The Carlisle Herald.

CARLISLE, NOVEMBER 12, 1869.

Court is in session.

Overcoats are in demand.

Furs have left their summer resorts.

Coal fires are comfortable.

Vegetation is not thriving.

Hod carriers' occupation is gone.

Buffalo robes are in season.

Evenings are long enough now, even for lovers

A company has been formed in York borough for the manufacture of steel rails. The capital stock is to be $500,000, of which $3[illegible],000 have already been taken. It will be run by steam engines, of the capacity of 300 horse power. The works are expected to be in operation in 90 days. Haven't we room for about one more manufacturing establishment in Carlisle

The persons interested in border claims in Franklin county, held a meeting in the Court House, in Chambersburg, on Monday last at which they adopted the following solution:

Resolved, That this convention recommend to the citizens having sustained losses during the war, to place their claims in the hands of their respective counsel, giving them at the same time power to act for them before the Legislature, the effort to obtain a bill for the payment of damages, and whilst the claimants are handing over their claims to their counsel, make such agreements as to fees, as may be deemed best.

Will not similar action by parties interested in this county, be prudent?

Geo. H. Noble, our young townsman, is gone to St. Peter, Minnesota, to enter into business. He leaves many friends in Carlisle, who wish him much success.

The tenth annual meeting of the Cumberland county Teachers' Institute will be held in Literary Hall, Newville, commencing November 15, at one o'clock, p. m., and continue five days. Addresses will be delivered by Messrs. D. Shelly, J. Zeamer, D. K. Noell, Geo. Slaybaugh, and S. Whistler. Essays read by the Misses E. Greason, E. J. Hall, M. L. Snowden, Laura V. Fleming, and Jennie Irvine. A spelling match some hundred words, will take place during the week, and small prizes be awarded the meritorious. The teacher presenting the best specimen of penmanship, executed by himself, will receive a valuable prize. The entire committee on Teachers' Permanent Certificates will be elected during the week. Profs. Kidd and Brooks, so favorably known to the teachers of the county, are elected to be with us the entire week. Hon. J. P. Wickersham, Profs. Shocker, Hillman, Bruner, and other prominent educators will lecture during the session. Every effort will be made to have the exercises both interesting and instructive, and it is hoped that every teacher will be in attendance. Ample accommodations will be made to entertain all who may come, free of charge, or at very reduced expenses. Come and attend.—*Star.*

Don't forget Prof. [illegible]'s Concert in Rheem's Hall on next Monday evening, Nov. 17.

Court met on Monday morning, Hon. Thos. H. Graham presiding; Hon. Hugh Sheaffer and Hon. T. P. Blair, Associates, were also present. There was a considerable crowd of jurors, witnesses and spectators present. The criminal list is a rather light one, and few cases of importance are before the court. The civil list, however, is unusually long—fifty-six cases have been placed on the calendar for the second week. Monday morning was consumed in hearing the Grand Jury, appointing constables to serve for the court, and attending to other incidental business. The jury trials began on Monday afternoon and are still in progress. We give below a list of all that have been disposed of at the time of going to press:

Of the five cases on the trial list for the first week, in the Common Pleas, the following disposition has been made:

Crawford, for use, vs. J. S. Sterrett—No. 10, April term, 1862—debt—continued—Henderson & Hays for plaintiff. Weakley & Sadler for defendant.

Crawford, for use, vs. Woods.—No. 11, April term, 1862—debt—continued—Henderson & Hays for plaintiff. Todd for defendant.

Crawford, for use, vs. D. Sterrett—No. 7, April term, 186[illegible]—debt—continued—Henderson & Hays for plaintiff. Weakley & Sadler for defendant.

Spahr, vs. Park—No. 95, August term [illegible]—appeal by defendant—verdict for plaintiff—Magaughlin for plaintiff. Shearer for defendant.

I. L. Burkholder, vs. W. M. Beeform's administrators—No. 92, August term, [illegible]—case—verdict for defendants—Dunsler, Penrose & Miller for plaintiff. Henderson & Hays for defendants.

[illegible] report of criminal cases next week.

It is a pity we have not early morning trackers. It would be delightful to follow them now.

