARRIED.

On Thursday the 29th inst. by the Rev. T. V. Moore, Mr. ISAAC MCGUIRE to Miss ISSABELLA SWILER, both of East Pennsboro' Township.

In Harrisburg, on Monday morning, the 2d inst. by the Rev. C. W. Sheaffer, Mr. DANIEL EMPLEY to Miss LOUISA GEIGER, both of that borough.

DIED.

In this borough on Staturday morning last, very suddenly, Miss ANN HENWOOD, an exemplary member of the Presbyterian Church.

In this borough, on Sunday edening last, after a short illness, Mrs. HETTY ROSS, aged about 48 years.

In West Pennsboro township, on Saturday last, Mr ANDREW AGNEW, at an advanced age.

In West Pennsboro township, on Thursday last, Mrs MARY RITNEY, wife of Mr. Peter Ritner, in the 22d year of her age.

In Penysville, Juniata, county, Pa. on the 15th ult, Mr. WILLIAM GILLELEN, formerly of Dickinson township, aged 65 years.

It is but a few weeks since Mr. Gillelen, left this county to embark in a new business in a neighboring County. And now he is numbered with the dead! None who knew him will hear of his decease without feelings of profoundest sorrow. He ever sustained an enviable reputation in the community in which he lived, as a good citizen and a good man. Few men have lived to better purpose—none was more dilghtly estemed and none will be more sincerely mourned.

In Juniata county, on Friday the 30th of May, MARY R. SHIELDS, formerly of Cumberland county, in the 29th year of her age.

WOOD WANTED!

A few cords of seasoned Oak or Hickory Wood will be taken at this office from those who are in the habit of paying their subscriptions in that way if delivered *immediately*.

The land is limestone land of good quality, well watered, having on it six never failing springs, and the Opequon Creek passing through it, with a new two story Stone House upon it, and the necessary outbuildings.
