Said Farm is situated on the Yellow Breeches creek, adjoining lands of William Craighead, decessed, Samuel Keene, and Jacob Sheaffer. The land is of first-rate quality, and in a state of thorough cultivation. The Factory is a substantial stone building, 75 feet deep by 38 feet wide, and affords ample facilities for the most extensive operations. It has now a large and increasing custom in the manufacture of woollens, and to an enterprising young manufacturer holds out inducements of the most advantageous character. The Farm and the Factory will be sold together or separately as may best suit purchasers.

At the same time and place, will be sold a Tract of Mountain Land, containing fourteen Acres, more or less, of thriving chesnut timber.

Sale to commence at 10 o'clock in the forenoon, when attendance and terms, which will be reasonable, will be made known, by

A Valuable Farm,
Near Winchester, Virginia,
FOR SALE.

BY the will of the late W. Strother Jones, his executors are directed to sell that portion of the "Vaucluse Farm," called the "VANCE TRACT," lying on the Valley Turnpike Road, about 2 miles South of Newtown, and about 10 miles from Winchester, the chief market town of the Valley of Virginia.

The Tract contains 400 Acres of good LIMESTONE LAND, one-third of which is in Timber (oak, walnut, and hickory.) It has been judiciously cleared, so that the Woodland is very convenient to the rest of the Farm. The cleared land is in fine farming order, the greater part of it being free from rocks, briars and sprouts, and most of the fields being well set in clover and orchard grass. The fencing is inferior perhaps to none in the valley, and the shape, location and general arrangement of the farm will compare advantageously with any other. The buildings are indifferent, (except the barn) but are beautifully situated in a fine grove, in the centre of the tract, commanding a view of every field. A young orchard of choice apple trees is growing near the house. Water is supplied by a well, which never failed before the unusual drought of 1845, and by a number of ponds which furnished an abundance of water even then. Churches and schools, mills, factories, stores and mechanics of all sorts, abound in the vicinity, the neighborhood being thickly settled by a thrifty, industrious and orderly population. The tract will bear division into two farms, each having good outlets and a due proportion of timber.

We prefer selling privately, and will be glad to receive offers, but if not sooner disposed of (which will be seen by the withdrawal of the advertisement) we shall set it up at public auction on the premises, on SATURDAY the 19th day of September next. The terms will be easy and accommodating. Apply to W. S. Jones, near the farm, or to D. W. Barton, Winchester.

NOTICE IS HEREBY GIVEN,

that a Special Court will be held by the said Hon. Nathaniel B. LAST NOTICE TO COLLECTORS.

THE several Collectors of State and County Taxes, will personally appear on SATURDAY, the 11th of July, 1846, at the Commissioners' Office, and there pay over to the Treasurer, the State Tax, assessed in their several duplicates, for the purpose of meeting the demand made on this county, by the Commonwealth. This must be rigidly complied with, as the payment must be made fifteen days prior to the 1st of August, next.

THE State Treasurer by his circular of the 9th instant, to the Commissioners of the County, has directed their attention to the necessity and importance of collecting the State Tax for the present year before the 1st of August, to enable the State to meet the payment of the interest due at the time; and offers a deduction of five per cent from the Tax of such counties as may pay the same into the State Treasury prior to that date. Cumberland co. by the prompt payment of her State tax the past year, realized the sum of eleven hundred dollars, a deduction from the State tax, which was received by the county Treasurer for County purposes. Equal promptness on the part of the collectors and tax payers the present year will result in the same advantage to our county, and we hope nothing more will be required to ensure the payment of our State tax, prior to the first of August, than to call the attention of our citizens to the advantages resulting to the County, particularly at this time when a considerable debt has been incurred in the erection of the Court House, and also that payment is required by the Commonwealth to enable her to maintain untarnished her faith, and credit, in the prompt payment of the interest on the public debt.

To the Voters of Cumberland county!

WHEREAS, reports have been put in circulation by certain interested individuals, that I have declined being a candidate for the office of Sheriff, manifestly with the fraudulent and dishonest intention of injuring my prospects and advancing their own; this is, therefore, for the purpose of positively and flatly contradicting these false and malicious statements, and informing my friends and the public generally, that I HAVE NOT DECLINED,—that I will not decline, and that if my life and health are spared until the election, I shall be much gratified by receiving their support. Very Respectfully,

Your Ob'dt Serv't,

THE subscribers would respectfully inform the Farmers of Cumberland, Adams, Franklin, and the adjoining counties, that they have the right to make and sell MIX'S PATENT HORSE POWER AND THRESHING MACHINE.—This Horse power is made on the principle of centre draught, and is pronounced by those having them in use to be the lightest draught of any Horse power now in use. THIS is to certify that we have in use one of Mix's Horse power and Threshing Machines, and do consider it superior to any machine we have ever seen or used for lightness of draught, speed in threshing, and durability, and do confidently recommend it to Farmers as a superior Machine.