[illegible] with us—we mean the velocipedes. For three long weeks they have been drilling energetic and talented young gentlemen through "Rheem's Hall" daily and nightly. Printers growl about the insanies, lawyers swear about it, redaction men, one story lower down, lose their temper, and threaten to vacate, but this is of no consequence. It still continues just the same. Now this is an intolerable nuisance. It is beyond sense to allow or carry on any business in the hall that interferes with or renders uncomfortable those who give a fair equivalent for the use of the lower apartments in the building. With the constant thundering of these velocipedes over their heads, it is imagined that the printers, editors, lawyers and clerks who have their offices below are always in torture and unable to write, think or work, with any degree of comfort, whatever. A few of this might be borne, but three of it, with the chance of continuance beyond endurance. And then, without any compensation. If the world would only smash the machines or give up, so as to give us the pleasure of making locals on them, we might do it with more grace. We hope this may be the last of the performance.

See the advertisement of L. T. Greenfield's in our columns. It will be seen that he has received a new stock of goods which he is offering at extremely low prices.

Furs! Beautiful sets of Fur for only six dollars. Sable sets for $20. C. W. C. Sawyer & Co's.

On Friday morning last, Moses Brecht of North Middleton township, about two miles from Carlisle, was changing a vicious bull from one stall to another, when the animal turned on him and gored him fearfully in the abdomen, elevated him upon his horns, and threw him some distance from him. As he was about making another charge on the prostrate man, his son, a small boy, succeeded in driving him away. A neighbor, who was passing, assisted the family to remove the wounded man to the house, when his wounds were dressed by a physician. He died on Saturday morning. Mr. B. was an honest, hard working man, and was much respected by his acquaintances.

The beautiful Indian Summer, which was rejoicing the hearts of everybody, suddenly broke on Saturday afternoon, and in its place we have had a few days of the most boisterous and unpleasant character imaginable. The wind has been playing all sorts of pranks with dust, sand, leaves, hats, shawls and tempers. Then it has been unusually frigid as well as tempestuous. If this is sample of what we are to get in the way of weather, during the winter, the prospect is by no means delightful.

The North Mountain was on fire on last Friday afternoon, near Waggoner's Gap, and continued to burn until Saturday morning. The sight, viewed from Carlisle, was a most beautiful one. We have not learned the amount of damage done.

OPENING OF SOUTH STREET.

To the Citizens of the Herald:

Is it not high time that the attention of council is turned to the opening of South street, to the limits of the borough, east and west? For the last two years North street has received the special attention of council. All good citizens in the south end of the town, who favor improvement, have freely acquiesced, and now rejoice in the impetus given to business by the opening of that avenue, through which business may flow in. But this not our turn come; and may not south end present its wants to a generous public, and receive, through council, the attention that the wants of its business men so much demand.

It is not generally considered that while the north end of the town has access to the country, east and west, through all its avenues, south end has no avenue through which it can reach the country, east and west, except the Walnut Bottom road. It is a fact that nearly all the business that finds its way from those sections of the country into the south end of the town, *must press by the railroad*, or cross it, and make the circuit of the north end. We have borne this patiently, believing that these improvements were being made as rapidly as the revenues of the borough would warrant. But we now appeal to the good citizens of our town whether out turn should not come next.

Let us have South street opened to the borough line, east and west, and we have the assurance from some of the best citizens of the adjoining townships that they will second the movement by opening up west to the turnpike road, and east to points that will suit their convenience. The friends of the new cemetery desire this improvement. We feel persuaded that north end will not refuse to lend a helping hand in securing for south end the same advantages, in a business point of view, that south end has so generously assisted in securing for them.

Is there a business man in the borough of Carlisle that does not know that his present success, and future prospect in business, largely depend upon the surrounding country? And do we not owe to those who have so largely contributed to the increased business of our town, that the fences be taken down that prevent easy access? Our town can only increase as the business increases, and the opening of a new avenue is work done that will pay a larger interest than any investment that can be made by our business community—so speed the improvements.

South End.

November 10, 1869.

We were the recipients, the other day, of a keg of lager beer from Mr. E. J. Krause, who, a short time ago, purchased the brewery on North street, formerly occupied by David Black, and has commenced the manufacture of ale and beer. We called together a number of gentlemen who we knew occasionally indulged in a glass or two, and who we supposed were judges of the article. After a fair and impartial test, it was the unanimous conclusion of those present that the article in question was superior to any they had tasted for a long time. It will be no longer necessary for the saloon keepers to send to Harrisburg, Lancaster, and other places for a good quality of beer, when a better quality is made at home.

Mr. Krause has had considerable experience in the manufacture of beer, and has secured, by patent, a method of brewing exclusively his own.

Mr. Krause is making a number of improvements in the brewery, enlarging the vaults, &c., which, when completed, will make it one of the best buildings for the purpose for which it is used, in this part of the State.

