Communication.

CAMP HILL, Cumb. Co., Pa. April 4, 1868.

MESSRS EDITORS: As considerable interest is manifested in Capt. J. G. Vale's scattering shovel for grain drills, we deem it a matter of public importance to inform the farmers of the county through your columns of the result of an experiment made this day with them, at the Captain's residence, in the presence of Wm. Epply, David Coble, Zac. Bowman, J. A. Smith, J. G. Rupp, Samuel Albright, Wm. D. Sharp, G. W. Criswell, John Eisher, Jacob Mater and the patentee J. G. Vale.

The ground was very rough, full of corn stalks and not as dry as it should be for seeding and measured one and one-eighth of an acre by the drill. The wheat sown was western amber spring. Three-fourths of an acre was sown with Vale's shovels, and three-eighths of an acre with the ordinary point. Capt. Vale's shovels did the work perfectly, covering the grain uniformly one inch, cutting *through* the clods, and covering *all* the grain. There was absolutely no choking or tendency to choke anywhere, the cavity in which the grain is scattered was watched with interest, frequently examined, and found to be *entirely* clean all the time.

In short the shovels proved themselves in every way superior to the points now in use and a certificate of the fact given by the gentlemen present to the Captain attesting the same.

Respectfully yours, FARMERS.

MARKETS.

PHILADELPHIA MARKETS.

THURSDAY, April 8, 1868.

There is not so much activity in the Flour market, as the home consumers are temporarily supplied; but the receipts are small, and holders manifest no disposition to accept lower quotations. Sales of 400 and 500 barrels extra family at $10 50@11 50 for Northwestern, and $10 50@12 25 for Pennsylvania and Ohio, including some extras at $ 0@9 75, and fancy at $13 00@15 00. Rye flour continues scarce; 100 barrels sold at $9 00. Prices of Corn Meal are nominal.

There is very little good Wheat, and this description is wanted at full prices, but inferior is neglected. Small sales of good red at $2 80@2 85 per bushel; white ranges from $3 00 to $3 10. Corn is in good request at yesterday's figures, but supplies come forward slowly, both by railroad and water, sales of 3,000 bushels yellow at $1 20; 1,000 bushels white at $1 16; 3,000 bushels Western mixed, in cars, at $1 18@1 19, and 45,000 bushels do. in the elevator, on secret terms. Rye is held firmly, and further sales of Pennsylvania are reported at $1 90. Oats were steady at 90c. No sales of Barley or Malt.

The provision market is advancing, and all descriptions of the hog product are held for higher prices.

BITTERS—In the medical world, now-a-days, Bitters are all the rage. In one form or another, under one name or another, they and their staring advertisements are everywhere to be found, professing to cure all the ills flesh is heir to, from a bump on the head to the small pox. Of their efficacy in general we know nothing, but there is one variety concerning which we hear praise from all. We refer to Hoofland's German Bitters. This is not a mere preparation of some sort of liquor and bitter barks and herbs, but a Medicine designed for Diseases of the Stomach and Bowels, and of great power and usefulness. We have not made these assertions without consulting those who know, and are competent to judge, and they all fully endorse what we say.

The above remarks are copied from the Editorial columns of the "EAGLE," Poughkeepsie, N. Y. You will recollect that HOOFLAND'S GERMAN BITTERS is entirely free from any alcoholic ingredients.

Hoofland's German Tonic

Is a Combination of all the ingredients of the Bitters with pure Santa Cruz Rum, orange, anise, &c. It is used for the same disease as the Bitters, in cases where some Alcoholic Stimulant is necessary, and makes a preparation delightfully pleasant and agreeable.
