*By Act of Assembly of Dec. 12, 1860, Pamphlet Laws of 1861, page 415, the County is now directly responsible for the payment of the amount of State tax, fixed by the Board of Revenue Commissioners, (less collectors' and treasurer's commissions, which are to be paid out of the said tax by the County,) and any excess of said tax levied and collected over that amount accrues to the County, and not to the State, as heretofore; it has, therefore, been deemed proper to combine the two items of County and State taxes in this statement.

† By act of Assembly of April 8, 1862, the militia taxes collected in the several counties, are appropriated to said counties, for the benefit of the soldiers' 'relief fund,' and are, therefore, embraced in this statement.

Report of Poor House Visitors.

To the Honorable the Judges of the Court of Quarter Sessions of Cumberland County.

The undersigned committee appointed by the Court to visit and examine into the condition and mode of management of the Poor House of this county respectfully report:

That in the discharge of the duties assigned us, we have frequently visited said Institution during the past year. At each visit we made a thorough examination of the different apartments and are gratified to be able to state, that under the systematic mode of management adopted by the present Steward, good order, cleanliness, and comfort are observable in all of them, with the exception hereinafter noticed. The well white-washed wall, clean scrubbed floor, the neatly arranged and tidy appearance of the beds and bedding. The absence of vermin, the generally cheerful and contented countenances of the inmates, with their expressions of grateful acknowledgement of kindness received, satisfy us, that poverty, filth and degradation are not necessary concomitants of this institution, but by judicious management, it may be rendered a comfortable home for the recipients of its charity.

The inmates are supplied with good and wholesome food, and comfortable clothing, those who are fitted for it, are required to labor and their physical and mental health is thereby invigorated; the sick have comfortable and commodious rooms, are waited on by careful nurses, and receive the attention of a judicious physician. The register presents the following:—the number in the house on January 1st 1862, was 141, of whom 19 were colored, admitted since, 239; births, 8; making the number provided for during the year, 388; of these 21 have died, of whom 5 were colored, 2 have been bound out a nd 212 discharged leaving in the house 153 of, whom 34 are colored; the out door paupers are 67, making the whole number chargeable on January 1st 1863, 220. In addition to the above, the large number of 2891 transient or traveling paupers have been received into the institution and provided for short periods.

We are also much pleased with a well conducted school of 22 pupils, from 5 to 14 years, taught by a member of the Steward's family. Also, your committee have conferred with the present Board of Directors, as to an improvement in the premises occupied at present by the insane attached to the institution.—Much might be done to alleviate their unhappy condition, in erecting larger sized and better ventilated apartments for their occupancy. But the necessary increasing expenditures of the coming year have, as yet, left the Board undetermined as to the carrying out of their contemplated improvements, for the benefit of this pitiable portion of their charge.

In conclusion, we would say, that we also, at different periods, during the summer, passed over the fields belonging the Poor House Farm, and commend the mode in which the farming is carried on by the present Steward. All of which is respectfully submitted.
