POOR HOUSE REPORT.

To the Honorable Judges of the Courts of Cumberland County.

THE undersigned, having been appointed by your Honorable body a committee to visit and examine into the condition of the Poor House of this county, beg leave to Report, That in the discharge of the duty assigned them, they have several times visited the Institution during the present year. They take pleasure in being able to state that the good order, cleanliness, and quietness which have heretofore been the subject of much praise, still prevail. In carefully examining the different apartments in the establishment, they were much pleased with the neatness and regularity observable in the management, and gratified with the readiness with which every facility was given to a full examination.

The paupers are supplied with good and wholesome provision, as ascertained from inspection; they are comfortably clad, and every attention seems to be paid to their personal cleanliness.—The house throughout is cleanly and well regulated, and all the wants and necessities of the inmates properly attended to, every care and circumspection being exercised by the Steward.

The apartments for the sick are comfortable and commodious, and the duties of the attending Physician performed with care and fidelity.

During the past summer portions of the interior of the building have been painted and an alteration made in the mode of heating some of the rooms, which we deem a judicious improvement.

Labor is provided for those who are competent and able to perform it, and this employment undoubtedly contributes to their physical and mental health, as well as to their happiness. The number of persons relieved by this charity during the present year is upwards of 300. All your committee is not aware of any complaint or manner of dissatisfaction has been expressed by any who received its benefits.