At a meeting of the pastors of the respective churches in Carlisle, held Monday, November 8, 1869, the following preamble and resolutions were unanimously adopted:

WHEREAS, The President of the United States, and the Governor of Pennsylvania, have, by proclamations, designated Thursday, November 18, as a day of thanksgiving and prayer to Almighty God for the abundant blessings vouchsafed unto us during the past year, both as a nation and commonwealth; therefore be it

Resolved, That we most cordially invite "believers" of this community, *irrespective of name*, to unite with us in holding a Union Thanksgiving service in the English Lutheran church, on the day mentioned above, commencing at 11 o'clock, a. m.

Resolved, That Reverend R. L. Dashiell, President of Dickinson College, be requested to deliver a sermon at that time, appropriate to the occasion. Reverend Dr. Swartz alternate.

Read this! French merino, all colors, 75 cents per yard; all wool delaines 30 and 35 cents; all wool cashmere, double fold, 35 and 40 cents; fancy silks, all shades, for $1.50 to $1.75, worth $2.00 to $3.50, at W. C. Sawyer & Co's.

Call at G. G. Dosh's cigar store, and see the large cigar he has made for the Union Fire Company; and while you are there you may as well invest ten cents in chances, at "only five cents a chance." The cigar is thirty-two inches long, and should last an ordinary smoker about three weeks.

[Announcements.]

Coats! Coats! Ladies' black cloth coats for four dollars, at W. C. Sawyer & Co's.

We every where hear of the cry of dull times, but judging from the number of persons and packages that issue from Ogilby's, there appears to be special attraction there. We also observe that every day brings something new in the way of seasonable goods, and as Ogilby receives goods by every train, there is the place to buy, particularly when there is as heavy decline in prices as we notice by the Eastern papers prevails at this time.

Shawls! Shawls! Double all wool shawls for three dollars. Single shawls for two dollars, at W. C. Sawyer & Co's.

Our young friend, Mr. Charles D. Halbert, has recently opened, on Louther street, a short distance below the corner of Hanover, a first class marble yard. He has procured the services of the most expert and experienced workmen, and is determined to manufacture the very best kind of work, at reasonable prices. Being centrally located, and having on hand always a full supply of all kinds of stone, we would urge those of our readers in want of anything in his line to give him a call. They will never regret it.

An item for the ladies! Among the enterprising merchants in our thriving sister town of Mechanicsburg, there are none more untiring in their efforts to supply the wants of their customers, than the popular milliner, Mrs. A. H. Mateer, whose taste and skill in her business are unsurpassed, and whose establishment is one of the most complete of its kind in the valley. She has just returned from the city with a large stock of Fall and Winter millinery, and miscellaneous goods, which embrace a variety of beautiful novelties. Our lady friends in that section should not fail to give her a call. 2t.

The price of coal and how to economize: The committee appointed by the *American Institute to examine into the merits* of the various coal burning stoves, "have reported that, after making a thorough examination of the various stoves and testing them thoroughly, both as regards economy and heating power, they have found the 'American Base Burner' (manufactured in this city), to be the most economical, and the most powerful heater—some of the tests showing that this stove consumed full one-half less fuel than the others, and in every case gave much more heat." Is it best to get the above named stove and avoid the great waste of coal?—*Albany Knickerbocker.*

These stoves are for sale by William Fridley, East Louther st., Carlisle, Pa.

MARRIED.

FALLER—BILEY.—On Wednesday, the third instant, at the residence of the bride's parents, by the Rev. E. Jobe, Mr. Jacob Faller of Pittsburgh, to Miss Mollie Biley, of Hagerstown.

THE ONLY RELIABLE CURE FOR DYSPEPSIA KNOWN IN THE WHOLE WORLD.

Dr. Wishart's Great American Dyspepsia Pills and Pine Tree Tar Cordial are a positive and infallible cure for dyspepsia in its most aggravated form, and *no matter of how long standing.*

They penetrate the secret abode of this terrible disease, and extermination follows. They alleviate more so on and silent suffering than the tongue can tell.

They are noted for curing the most desperate and hopeless cases, when every known means failed to afford relief.

