☞ THE importation of rags from the Mediterranean, hides from Brazil, and other commodities from the tropics, is known to bring the germ of disease, chiefly fevers, which are sometimes very active, fleeting and fatal. Ayer's Ague Cure stimulates the Liver to excrete the germs from the system as effectually as it does the rheumatic poison of our Ague districts. Consequently it affords invaluable protection to travelers and others who, from occupation, expose themselves to these dangerous infections; and we hope to render them a valuable service in bringing them this information.—*New York Dispatch.*

Jacob Stipe, Esq., Tyrone, writes: I was troubled for some time with Dyspepsia, and also a severe pain of the stomach, and after taking some of your Pills was it caused me to throw off all the foul matter, and relieved me my system. It has cleared, I think, a permanent cure.

I have also used Tutt's Pills in my family for Liver Complaint, and they have never failed to cure. I recommend them to my friends as the best family medicine I know of. Sold everywhere.

### *Schenck's Pulmonic Syrup.*

Seaweed Tonic and Mandrake Pills will cure Consumption, Liver Complaint, and Dyspepsia, if taken according to directions. They are all to be taken at the same time. They cleanse the stomach, relax the liver, and put it to work; then the appetite becomes good; the food digests and makes good blood; the patient begins to gain in flesh, the diseased matter ripens in the lungs and is thrown out even as the disease is getting well. This is the only way to cure a consumption.

To Close these medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivaled success in the treatment of pulmonary consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, starves it off by an easy expectoration, for when the phlegm or matter is ripe, a slight cough will throw it off, and the patient has test of the lungs begin to heal.

To do this, the seaweed Tonic and Mandrake Pills must be newly used to cleanse the stomach and liver, so that the Pulmonic syrup and the food will make good blood.

Schenck's Mandrake Pills act upon the liver removing all obstructions, relax the duct of the gall bladder, the stools act freely, and the liver is soon relieved; the stools will show what the Pills are doing, no thing has ever been invented except calomel (a deadly poison) which is very dangerous to use unless in great cases, that will unlock the gall bladder and start the secretions of the liver like Schenck's Mandrake Pills.

Liver complaint is one of the most prominent causes of consumption.

Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the alkali in the seaweed, which that preparation contains, neutralizes the stomach to throw out the gastric juice to dissolve the food with the Pulmonic syrup, and it is made into good blood without fermentation or sour stomach or heartburn.

The great reason why physicians don't cure consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, heetic fevers and by so doing they disarrange the whole digestive power, refusing to the secretions, and eventually the patient sinks and dies.

Dr Schenck, in his treatment does not try to do enough, night sweats, chills or fever. Remove the causes and they will all stop of their own accord.

No one can be cured of Consumption, Liver Complaint, Dyspepsia, Catarrh, Cancer, Ulcerated Throat unless the liver and stomach are made healthy.

If a person has consumption of even the lungs in some way are diseased, either tubercles, abscess, bronchial irritation, pleura adhesion, or the lungs are a mass of inflammation and fast decaying the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin to want food, it will digest easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs commence to heal up and the patient gets fleshy and well. This is the only way to cure consumption.

When there is no lung disease, and only liver complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient without the Pulmonic Syrup. Take the Mandrake Pills freely in all bilious complaints, as they are perfectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for thirty years past, and now weighing 225 pounds, was wasted away to a mere skeleton in the last stages of Pulmonary Consumption his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the above medicines, and since his recovery many thousand similarly afflicted have used Dr. Schenck's preparations, with the same remarkable success. Full directions accompanying each, make it not absolutely necessary to personally see Dr. Schenck unless one patient wish their lungs examined, and for this purpose he is professionally at his Principle Office, Philadelphia every Saturday, where all letters of advice must be addressed. He is also professionally at No. 32 Boad street, New York, every other Tuesday, and at No. 38, Hanover street, Boston, every other Wednesday. It gives advice free, but for a thorough examination with the Respirometer the price is $5. Office hours at each city, from 9 A. M. to 3 P. M.

Price of the Pulmonic Syrup and Seaweed Tonic each $1.50 per bottle, or $7.50 a half dozen. Mandrake Pills 25 cents a box. For sale by all druggists.
