Terms—Two Dollars a year, or One Dollar and Fifty Cents if punctually paid in Advance., $1.75 *if paid within the year.*

April Court.

The April term of the Court of Quarter Sessions of this county, commenced on Monday last. The decision of the court in the Kidnapping case, tried at the last court, was delivered on Monday, and will be found in to-day's paper. The criminal however goes "unwhipt of justice," having forfeited his recognizance.

Plainfield Academy.

A new session of this institution is advertised to commence on the 6th of May. The Plainfield Academy although established but about four years since, has already attained a high and extended reputation, while its excellent Principal, Prof. R. K. Burns, has at the same time secured the warmest confidence of many of our best citizens as an instructor of youth. The school is located near the village of Plainfield, about four miles West of Carlisle,—a location combining all the advantages of healthfulness, pure country air, facilities for harmless and invigorating recreation, and what is of equal importance freedom from improper and demoralizing associations. These are considerations which must commend the Plainfield Academy to the most favorable attention of parents. The course of instruction is extensive embracing Ancient and Modern Languages, Mathematics, the Sciences, &c. Vocal Music is also taught, without additional charge.—Lectures are periodically delivered, with proper apparatus for illustrations, to facilitate the study of the natural sciences. Declamation and the preparation of written compositions form a part of the exercises of the school. The government is mild but firm, aiming to enforce good discipline and strengthen the character of the pupils. The year is divided into two sessions of five months, commencing on the first Monday of May and November.

So rapid has been the increasing patronage of the institution that it has been found necessary to add a new and commodious edifice for the accommodation of a larger number of students, and to increase their comforts and the conveniences of the institute. We cordially commend this excellent school to the favor and patronage of parents.

Notices.

"The Three Royal Magi,—or the Journey to Bethlehem;" translated from the German, by Prof. Blumenthal, of Dickinson College. Published by H. Perkins, Philadelphia. This is a beautiful little story, on a most interesting subject, the birth of our Saviour, which cannot fail to interest and instruct the young. It should find a place in all Sabbath school libraries. The story is illustrated by a number of lithographic engravings. For sale at Martin's Book Store.

Graham for April.—George R. Graham, Esq., the founder of the widely-known, excellent and popular Magazine, in Philadelphia, which bears his name, it will be pleasant to many thousands to know, has recovered from his recent pecuniary embarrassments, and has lately repurchased the shares of the magazine with which he was compelled to part.—He is now its sole owner and editor—and we understand it never was in a more prosperous condition. Graham's Magazine for April is a beautiful number, embellished with superb engravings, and its pages filled with contributions from the favorite literary writers of our country. For sale by the single number at Martin's Book Store.

Old Subscribers.—The Lancaster Intelligencer says that Mr. Christian Wolf, a resident of Cumberland county, formerly of Lancaster county, has been a subscriber to that paper for fifty years, and has paid his subscription punctually during that period.

Our venerable friend, Andrew Holmes, Esq. of this borough, called at our office on Monday last, and paid his fifty-ninth annual subscription to the 'Herald,' to which he has been during all that time a steady and punctual subscriber. We are glad to record such examples for the benefit of the rising generation.

Crops.—We are glad to learn from our country friends that the growing crops wear the most favorable appearance, giving every reason to anticipate a fruitful season. The fields sown with the drill are also said to exhibit in the most marked manner the advantage of sowing with machines instead of by hand.

The New Track.—The work of grading the track, preparatory to the laying of an improved T rail, was commenced on the Cumberland Valley Rail Road on Monday last. The improvement will be completed by next fall.

New Patent.—Among the list of Patents issued from the United States Patent office, for the week ending April 2d, 1850, we notice one to Mr. Abel Keeney, of Carlisle, for an "improvement in Agitating Coal Stoves."

☞ Wm. M. Penrose, Esq. of the Carlisle Bar, has been admitted to practice in the Courts of Perry county.

☞ The attention of parents is invited to the advertisement of the Newville Female Seminary. It is an admirably conducted institution.

Spring Goods.—Mr. A. C. Fetter, at his newly opened establishment, and Messrs. Hitner, Woods, Ogilby, Bentz, &c., invite particular attention through our advertising columns to attractive assortments of cheap and beautiful spring goods.

A GREAT WORK.—Mr. F. Gleason, publisher, Boston, has now in press and will publish on Saturday, April 13th, a splendid original romance, entitled "*The Mistake of a Lifetime: or, the Robber of the Rhine Valley*, a story of the mystery of the Shore, and the vicissitudes of the Sea," by Waldo Howard, Esq. The manuscript of this work has been purchased at an outlay of some $3000, besides which, the author demands a portion of the profits of the work. Many years have been employed upon it; and we understand that no small competition was evinced by the trade to secure it, but Mr. Gleason appears to have been the fortunate one who has obtained it. The work will be got up in beautiful style, and will be for sale at all the periodical depots and booksellers, for the small sum of 12½ cents.

A. VINCH, Ledger Buildings, Philadelphia, is agent for this work. [ap10

GAYLER'S SALAMANDER SAFES,

WARRANTED FIRE AND THIEF PROOF, AND FREE FROM DAMPNESS

THESE SAFES possess every qualification to render them proof against the action of fire or thieves, and of sufficient strength to endure a fall from any story of a burning building. They are made of wrought iron, being kneed, riveted and welded together, and lined with a perfect non-conducting fire proof mineral composition, no wood being used in their construction as in the majority of safes sold by other makers. The doors of GAYLER'S Safes are secured with his THIEF DETECTOR, and ANTI-GUNPOWDER LOCK, which precludes the possibility of picking or blowing them open with gunpowder.—Over TWO HUNDRED of these Safes have been exposed in accidental fire to the most intense heat, in many instances remaining in the burning ruins for several days, and at no time have they ever been known to fail in preserving their contents.

The public are invited to call at the Branch Depot, No. 10, EXCHANGE PLACE, PHILADELPHIA, near Dock street, and examine the numerous testimonials in favor of GAYLER'S SAFES, also the large assortment on hand for sale at manufacturers prices, by

JOHN L PIPER, Agent.

P. S. Also for sale low, new and second hand Safes of other makers, which have been taken in part payment for Gayler's Salamanders. [ap10,'50,3m