No form of Dyspepsia or indigestion can withstand their penetrating power

Dr. Wishart's Pine Tree Tar Cordial. It is the vital principle of the Pine Tree, obtained by a peculiar process in the distillation of the tar, by which its highest medical properties are retained. It invigorates the digestive organs and restores a healthy action. It strengthens the debilitated system. It purifies and enriches the blood, and expels from the system the corruption which scrofula breeds on his lungs. It dissolves the mucus or phlegm which clogs the air passages of the lungs. Its healing principle acts upon the irritated surface of the lungs and throat, penetrates to each diseased part, relieving pain and subduing inflammation. It is the result of years of study and experiment, and it is offered to the afflicted with positive assurance of its power to cure the following diseases, if the patient has not too long delayed a resort to the means of cure: Consumption of the Lungs, Cough, Sore Throat and Breast, Bronchitis, Liver Complaint, Bilious and Rheuming Fever, Asthma, Whooping Cough, Diptheria, &c.

A medical paper, holding honorable collegiate Diplomas, devotes his entire time to the examination of patients at the office parlors. Associated with him are three consulting physicians of acknowledged eminence, whose services are given to the public free of charge.

This opportunity is offered by no other institution in the country.

Letters from any part of the country, asking advice, will be promptly and gratuitously rendered, when accompanied by remittances should take the shape of Drafts or Post Office orders.

Price of Wishart's American Dyspepsia Pills, $1 a box—8 at by mail on receipt of price.

Price of Wishart's Pine Tree Tar Cordial, $1.50 a bottle, or $15 per dozen, sent by express.

All communications should be addressed

READ OF THIS WONDERFUL DISCOVERY BY

Testimonials are given of the wonderful cure that was performed by Dr. Campbell's great Magic Pain Destroyer:

Near Silver Spring, Cumberland county, 1869.

Dr. Campbell:—Your Magic Pain Destroyer should be made known to the public. Although I might be some more suffering than most men, my wife was so badly afflicted with a sore throat, neck arms, legs, feet, and finger's were drawn crooked with rheumatism. I do believe I could spend seven or eight hundred dollars for her and never be satisfied. But I thought one bottle of your Magic Pain Destroyer would do her good. I gave her three short great cures they seemed to do her so much good. I bought another bottle, and after my wife had taken two bottles she was cured. Dr. Campbell's Magic Liver Pills have been to get so that I can work and feel right well. Yours respectfully,

ANDREW SHELLER.

WONDERFUL DISCOVERY OF WORM LOZENGES

Carlisle, Sept. 29, 1869.

I have repeatedly used Dr. Campbell's Worm Lozenges for two or my own children, and they have never failed to do a cure. I say the two or three boxes I bought of Dr. Worms passed and I never saw them no more. Yours respectfully,

[illegible]

THE CARLISLE ACADEMY.

THE ONLY SCHOOL WHICH PREPARES YOUNG MEN FOR COLLEGE IN CARLISLE.

An English and Classical School for young men and boys will be opened September 6, in Bentz's building, on South Hanover Street.

Pupils instructed in English, Classics, Mathematics, Natural Science, Penmanship, &c

THE COURSE OF STUDY

is designed to make thorough English scholars and to *prepare for college*. Special attention will be given to *Practical Arithmetic, Reading, Spelling, Penmanship*, &c., that students may be well fitted for business life and have a good foundation for a more extended course of study

THE GOVERNMENT

will be adapted to young *gentlemen* and those who cannot be treated thus will not be allowed to remain with us

THE SCHOOL YEAR

is divided into two sessions, beginning respectively September 6, and January 3.

TERMS PER SESSION,
(Payable in Advance.)

1st Session, Common English,	$15 00
do Classics with Common English,	20 00
2d Session, Common English,	25 00
do Classics with Common English,	30 00

The scholars of this Academy, by the payment of a small sum annually, can have the use of the College Library, containing 2500 volumes.

VACATION 3—July and August, and from Christmas to the Monday after New Year

BOARDING &c.—Pupils from abroad have the privilege of rooming in Dickinson College if they choose to do so, and will find good boarding either in College Clubs or in private families, ranging from $2 50 to $3 50 per week.

Address, R. W. STERRETT, A. B., Principal,
CARLISLE, PA.

REFERENCE:

I take great pleasure in commending Mr. R. W. Sterrett, A. B., as a gentleman eminently qualified to teach. My confidence in him is such that I should commit my own son to his care.

R. L. DASHIELL,
President Dickinson College.

Sep. 3, 3m.

NO HUMBUG! NO HUMBUG!

CHRISTIAN INHOFF, of Carlisle,

has the sole right, as Agent for Cumberland County, Pa., for the sale, wholesale, of a new

BURNING FLUID,

called KING'S NON EXPLOSIVE BRILLIANT ILLUMINATING

BURNING FLUID,

which is superior to anything ever introduced and can supply the trade through the county, wholesale.

Their FLUID is cheaper than Kerosene; it is non explosive; makes a better, clearer, and soft
